SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the “Board”) is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on November 28, 2022.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board’s criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of “Projects” referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project’s cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State’s budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use proceeds of general obligation bonds and/or General Fund proceeds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the February 2022 Board meeting, the Board elected to provide an increase adjustment of 15.80 percent to SFP projects for calendar year 2022. The projects listed on the Attachment reflect the Board's action of the adoption of the 15.80 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

SCHOOL FACILITY PROGRAM APPORTIONMENTS

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for Apportionment.

DESCRIPTION

On September 21, 2022, the Board took action, due to the availability of General Fund proceeds, to return to making direct Apportionments while keeping the same benefits of the quick distribution of funds, as the priority funding system, by adopting proposed emergency regulations that revised the fund release deadlines from 18 months to either 180 calendar days for non-financial hardship school districts or 365 calendar days for school districts that qualify for financial hardship. The SFP new construction and modernization projects presented on the Attachment are in date order of a complete application being received by the Office of Public School Construction (OPSC) and are Ready for Apportionment. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date.

AUTHORITY

SFP Regulation Section 1859.90 states:

“(a) With the exception of an apportionment made pursuant to Sections 1859.81.1(e) or 1859.81.2, apportionments provided through the Priority Funding Process and subject to 1859.90.2, or of an Inactive Apportionment subject to Section 1859.96, the OPSC will release State funds that the Board has apportioned to the district after submittal, by the district, of the Form SAB 50-05 and a Grant Agreement, pursuant to Section 1859.90.4.

(b) With the exception of an apportionment made for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, pursuant to Article 12 of these Regulations, a district must submit the Form SAB 50-05 and Grant Agreement, within 180 calendar days of the Apportionment of the SFP grant for the project or within 365 calendar days for Apportionments that include financial hardship assistance. If the district does not submit the Form SAB 50-05 and Grant Agreement within the above specified time, the entire New Construction Adjusted Grant, or Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization, or Joint-Use Project apportionment shall be rescinded without

further Board action, and the pupils housed in the project, if applicable, will be added back to the district's baseline eligibility. The district may refile a new application for the project subject to district eligibility and available State funds at the time of resubmittal.

. . . . “

BACKGROUND

As part of the Governor's approved Budget Act for the 2022-2023 fiscal year, one-time General Fund dollars were appropriated to the Board in the amount of \$1.3 billion for new construction and modernization projects under the SFP. As a result of receiving funding for the SFP that is not contingent on bond sales, the Board was able to return to using an existing regulatory process that allows for Apportionments to be made on a flow basis outside the current Priority Funding process, which is designed to accommodate twice yearly bond sales. Making Apportionments on a flow basis will enable school districts to more quickly and efficiently access much needed cash for construction projects. In order to ensure that cash moves quickly once allocated to school districts, regulations were changed to shorten the deadlines for fund release from 18 months to either 180 calendar days or 365 calendar days for districts that qualify for financial hardship.

School districts must submit the Grant Agreement and a valid *Fund Release Authorization* (Form SAB 50-05) 180 calendar days from Board approval for non-financial hardship projects and 365 calendar days from Board approval for financial hardship projects.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Specify that the projects are subject to the fund release deadlines as outlined in SFP Regulation Section 1859.90.

Total Project Cost: \$32,458,560.00
Cost to the State: \$16,229,280.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

Two reports by Saiful/Bouquet Structural Engineers, dated December 9, 2013 and December 19, 2013 respectively, identifies several structural deficiencies in Building B3 (Auditorium Building) and Building B4 (Arts and Music Building) located at the Beverly Hills High School site. The report for Building B3 identified critical structural deficiencies such as with discontinuous side walls, an inadequately braced balcony, and an unbraced auditorium ceiling. The report for Building B4 referenced material insufficiencies with the wall anchorage and wall support designs of the structure. All the material insufficiencies identified in these reports render both Building B3 and Building B4 at high risk of collapse in the event of seismic activity. The two buildings qualify for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the seismic mitigation and rehabilitation of Building B3 (Auditorium Building) and Building B4 (Arts and Music Building) at the Beverly Hills High School site.

STATUS OF SCHOOL SITE

The District is currently over 50 percent complete with the construction work for the seismic mitigation of both Building B3 and Building B4. The project has an anticipated completion date of June 2025.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

Building B3 (Auditorium Building) and Building B4 (Arts and Music Building) were classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and have met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation) and Phase Three (Evaluation and Design Criteria), provided Phase Four concurrence to minimum scope, provide final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION(S)

1. Approve the District's request for an Apportionment for Replacement funding for the seismic mitigation of Building B3 (Auditorium Building) and Building B4 (Arts and Music Building) at the Beverly Hills High School Site, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.
2. Provide that the District's Modernization eligibility will be reset for the Building B3 (Auditorium Building) and Building B4 (Arts and Music Building) to the date of Apportionment for this project.

AUTHORITY

Seismic Mitigation Program – Replacement Projects
(as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states that “A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.”

SFP Regulation Section 1859.82.2(a) states,

- (a) Seismic mitigation projects must meet all of the following requirements:
- (1) The construction contract was executed on or after May 20, 2006;
 - (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
 - (3) The School Building is designed for occupancy by students and staff; and
 - (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey

(l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:

(1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.

(2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. ~~School Buildings~~ and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.

For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A full electrical system assessment and report by Solomon Electric and Data, Inc., dated April 2022 identifies critical deficiencies in the electrical system, including multiple electrical service panels, throughout the Joe Hamilton Elementary School site. The failures include malfunctioning circuit breakers, failed grounding systems, and severe corrosion to critical components caused by water intrusion in several areas. The electrical report indicates that such failures and issues in the electrical equipment will likely require "correction carrying from the replacement of an individual component to the replacement of an entire system". Furthermore, the report notes that "Deficiencies in the physical condition of electrical equipment will expose staff, students, and equipment to the risk of electric shock", which renders such deficiencies "a direct threat to the life and safety of students and staff". A supplementary report by PBK investigated the sources of water intrusion and concluded "The adverse impact of the coastal climate has had a big impact on the current condition. Selection of materials has no doubt influenced the deterioration, in particular, exterior panels" and that "This has resulted in extensive corrosive damage to the exterior and interior of the panels. This issue would also create a life safety issue for those maintaining the electrical systems."

SCOPE OF PROJECT

The scope of the project conceptually includes the replacement of the failed electrical equipment on the Joe Hamilton Elementary School site and ancillary work as required to mitigate underlying water intrusion into the system.

STATUS OF SCHOOL SITE

The District is currently in the process of designing the plans for this project.

Facility Hardship Program Conceptual Approval – Rehabilitation Projects

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states:

“A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states:

“A district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states:

Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

SFP Regulation Section 1859.82.3 states:

A district may request approval from the Board to determine eligibility for facility hardship or seismic mitigation programs in advance of project funding. Board approval does not constitute a reservation of bond authority. Board approval only confirms the district meets the criteria in Section 1859.82.

(a) To request conceptual approval for facility hardship projects, the district must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:

- (1) For replacement projects, all of the documents listed in Section 1859.82.1(b)(2)(A) through Section 1859.82.1(b)(2)(D).
- (2) For rehabilitation projects, all of the documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

Two reports by ZFA Structural Engineers, dated September 17, 2021 and November 2021 respectively, identified the existence of structural deficiencies with the roof support system in the Multi-Purpose Building (Cornelison Event Center) at the Konocti Education Center site following a site visit on April 13, 2021. The report notes that the glulam truss that supports the roof over the building's entrance and open multi-purpose space had significant cracking and that the connections and members linked to this truss had subsequently become "severely damaged". The report states that the "truss failed due to a combination of poor construction and unconservative design" and states that the failed roof support system poses "an eminent risk to the occupants of the building". Following the site visit, the District used temporary shoring to "prevent the roof from collapsing". This report detailed the minimum work necessary to mitigate the health and safety threat of these structural deficiencies, which is the replacement of the truss paired with installation of adjacent new beams and additional foundation elements.

SCOPE OF PROJECT

The scope of the project includes replacement of the truss paired with installation of adjacent new beams and additional foundation elements.

The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year"
- Pursuant to Education Code Section 17219(f), nonuse payments shall not be required for any year with respect to a schoolsite that was leased at least one-half of the days in that year in a manner that subjected the site to property taxes equal to the taxes that would have been paid if the site had been sold.

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in EC Section 17219. EC Section 17223(a) allows for districts to receive a refund for sites that a district has begun to use or has sold during the previous fiscal year.

UNUSED SITES PROGRAM

ASSESSMENTS, ADDITIONS, WAIVERS, REDUCTION OF FEES AND DELETIONS

PURPOSE OF REPORT

To request the State Allocation Board (Board) approve the following reports:

- Unused School Site Payments (Attachment B)
- Waivers of Assessment of Fees for Unused School Sites (Attachment C)
- Reduction of Fees for Unused School Sites (Attachment D)
- Added Unused School Sites (Attachment E)
- Deleted Unused School Sites (Attachment F)

DESCRIPTION

Current statute requires all school districts to report their unused sites to the Board on an annual basis. Using the information provided, the school districts are assessed a fee for each unused site equal to one percent of the value of the site. A school district may request a waiver or a reduction of the fee for any site, provided that the school district meets certain criteria for the use of the site. School districts are also required to report any newly acquired site or sites that are no longer being used for school purposes. A site may be deleted from the Unused Sites Program when a school district sells a site, begins construction on a site or reopens a site for school purposes.

This item is requesting the Board approve the nonuse payments, waivers, reduction of fees, additions and deletions for unused school sites as shown on the attachments.

AUTHORITY

Please see Attachment A.

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in Education Code Section 17219. In addition, school districts are required to report any newly acquired or closed school sites. An unused school site may be deleted if a school district has sold, constructed a new school or reopened a previously closed school site.

Funds collected by the State Controller's Office are transferred to the State School Site Utilization Fund.

STAFF ANALYSIS/STATEMENTS**Unused School Site Payments**

The school districts on Attachment B are being assessed unused school site fees based on the self-certified reports submitted to the Office of Public School Construction. This information will authorize the State Controller's Office to withhold an amount equal to the school districts' total assessed fee, in four equal installments, during the months of February through May as prescribed in law. A total of \$7,455,686 will be withheld for the Fiscal Year 2021/2022.

Waivers of Assessment of Fees for Unused School Sites

Attachment C lists school districts that have submitted self-certified documents requesting a waiver of the unused school site assessment due to the State. The school districts must meet any one of the following conditions to be eligible for a waiver:

- a) The school district has resolved to use the site for the purpose for which it was intended within a specified period of time (will be used within 1, 2 or 3 years);
- b) The site has a value less than the exemption amount of \$52,497 for the current Fiscal Year (below minimum);
- c) The school district has advertised the school site for sale and received no bids that, in the judgment of the Board, reflect the fair market value of the property (Attempted to sell);
- d) The site was used for at least one-half of the year for purposes as specified in law (community use, child care program);
- e) The site was leased for at least one-half of the year to a tenant that is paying possessory taxes on the site (leased to tenant); or,
- f) Nonuse payments would cause the school district to receive less than \$120 per pupil in average daily attendance in the school district during the preceding school year (Basic Aid).

Reduction of Fees for Unused School Sites

The school district listed on Attachment D is requesting a reduction of unused school site fees for either of the following reasons as self-certified by the school district:

- a) The payment of bond debt service costs that are directly related to the actual construction of school facilities; or,
- b) A modification of the adjusted value of the site.

If the debt service amount is less than the unused school site fee assessment, the specific percentage of reduction will be reflected on Attachment D.

Added Unused School Sites

The school districts on Attachment E have reported newly acquired school sites or closed school sites, as required by law. Newly acquired school sites will not be subject to an unused school site fee for a period of five years from the date of acquisition for elementary school districts with any grade combination of Kindergarten (K) through eight and for all unified school districts with sites designated for K through six. Any high school districts or unified school districts with sites designated for grades seven through twelve will not be assessed an unused school site fee for a period of seven years. Any unused school site that has previously been utilized as a school but is no longer in use for school purposes, will not be subject to an unused school site fee for a period of five years.

Deleted Unused School Sites

Attachment F lists the unused school sites that have been sold, have begun or completed construction, opened or reopened for school purposes, based on self-certification by the school districts. These school sites will no longer be assessed an unused school site fee.

RECOMMENDATIONS

1. Authorize the State Controller's Office to withhold each school district's nonuse payments as listed on Attachment B.
2. Approve the waivers as shown on Attachment C.
3. Approve the nonuse payment reductions as shown on Attachment D.
4. Approve the added unused school sites as shown on Attachment E.
5. Approve the deletion of unused school sites as shown on Attachment F.

ATTACHMENT A

Education Code (EC) Section 17219. (a) Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board, and does not use the site within (1) five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district, or, (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district, or if a school district has a site at any grade level that has previously been used but has not been used for school purposes within the preceding five years, the school district shall be subject to nonuse payments, unless the State Allocation Board, from time to time, makes a determination that the school district will utilize the property for the purpose for which it was intended within a reasonable period of time, in a specific amount for each additional year in which the site is retained and not used by the district beyond the foregoing specified periods, except the first additional year shall be deemed to end not earlier than April 30, 1973.

(b) Payment shall not be required under this section as to any site having a value of twenty thousand dollars (\$20,000) or less. Commencing on January 1, 1988, and annually thereafter, the State Allocation Board shall increase this exemption figure by the amount of the current fiscal year inflation adjustment specified in Section 42238.1, if any.

(c) The payments required shall be computed by the Executive Officer of the State Allocation Board and certified to the Controller, and payments shall be equal to one one-hundredth (1/100) of the original purchase price of the site modified by either a factor reflecting the change in assessed value of all lands in the state from the date of purchase of the site to the current date or any other factor that in the determination of the State Allocation Board is applicable to the site under consideration.

(d) Whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the schoolsite for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 17455) of Chapter 4 of Part 10.5 and has received no bids that in the judgment of the State Allocation Board reflect the fair market value of the property, the Executive Officer of the State Allocation Board shall not compute any nonuse payments for the site for a period of one year beyond the date of the determination.

(e) Nonuse payments shall not be required for any year with respect to a schoolsite that for one-half or more of the number of days of that year has been utilized for any of the following purposes:

(1) By the school district, or by any other governmental entity pursuant to agreement with the school district, for school purposes, for use as a civic center, or for community playground, playing field, or other outdoor recreational purposes. "Civic center," for this purpose, means a site used for one or more of the purposes described in Section 40041.

(2) By the State Allocation Board, pursuant to agreement with the school district, for the storage of emergency portable classrooms.

(3) By the school district, or by any other public or private entity pursuant to agreement with the school district, for the operation of a child care program.

(f) Nonuse payments shall not be required for any year with respect to a schoolsite that was leased at least one-half of the days in that year in a manner that subjected the

site to property taxes equal to the taxes that would have been paid if the site had been sold.

EC Section 17221. The amount of any nonuse payments required of any school district under Section 17219 shall be reduced, without regard to fiscal year, by the amount of the proceeds, resulting from the lease of district property that is subject to that section, that are expended by the district the payment of bond debt service costs that are directly related to the actual construction of school facilities.

EC Section 17222. The Controller shall, during the next fiscal year following that in which the Executive Officer of the State Allocation Board certifies to him or her the amount of payment, deduct the total amount of the payment of each district in equal amounts from each of the February, March, April and May installments of the apportionments made to the district from the State School Fund under Sections 46304, 46305, and 41050, Sections 41330 to 41343, inclusive, and Sections 41600 to 41972, inclusive, whichever are in effect. However, in no event shall the deductions exceed an amount which would result in a district's receiving, in any school year, from the State School Fund, less than one hundred twenty dollars (\$120) per pupil in average daily attendance in the district during the preceding school year. On order of the Controller, the amount so deducted shall be transferred to the State School Site Utilization Fund which is hereby created.

EC Section 17223. (a) Whenever a school district has either begun to use an unused site or has sold that site within two years of the date the Controller, pursuant to Section 17222, has deducted a certified nonuse payment from the district's State School Fund apportionment, the State Allocation Board shall certify that fact to the Controller. The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year and the current fiscal year.

(b) If the school district begins to use or has sold the site more than two years after the aforesaid date, the State Allocation Board shall so certify to the Controller and no further payments shall be withheld as specified in Section 17222.

EC Section 17224. Any funds in the State School Site Utilization Fund, including interest, that are not subject to return to a school district pursuant to Section 17223 shall revert to the Deferred Maintenance Fund.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, November 28, 2022

CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY
KINDERGARTEN FACILITIES GRANT PROGRAM
APPORTIONMENTS

PURPOSE OF REPORT

To present California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) Apportionments for the third funding cycle.

DESCRIPTION

The applications that are included on Attachment B underwent a thorough review process by the Office of Public School Construction (OPSC) and have been determined to meet all Program requirements.

This item requests the State Allocation Board (Board) to approve 43 projects totaling \$131,866,135.49 for Apportionment for the Program grants as shown on Attachment B.

AUTHORITY

See Attachment A.

BACKGROUND

Assembly Bill (AB) 1808, added Article 1 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program (FDKFGP). AB 1808 provided \$100 million for FDKFGP from the General Fund. FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms.

AB 130, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on July 9, 2021. This bill appropriated an additional \$490,000,000 from the General Fund for the 2021-2022 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs.

AB 181, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 30, 2022. For the 2022-23 fiscal year, this bill appropriated an additional \$100,000,000 from the General Fund of the 2021-22 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs. The bill also states the intent to appropriate an additional \$550,000,000 from the General Fund to the Program in the 2023-24 fiscal year.

The third funding round for the Program opened on April 1, 2022 and closed on April 30, 2022. OPSC received 418 applications, requesting \$1,525,130,797 in funding.

STAFF ANALYSIS/STATEMENTS

The Board allocated \$224,960,572.67 million of Program funding for the third filing round. Funds were allocated as follows:

Round 3 Funding		
	Apportionment Amount	# Of Applications
Funding allocated at September 2022 Board Meeting	\$33,651,043.89	11
Funding allocated at October 2022 Board Meeting	\$59,443,393.29	18
Funding allocated at November 2022 Board Meeting	\$131,866,135.49	43
Total	\$224,960,572.67	72

The remaining balance of \$39,427.33 will be included in the balance available for Round 4.

Funding Order

In accordance with Program Regulation Section 1860.15, the applications were ranked by preference points. Approved Applications receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) 40 points if a school district demonstrates it meets the requirements for financial hardship.
- (b) Up to 40 points based on the percentage of pupils in the school district who are eligible for Free and Reduced-Price School Meals, as identified in the most recent data on file at the California Department of Education (CDE).

Once the preference points were determined, all approved applications were prioritized based on the following order per Program regulations:

1. School districts will have their first priority projects funded in order based on total preference points until all school districts have had their first priority project funded.
2. School districts with the same total preference points will be funded in order of the higher Low Income percentage reported to one decimal place. The school district with the higher Low Income percentage will be funded first, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. If school districts have the same total preference points, and the same Low Income percentage reported to one decimal place, projects will then be placed into a lottery system to determine the school district funding order.
3. The school district with the highest total preference points shall have their remaining projects funded in priority order until all of the school district's projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the school district with the next highest total preference points.

4. A tie breaker will be used for school districts with the same total preference points by using the exact Low Income percentage to one decimal place. The school district with the higher Low Income percentage will be funded first.
5. If school districts with the same total preference points are still tied after the review of the Low Income percentages, projects will be placed into a lottery system to determine school district funding order. The highest remaining priority project for each school district participating in the lottery will be funded until all projects from each school district participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

Due to the number of applications and respective grant amounts, funding order was based on total preference points for each school district and their first priority project.

Receiving an Apportionment

School districts who receive Program Apportionment without an advance release of funds must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 180 days of Apportionment. School districts who receive a Program Apportionment with an advance release of funds must submit a valid Form SAB 70-02 with all required approvals within 12 months of Apportionment. Failure to submit the Form SAB 70-02 and required approvals within the prescribed period will result in the rescission of the project without further Board action.

A school district that has received funds in accordance with the program must submit a valid *Expenditure Report* (Form SAB 70-03) at the completion of the project. A final savings report stating any use of savings shall be due 12 months after the first expenditure report. Any savings remaining at the end of the 12 months must be returned to the State.

All school districts that receive a Board approval for an Apportionment must execute and submit a Grant Agreement prior to any release of funds. Cash proceeds are immediately available upon project Apportionment.

Summary

Staff recommends approval of the remaining 43 Program projects on Attachment B for Apportionment. In accordance with Program Regulations, applications not funded will not be retained after December 31, 2022 and applicants must re-apply.

Pursuant to the Board's action at the September meeting, the next filing round will open February 1, 2023 and close on March 2, 2023.

RECOMMENDATIONS

1. Approve the Program projects in the amount of \$131,866,135.49 as shown on Attachment B for Apportionment.
2. For an Apportionment with request for an advance fund release for design, pursuant to Regulation Section 1860.16(f), the school district must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 12 months of the Apportionment.

3. For an Apportionment without a request for an advance fund release for design, pursuant to Regulation Section 1860.16(f), the school district must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 180 days of the Apportionment.

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments in the amount of \$109,921,868.67 for eligible new construction and modernization projects that submitted a valid certification.

DESCRIPTION

This item seeks Board approval to allocate a portion of the \$1.3 billion in one-time General Funds provided by the Budget Act for 2022/2023 to new construction and modernization projects that were approved for placement on the Unfunded List (Lack of AB 55 Loans) on September 21, 2022 and October 26, 2022, pursuant to the Board's action on September 21, 2022 and SFP Regulation Section 1859.90.2(e). The applicants on the Unfunded List (Lack of AB 55 Loans) who did not submit a request for apportionment during the Priority Funding filing period that was open from May 11 to June 9, 2022 were also given the opportunity to request an apportionment.

By approving this item, the Board will provide approximately \$109.9 million in Apportionments for 50 projects that represents 37 school districts.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

- The applicant understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of February 26, 2023.

BACKGROUND (cont.)

- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the 18-month timeline for fund release submittal.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and received by OPSC prior to or concurrently with the Form SAB 50-05.

By approving this item, the Board will provide approximately \$109.9 million in Apportionments for 50 projects on the Unfunded List (Lack of AB 55 Loans) that requested an Apportionment pursuant to SFP Regulation Section 1859.90.2(e). The applicants on the Unfunded List (Lack of AB 55 Loans) who did not submit a request for apportionment during the Priority Funding filing period that was open from May 11 to June 9, 2022 were also given the opportunity to request an apportionment. Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. These projects will be eligible for future apportionments if bond sale proceeds become available. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

OPSC offered apportionments to all eligible applicants using the flexibility provided in SFP Regulation Section 1859.90.2. This included projects that received an Unfunded Approval at the June 22, 2022, August 15, 2022, September 21, 2022, and October 26, 2022, Board meetings. Applicants were required to submit a signed Response Form to indicate their interest in receiving an expedited apportionment.

In addition to the Apportionments made at the October 26, 2022 Board meeting, this outreach generated an additional \$109.9 million in Apportionment requests from 2 applicants for 2 unique projects that received an Unfunded Approval at the June 22, 2022, August 15, 2022, and September 21, 2022 Board meetings; and 35 applicants for 48 unique projects that received an Unfunded Approval at the October 26, 2022 Board meeting which are presented for Apportionment as part of this item.

*The 14 remaining projects have elected to take an Apportionment at a future date; i.e. participate in a future Priority Funding Filing period.

In total, the Board can provide \$109.9 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B and C.

STAFF ANALYSIS/STATEMENTSCurrent/Future Request Periods

Requests submitted during the period that ended on June 9, 2022 will expire on December 31, 2022. A new 30-day priority funding request filing period began on November 9, 2022 and will end on December 8, 2022. Requests submitted during that period will be valid from January 1, 2023 through June 30, 2023.

Fund Release Requirements

Applicants receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original or electronic signature for each approved application. The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on February 26, 2023. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 4th Floor, West Sacramento, CA 95605. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of February 26, 2023 on the Unfunded List (Lack of AB 55 Loans).

STAFF ANALYSIS/STATEMENTS (cont.)

Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original or electronic signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017.

Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 prior to 11:59 p.m. on February 26, 2023 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

Greene School Facilities Act of 1998, pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 of the Education Code.
- (b) The funds appropriated in subdivision (a) and the funds intended to be appropriated in subdivision (c) shall be available for encumbrance or expenditure by the State Allocation Board until December 31, 2025.

Education Code Section 17070.35(a) states, “In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

- (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...

Government Code Section 15503 states:

Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

‘For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

...

“Unfunded List” means an information list of unfunded projects, with the exception of the unfunded list defined below as “Unfunded List (Lack of AB 55 Loans)”.

“Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from

the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.”

SFP Regulation Section 1859.90.2, “Priority Funding Process” states:

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following: (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and

(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans

and specifications, the applicant's request must include: (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and

(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following: (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and

(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period: (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the

unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.

(1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

(2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing round specified above.

(3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.

(4) District's may decline to submit a request outside the normal 30-day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-day filing periods specified in (a) above remain in effect.

(5) Unexpected proceeds from sources other than bond funds include, but are not limited to, the \$250 million in General Fund monies provided to the 2016 School Facilities Account as a result of the 2021-2022 Budget Act.

(f) For purposes of this section "rescinded" or "rescission" shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, "Participation in the Priority Funding Process" states:

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
