State Allocation Board
August 19, 2025

Upon notice duly given, the meeting of the State Allocation Board (SAB) was held at the East End Complex, located at 1500 Capitol Avenue, in the Auditorium, in Sacramento, on August 19, 2025 at 4:00 p.m.

Ms. Michele Perrault, the SAB Chair, announced that this meeting was being held in person for anyone who would like to provide public comment in person. This meeting was also conducted by way of Zoom meeting for members of the public participating remotely. The meeting was physically webcast from the East End Complex, located at 1500 Capitol Avenue, in the Auditorium, in Sacramento.

Members of the SAB were present in order to establish a quorum for the meeting as follows:

- Michele Perrault, Chief Deputy Director, Policy, Department of Finance (DOF), designated representative for Joe Stephenshaw, Director, DOF
- Ana Lasso, Director, Department of General Services (DGS)
- Juan Mireles, Director, School Facilities and Transportation Services Division, California Department of Education, designated representative for Tony Thurmond, Superintendent of Public Instruction
- Jeremy Smith, Governor's appointee
- Senator John Laird (remote participation)
- Senator Sasha Renee Perez (remote participation)
- Senator Steven Choi
- Assembly Member Al Muratsuchi (remote participation)
- Assembly Member Laurie Davies
- Assembly Member Sharon Quirk-Silva

Representative of the SAB/Office of Public School Construction (OPSC), was as follows:

- Rebecca Kirk, Executive Officer

Representatives of the DGS, OPSC, were as follows:

- Rebecca Kirk, Executive Officer
- Michael Watanabe, Deputy Executive Officer

Representative of the DGS, Office of Legal Services, was as follows:

- Ephraim Egan, Staff Counsel

With a quorum present, Ms. Perrault, Chair, called the meeting to order at 4:05 p.m.

PRIOR MINUTES

A motion was made, and seconded, to approve the June 25, 2025 meeting Minutes. The Chair called for a roll-call vote and the motion carried per the following votes:

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

Stakeholder Meetings

Since the June 25, 2025 SAB meeting, OPSC has held three stakeholder meetings focused on gathering input toward implementation of various provisions of Proposition 2 and other subjects.

On June 16, 2025, OPSC held its twelfth stakeholder meeting to discuss proposed regulatory amendments and considerations to implement the following topics:

- Energy Efficiency Supplemental Grant (Proposition 2)
- Small School District Program (Proposition 2)

At this meeting, 49 unique stakeholders joined on Zoom, and one stakeholder attended in-person at OPSC's office in West Sacramento.

On July 10, 2025, OPSC conducted a thirteenth stakeholder meeting to discuss the following:

- Career Technical Education Facilities Supplemental Grant (Proposition 2)
- Modernization Grant Funding for Facilities Previously Modernized with State Funds (Non-Proposition 2)

At this meeting, 42 unique stakeholders joined on Zoom, and one stakeholder attended in-person at OPSC's office in West Sacramento.

On July 24, 2025, OPSC conducted a fourteenth stakeholder meeting to discuss the following:

- Natural Disaster Assistance (Proposition 2)
- Mandatory Usage of OPSC Online (Non-Proposition 2)

At this meeting, 37 unique stakeholders joined on Zoom.

EXECUTIVE OFFICER'S STATEMENT (cont.)

Details of upcoming stakeholder meetings will continue to be announced in email blasts to school districts and stakeholders.

2025-26 Budget Act Updates

On June 27, Governor Newsom signed the Budget Bill of 2025 and Assembly Bill (AB) 121, the education omnibus budget trailer bill, which include changes affecting the SAB as follows:

Senate Bill 101 (Wiener, Chapter 4, Statutes of 2025), Budget Act of 2025

- Appropriates Proposition 2 bond authority and State School Site Utilization Fund revenue and authorizes 16 additional positions for DGS (including 14 for OPSC, 1 for the Division of the State Architect, and 1 for Enterprise Technology Solutions) to implement Proposition 2 and continue administering the School Facility Program (SFP).
- Redirects $177.5 million in remaining General Fund money previously appropriated for SFP projects back to the General Fund due to the state budget shortfall.
- Appropriates $50,000 one-time General Fund for administrative costs for OPSC to implement the California State Auditor's recommendations to engage in the stakeholder process to update the Facility Inspection Tool. OPSC anticipates presenting this topic at a stakeholder meeting in the fall.

AB 121 (Committee on Budget, Chapter 8, Statutes of 2025), Education finance: education omnibus budget trailer bill

- Section 12 clarifies that school districts do not need to report or return interest earned on Lease-Purchase Program (LPP) funds to OPSC and that they may expend any remaining LPP funds for capital outlay expenditures for school construction.
- Section 13 restores the SAB's authority to provide excessive cost hardship grants in existing SFP regulations, for applications submitted on or after October 31, 2024. Today's Consent Agenda includes amended funding shells that provide $382,875 to Facility Hardship/Seismic Mitigation applications approved prior to the passage of the trailer bill that are eligible for the excessive cost hardship grants.

Projects with Proposition 2 Local Funding Adjustments

Proposition 2 established a points-based determination and sliding scale for the required state and local matching shares for SFP projects. At the June 25, 2025 meeting, the SAB adopted proposed amendments to SFP Regulations regarding the implementation of the Local Funding Adjustment (LFA) and presented the first project to receive the LFA. Today's Consent Agenda contains amended approvals for an additional three projects received on or after October 31, 2024 that will retroactively receive the LFA. This provides an additional $238,708 to these four districts.

Next Meeting

The next meeting is scheduled for Wednesday, September 24, 2025. The time and location of the meeting will be determined and announced at a later date.

CONSENT ITEMS

The Chair recused herself from voting on two SFP projects for the Plumas Lake Elementary School District in Yuba County (stamped pages 45 and 46) and requested the SAB take action on two separate motions. The first motion was made, and seconded, to approve the Consent calendar with the exception of the two Plumas Lake Elementary School District projects. The Chair called for a roll-call vote and the motion carried per the following votes:

MEMBER	AYE	NAY	ABSTAIN	ABSENT

APPEAL ITEMS

Los Angeles Unified SD/Los Angeles 51/64733-05-004 and 51/64733-47-001

A motion was made, and seconded, to approve the District's appeal request for interim housing assistance following a natural disaster for both projects, including the unfunded approvals on Attachments H and I. The SAB further approved that both projects are subject to the requirements currently in the proposed regulations for Natural Disaster Assistance, including but not limited to substantial progress/expenditure reporting, the timeline to submit the five-year school facilities master plan, and annual reporting of any insurance proceeds and/or governmental disaster assistance collected until all claims for this assistance are closed.

APPEAL ITEMS (cont.)

Los Angeles Unified SD/Los Angeles 51/64733-05-004 and 51/64733-47-001 (cont.)

The Chair called for a roll-call vote and the motion carried per the following votes:

Total	10			

Motion:

Carried __X__

Failed _____

Pioneer Union Elementary SD/Butte 51/73379-00-002

The Chair requested this appeal be taken out of order in the Agenda so the SAB could address a similar Natural Disaster Assistance request for "other assistance following a natural disaster." A motion was made, and seconded, to approve the District's appeal request as an unfunded approval as shown on Attachment G. The SAB further approved that the project is subject to the requirements currently in the proposed regulations for Natural Disaster Assistance, including but not limited to substantial progress/expenditure reporting, the timeline to submit the five-year school facilities master plan, and annual reporting of any insurance proceeds and/or governmental disaster assistance collected until all claims for this assistance are closed. The Chair called for a roll-call vote and the motion carried per the following votes:

REPORTS, DISCUSSION ITEMS, AND INFORMATION ITEMS

The SAB acknowledged the following reports:

- ***State Allocation Board Three-Month Projected Workload***
- ***State Allocation Board Meeting Dates for the Remaining 2025 Calendar Year***
- ***School Facility Program New Construction and Modernization Unfunded List as of June 25, 2025***
- ***School Facility Program Workload List of Applications Received Through July 31, 2025***
- ***School Facility Program Applications Received Beyond Bond Authority List as of July 31, 2025***
- ***Facility Hardship/Rehabilitation Approvals Without Funding as of June 25, 2025***

CLOSED SESSION

At 4:18 p.m. and in accordance with Government Code Section 11126(e)(2)(A), the SAB convened into closed session for the purpose of conferring with and receiving advice from counsel regarding pending litigation.

Upon conclusion of the closed session, the SAB reconvened the public meeting at 4:33 p.m. and the Chair stated that the SAB met in closed session regarding developments in and the status of the following two cases: 1) *California School Finance Authority, a California State Agency, et al. v. Today's Fresh Start, Inc., et al.,* Los Angeles County Superior Court, case number 23STCP03750, and 2) *California School Finance Authority, a California State Agency, et al. v. Los Angeles Unified School District, et al.,* Los Angeles County Superior Court, case number 23STCP03720. The Chair stated that no actions were taken by the SAB.

ADJOURNMENT

There being no further business to come before the SAB, the Chair adjourned the meeting at 5:49 p.m.

Executive Officer Statement

STAKEHOLDER MEETINGS

Since the August 19, 2025 State Allocation Board (Board) meeting, the Office of Public School Construction (OPSC) has held three stakeholder meetings focused on gathering input toward implementation of various provisions of Proposition 2 and other subjects.

On August 28, 2025, OPSC held its fifteenth stakeholder meeting to discuss proposed regulatory amendments and considerations to implement the following topics:

- Five-Year School Facilities Master Plan (Proposition 2)
- General Updates to the School Facility Program (SFP) Regulations (Non-Proposition 2)

At this meeting, 90 unique stakeholders joined on Zoom, and 2 stakeholders attended in-person at OPSC's office in West Sacramento.

On September 18, 2025, OPSC held its sixteenth stakeholder meeting to discuss proposed regulatory amendments to implement the following topics:

- Small School District Program (Proposition 2)
- Evaluation of Transitional Kindergarten Pupils in SFP Enrollment Projections (Non-Proposition 2)

Also at this meeting, the California Department of Education (CDE) discussed proposed regulations for its Priority School District Program.

At this meeting, 40 unique stakeholders joined on Zoom, and 1 stakeholder attended in-person at OPSC's office in West Sacramento.

On October 9, 2025, OPSC held its seventeenth stakeholder meeting to discuss proposed regulatory amendments to implement the Mandatory Usage of OPSC Online.

Also at this meeting, CDE returned to discuss stakeholder feedback and proposed regulations for its Priority School District Program.

At this meeting, 53 unique stakeholders joined on Zoom, and 1 stakeholder attended in-person at OPSC's office in West Sacramento.

Details of upcoming stakeholder meetings will continue to be announced in email blasts to school districts and stakeholders.

UPCOMING PRIORITY FUNDING ROUND

The next Priority Funding Filing Round opens on November 12, 2025, and closes at the end of the day on December 11, 2025. Applicants are encouraged to submit Priority Funding requests electronically through OPSC Online. All requests must be received by OPSC before the end of the day on December 11, 2025. These requests will be valid

from January 1, 2026 through June 30, 2026. Applicants submitting a request in this Priority Funding Filing Round may have their unfunded approval converted to an apportionment following an anticipated Spring 2026 statewide general obligation bond sale. OPSC will send out an email blast in November to remind all stakeholders of this process. Information on the Priority Funding Process can be found on OPSC's website here.

EMERGENCY REGULATORY AMENDMENTS TO THE SCHOOL FACILITY PROGRAM/PROPOSITION 2 IMPLEMENTATION

The Board approved emergency regulatory amendments at the June 25 and August 19, 2025 Board meetings that authorized the adoption of regulations that implement provisions of Proposition 2, related to the following topics:

- Matching Shares
- 75 Years or Older Supplemental Grant
- Supplemental Grant for Minimum Essential Facilities
- Transitional Kindergarten Supplemental Grant

The emergency regulatory amendments were approved by the Office of Administrative Law and became effective on September 8, 2025.

Additionally, the Board approved emergency regulatory amendments at the August 19, 2025 Board meeting that authorized the adoption of regulations that implement provisions of Proposition 2 related to Natural Disaster Assistance. These emergency regulatory amendments were submitted to the Office of Administrative Law on October 10 and are pending approval by the Office of Administrative Law as of October 15, 2025.

OFFICE OF STATE AUDITS AND EVALUATIONS AUDIT

The Office of State Audits and Evaluations (OSAE) is conducting an audit of Board programs funded by Proposition 51, which authorized $7 billion in general obligation bonds for K-12 school facilities with voter approval in 2016, in addition to an audit of the Board programs funded by General Fund appropriations in the Budget Acts of 2021, 2022, and 2023. OSAE periodically audits State Allocation Board programs as a standard practice intended to ensure bond expenditures comply with applicable laws and regulations. Staff will provide an update to the Board at the conclusion of the audit.

NEXT MEETING

The next meeting is scheduled for Wednesday, December 3, 2025. The time and location of the meeting will be determined and announced at a later date.

Consent

State of California
State Allocation Board

SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on October 22, 2025.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project's cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds and/or General Fund proceeds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, 3rd Floor, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on October 22, 2025 at Sacramento, California.

Rebecca Kirk
Executive Officer
State Allocation Board

SCHOOL FACILITY PROGRAM ELIGIBILITY ESTABLISHMENTS

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following sections have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.
2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.
3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

SCHOOL FACILITY PROGRAM ELIGIBILITY ADJUSTMENTS

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

(a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.

(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.

(c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.

(d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.

(f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).

(g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.

(h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82.1(b)(4)(A) or 1859.82.2(b)(4)(A).

(i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).

(j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.

(k) Adjusted for any changes in classroom inventory as a result of a reorganization election.

(l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.

(n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.

(o) Adjusted for operational grant changes as determined/provided by the California Department of Education.

(p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).

(q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.

(r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

(s) Increased by the capacity of classrooms included in an approved application, with two qualifiers that must be met in Regulation Section 1859.51(s).

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

(a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.

(b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.

(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.

(d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Adjusted as a result of errors or omissions by the district or by the OPSC.

(f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.

(g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.

(j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.

(k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.

(l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.

(m) Adjusted upon Board approval of the local school board resolution acknowledging that the buildings have been removed from K-12 use.

(n) (1) Adjusted for a Facility Hardship or Seismic Mitigation replacement project pursuant to Regulation Section 1859.61(l)(1) or, (2) Adjusted for a Facility Hardship or Seismic Mitigation replacement project pursuant to Regulation Section 1859.61(l)(2).

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

The projects listed on the Attachment represent SFP New Construction, Modernization, Charter School and/or Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is Ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

. . .

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP application(s) as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

STIPULATED TERMS & NEXT STEPS

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(3). The Applicant qualifies as a County Superintendent of Schools.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

On April 27, 2022, the Board approved a design Apportionment for the District for 133 pupil grants at the Severe Special Day Class grade level. With this item, the District's original pupil grant request has not changed. Therefore, no adjustment to the baseline eligibility is required for this application upon approval by the Board.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(3). The Applicant qualifies as a County Superintendent of Schools.

STIPULATED TERMS & NEXT STEPS

On June 27, 2018, the Board approved a design Apportionment for the District for 17 pupil grants at the K-6 grade level. With this item, the District is increasing its request to 22 pupil grants at the K-6 grade level, and the District's Modernization baseline eligibility will be adjusted by a decrease of five pupil grants at the K-6 grade level upon approval by the Board.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Los Angeles Unified
Application Number: 51/64733-00-009
Total District Enrollment: 529,902
County: Los Angeles
School Name: Grant (Ulysses S.) Senior High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement Project.

Total Project Cost: $10,428,250.00
Cost to the State: $5,214,125.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by John A. Martin & Associates, Inc., dated June 11, 2018, and revised September 7, 2021, identifies several structural deficiencies in the Arts Building 2 located at the Grant High School site. The report references material insufficiencies with inadequate out-of-plane anchorage of the exterior masonry walls to the diaphragm and lack of cross ties between diaphragm chords. The material insufficiencies identified in the report render the Arts Building 2 at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of the Arts Building 2 at the Grant High School site. This scope of work is part of a comprehensive modernization project in which many of the buildings on the site will be demolished and replaced.

STATUS OF SCHOOL SITE

The District anticipates completing the construction of the Grant High School comprehensive modernization project in December 2025.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Arts Building 2 was classified as a Most Vulnerable Category 2 Building type as defined in SFP Regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) approved the Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis and Design Criteria), and the final plans and specifications for the project. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval for Replacement funding for the replacement of the Arts Building 2 at Grant High School, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.
2. Provide that the District's Modernization eligibility will be reset for the Arts Building 2 to the date of Apportionment for this project.

AUTHORITY

Seismic Mitigation Program – Replacement Projects

(as of January 1, 2024)

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat."

SFP Regulation Section 1859.82.2 states, in part:

> …
> A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.
>
> Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.
>
> (a) Seismic mitigation projects must meet all of the following requirements:
> (1) The construction contract was executed on or after May 20, 2006;
> (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> (3) The School Building is designed for occupancy by students and staff; and
> (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.
> If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired,
…
(2) For School Buildings with interior square footage to be mitigated ….
…
(4)(B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:
…

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

SFP Regulation Section 1859.61. Adjustments to the Modernization Baseline Eligibility states in part:

> The baseline eligibility for modernization as provided for in Section 1859.60 for a specific site will be adjusted as follows:
>
> …
>
> (l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:
>
> (1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.
>
> (2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.
>
> For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Los Angeles Unified
Application Number: 51/64733-00-010
Total District Enrollment: 529,902
County: Los Angeles
School Name: Grant (Ulysses S.) Senior High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement Project.

Total Project Cost: $8,113,084.00
Cost to the State: $4,056,542.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by John A. Martin & Associates, Inc., dated June 11, 2018, and revised September 7, 2021, identifies a critical structural deficiency in the Industrial Arts (AKA Shops) Building 4 located at the Grant High School site. The report references the inadequate capacity of the existing out-of-plane anchorage of the exterior concrete and masonry walls to the diaphragm. The material insufficiency identified in the report renders the Industrial Arts (AKA Shops) Building 4 at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of the Industrial Arts (AKA Shops) Building 4 at the Grant High School site. This scope of work is part of a comprehensive modernization project in which many of the buildings on the site will be demolished and replaced.

STATUS OF SCHOOL SITE

The District anticipates completing the construction of the Grant High School comprehensive modernization project in December 2025.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Industrial Arts (AKA Shops) Building 4 was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) approved the Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis and Design Criteria), and the final plans and specifications for the project. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval for Replacement funding for the replacement of the Industrial Arts (AKA Shops) Building 4 at Grant High School, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.
2. Provide that the District's Modernization eligibility will be reset for the Industrial Arts (AKA Shops) Building 4 to the date of Apportionment for this project.

AUTHORITY

Seismic Mitigation Program – Replacement Projects

(as of January 1, 2024)

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat."

SFP Regulation Section 1859.82.2 states, in part:

> …
> A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.
>
> Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.
>
> (a) Seismic mitigation projects must meet all of the following requirements:
> (1) The construction contract was executed on or after May 20, 2006;
> (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> (3) The School Building is designed for occupancy by students and staff; and
> (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.
> If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired,
…
(2) For School Buildings with interior square footage to be mitigated ….
…
(4)(B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:
…

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

SFP Regulation Section 1859.61. Adjustments to the Modernization Baseline Eligibility states in part:

> The baseline eligibility for modernization as provided for in Section 1859.60 for a specific site will be adjusted as follows:
>
> …
>
> (l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:
>
> (1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.
>
> (2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.
>
> For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

Seismic Mitigation Program – Replacement Projects

(as of January 1, 2024)

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states, in part:

> …
> A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.
>
> Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.
>
> (a) Seismic mitigation projects must meet all of the following requirements:
> (1) The construction contract was executed on or after May 20, 2006;
> (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> (3) The School Building is designed for occupancy by students and staff; and
> (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.
> If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired,
…
(2) For School Buildings with interior square footage to be mitigated ….
…
(4)(B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:
…

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

SFP Regulation Section 1859.61. Adjustments to the Modernization Baseline Eligibility states in part:

> The baseline eligibility for modernization as provided for in Section 1859.60 for a specific site will be adjusted as follows:
>
> …
>
> (l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:
>
> (1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.
>
> (2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.
>
> For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Los Angeles Unified
Application Number: 51/64733-00-013
Total District Enrollment: 529,902
County: Los Angeles

School Name: Grant (Ulysses S.) Senior High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement Project.

Total Project Cost: $ 2,326,264.00
Cost to the State: $ 1,163,132.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by John A. Martin & Associates, Inc., dated June 11, 2018, and revised September 7, 2021, identifies structural deficiencies in the Administration Building 30 located at the Grant High School site. The report references material insufficiencies with inadequate out-of-plane anchorage of the exterior masonry walls to the diaphragm and lack of cross ties between diaphragm chords. The material insufficiencies identified in the report render the Administration Building 30 at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of the Administration Building 30 at the Grant High School site. This scope of work is part of a comprehensive modernization project in which many of the buildings on the site will be demolished and replaced.

STATUS OF SCHOOL SITE

The District anticipates completing the construction of the Grant High School comprehensive modernization project in December 2025.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Administration Building 30 was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) approved the Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis and Design Criteria), and the final plans and specifications for the project. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval for Replacement funding for the replacement of the Administration Building 30 at Grant High School, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.

2. Provide that the District's Modernization eligibility will be reset for the Administration Building 30 to the date of Apportionment for this project.

AUTHORITY

Seismic Mitigation Program – Replacement Projects

(as of January 1, 2024)

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states, in part:

> …
> A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.
>
> Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.
>
> (a) Seismic mitigation projects must meet all of the following requirements:
> (1) The construction contract was executed on or after May 20, 2006;
> (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> (3) The School Building is designed for occupancy by students and staff; and
> (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.
> If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired,
…
(2) For School Buildings with interior square footage to be mitigated ….
…
(4)(B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:
…

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

SFP Regulation Section 1859.61. Adjustments to the Modernization Baseline Eligibility states in part:

> The baseline eligibility for modernization as provided for in Section 1859.60 for a specific site will be adjusted as follows:
>
> …
>
> (l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:
>
> (1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.
>
> (2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.
>
> For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Ontario-Montclair
Application Number: 51/67819-00-001
Total District Enrollment: 17,695
County: San Bernardino

School Name: Vina Danks Middle
Project Grade Level: 6-8
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement Project.

Total Project Cost: $13,312,606.00
Cost to the State: $7,321,933.30

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

Two reports, one by R. M. Byrd & Associates, Inc., dated August 11, 2012, and a second by KNA Structural Engineers, Inc., dated May 14, 2021, identify several structural deficiencies in Building B, the Multi-Purpose Building, and Classroom Building C located at the Vina Danks Middle School site. The reports for Building B reference deterioration of the exterior concrete at the pilasters and exterior walls, deficiencies with the reinforcing steel and diaphragms, and non-compliant unblocked diaphragms. The reports for Building C reference deficiencies of the roof and floor diaphragms. Additionally, there are critical deficiencies with the wall anchorage for both Buildings B and C. These buildings qualify for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of Buildings B and C at the Vina Danks Middle School site.

STATUS OF SCHOOL SITE

The project is currently under construction.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

Buildings B and C were both classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and have met the qualifying criteria of the SMP. The Division of the State Architect (DSA) approved the Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis and Design Criteria), and the final plans and specifications for the project. These approvals enable the District to apply for funding from the SMP.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval for Replacement funding for the replacement of Buildings B and C at the Vina Danks Middle School, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.

2. Approve the District's request with the condition that the District submits a five-year school facilities master plan, or an updated five-year school facilities master plan, approved by the governing board of the District within 18 months of funds being released for this application, or by the time of submittal of the 100 percent complete Expenditure Report (Form SAB 50-06), whichever occurs first pursuant to Education Code Section 17070.54 and Board policy adopted on December 3, 2024.

3. Provide that the District's Modernization eligibility will be reset for Buildings B and C to the date of Apportionment for this project.

AUTHORITY

Seismic Mitigation Program – Replacement Projects

(as of November 6, 2024)

Education Code (EC) Section 17075.10 states:

(a) (1) For health and safety projects for school facilities that are determined by the department to pose an unacceptable risk of injury to occupants in the event of a seismic event, a school district shall demonstrate both of the following to the satisfaction of the board:
(A) That due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
(B) That the facilities are needed to ensure the health and safety of pupils if the health and safety of pupils is at risk.
(2) For purposes of paragraph (1), health and safety projects include projects to replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317.
(b) (1) A school district is eligible for health and safety funding to replace, reconstruct, or construct new classrooms and related facilities if the school district demonstrates there is a threat to the health and safety of pupils. To determine the applicable grant amounts, the district shall prepare and submit to the department a cost-benefit analysis that compares the minimum cost to remain in the classroom or related facility and mitigate the health and safety problem with the current replacement cost.
(2) The project qualifies for modernization funding if the minimum cost is less than 50 percent of the current replacement cost of the classroom or related facility.
(3) The project qualifies for replacement facilities if the cost-benefit analysis prepared pursuant to paragraph (1) demonstrates that the cost to remain in the classroom or related facility and mitigate the problem is at least 50 percent of the replacement value.
(c) The department shall develop regulations to define eligible health and safety projects that meet the requirements of subdivisions (a) and (b) for purposes of project approval by the board.

SFP Regulation Section 1859.61. states in part,

The baseline eligibility for modernization as provided in Section 1859.60 for a specific site will be adjusted as follows:

…

(l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:
(1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.
(2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to

health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website. For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

SFP Regulation Section 1859.82 states, "A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat."

SFP Regulation Section 1859.82.2 states in part,

…

A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.

(a) Seismic mitigation projects must meet all of the following requirements:
(1) The construction contract was executed on or after May 20, 2006;
(2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
(3) The School Building is designed for occupancy by students and staff; and
(4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired, …
(2) For School Buildings with interior square footage to be mitigated ….”

STIPULATED TERMS & NEXT STEPS

This application qualifies for a Local Funding Adjustment pursuant to Education Code Section 17070.59. The required matching share from local sources is shown at the 50/50 State Share (New Construction) and has been adjusted based on the applicant's points.

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Chico Unified
Application Number: 58/61424-00-006
Total District Enrollment: 14,351
County: Butte

School Name: Nord Country
Project Grade Level: K-8
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship Program rehabilitation project.

Total Project Cost: $ 384,846.00
Cost to the State: $ 242,453.40

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by NorthStar Architecture, Civil Engineering, Planning and Surveying, prepared on February 18, 2025, describes the septic system on the Nord Country School site and details effluent overflows over the past year from the grease trap manhole, which were “creating a serious health and safety risk for students and staff.” The report states that “As an interim mitigation measure, the septic tank has been pumped four times during the preceding 18-month monitoring period,” and that inspections have found “standing water in the distribution pipe; indicating that the leach field is no longer accepting flow.” It concludes that “This systemic failure compromises wastewater treatment efficacy and necessitates complete system replacement to restore proper effluent management and maintain public health standards on campus.”

SCOPE OF PROJECT

The minimum work necessary to mitigate the health and safety threat includes replacing the existing septic system, abandoning the existing leach field, and installing a new one.

STATUS OF SCHOOL SITE

The project has been completed.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Butte County Public Health Department, Environmental Health Division, sent a letter that identified the failing septic system as a county code violation that must be corrected, and provided concurrence that "The proposal from NorthStar Engineering meets the minimal requirements and will abate this violation."

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted a detailed report from an industry specialist in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval to rehabilitate the failing septic system on the Nord Country School campus, pursuant to SFP Regulation Section 1859.82.1.
2. Approve the District's request with the condition that the District submits a five-year school facilities master plan, or an updated five-year school facilities master plan, approved by the governing board of the District within 18 months of funds being released for this application, or by the time of submittal of the 100 percent complete Expenditure Report (Form SAB 50-06), whichever occurs first pursuant to Education Code Section 17070.54 and Board policy adopted on December 3, 2024.

ATTACHMENT A

AUTHORITY

Facility Hardship Program – Rehabilitation Projects

(as of November 6, 2024)

Education Code (EC) Section 17075.10(a) states:

> (a) (1) For health and safety projects for school facilities that are determined by the department to pose an unacceptable risk of injury to occupants in the event of a seismic event, a school district shall demonstrate both of the following to the satisfaction of the board:
> (A) That due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
> (B) That the facilities are needed to ensure the health and safety of pupils if the health and safety of pupils is at risk.
> (2) For purposes of paragraph (1), health and safety projects include projects to replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states,

> Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:
> (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
> (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

STIPULATED TERMS & NEXT STEPS

In accordance with the SAB approval on April 23, 2025, this application qualifies for a Local Funding Adjustment pursuant to Education Code Section 17070.59. The required matching share from local sources is shown at the 60/40 State Share (Modernization) and has been adjusted based on the applicant's points.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Berkeley Unified
Application Number: 51/61143-00-001
Total District Enrollment: 9,162
County: Alameda

School Name: Berkeley High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) Conceptual Approval for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement Project.

Estimated Total Project Cost: $84,037,142.00
Estimated Cost to the State: $42,018,571.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by Mar Structural Design, dated January 16, 2019, identifies several structural deficiencies in Building A, which is comprised of the Berkeley Community Theater, the Little Theater, and classrooms, located on the Berkeley High School site. The report references multiple material insufficiencies, including deterioration of concrete resulting in corrosion spalling in several locations, inconsistent story strengths, soft stories at the upper ground floor in the annex buildings and the auditorium second floor lobby, torsional irregularities, shear wall stress, shear wall openings, diaphragm continuity, roof chord continuity, and diaphragm transfer to shear wall, through the shear wall to the foundation. The material insufficiencies identified in the report render the building at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in SFP Regulation Section 1859.82.3(b)(1) for conceptual approval.

SCOPE OF PROJECT

The scope of this project is divided between two sets of construction plans and includes the seismic mitigation and rehabilitation of Building A, which is comprised of the Berkeley Community Theater, the Little Theater, and classrooms at the Berkeley High School site. The Division of the State Architect (DSA) concurs with the seismic deficiencies described in the report referenced above, the recommended minimum work to mitigate the seismic deficiencies, and the scope of the required work for accessibility and fire-and-life safety compliance. OPSC has confirmed that the District’s eligible rehabilitation costs exceed 50 percent of the Current Replacement Cost for Building A, and, as such, the project is eligible for replacement funding.

STATUS OF SCHOOL SITE

The District received approval for the first part of this project under DSA application number 01-118530 on January 29, 2020, and the work has been completed. The District submitted a second plan set to DSA as application number 01-122064, which was approved on July 18, 2025. The District anticipates moving forward with a complete SMP funding application as soon as it obtains all required approvals.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

Building A, which is comprised of the Berkeley Community Theater, the Little Theater, and classrooms, was classified as a Most Vulnerable Category 2 Building type as defined in SFP Regulations and has met the qualifying criteria of the SMP. DSA approved the Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis and Design Criteria), and the final plans and specifications for the project. These approvals enable the District to apply for funding from the SMP.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for conceptual approval for replacement funding for Building A, which is comprised of the Berkeley Community Theater, the Little Theater, and classrooms at Berkeley High School, pursuant to SFP Regulation Section 1859.82.3(b)(1).
2. Provide that this conceptual approval does not guarantee a commitment to funding by the Board. Any potential future funding will be subject to the applicable governing laws and regulations, as well as the availability of program funds.

AUTHORITY

Seismic Mitigation Program – Replacement Project

(as of November 6, 2024)

Education Code (EC) Section 17075.10(a) states:

> (1) For health and safety projects for school facilities that are determined by the department to pose an unacceptable risk of injury to occupants in the event of a seismic event, a school district shall demonstrate both of the following to the satisfaction of the board:
> (A) That due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
> (B) That the facilities are needed to ensure the health and safety of pupils if the health and safety of pupils is at risk.
> (2) For purposes of paragraph (1), health and safety projects include projects to replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states:

> A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.
>
> Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.

SFP Regulation Section 1859.82.2(a) states:

> (a) Seismic mitigation projects must meet all of the following requirements:
> (1) The construction contract was executed on or after May 20, 2006;
> (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> (3) The School Building is designed for occupancy by students and staff; and
> (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

SFP Regulation Section 1859.82.2(b) states in part,

To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired, …
(2) For School Buildings with interior square footage to be mitigated ….

SFP Regulation Section 1859.82.2(b) further states:

If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below…:

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and	960 sq. ft. for each	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.

Technology/Education Laboratory	replacement classroom.		
Laboratory Classrooms (including science and consumer home economics.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

SFP Regulation Section 1859.82.3. states, in part:

A district may request approval from the Board to determine eligibility for facility hardship or seismic mitigation programs in advance of project funding. Board approval does not constitute a reservation of bond authority. Board approval only confirms the district meets the criteria in Section 1859.82.

…

(b) To request conceptual approval for seismic mitigation projects, the district must submit an Application For Funding (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:

(1) For replacement projects, all of the documents listed in Section 1859.82.2(b)(2)(A) through Section 1859.82.2(b)(2)(F).

SCHOOL DISTRICT DATA

Application Number: 50/10306-00-019
County: Orange
Financial Hardship: Yes
School District: Orange County Office of Education
School Name: Community School # 9
Date of Financial Hardship Status: May 16, 2019

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(3).

PURPOSE OF REPORT

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

A review of expenditures reported by the District indicates that per SFP Regulation Sections 1859.74 and 1859.106, the District was over-funded for site acquisition and site other costs in the amount of $416,000.00. The District has concurred with the findings and agrees to return the State funds in the amount of $416,000.00.

Detail of Final Cost & Financing

Total State Apportionment	$16,462,245.00	($208,000.00)	$16,254,245.00

Financing	Currently Approved	Required Change	Revised Approval
State (SFP)	$9,463,429.00	($208,000.00)	$9,255,429.00
District Contribution	2,464,613.00		2,464,613.00
Financial Hardship (SFP)	6,998,816.00	(208,000.00)	6,790,816.00
Total Project Costs	$18,926,858.00	($416,000.00)	$18,510,858.00

RECOMMENDATIONS

1. Approve a decrease of $416,000.00 in the total project cost from $18,926,858.00 to $18,510,858.00.
2. Approve a decrease of $208,000.00 in the State Apportionment [Bonds/2016-Nov.; 051-500] from $9,463,429.00 to $9,255,429.00.
3. Approve a decrease of $208,000.00 in the Financial Hardship Contribution [Bonds/2016-Nov.; 051-500] from $6,998,816.00 to $6,790,816.00.
4. Require the District to return State funds in the amount of $416,000.00.

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS OTHER EVIDENCE
(Design/Site)

PURPOSE OF REPORT

To present the District's request for consideration of other evidence as demonstration of substantial progress for the School Facility Program (SFP) project attached.

DESCRIPTION

The SFP regulations requires that a District which receives a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a Districts certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval.
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction (OPSC) of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

AUTHORITY

Pursuant to Regulation Section 1859.105 (c)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) that plans have not been completed and accepted by the DSA. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the District commitment to complete and submit an Approved Adjusted Grant application within 18 months from the date of the SAB's determination of substantial progress.

STAFF COMMENTS

The Attachment represents the project application in which the District received a design grant apportionment and a subsequent fund release. The District has submitted satisfactory evidence detailing reasons and circumstances beyond the District's control that precludes substantial progress being made. Staff recommends approval of the request for conditional other evidence determination of substantial progress on the design grant.

RECOMMENDATIONS

1. Approve the District's request for a determination of substantial progress with regard to the SFP application, as indicated on the Attachment.
2. Failure to comply with the requirements as indicated on the Attachment will result in the project apportionment being reduced to costs incurred or rescinded.

	Project Numbers	***School District / County / School Name***	***Summary of School District Narrative***	***Staff Recommendations***
Design Grant	57/61671-00-001	Canyon Elementary Contra Costa Canyon Elementary	The project received a Design Grant apportionment on February 28, 2024. Several unforeseen circumstances have impacted the District's ability to meet the original project timeline: • Architectural Selection Process: The previous Superintendent could not create an Architectural Pool until the spring of 2025. The selection process began with an initial meeting on April 8, 2025 and concluded with a Board-approved selection on July 8, 2025. • Leadership Transition: The departure of the former Superintendent on June18, 2025, and the onboarding of the new Superintendent on July 23, 2025, further affected continuity and project momentum. In addition, the Modernization Grant requires the completion of a Facilities Master Plan, which is now underway in collaboration with the selected architectural team. Despite the delays, significant progress has been made: • The architectural firm Persinger was selected on July 8, 2025. • Weekly planning meetings between Persinger and Canyon Elementary School District began on July 14, 2025. • The Canyon School Facilities Committee has developed a comprehensive list of modernization priorities and long-term design considerations to guide the Facilities Master Plan. The District remains fully committed to delivering a high-quality modernization project and respectfully requests a deadline for 18 months to ensure the completion of all required planning, compliance, and implementation activities.	1. Require the District to submit acceptable plans to the DSA by April 22, 2027. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to OPSC by April 22, 2027. If both conditions are not met by April 22, 2027, OPSC will proceed to rescind or reduce the project to costs incurred.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 22, 2025

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionment(s) to be reduced to eligible costs incurred or rescinded.

DESCRIPTION

The SFP projects listed on the Attachment are financial hardship districts that received a separate design or adjusted grant fund release. The Districts have either requested to have their project reduced to costs incurred or have not met the substantial progress requirement and have indicated that they will be unable to move forward with the SFP projects listed on the Attachment. The Districts have requested that their apportionment be reduced to costs incurred to recognize eligible costs for the separate design phase or adjusted grant phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the District is unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred or recission for the projects listed on the Attachment.
3. Direct Staff to adjust the District's baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

**District requested this application be reduced to costs incurred. The District has already returned the $72,245.74 for the Design Grant apportionment.

State of California
State Allocation Board

CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on October 22, 2025.

WHEREAS, the Board has determined to be approvable a number of projects for new construction or retrofit eligibility of California preschool, transitional kindergarten and/or kindergarten facilities for school districts, it is making apportionments and/or adjustments for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Section 17375.

NOW THEREFORE, BE IT RESOLVED:

1. The Board anticipates that the school district(s) will pay certain capital expenditures in connection with some or all of the project(s) cost.

2. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use General Fund proceeds that are available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable laws and regulations.

3. This Resolution shall be continuously available for inspection by the general public during normal business hours at the office of the Board at 707 3rd Street, 3rd Floor, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on October 22, 2025 at Sacramento, California.

Rebecca Kirk

Funding Source: General Fund California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program

This project is being amended as a result of the removal of the previously authorized grants for two transitional kindergarten classrooms, which will no longer be included in the approved plans and specifications.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Advance funds in the amount of $799,150.00 were previously released to the District. The remaining funds in the amount of $1,660,556.00 ($3,279,608.00 less advance funds released and available district contribution) will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02).

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM FUND RELEASE TIME EXTENSIONS

PURPOSE OF REPORT

To present school districts' requests for an extension to the deadline to submit a Fund Release Authorization (Form SAB 70-02) for previously approved California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) funding applications.

DESCRIPTION

Program regulations require that school districts participating in the Program must submit a complete Form SAB 70-02 within 18 months of receiving an apportionment. In addition to the complete Form, applicants must also enter into a binding contract for at least 90 percent of the building construction activities of the project. If the school district is unable to meet this requirement, the school district may submit in writing other evidence satisfactory to the State Allocation Board (Board) of circumstances beyond the control of the school district that precludes the school district from submitting a complete Form SAB 70-02 within 18 months. A complete form is inclusive of a California Department of Education (CDE) plan approval and the Division of the State Architect (DSA)-approved plans and specifications for the project. The school districts listed on Attachment A have submitted written requests for an extension to the Office of Public School Construction (OPSC). Therefore, OPSC is presenting these requests to the Board for consideration.

AUTHORITY

Regulation Section 1860.16(f) states, in part:

> For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, the school district has up to 18 months to submit the required approvals and a complete *Fund Release Request* (Form SAB 70-02) from the date of the first Apportionment. The school district may submit in writing other evidence satisfactory to the Board of circumstances beyond the control of the school district that precludes the school district from submitting the required CDE plan approval, DSA-approved plans and specifications, and a complete Form SAB 70-02 within 18 months from the date of the first Apportionment. If the required submittals or other evidence in writing are not received within 18 months of the first Apportionment, the Apportionment shall be rescinded, and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation without further Board action.
>
> (1) School districts submitting other evidence shall have up to three years from the date of the first Apportionment to submit the required approvals and a complete *Fund Release Authorization* (Form SAB 70-02). This shall not extend the deadline in Section 1860.18.

STAFF COMMENTS

OPSC received letters from four school districts requesting an extension to the 18-month Program deadline to submit a complete Form SAB 70-02 (Attachment B). OPSC reviewed each school district's letter and determined that they appear to demonstrate other evidence of circumstances beyond their control that preclude them from submitting a complete Form SAB 70-02 within the required time period. Attachment A includes the application numbers, school district names, a summary of the circumstances, the current due date, and the proposed new due date for each application. Staff recommends approval of the school districts' requests as shown on Attachment A.

The school districts are advised that approval of the extension does not extend the three-year deadline to complete the project and submit a complete Expenditure Report (Form SAB 70-03) with final expenditures.

RECOMMENDATION

Approve the school districts' request for a time extension to the fund release deadline as indicated for each application listed on Attachment A under the column heading "Staff Recommendations."

Program Fund Release Time Extensions
CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM (PROGRAM)
State Allocation Board Meeting, October 22, 2025

Application Number & Applicant	***Original Fund Release Deadline***	***Requested Extension Deadline***	***Summary of School District Narrative***	***Staff Recommendations***
70/62836-00-001 Garfield School District/ Humboldt County Garfield Elementary	March 27, 2025	December 9, 2025	The District received an apportionment for New Construction Design Advance on September 27, 2023, with Financial Hardship approval. The District received approval from the Board for extensions on two prior occasions as follows: 1) August 1, 2025 2) October 1, 2025 Therefore, the District is requesting a third extension based on conditions beyond the District's control. The District is requesting a third extension to account for further delays in the DSA plan review resolution process and to allow for the possibility to re-bid the project should initial bids exceed budgeted amounts. The District has obtained CDE approval for the project. Therefore, the District is requesting a third extension to December 9, 2025.	1. Approve the District's request for an extension to December 9, 2025. 2. Require the District to submit a complete Fund Release Authorization (Form SAB 70-02) by December 9, 2025, or the apportionment will be rescinded without further Board action.

ATTACHMENT A

Application Number & Applicant	***Original Fund Release Deadline***	***Requested Extension Deadline***	***Summary of School District Narrative***	***Staff Recommendations***
70/63149-00-001 Holtville Unified/Imperial County Finley Elementary	March 27, 2025	December 1, 2025	The project received an apportionment for New Construction Design Advance on September 27, 2023. A complete Form SAB 70-02 was originally due on March 27, 2025. The District received approval from the Board for an extension to August 1, 2025. Since then, the District submitted two letters to OPSC requesting an extension first to October 15, 2025 and a second letter for an extension to December 1, 2025 for the reasons stated below. The District's architect submitted all necessary documentation to DSA and CDE in February 2025 and received CDE approval on August 11, 2025. However, DSA has informed the architect that there are two previous projects that remain closed without certification. Therefore, the District must resolve the outstanding certification of these prior projects before being granted DSA approval for this project at Finley Elementary. The District is requesting this second extension to account for these delays in the DSA plan review resolution process and to allow for the appropriate amount of time to bid the project. Therefore, the District is requesting an extension to December 1, 2025.	1. Approve the District's request for an extension to December 1, 2025. 2. Require the District to submit a *Fund Release Authorization* (Form SAB 70-02) by December 1, 2025, or the apportionment will be rescinded without further Board action.

ATTACHMENT A

Application Number & Applicant	*Original Fund Release Deadline*	*Requested Extension Deadline*	*Summary of School District Narrative*	*Staff Recommendations*
70/64113-00-001 Johnstonville Elementary School District/ Lassen County Johnstonville Elementary	March 27, 2025	March 27, 2026	The project received an apportionment for New Construction Design Advance on September 27, 2023. A complete Form SAB 70-02 was originally due on March 27, 2025. The District received approval from the Board for an extension until September 27, 2025. The District first requested a fund release extension on February 4, 2025, based on conditions beyond the District's control. Following the apportionment, the District obtained approval for a Lease-Lease Back delivery method and released an RFQP in October 2024. However, the District only received one response to the RFQP that exceeded the project budget by 76%. In January 2025, the District re-bid the project using the Design-Bid-Build delivery method to bring it within budget and hired a Construction Manager to guide procurement and construction processes. The District submitted the project to DSA on June 2, 2025, and expects DSA Plan approval in October 2025. They received CDE plan approval on July 23, 2025. The District anticipates DSA project approval in October 2025, and awarding contracts in January 2026. Therefore, the District is requesting an extension to March 27, 2026.	1. Approve the District's request for an extension to March 27, 2026. 2. Require the District to submit a *Fund Release Authorization* (Form SAB 70-02) by March 27, 2026, or the apportionment will be rescinded without further Board action.

ATTACHMENT A

Application Number & Applicant	***Original Fund Release Deadline***	***Requested Extension Deadline***	***Summary of School District Narrative***	***Staff Recommendations***
71/63784-00-001 South Fork Union Elementary/Kern County South Fork Elementary	March 27, 2025	November 30, 2025	The project received an apportionment for Retrofit Design Advance on September 27, 2023. A complete Form SAB 70-02 was originally due on March 27, 2025. The District was approved by the Board for an extension until August 30, 2025. The District requested a second extension on August 21, 2025, based on conditions beyond the District's control. They are a small financial hardship district with two sites and one administrator who was hired on July 1, 2023. The District initially hired an architectural firm that became unaffordable, therefore halting their projects and requiring them to seek a new firm. On October 25, 2024, the District entered a service contract with PBK Architects, and the design proposal for the project was accepted on January 10, 2025. The District submitted its plans to the DSA on April 21, 2025, and anticipates final plan approval by the end of September. The project was submitted to the CDE on September 4, 2025, accompanied by a letter from the District requesting an expedited review. The District plans to initiate the bidding process immediately upon receiving DSA approval. Therefore, the District is requesting an extension to November 30, 2025.	1. Approve the District's request for an extension to November 30, 2025. 2. Require the District to submit a Fund Release Authorization (Form SAB 70-02) by November 30, 2025, or the apportionment will be rescinded without further Board action.

Re: Garfield School District
70/62836-00-001
Extension Letter

Ms. Rozvodovskyi:

The Garfield School District requests an additional extension to the 18 month funding deadline from October 1, 2025 to December 9, 2025. The anticipated duration for DSA review and approval has taken substantially longer than the time allotted for this milestone in our earlier projected timelines. Review and resolution of comments required unforeseen time and effort by third parties in order to properly address DSA's comments. While we have CDE approval and have responded to DSA's comments, the time remaining will not allow for a typical advertise, bid and award process prior to the current October 1st deadline. In addition, if the first bids exceed available project funding, the project will be required to be re-bid due to the District's limited financial resources. We've accounted for this additional time in the third extension request.

As always, we appreciate your support of the District's project.

Thank you,

Michael Quinlan,

Re: Holtville Unified School District
70/63149-00-001
Extension Letter

Ms. Rozvodovskyi:

The Holtville Unified School District requests an additional extension to the 18-month funding deadline from August 1, 2025, to October 15, 2025. The anticipated duration for DSA review and approval has taken substantially longer than the time allotted for this milestone in our earlier projected timeline. The soil testing required to determine a suitable spot for construction required unforeseen time and effort by third parties outside of our contractual umbrella in order to properly address DSA's comments. The time remaining will not allow for a typical advertise, bid, and award process prior to the current August 1st deadline.

Thank you for your consideration. As always, we appreciate your support of the District's project.

Thank you,

John-Paul Wells

Re: Holtville Unified School District
70/63149-00-001
Extension Letter

Ms. Rozvodovskyi:

The Holtville Unified School District requests an additional extension to the 18-month funding deadline from October 15, 2025, to December 1, 2025. The District's TK Architect has provided all required documents to DSA and was anticipating approval this week. However, this week DSA notified the Architect for the TK project that there are two prior projects that were closed uncertified. DSA is requiring the Architect for the two prior projects to close those projects with certification prior to issuing approval for the TK project. Due to the DSA TK approval pending the two previous projects being closed with certification, the District requests an extension through December 1, 2025.

Thank you for your consideration. As always, we appreciate your support of the District's project.

Thank you,

John-Paul Wells

RE: Johnstonville Elementary School District Application 70/64113-00-001, Request for Extension

Dear Ms. Walden,

The Johnstonville Elementary School District is requesting an extension until March 27, 2026, to submit the required documentation for final fund release for the above referenced PK/TK/FDK application.

The project was approved and received an Advanced Design Apportionment at the September 27, 2023 State Allocation Board Meeting. A request for an extension from the original fund release deadline of March 27, 2025 was approved by the State Allocation Board on February 26, 2025. The District's current fund release deadline is September 27, 2025.

The District qualifies for Financial Hardship and is a small, rural school district with one site and enrollment of 198 K-8 students. The District diligently moved forward to begin the planning process upon award of the application by the State Allocation Board but has dealt with multiple project setbacks and turnover on the project team. With a new construction management team in place, the District has been able to redesign the project, which was submitted to the Division of State Architect on June 2, 2025. The District successfully received plan approval from the California Department of Education on July 23, 2025.

The District respectfully requests a second extension to the fund release deadline to allow adequate time for Division of State Architect review and approval of the project.

Please see the timeline below demonstrating the actions taken by the District in order to move the project forward:

- September 27, 2023: SAB Approval of Project
- October 26, 2023: Meeting with Architect to discuss project
- December 21, 2023: Meeting with Architect to discuss master plan of site
- January 10, 2024: Warrant Date, Advance Design Fund Release

Johnstonville Elementary School District
ALL Grizzlies are ENGAGED, EMPATHETIC, EMPOWERED, and EDUCATED!

- January-May 2024: Design meetings with Architect, Engineers, CDE to determine building placement on constrained site.
- March 19, 2024: Meeting with CDE to discuss site constraints
- June 24, 2024: Approval of Lease Lease-Back Delivery Method
- October 7, 2024: RFQP for Lease Lease-Back Contractor released
- October 14, 2024: Mandatory Pre-Bidders Meeting
- October 21, 2024: Responses to RFQP for Lease Lease-Back Contractor Due
- November 13, 2024: Board authorization to select contractor for project
- December 2024/January 2025: Contract negotiations with Lease Lease-Back Contractor
- January 2025: District exits agreement with original Lease Lease-Back Contractor
- January 2025: Hire Construction Manager to guide process of procurement and construction
- February-March 2025: Competitive selection process for modular building manufacturer
- February 26, 2025: SAB approval of extension request
- March-May 2025: Project redesign
- May 2025: Begin selection process for new Lease Lease-Back Contractor
- May 29, 2025: DSA Submittal
- June 2, 2025: DSA EPR Review
- June 3, 2025: DSA Architect of Record response

South Fork Union Elementary School District is requesting an extension to November 30, 2025 to submit the fund release documents for the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program. Retrofit apportionment on September 27, 2023 for application number 71/63784-00-001. The District's current extension for the fund release document is August 30, 2025.

The District is a Small School District with two sites and one Administrator who was hired July 1, 2023. The District qualifies as a Financial Hardship District. As such resources are more challenging then for a larger District, yet the District has remained diligent in attempting to move the project forward.

The South Fork Union Elementary School District had a previously hired Architectural Firm during the time period of September 27, 2023 and June 28, 2024. The two projects the Architectural Firm were working on at the time were a Shade covered area and DSA certification of a building. The project costs had increased substantially from the planning proposal and became unaffordable. The projects were stopped and the District sought a new Architectural firm.

An RFQ for qualified professionals was submitted June 28, 2024. South Fork Union Elementary School District interviewed and selected a firm September 12, 2024. South Fork Union Elementary School District signed an contract for services October 25, 2024. The TK/Preschool project design proposal was accepted January 10, 2025 from PBK Architects.

Board of Trustees: Dales Creighton, Eric Hafenfeld, Mike Morgan, Tony Cain, Jake Rudnick

The DSA submittal was on April 21, 2025 and we expected a 3 week turnaround with DSA comments. The submittal is still being reviewed. We expect to go out to bid immediately on approval. We had requested CDE to expedite the review process to submit the fund release before the standard 90-day review timeline.

We fully commit to move forward with this project and will submit all documentation to comply with the necessary apportionment requirements once we have received the DSA and CDE plan approvals. We respectfully request a 90 day extension to November 30, 2025.

Respectfully,

Richard Rhodes Ed.D

Superintendent/Principal

UNUSED SITES

EXHIBIT/APPL. NO. 92/10090-00-000

El Dorado County Office of Education – El Dorado County

PURPOSE OF REPORT

To present the District's request for the State Allocation Board (Board) to grant a refund of the 2022/23 and 2023/24 Fiscal Years for unused site assessment fees.

DESCRIPTION

The District was assessed an unused site fee totaling $4,932 for the 2022/23 and 2023/24 Fiscal Years at the December 4, 2023 and December 3, 2024 Board meetings, and was deducted from the District's State School Fund Apportionment during the months of February through May in 2024 and 2025. The District recently submitted documentation indicating that it is using this site for school purposes. Therefore, the District is eligible for a refund for the unused site assessment fees withheld for the 2022/23 and 2023/24 Fiscal Years.

Site	Year	Annual Payment	Recommendation
Tahoe House	2022/23	$2,385	Refund
Tahoe House	2023/24	$2,547	Refund

AUTHORITY

Pursuant to Education Code (EC) Section 17223(a), "Whenever a school district has either begun to use an unused site or has sold that site within two years of the date the Controller, pursuant to Section 17222, has deducted a certified nonuse payment from the district's State School Fund apportionment, the State Allocation Board shall certify that fact to the Controller. The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year … ."

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in EC Section 17219. EC Section 17223(a) allows for districts to receive a refund for sites that a district has begun to use or has sold during the previous fiscal year.

STAFF ANALYSIS/STATEMENTS

The District has provided documentation to support its request.

RECOMMENDATION

Approve the District's request for a refund of the 2022/23 and 2023/24 Fiscal Years unused site assessment fees in the amount of $4,932 and notify the State Controller's Office to refund the Annual Payment.

UNUSED SITES

EXHIBIT/APPL. NO. 92/75341-00-000

Redondo Beach Unified School District – Los Angeles County

PURPOSE OF REPORT

To present the District's request for the State Allocation Board (Board) to grant a refund of the 2022/23 and 2023/24 Fiscal Years unused site assessment fees.

DESCRIPTION

The District was assessed an unused site fee totaling $233,301 for the 2022/23 and 2023/24 Fiscal Years at the December 4, 2023 and December 3, 2024 Board meetings, and was deducted from the District's State School Fund Apportionment during the months of February through May in 2024 and 2025. The District recently submitted documentation indicating that this district is leasing the sites for one half of the fiscal year. Therefore, the District is eligible for a refund for the unused site assessment fees withheld for the 2022/23 and 2023/24 Fiscal Years.

Site	Year	Annual Payment	Recommendation
Fulton	2022/23	$48,112	Refund
Patterson South	2022/23	$64,703	Refund
Fulton	2023/24	$51,384	Refund
Patterson South	2023/24	$69,102	Refund

AUTHORITY

Pursuant to Education Code Section 17219(f), nonuse payments shall not be required for any year with respect to a school site that was leased at least one-half of the days in that year in a manner that subjected the site to property taxes equal to the taxes that would have been paid if the site had been sold.

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in EC Section 17219. EC Section 17219(e) allows for districts to receive a waiver if the site is leased for at least one-half the fiscal year. The District recently submitted documentation certifying that the sites are being leased for at least one-half of the fiscal year.

STAFF ANALYSIS/STATEMENTS

The District has provided documentation to support its request.

RECOMMENDATION

Approve the District's request for a refund of the 2022/23 and 2023/24 Fiscal Years unused site assessment fees in the amount of $233,301 and notify the State Controller's Office to refund the Annual Payment.

SURPLUS SITE SALE PROCEEDS

PURPOSE OF REPORT

To present the Carpinteria Unified School District's (District) request to deposit proceeds from the sale of surplus real property (Bailard), which was purchased with non-state funds, into the District's General Fund.

DESCRIPTION

The District is requesting State Allocation Board approval for the transfer of surplus real property sale proceeds into its General Fund for one-time expenditures as identified on Attachment A. The District requests this approval under the authority of Education Code (EC) Section 17463.7.

AUTHORITY

See Attachment B.

BACKGROUND

EC Section 17463.7 eliminates the five-year lockout from the School Facility Program imposed under EC Section 17462 if the surplus property was purchased entirely with non-state funds.

EC Section 17463.7 authorizes the use of surplus real estate sale proceeds for one-time general fund purposes as long as the costs are not related to a school district's on-going operations. The school district must also present a plan to its local governing board regarding the one-time expenditures and explain why these expenditures will not result in on-going fiscal obligations for the school district.

Under EC Section 17463.7, the Board shall reduce most forms of School Facility Program hardship assistance by an amount equal to that of a school district's one-time expenditure(s). Additionally, a school district must certify the following:

- that the site sale does not violate local bond restrictions; and
- that the real property is not suitable to meet projected school construction needs for the next ten years.

STAFF ANALYSIS/STATEMENTS

The District has submitted all required documents to support its request.

RECOMMENDATIONS

1. Approve the request to transfer surplus real property proceeds to the District's General Fund as identified on Attachment A.

2. Accept the District's governing board certifications as outlined in the narrative.

• Settlement Payments		$4,200,000
	Total	**$4,200,000**

ATTACHMENT B

Authority

California Education Code Section 17463.7

(as of October 15, 2025)

17463.7.

(a) Notwithstanding any other law, a school district may deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, purchased with nonstate funds, into the general fund of the school district and may use the proceeds for any one-time general fund purpose. If the purchase of the property was made using the proceeds of a local general obligation bond or revenue derived from developer fees, the amount of the proceeds of the transaction that may be deposited into the general fund of the school district may not exceed the percentage computed by the difference between the purchase price of the property and the proceeds from the transaction, divided by the amount of the proceeds of the transaction. For purposes of this section, proceeds of the transaction means either of the following, as appropriate:

(1) The amount realized from the sale of property after reasonable expenses related to the sale.

(2) For a transaction that does not result in a lump-sum payment of the proceeds of the transaction, the proceeds of the transaction shall be calculated as the net present value of the future cashflow generated by the transaction.

(b) The State Allocation Board shall reduce an apportionment of hardship assistance awarded to the particular school district pursuant to Article 8 (commencing with Section 17075.10) of Chapter 12.5 of Part 10, except an apportionment of hardship assistance awarded pursuant to paragraph (2) of subdivision (b) of Section 17075.10, by an amount equal to the amount of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section.

(c) Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall first submit to the State Allocation Board documents certifying both of the following:

(1) The sale of real property pursuant to this section does not violate the provisions of a local bond act.

(2) The real property is not suitable to meet projected school construction needs for the next 10 years.

(d) Before the school district exercises the authority granted pursuant to this section, the governing board of the school district shall adopt a plan at a public meeting for

expending one-time resources pursuant to this section. The plan shall identify the source and the intended use of the surplus property proceeds and describe the reasons why the expenditure will not result in ongoing fiscal obligations for the school district.

(e) (1) Except for the sale or lease of surplus real property that has previously operated, or was constructed to be operated, as an early childhood education facility or a school for elementary and secondary instruction, the governing board of a school district shall not be required to appoint a school district advisory committee pursuant to Article 1.5 (commencing with Section 17387).

(2) It is the intent of the Legislature to allow a school district to meet the requirements to offer surplus properties set forth in the Education and Government Codes by making an offer simultaneously to all applicable entities.

(f) The Office of Public School Construction shall submit an interim and a final report to the State Allocation Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used. The interim report shall be submitted by June 1, 2022, and the final report shall be submitted by January 1, 2026.

(g) For any transaction for the sale or lease of surplus property a school district initiates pursuant to this section before June 30, 2024, the proceeds from the sale or lease transaction that are received after June 30, 2024, shall be considered proceeds that can be deposited in accordance with this section.

(h) Subdivisions (a) to (e), inclusive, shall become inoperative on July 1, 2024, subdivision (f) shall become inoperative on January 15, 2026, and this section as of January 1, 2027, is repealed.

(Added by Stats. 2020, Ch. 24, Sec. 14 (SB 98) Effective June 29, 2020. Amended by Stats. 2021, Ch. 124, Sec. 17. (AB 938) Effective January 1, 2022. Repealed as of January 1, 2027, by its own provisions.)

Subgroup 3.5. Regulations Relating to Surplus School Property; Use of Proceeds; Return of Moneys from a State School Facilities Fund Program

Section 1700. Definitions.
For the purpose of the provisions of Education Code Sections 17462, and 17462.3, and 17463.7, the terms set forth below shall have the following meanings:
“Apportionment” means a reservation of funds for the purpose of the purchase of real property, modernization of real property, or construction of improvements on real property, that is approved by the Board for a school district, county office of education or Charter School.
“Board” means the State Allocation Board as established by Section 15490 of the Government Code.
“Charter School” shall mean a school as established in California pursuant to Education Code Section 47600, et seq.
“District Representative” means a member of the a school district, county office of education or Charter School staff or other agent authorized on behalf of the school district, county office of education or Charter School to serve as the “District Representative” to execute and file forms with the Board on behalf of the school district, county office of education, or Charter School and/or act as a liaison between the Board and the school district, county office of education or Charter School.
“Form SAB 308” means the *Return of Real Property Sale Proceeds Notification,* Form SAB 308 (New 06/14), which is incorporated by reference.
“Office of Public School Construction (OPSC)” means the State office within the Department of General Services that assists the Board as necessary on behalf of the Director.
“One-time Expenditures” means costs paid by the general funds of a school district that are nonrecurring in nature and do not commit the school district to incur costs in the future, and are exclusive of Ongoing Expenditures.
“Ongoing Expenditures” means costs paid by the general or special funds of a school district in support of employee salaries, benefits and other costs that are associated with ongoing and sustained operations and services except, if approved by the State Allocation Board, a single and one-time payment toward reducing a district’s existing unfunded liability for postemployment benefits other than pensions will be considered a one-time expenditure and not an ongoing expenditure if the following conditions are also met: (1) the unfunded liability was incurred prior to January 1, 2007, (2) the unfunded liability has been determined using actuarial measurement methods as defined in Governmental Accounting Standards Board Statement 45, and (3) the payment is consistent with any plan made by the district according to Assembly Bill 1802, Chapter 79, Section 43(a)(6)(A), Statutes of 2006

(Committee on Budget), as amended by Senate Bill 1131, Chapter 371, Statutes of 2006 (Committee on Budget and Fiscal Review), or a similar plan adopted by the district's governing board.
"Portable Facility" means a building of one or more stories that is designed and constructed to be relocatable and transportable over public streets, and with respect to a single story portable building, is designed and constructed for relocation without the separation of the roof or floor from the building and when measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.

Note: Authority cited: Sections 17462, and 17462.3 and 17463.7, Education Code, Section 15490, Government Code.
Reference: Sections 17462, 17462.3, 17463.7 and 17463.8, Education Code.

SURPLUS SITE SALE PROCEEDS

PURPOSE OF REPORT

To present the Pleasanton Unified School District's (District) request to deposit proceeds from the sale of surplus real property (Vineyard), which was purchased with non-state funds, into the District's General Fund.

DESCRIPTION

The District is requesting State Allocation Board approval for the transfer of surplus real property sale proceeds into its General Fund for one-time expenditures as identified on Attachment A. The District requests this approval under the authority of Education Code (EC) Section 17463.7.

AUTHORITY

See Attachment B.

BACKGROUND

EC Section 17463.7 eliminates the five-year lockout from the School Facility Program imposed under EC Section 17462 if the surplus property was purchased entirely with non-state funds.

EC Section 17463.7 authorizes the use of surplus real estate sale proceeds for one-time general fund purposes as long as the costs are not related to a school district's on-going operations. The school district must also present a plan to its local governing board regarding the one-time expenditures and explain why these expenditures will not result in on-going fiscal obligations for the school district.

Under EC Section 17463.7, the Board shall reduce most forms of School Facility Program hardship assistance by an amount equal to that of a school district's one-time expenditure(s). Additionally, a school district must certify the following:

- that the site sale does not violate local bond restrictions; and
- that the real property is not suitable to meet projected school construction needs for the next ten years.

STAFF ANALYSIS/STATEMENTS

The District has submitted all required documents to support its request.

RECOMMENDATIONS

1. Approve the request to transfer surplus real property proceeds to the District's General Fund as identified on Attachment A.

2. Accept the District's governing board certifications as outlined in the narrative.

Action Items

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments totaling approximately $652.8 million for the projects that submitted a valid certification.

DESCRIPTION

SFP regulations establish two annual filing periods to prioritize school construction funding as cash proceeds become available to provide Apportionments. Specifically, the regulations provide two 30 calendar day periods in which school districts can request to receive an Apportionment upon meeting certain criteria, including acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) must be submitted within 90 calendar days of receiving an Apportionment.

Based on SFP regulations, the recent filing period began on May 14, 2025, and closed on June 12, 2025. Requests must have been received by the Office of Public School Construction (OPSC) on or before June 12, 2025, and are valid from July 1, 2025, through December 31, 2025.

By approving this item, the State Allocation Board (Board) will provide approximately $652.8 million in Apportionments for 143 projects from 74 school districts and qualifying applicants.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

- The applicant understands that the time limit on fund release shall be no more than 90 calendar days from the date of Apportionment.

BACKGROUND (cont.)

- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert to an Unfunded Approval with a new date on the Unfunded List (Lack of AB 55 Loans) that is 90 calendar days from the date of Apportionment and cannot be guaranteed bond authority.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed on the Unfunded List (Lack of AB 55 Loans) with a new date that is 90 calendar days from the date of Apportionment, in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the timeline for fund release submittal described in Section 1859.90.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation Section 1859.90.4 and received by OPSC prior to, or concurrently with, the Form SAB 50-05.

Current Priority Funding Round and the Unfunded List (Lack of AB 55 Loans)

Requests submitted during the period that ended on June 12, 2025, will expire on December 31, 2025. This priority funding round generated approximately $652.8 million in Apportionment requests from 74 applicants for 143 out of 147 unique projects, which represents 97.28 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests.

The attachments provide detailed lists of the Apportionment requests received during this filing period, as well as projects that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B and C. In addition, Attachment C includes 63 projects that will remain on the Unfunded List (Lack of AB 55 Loans). Four of the remaining projects represent unfunded approvals for site or design funding for the Charter School Facilities Program that are not subject to rescission after two occurrences of non-participation in the priority funding process.

STAFF ANALYSIS/STATEMENTS

Fund Release Requirements

Applicants receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original or electronic signature for each approved application. The Form SAB 50-05 must be signed by the designated District Representative and must be received by OPSC prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of January 20, 2026, on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement

For all projects approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017, a Grant Agreement for the project with an original or electronic signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid.

Non-Participation in the Priority Funding Process

SFP regulations effective on March 25, 2013, limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item that do not submit a valid Form SAB 50-05 prior to 11:59 p.m. on January 20, 2026, will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans)[1]. The bond authority associated with rescinded projects will return to the SFP.

New Priority Funding Round

A new 30-day priority funding request filing period will begin on November 12, 2025, and will end on December 11, 2025. Requests submitted during that period will be valid from January 1, 2026, through June 30, 2026.

[1] An exception exists for unfunded approvals for site or design funding for the Charter School Facilities Program, which are not subject to rescission after two occurrences of non-participation in the priority funding process.

RECOMMENDATIONS

Approve Apportionments for the projects as shown on Attachment B in the amount of approximately $652.8 million.

This Item was approved by the State Allocation Board on October 22, 2025.

ATTACHMENT A

AUTHORITY

Education Code Section 17070.35(a) states, in part:
"In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:
(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter…
(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary…."

Government Code Section 15503 states:
"Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval."

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2, "Definitions" states, in part:
"For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:
…
"Unfunded List" means an information list of unfunded projects, with the exception of the unfunded list defined below as "Unfunded List (Lack of AB 55 Loans)".
"Unfunded List (Lack of AB 55 Loans)" means an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.
…"

SFP Regulation Section 1859.90.2, "Priority Funding Process" states:
"The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year.

Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:
(1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and
(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and
(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the timeline for fund release submittal described in Section 1859.90.
(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:
(A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and
(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and
(C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
(1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
(1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and
(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may, based on considerations relevant to the amount of time available to effect a distribution of funds, waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.
(1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

(2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing period specified above.
(3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.
(4) Districts may decline to submit a request outside the normal 30-calendar day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-calendar day filing periods specified in (a) above remain in effect.
(5) Unexpected cash proceeds from sources other than bond funds include, but are not limited to, the $250 million appropriated from the General Fund to the 2016 State School Facilities Fund as a result of the enactment of Statutes of 2021, Chapter 44, Section 163 (Assembly Bill 130).

(f) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.”

SFP Regulation Section 1859.90.3, “Participation in the Priority Funding Process” states:
“This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Sections 1859.82.1 and 1859.82.2, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Sections 1859.82.1 or 1859.82.2, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:
(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).
(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:
(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), "rescinded" or "rescission" of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization."

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

SAB Meeting: October 22, 2025 **Modernization - Amended Adjusted Grant Approval**

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(1). The Applicant's outstanding bonded indebtedness as of February 21, 2025, is at least 60 percent of its total bonding capacity.

This project is amended to correct the District's financial hardship contribution amount that was inadvertently overlooked from the March 26, 2025, Board meeting.

The financial hardship apportionment is conditional pending the final results of the financial hardship review.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to 11:59 p.m. on January 20, 2026, in order to trigger the auto-release of funds.

The Grant Agreement must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The Grant Agreement may be submitted electronically via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(1). The Applicant's outstanding bonded indebtedness as of April 16, 2025 is at least 60 percent of its total bonding capacity.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 3rd Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

APPLICATION DATA

Type of Project:	Elementary School
Toilet Square Feet:	2,088
Other Square Feet:	46,271
Number of Classrooms:	26
Recommended Acres:	10
Existing Acres:	4.6

PROGRAM GRANT DATA

Base Grant	$ 10,300,550.00
Urban Security	$ 2,025,294.00
Accessability/Fire	$ 309,017.00
Elevator	$ 134,346.00
Total State Share (50%)	$ 12,769,207.00
Applicant Share (50%)	$ 12,769,207.00
Total Project Cost	$ 25,538,414.00

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 22, 2025, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 20, 2026, otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 20, 2026.

The Form SAB 50-05 must be signed by the designated Applicant Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 20, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 4th Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The base grant was capped at the new construction capacity of the project as required by School Facility Program Regulation Section 1859.163.5.

The Applicant previously received $2,869,496.40 for advance funding for design costs.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 22, 2025

PROPOSED REGULATORY AMENDMENTS FOR THE SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the State Allocation Board (Board) with recommendations for the adoption of School Facility Program (SFP) regulatory amendments for the Kindergarten through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024 (Proposition 2), which was approved by a majority of California's voters on November 5, 2024, and further amendments intended to clarify and standardize regulations for the Facility Hardship and Seismic Mitigation Programs.

DESCRIPTION

Office of Public School Construction (OPSC) staff first held a stakeholder meeting on June 4, 2024, to discuss and receive stakeholder input regarding proposed amendments to the Facility Hardship Program (FHP) and Seismic Mitigation Program (SMP).

Subsequently, voter approval of Proposition 2 in November 2024 made statutory changes operative that include the repeal and re-addition of Education Code (EC) Section 17075.10 for SFP Hardship Applications, which is the statutory basis for the FHP and SMP. Staff conducted a second stakeholder meeting on March 20, 2025, to discuss and receive feedback on proposed regulatory amendments related to these statutory changes, along with the amendments previously proposed and stakeholder feedback received following the June 2024 meeting.

The full text of both stakeholder items is reflected in Attachment E. Stakeholder feedback received following the March 2025 meeting is reflected in Attachment F and is summarized in the Staff Analysis section of this item.

Based upon feedback received, OPSC determined that the proposed regulatory amendments for these programs, as described in the Staff Analysis section of this item, are able to move forward for Board consideration. This item seeks Board approval of staff's recommendation to adopt the proposed regulatory amendments to clarify and standardize the FHP and SMP regulations, as well as align them with statutory changes pursuant to the provisions of Proposition 2.

AUTHORITY

See Attachment A.

BACKGROUND

Prior to the passage of Proposition 2, OPSC staff held a stakeholder meeting on June 4, 2024 to discuss proposed regulatory amendments to SFP Regulation Sections 1859.61, 1859.82.1 and 1859.82.2, as well as changes to the *Facility Hardship Cost Estimate* (Form SAB 58-01). The proposed Form changes would align the calculations for contractor burden, currently labeled *soft costs*, with the applicable Sierra West publishing guide and industry standards. The proposed regulatory amendments were intended to clarify specific sections, standardize language to make both programs equivalent where appropriate, and improve user readability of the regulations governing these programs. Stakeholder feedback was requested at the meeting and/or to be submitted in writing following the meeting.

Voter approval of Proposition 2 on November 5, 2024, made numerous statutory changes to the SFP operative, applicable to applications received on or after October 31, 2024. On March 20, 2025, staff presented additional proposed regulatory amendments to implement Proposition 2 provisions for FHP and SMP applications received on or after October 31, 2024, which also included follow-up to the proposed amendments presented in June 2024.

STAFF ANALYSIS/STATEMENTS

Stakeholder Meetings

Staff held the first stakeholder meeting in June 2024 with the intent of proposing regulatory amendments to clarify existing SFP Regulations regarding the FHP and SMP. Subsequently, Proposition 2 repealed and readded an amended version of EC Article 8 regarding Hardship Applications, in part amending the statutory basis for the existing Facility Hardship and Seismic Mitigation Programs. A second stakeholder meeting was held in March 2025 to present proposed regulatory amendments to ensure alignment with the recent statutory changes, in addition to the proposed amendments originally proposed in June 2024.

Statutory Changes

Seismic Mitigation Program Rehabilitation Projects – Matching Share

The recently amended EC Section 17075.10 states that funding for health and safety projects will be determined based on a cost-benefit analysis of the minimum mitigation cost to remain in the classroom or related facility compared to the current replacement cost of the facility. If the cost to remain in the facility is at least 50 percent of the cost to replace it, the project qualifies for replacement facilities. Current regulations define the current replacement cost and provide instructions for calculating grants for replacement facilities. Grants for replacement of school facilities have historically been provided with new construction funds. OPSC interprets the updated statute to mean that projects that qualify for replacement will continue to receive new construction funding. This interpretation is further supported by subdivision (b)(2), which states that “the project qualifies for modernization funding if the minimum cost is less than 50 percent of the current replacement cost…” Current SFP Regulations refer to this circumstance as “funding to

STAFF ANALYSIS STATEMENTS (cont.)

rehabilitate school buildings, components of school buildings or site conditions," also called rehabilitation projects.

Previously, all SMP rehabilitation projects were provided grants from new construction sources based on the prior statutory authority. Thus, SMP rehabilitation funding was provided on a 50-percent state share and 50-percent local share basis. Furthermore, Proposition 2 added EC Section 17070.87, which states that "New construction and modernization applications submitted before October 31, 2024, shall be processed and apportioned in accordance with this chapter, as it read on January 1, 2024." As a result of these combined statutory changes, SMP rehabilitation projects received on or after October 31, 2024 will be provided modernization funding, which is allocated on a 60-percent state share and 40-percent local share basis, with the addition of any applicable financial hardship assistance and/or Local Funding Adjustment Grant. The proposed regulatory amendments described below incorporate this change.

Facility Hardship Program Eligibility – Natural Disasters
Additionally, Proposition 2 added EC Section 17075.20. Subdivision (b) states in part that school districts and county offices of education (COE) determined by the Board to be impacted by a natural disaster for which the Governor declared a state of emergency, "are deemed to meet the requirements set forth in Section 17075.10." Staff interprets this section to mean that these school districts and COEs determined by the Board to be impacted by a natural disaster automatically qualify for the FHP.

Summary of Proposed Regulatory Amendments Resulting From Proposition 2

- The SFP Regulation Section 1859.2. definition for "Seismic Rehabilitation Grant," is amended to reference EC Section 17075.10(a) and (b)(2) as it read on January 1, 2024 for Approved Applications received on or before October 30, 2024, and EC Section 17075.10(a)(2) and (b)(2) as it read on November 6, 2024 for Approved Applications received on or after October 31, 2024.
- SFP Regulation Section 1859.82 is amended to reference EC Section 17075.10 as it read on January 1, 2024, for Approved Applications received on or before October 30, 2024, and EC Section 17075.10 as it read on November 6, 2024, for Approved Applications received on or after October 31, 2024.
- SFP Regulation Section 1859.82.1(b)(1)(A) is added and 1859.82.1(b)(1)(B) is amended to describe required documentation for Approved Applications for replacement funding received on or after October 31, 2024, or for Approved Applications received on or before October 30, 2024, respectively, for school buildings that were lost or damaged and are unable to be repaired as a result of a natural disaster that the Board determined to meet the requirements of EC Section 17075.20, or due to circumstances that are not the result of a natural disaster determined by the Board to meet the requirements of EC Section 17075.20.

STAFF ANALYSIS STATEMENTS (cont.)

- SFP Regulation Section 1859.82.1(c)(3)(A) is added and 1859.82.1(c)(3)(B), (C), and (D)3. are amended to describe required documentation for Approved Applications for rehabilitation funding received on or after October 31, 2024, or for Approved Applications received on or before October 30, 2024, respectively, for school buildings or components that were damaged as a result of a natural disaster that the Board has determined to meet the requirements of EC Section 17075.20.
- The third paragraph of SFP Regulation Section 1859.82.2 and Section 1859.82.2(c)(4)(A) are amended, and Section 1859.82.2(c)(4)(B) is added, to indicate that Approved Applications for SMP rehabilitation funding received on or before October 30, 2024, will be funded based on 50 percent of the eligible costs in the Form SAB 58-01, while Approved Applications for SMP rehabilitation funding received on or after October 31, 2024 are funded based on 60 percent of those costs.
- SFP Regulation Section 1859.82.2(d)(2)(A) is amended and 1859.82.2(d)(2)(B) is added to indicate that for SMP rehabilitation projects for which the Approved Application was received on or before October 30, 2024, funding will be reduced by 50 percent of any insurance proceeds, while SMP rehabilitation projects for which the Approved Application was received on or after October 31, 2024 will be reduced by 60 percent of any insurance proceeds.
- SFP Regulation Section 1859.82.2(d)(2)(C) is amended and 1859.82.2(d)(2)(D) is added to indicate that for SMP rehabilitation projects for which the Approved Application was received on or before October 30, 2024, funding will be reduced by 50 percent of any net proceeds from the disposition of any displaced facilities in the project, while SMP rehabilitation projects for which the Approved Application was received on or after October 31, 2024 will be reduced by 60 percent of any net proceeds from the disposition of any displaced facilities in the project.
- SFP Regulation Sections 1859.82.1 and 1859.82.2 are amended to conform to recently approved regulations implementing Proposition 2 provisions that established a points-based determination and sliding scale for the required state and local matching shares of SFP applications submitted on or after October 31, 2024. The amendments clarify that for FHP and SMP applications submitted on or after October 31, 2024, any applicable offset for insurance proceeds or proceeds from the disposition of facilities, will be made in an amount commensurate to the district's matching share for the project.

Additional Proposed Regulatory Amendments Unrelated to Proposition 2

- SFP Regulation Section 1859.61(m) is amended to clarify the conditions for adjusting modernization eligibility for sites where school buildings and/or classrooms have received funding for replacement, have been demolished, or have been permanently removed from classroom use pursuant to Section 1859.82.1(b) or Section 1859.82.2(b). In part, the amendments clarify that

STAFF ANALYSIS STATEMENTS (cont.)

school districts are only required to submit a school board resolution acknowledging their removal of school
buildings from classroom use when the qualifying buildings remain on the site; a school board resolution is not required when qualifying buildings have been demolished.

- The opening paragraphs of SFP Regulation Sections 1859.82.1 and 1859.82.2 are amended to include new definitions for the terms "grade category" and "facility type" to ensure consistent meaning of the terms for purposes of these sections.
- The second paragraph of SFP Regulation Section 1859.82.1 is amended to clarify the meaning of "related required components" eligible for Facility Hardship funding. This section is also amended to state that projects solely to mitigate asbestos that became friable in the course of maintenance, repair, or modernization work are not eligible for Facility Hardship funding.
- Section 1859.82.1(b)(2)(A) is amended to state that requests for asbestos mitigation must include lab test results that confirm the presence of asbestos and an industry specialist's report that states that the asbestos is currently friable, and provides the location, material, and testing methods used. Section 1859.82.1(c)(2)(B) is amended to clarify that qualifying criteria for Facility Hardship rehabilitation funding includes the presence of friable asbestos. These amendments are further explained in the Stakeholder Feedback portion of this report.
- SFP Regulations Sections 1859.82.1(b)(4)(B), (b)(4)(C) and 1859.82.2(b)(4)(B) are amended to clarify how the total eligible replacement square footage is determined for qualifying school buildings and/or classrooms.
- SFP Regulation Section 1859.82.2(c)(4)(D)(3) is removed from the list of supplemental grants that qualifying SMP rehabilitation applications may request. Inclusion of the Excessive Cost Hardship Grant for accessibility and fire code requirements in the list of supplemental grants is duplicative because such costs required by DSA are already eligible to be included in the cost estimate. Moreover, if the cost-benefit analysis finds the rehabilitation costs to be less than 50 percent of the building replacement cost, the necessary costs would be included on the Form SAB 58-01 that generates rehabilitation funding for the project.
- SFP Regulation Sections 1859.82.1 and 1859.82.2 are amended for the following:
    - Consistent use of the defined term "Governmental Agency."
    - Further definition of eligible funding for rehabilitation applications, in particular for unenclosed roof structures.
    - Authorization for school districts to apply for a separate site apportionment for Environmental Hardship pursuant to Section 1859.71.

STAFF ANALYSIS STATEMENTS (cont.)

- Clarification that required components of school buildings causing a health and safety threat eligible for Facility Hardship funding include water supply, electrical, and site development.
- A requirement that districts seeking FHP or SMP funding must submit a gross inventory of all school buildings located on the project site, as specified.
- A requirement that if a school district intends to request additional grants for site development costs for an FHP or SMP replacement project, the district must submit a detailed cost estimate for the eligible site development work and any additional supporting justification for the requested costs as part of a complete application.
- Standardized language and capitalization conventions throughout all sections.

Proposed Amendments to the *Facility Hardship Cost Estimate* (Form SAB 58-01)
The proposed amendments to the Form SAB 58-01 are intended to make the Form consistent with the Sierra West Publishing's construction cost publications. OPSC reviewed these changes with the publisher on several occasions to ensure accuracy. Additionally, the form is proposed to be amended to clarify that costs for General Conditions, which are provided using a sliding scale based on the total project costs to account for economies of scale, will be calculated based on the total project cost reported to the Division of the State Architect (DSA) for the DSA-approved plan set, which may contain work beyond the minimum work required for mitigation. This approach takes into consideration the economies of scale attributed to the total project and then applies it to the fundable portion of the project.

Following the March 2025 stakeholder meeting, staff re-reviewed the proposed form amendments and determined that additional instructions are necessary to ensure that the calculations for each item in the form are clearly articulated. Although the additional instructional language was not presented at another stakeholder meeting, the changes are clarifying in nature and are consistent with an Excel worksheet version of the form that has been used by school districts to calculate the various allowances in Parts II and III of the form.

Proposed Amendments to the *Application for Funding* (Form SAB 50-04)
The proposed amendments to the Form SAB 50-04 include the following:

- Amends the instructions to correct a reference to the SFP Regulations for the FHP and SMP.
- Amends Section 1, Type of Application, to clarify that the Facility Hardship rehabilitation costs can only be entered at 60 percent, and to make a conforming change for the Seismic Mitigation rehabilitation costs.
- Adds options in Section 1, Type of Application, under Separate Apportionment for Site Only and Site Only (District-owned) for the FHP and SMP to facilitate the processing of the funding request.

STAFF ANALYSIS STATEMENTS (cont.)

- Adds to Section 5, New Construction Additional Grant Request—New Construction Only, a check box for Multilevel Construction (Replaced Facilities) pursuant to Section 1859.73.2, with lines for the entry of Toilet and Other Square footage, plus a conforming addition to the instructions for Section 5. Facility Hardship and Seismic Mitigation Program projects are already eligible for this grant, and the amendment is an update to the form to request the additional grant.

Stakeholder Feedback
On June 4, 2024, staff held a stakeholder meeting to discuss and receive feedback on proposed amendments to the SFP Regulations related to the FHP and SMP. Staff held a second stakeholder meeting on March 20, 2025, to further discuss the proposals presented in June 2024 and to propose additional changes related to the passage of Proposition 2. Staff appreciates the engagement and input from those who attended, raised questions and provided feedback during and after the stakeholder meetings.

Below is a summary of feedback received following the March 20, 2025 stakeholder meeting and staff responses.

Stakeholder Feedback	**OPSC Response**
Asbestos Abatement The stakeholder expressed that at the February 26, 2025 Board meeting, in which the Board approved an appeal to fund asbestos remediation for asbestos that was discovered after carpet was removed in the course of routine modernization work, it seemed that not all Board members were ready to support the position that friable asbestos discovered in the course of routine modernization should not qualify as a facility hardship. The stakeholder acknowledged that OPSC clearly expressed the intent of the proposed regulatory change during the February 2025 Board meeting, but noted that several Board members expressed concern with codifying the change to the program in such a way that would prohibit projects similar to that of the successful appeal from receiving funding in the future.	As indicated by the stakeholder, the Board approved a school district appeal in February 2025 to provide Facility Hardship conceptual approval and affirmed that the district had a unique circumstance. At that time, staff recommended if the Board approved the appeal request, that the Board also direct staff to present proposed regulatory amendments at a future Board meeting to prospectively clarify that health and safety issues that cannot be demonstrated to exist prior to an active construction project are ineligible for Facility Hardship funding. Staff indicated that the proposed regulations would be subject to the Board's consideration in a future Board item. As part of its February 2025 action, the Board directed staff to present proposed amendments to the SFP Regulations at a future Board meeting to provide

STAFF ANALYSIS STATEMENTS (cont.)

Stakeholder Feedback	OPSC Response
(cont.) The stakeholder inquired whether OPSC plans to address this issue more fully in the staff report to the Board when the proposed regulatory amendments are presented.	**(cont.)** clarity addressing asbestos found during the course of modernization work. Asbestos was a common building material when many facilities throughout the state were constructed, and it still exists in many facilities and schools throughout the state. Staff maintains that if left undisturbed or encapsulated, asbestos creates no imminent health and safety threat to building occupants. The proposed amendments for the Board's consideration in this item state that projects solely to mitigate asbestos that became friable during routine maintenance, repairs, or modernization work are not eligible for Facility Hardship funding. However, SFP Modernization funding can be used for asbestos mitigation. Additionally, if asbestos is determined to be friable by an industry specialist in its present condition when undisturbed by routine building maintenance, repairs or other modernization work, then the mitigation work alone may be eligible for Facility Hardship funding. Existing SFP Regulations require Facility Hardship requests for asbestos mitigation to include lab test results indicating "asbestos is currently friable." The intent of the proposed regulatory amendments is to make clear and maintain this precept. As requested, stakeholder feedback is addressed in this item, and with clarification regarding the intent of these provisions in the proposed regulations.

RECOMMENDATIONS

1. Adopt the proposed amendments to the SFP Regulations as shown on Attachment B.

2. Adopt the proposed amendments to the Form SAB 58-01 as shown on Attachment C.

3. Adopt the proposed amendments to the Form SAB 50-04 as shown on Attachment D.

4. Authorize the Executive Officer to file the proposed regulatory amendments with the Office of Administrative Law and make the regulations permanent.

This Item was approved by the State Allocation Board on October 22, 2025.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17070.35 states in part:

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. However, the board shall have no authority to set the level of the fees of any architect, structural engineer, or other design professional on any project. The initial regulations adopted pursuant to this chapter shall be adopted as emergency regulations, and the circumstances related to the initial adoption are hereby deemed to constitute an emergency for this purpose. The initial regulations adopted pursuant to this chapter shall be adopted by November 4, 1998. If the initial regulations are not adopted by that date, the board shall report to the Legislature by that date, explaining the reasons for the delay.

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary.

…

EC Section 17070.87 as of November 6, 2024

New construction and modernization applications submitted before October 31, 2024, shall be processed and apportioned in accordance with this chapter, as it read on January 1, 2024.

(Added by Stats. 2024, Ch. 81, Sec. 7. (AB 247) Effective July 3, 2024. Operative November 6, 2024, pursuant to Sec. 30 of Ch. 81.)

EC Section 17075.10 as it read on January 1, 2024.

(a) A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.
(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).
(1) Demonstrate both of the following:
(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.

(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.
(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities. Funds for the purpose of seismic mitigation work or facility replacement pursuant to this section shall be allocated by the board on a 50-percent state share basis from funds reserved for that purpose in any bond approved by the voters after January 1, 2006. If the board determines that the seismic mitigation work of a school building would require funding that is greater than 50 percent of the funds required to construct a new facility, the school district shall be eligible for funding to construct a new facility under this chapter.
(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.
(Amended by Stats. 2008, Ch. 179, Sec. 41. Effective January 1, 2009.)

EC Section 17075.10 as of November 6, 2024

(a) (1) For health and safety projects for school facilities that are determined by the department to pose an unacceptable risk of injury to occupants in the event of a seismic event, a school district shall demonstrate both of the following to the satisfaction of the board:
(A) That due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
(B) That the facilities are needed to ensure the health and safety of pupils if the health and safety of pupils is at risk.
(2) For purposes of paragraph (1), health and safety projects include projects to replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317.
(b) (1) A school district is eligible for health and safety funding to replace, reconstruct, or construct new classrooms and related facilities if the school district demonstrates there is a threat to the health and safety of pupils. To determine the applicable grant amounts, the district shall prepare and submit to the department a cost-benefit analysis that compares the minimum cost to remain in the classroom or related facility and mitigate the health and safety problem with the current replacement cost.
(2) The project qualifies for modernization funding if the minimum cost is less than 50 percent of the current replacement cost of the classroom or related facility.

(3) The project qualifies for replacement facilities if the cost-benefit analysis prepared pursuant to paragraph (1) demonstrates that the cost to remain in the classroom or related facility and mitigate the problem is at least 50 percent of the replacement value.
(c) The department shall develop regulations to define eligible health and safety projects that meet the requirements of subdivisions (a) and (b) for purposes of project approval by the board.

(Repealed and added by Stats. 2024, Ch. 81, Sec. 18. (AB 247) Effective July 3, 2024. Operative November 6, 2024, pursuant to Sec. 30 of Ch. 81.)

EC Section 17075.11 as of June 27, 2025

(a) A school district may apply for hardship assistance in cases of extraordinary circumstances.
(b) A school district applying for state funding under this section shall demonstrate that due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments for the urban adjustment factor established pursuant to this subdivision.
(d) This section shall apply to applications submitted on or after October 31, 2024.

(Added by Stats. 2025, Ch. 8, Sec. 13. (AB 121) Effective June 27, 2025.)

EC Section 17075.20 as of November 6, 2024

(a) Notwithstanding any other law, the board may provide assistance under this chapter for purposes of procuring interim housing, including, but not limited to, the leasing or acquisition of portable classrooms and any work associated with placing them on a site, to school districts and county offices of education impacted by a natural disaster for which the Governor has declared a state of emergency. The allocated funds shall supplement funding from insurance or any other local, state, or federal government disaster assistance.
(b) For purposes of this section, and notwithstanding any other section of this chapter, school districts and county offices of education determined by the board to be impacted by a natural disaster as described in subdivision (a) are deemed to meet the requirements set forth in Section 17075.10.
(c) Notwithstanding any other law, a school district or county office of education that receives assistance under this section shall be entitled to retain savings from

a project and use those savings for other high-priority capital outlay purposes consistent with the requirements of subdivision (c) of Section 17070.63.
(d) (1) A grant provided pursuant to this section shall not affect the applicant's eligibility for any other program under this chapter.
(2) Notwithstanding paragraph (1), a portable classroom purchased pursuant to subdivision (a) shall be included in the determination of eligibility for new construction funding pursuant to Section 17071.75.
(e) The board may provide any other assistance to a school district or county office of education determined by the board to be impacted by a natural disaster as described in subdivision (a).

(Added by Stats. 2024, Ch. 81, Sec. 20. (AB 247) Effective July 3, 2024. Operative November 6, 2024, pursuant to Sec. 30 of Ch. 81.)

ATTACHMENT B

Proposed Regulatory Amendments

School Facility Program (SFP) Regulation Section 1859.2. Definitions.

For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

…

"Rehabilitation Cost" means health and safety mitigation cost that is less than 50 percent of the Current Replacement Cost of the School Building. Rehabilitation Costs provided shall be 60 percent of the eligible costs in Form SAB 58-01 required in Section 1859.82.1(c)(3)(~~C~~D) that has been reviewed and approved by OPSC and approved by the Board.

…

"Seismic Rehabilitation Grant" means a grant allowable for Approved Applications received on or before October 30, 2024 under Education Code Section 17075.10(a) and (b)(2) as it read on January 1, 2024, and Section 1859.82.2(c)(4), excluding additional grants; or for Approved Applications received on or after October 31, 2024, under Education Code Section 17075.10(a)(2) and (b)(2) as it read on November 6, 2024, and Section 1859.82.2(c)(4), excluding additional grants.

….

Section 1859.61. Adjustments to the Modernization Baseline Eligibility.

The baseline eligibility for modernization as provided in Section 1859.60 for a specific site will be adjusted as follows:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or a CSFP Rehabilitation project at the specific site.
(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Education Code Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Sections 1859.14 and 1859.15.
(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
(d) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or as a result of audit findings made pursuant to Sections 1859.90, 1859.90.3 and 1859.105.
(e) Adjusted as a result of errors or omissions by the district or by the OPSC.
(f) Adjusted as a result of amendments to these Subgroup 5.5 Regulations that affect the eligibility.
(g) For classroom loading standards adopted by the Board for non-severely disabled individuals with exceptional needs and severely disabled individuals with exceptional needs.
(h) As directed by the Board due to a finding of a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Section 1859.78.8 or Education Code Section 17073.15(b).
(j) Decreased for facilities that were deemed eligible for modernization pursuant to Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the School ~~d~~District without participation from the State.

(k) Adjusted as a result of replaced eligible ~~p~~Portable Classrooms funded with the Overcrowding Relief Grant, pursuant to Education Code Section 17079, et seq.
(l) Increased for additional facilities located on a military installation pursuant to Education Code Section 17073.15(b) not previously modernized with State funds, that become 10 years old, if permanent or portable. Portable buildings modernized pursuant to this subsection shall be replaced with a permanent structure.
(m) ~~Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use,~~ Adjusted as a result of school buildings, as defined in Section 1859.82.1, and/or Classrooms that have been replaced, demolished, or removed from Classroom use pursuant to Section 1859.82.1(b), or Section 1859.82.2(b) as follows:
(1) ~~School Buildings~~ For school buildings and/or ~~c~~Classrooms that receive replacement funding ~~via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2~~, the school building age shall be reset to the date of the Apportionment for the corresponding Form SAB 50-04.
(2) ~~School Buildings~~ For school buildings and/or ~~c~~Classrooms that were originally included in the School ~~D~~district's baseline eligibility and were later demolished or removed from ~~c~~Classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the School ~~D~~district did not have the current enrollment to support the replacement and funding of those ~~S~~school ~~B~~buildings and/or ~~c~~Classrooms. ~~Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.~~ as follows:
(A) For school buildings and/or Classrooms that have been demolished, the school building and/or Classroom shall be removed from the gross Classroom inventory that was used to establish modernization eligibility at the site.
(B) For school buildings and/or Classrooms that have been removed from Classroom use and remain on the site, upon receipt of a local school board resolution acknowledging that the school buildings and/or Classrooms have been removed from Classroom use, the school building and/or Classroom shall be identified on a list published on OPSC's website and removed from the gross Classroom inventory that was used to establish modernization eligibility at the site.

~~For (m)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (m)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.~~

Note: Authority cited: Sections 17070.35 and 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, Education Code.

Reference: Sections 17070.51, 17071.25, 17072.15, 17072.20, 17073.15, 17074.10, 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, and 17079.30, Education Code.

Section 1859.82. Facility Hardship Program and Seismic Mitigation Program.

A ~~s~~School ~~d~~District may apply for Facility Hardship, including Seismic Mitigation Program~~,~~ assistance, in cases of extraordinary circumstances that have caused an imminent health and safety threat pursuant to Education Code Section 17075.10. An Approved Application received on or before October 30, 2024, pursuant to this Section shall be subject to Education Code Section

17075.10 as it read on January 1, 2024. An Approved Application received on or after October 31, 2024, pursuant to this Section shall be subject to Education Code 17075.10 as it read on November 6, 2024.

Note: Authority cited: Sections 17070.35 and 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 100420, 100620, 100820, 101012(a)(1) and 101122, Education Code.

Section 1859.82.1. Facility Hardship Program.

"School ~~B~~building" for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities. For the purposes of this Section, "grade category" shall refer to any of the following: kindergarten (including transitional kindergarten) through sixth grade (K-6), seventh grade through eighth grade (7-8), ninth grade though twelfth grade (9-12), Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs. "Facility type," for the purposes of this section, refers to the type of facility listed in the chart below.

A School ~~d~~District is eligible for Facility Hardship funding to repair, replace, or construct ~~S~~school ~~B~~buildings or related required components, including but not limited to water supply, electrical, and site development, that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life~~;~~, perform routine maintenance or repair; mitigate asbestos that becomes friable in the course of school building maintenance, repairs or modernization; issues resulting from the deferment of routine maintenance or repair~~;~~, lack of current code compliance~~;~~, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. ~~However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval~~ Work beyond the minimum required to mitigate the qualifying health and safety threat may be incorporated into a qualifying Facility Hardship application if it is required to be completed to obtain approval(s) from DSA and/or other Governmental Agencies.

~~Beginning 90 days after the effective date of this Section [November 29, 2020],~~ Approved Applications requesting Facility Hardship Program funding shall be submitted to OPSC within 12 months of DSA approval for the scope of work mitigating the identified health and safety threat. If the project does not require DSA approval, then the Approved Application for funding must be received within the 6 months following project completion, as demonstrated by the earliest of the following: the date that the notice of completion of the project has been filed; occupancy of any portion of the project ~~F~~facility; or when the ~~S~~school ~~B~~buildings or components of the ~~S~~school ~~B~~buildings in the project are currently in use by the School D~~d~~istrict. If a School D~~d~~istrict demonstrates that extreme or unusual circumstances prevented the submission of an eligible application within the applicable timeline outlined above, OPSC may allow up to an additional 6 months for submittal.

(a) School Districts may qualify for funding to replace or construct new ~~S~~school ~~B~~buildings.

Factors to be considered by the Board to determine eligibility for Facility Hardship program replacement funding may include, but are not limited to:

(1) Damage or loss as a result of a natural disaster such as a fire, flood, or earthquake.
(2) Proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, or industrial facility.
(3) Adverse air quality.
(4) Structural deficiency to the ~~S~~school ~~B~~building, and
(5) Site conditions such as faulting, toxic soil, or liquefaction.

(b) To qualify for replacement funding for ~~S~~school ~~B~~buildings, the ~~s~~School ~~d~~District must submit an Approved Application for funding and either (1) or (2) below:

(1) For ~~S~~school ~~B~~buildings that are lost, destroyed, or unable to be repaired, the School D~~d~~istrict must submit the following:

(A) For Approved Applications received on or after October 31, 2024 that are for school buildings that were lost, destroyed or are unable to repaired as a result of a natural disaster for which the Governor has declared a state of emergency, documentation which demonstrates that the School District has been or will be determined by the Board to meet the requirements of Education Code Section 17075.20.

(~~A~~B) For all Approved Applications received on or before October 30, 2024; and for Approved Applications received on or after October 31, 2024 that are for school buildings that were lost, destroyed, or are unable to be repaired due to circumstances that are not the result of a natural disaster determined by the Board to meet the requirements of Education Code Section 17075.20, ~~A~~a report from an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that states that the only way to mitigate the health and safety threat is to replace the ~~S~~school ~~B~~building(s).

(~~B~~C) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the School D~~d~~istrict.

(D) If the School District intends to request additional grants for site development costs applicable to the qualifying project, a detailed cost estimate for the eligible site development work contained within Section 1859.76 and any justification documents that support the requested costs as part of a complete application for funding.

(2) For permanent ~~S~~school ~~B~~building(s) where the cost to rehabilitate the ~~S~~school ~~B~~building(s) exceeds 50 percent of the Current Replacement Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant, the School D~~d~~istrict must submit:

(A) A report by an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that ~~outlines~~describes the minimum work to mitigate the health and safety threat and remain in the existing ~~S~~school ~~B~~building. If the threat is due to the presence of mold, OPSC must conduct a site visit to discuss the scope of the project prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the presence of asbestos and an industry specialist report that states that the asbestos is currently friable, and provides the location, material, and testing methods used.

(B) A letter of concurrence from a ~~g~~Governmental ~~a~~Agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist report on both 1. and 2. below:

1. An imminent health and safety threat to student and/or staff exists.
2. The mitigation measures outlined in the industry specialist's report are the minimum measures

required to mitigate the threat and allow the continued use of the ~~S~~school ~~B~~building(s).

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School D~~d~~istrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work required to mitigate the health and safety threat.
4. The estimate submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any work required by DSA and other Governmental Agencies to obtain plan approval for the minimum work required to mitigate the health and safety threat.

(D) A cost/benefit analysis that demonstrates the minimum work required to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~building exceeds 50 percent of the Current Replacement Cost of the existing Square Footage of the ~~S~~school ~~B~~building. The minimum work required may include work required by DSA to gain approval for the mitigation project.

(E) A gross inventory of all school buildings located on the project site, such as a site diagram or floor plan. The documentation must indicate the current usage, Square Footage, and facility type of all school buildings located on the project site at the time of application submittal. For all spaces used as Classrooms, the current grade level must also be indicated.

(~~E~~F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School D~~d~~istrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School D~~d~~istrict is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.
5. If the School District is requesting additional funding for site development costs and performed or will perform site development work as part of the qualifying project, a detailed cost estimate for eligible site development costs contained within Section 1859.76 and any justification documents that support the requested costs.

(3) Applications for Facility Hardship replacement funding that do not submit all documents required as part of (1) or (2) above shall be returned without review.

(4) If the School D~~d~~istrict qualifies for funding to replace its ~~S~~school ~~B~~buildings, the School D~~d~~istrict is eligible to receive funding for the project as follows:

(A) If the School D~~d~~istrict is required to replace all S~~s~~chool B~~b~~uildings on site, the School D~~d~~istrict is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The ~~c~~Classroom capacity determined by multiplying the number of ~~c~~Classrooms in each grade category on the project site being replaced by:

a. 25 pupils for each K-6 ~~c~~Classroom.
b. 27 pupils for each 7-12 ~~c~~Classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs ~~c~~Classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs ~~c~~Classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

4. Additional funding may be provided, as applicable, for:

a. ~~F~~fire ~~C~~code ~~R~~requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to Sections 1859.74, 1859.74.5, and 1859.75,
g. ~~H~~hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3, and 1859.74.4,
h. A~~a~~pplicable site development costs ~~pursuant to~~contained within Section 1859.76, and
i. New Construction Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
j. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b),
k. New Construction Excessive Cost Hardship Grant(s) for new school projects pursuant to Section 1859.83(c), and
l. New Construction Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(B) If the School D~~d~~istrict qualifies to replace some, but not all permanent S~~s~~chool B~~b~~uilding(s) on the project site, ~~funding will be~~ the School District is eligible to receive a Facility Hardship Square Footage Grant based on the Square Footage of the qualifying S~~s~~chool B~~b~~uildings replaced and ~~is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category~~ as justified by enrollment at the project site as follows:

1. ~~The~~ Determine the enrollment at the project site~~, is determined by~~ using the higher of a., ~~or~~ b. ~~below,~~ or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

2. Using the enrollment determined in 1. above, and the gross inventory described in (b)(2)(E), ~~any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below:~~determine the maximum amount of eligible Square Footage

for the school building(s) being replaced based on a. through f. as follows and the facility type in the chart below.

a. If the actual Ssquare Ffootage ~~being constructed in the replacement project~~ of the qualifying school building(s), not including Classrooms, is less than the ~~amount allowable~~ minimum in the chart for each facility type, the replacement Square Footage shall be ~~limited to~~ the lesser of the actual square footage constructed or the minimum in the chart.

b. If the actual Square Footage of the qualifying school building(s), not including Classrooms, is larger than the minimum in the chart for the facility type, the replacement Square Footage shall be the lesser of the actual Square Footage constructed or the Square Footage justified by enrollment pursuant to the chart below.

~~b~~c. Non-specialized ~~c~~Classrooms ~~space~~ provided ~~is~~are limited by the enrollment determined in 1. rounded up to the nearest whole ~~c~~Classroom based on 1859.82.1(b)(4)(A)(2)~~.~~, and then reduced for any ~~c~~Classroom space available at the site to house the pupils at the site.

~~c~~d. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

~~d~~e. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, workrooms, and vestibules. If the Square Footage of the school building(s) being replaced is less than the minimum amount allowable in the chart for each facility type, the replacement Square Footage shall be the lesser of the minimum amount allowable in the chart for the facility type and the actual Square Footage being constructed for the facility type in the replacement project.

f. If a School District submits documentation that demonstrates that additional toilet space must be constructed to obtain plan approval from DSA, the replacement Toilet Square Footage may be increased by the amount of Square Footage required to obtain plan approval.

Facility Type	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Multi-Purpose Only (excludes food service)	3.3 sq. ft. per pupil minimum 3,600 sq. ft.	3.3 sq. ft. per pupil minimum 4,600 sq. ft.	3.3 sq. ft. per pupil minimum 7,600 sq. ft.
School Kitchen	2 sq. ft per pupil minimum 400 sq. ft. maximum 1,480 sq. ft.	2 sq. ft. per pupil minimum 400 sq. ft. maximum 1,880 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft. maximum 3,975 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.

Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics. (Does not include Industrial and Technology/Education Laboratory)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

~~e~~g. Beginning August 31, 2020, the ~~resulting~~ Square Footage amount(s) determined in (B)(2) above shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs). The amounts shown will be adjusted in the manner prescribed in Section 1859.71.

3. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,
b. multilevel construction pursuant to Section 1859.73,
c. project assistance pursuant to Section 1859.73.1.
d. replacement with multistory construction pursuant to Section 1859.73.2,
e. site acquisition pursuant to Section 1859.74,
f. ~~H~~hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
g. ~~A~~applicable site development costs ~~pursuant to~~contained within Section 1859.76, and
h. New Construction Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
i. New Construction Excessive Cost Hardship Grant(s) for small size Projects pursuant to Section 1859.83(b), and
j. New Construction Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(C) Using the enrollment determined in (b)(4)(B)1., replacement of qualifying~~any~~ Portable Classroom Square Footage~~replacement funding provided~~ will be calculated using the Portable Replacement Grant. ~~Any~~Replacement of qualifying portable toilet facilities ~~provided~~ will be calculated using the Portable Toilet Replacement Grant.

1. Additional funding may be provided, as applicable, for:

a. ~~F~~fire ~~C~~code ~~R~~requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. project assistance pursuant to Section 1859.73.1.

d. site acquisition pursuant to Section 1859.74,
e. ~~H~~hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
f. ~~A~~applicable site development costs ~~pursuant to~~contained within Section 1859.76, and
g. Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
h. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and
i. Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(D) If the School D~~d~~istrict qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the qualifying health and safety threat is fully mitigated. If replacement funding is used for rehabilitation work, the School D~~d~~istrict may request the following supplemental grants, as applicable, for:

1. ~~F~~fire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.1(b)(4)(A),
2. ~~T~~therapy room pursuant to Section 1859.72,
3. ~~P~~project assistance pursuant to Section 1859.73.1,
4. Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
5. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and
6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) School Districts may qualify for funding to rehabilitate their ~~S~~school ~~B~~buildings, components of ~~S~~school ~~B~~buildings, unenclosed roofed structures used for school purposes, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School ~~B~~buildings where the minimum cost to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~building is 50 percent or less of the Current Replacement Cost.

(2) Components of the ~~S~~school ~~B~~buildings, unenclosed roofed structures used for school purposes, or school ~~sites~~ site conditions that are causing a health and safety threat to students and/or staff. Health and safety threats that may qualify include, but are not limited to:

(A) School ~~B~~building structural deficiency.
(B) Hazardous conditions such as the presence of methane, lead, or friable asbestos ~~mitigation~~.
(C) Unsafe water supply.
(D) Site conditions such as faulting, toxic soil, landslide risk, or liquefaction.

(3) To qualify for Facility Hardship rehabilitation funding for ~~S~~school ~~B~~buildings, ~~or~~ components of ~~S~~school ~~B~~building(s), unenclosed roofed structures used for school use, or school site conditions, the School D~~d~~istrict must submit an Approved Application for funding and all documents outlined below. Applications that do not meet the requirements below shall be returned without review.

(A) For Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that occurred as a result of a natural disaster for which the Governor has declared a state of emergency, documentation which demonstrates that the School District has been or will be determined by the Board to meet the requirements of Education Code Section 17075.20

(~~A~~B) For all Approved Applications received on or before October 30, 2024; and for Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that did not occur as a result of a natural disaster for which the Governor has declared a state of emergency, ~~A~~a report by an industry specialist

(a person or entity that specializes in the specific area of expertise for that health and safety issue) that ~~outlines~~ describes the minimum work to mitigate the health and safety threat ~~and remain in the existing School Building.~~ If the Approved Application is for an existing school building(s), the report must also describe the minimum work to allow the continued use of the school building(s). If the Approved Application is for a component of a school building(s) or an unenclosed roofed structure used for school purposes, the report must either describe the minimum work to allow the continued use of the component or unenclosed roofed structure or the minimum work to replace the component or unenclosed roofed structure with an equivalent component or structure with only the minimum required improvements necessary to obtain DSA approval. If the threat is due to the presence of mold, OPSC must conduct a site visit to view the damage prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation that is required to mitigate the qualifying health and safety threat must include lab test results indicating the asbestos is currently friable, and providing~~provides~~ the location, material, and testing methods used.

(~~B~~C) For all Approved Applications received on or before October 30, 2024, and for Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that did not occur as a result of a natural disaster for which the Governor has declared a state of emergency, ~~A~~a letter of concurrence from a ~~g~~Governmental ~~a~~Agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist's report on both 1. and 2. below:

1. An imminent health and safety threat to student~~s~~ and/or staff exists.
2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and, as applicable, either allow the continued use of the ~~S~~school ~~B~~building(s), ~~or~~ component, or unenclosed roofed structure, or replace the component or unenclosed roofed structure with an equivalent component or unenclosed roofed structure with required safety improvements. If the application is for the cleanup and/or remediation of hazardous materials and waste, the Governmental Agency concurrence letter must be from the Department of Toxic Substances Control.

(~~C~~D) Approved Applications for rehabilitation must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School D~~d~~istrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed and will be disallowed.
3. For all Approved Applications received on or before October 30, 2024, and for Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or for other hazardous conditions that did not occur as a result of a natural disaster for which the Governor has declared a state of emergency, ~~T~~the work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a

person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work required to mitigate the health and safety threat.

4. If the project requires DSA plan approval, the Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any associated work required by DSA and other Governmental Agencies to obtain approval for the minimum work required to mitigate ~~as a result of the mitigation of~~ the health and safety threat.
6. If the minimum work required to mitigate the health and safety threat is the replacement of unenclosed roofed structures used for school purposes, funding shall be provided for costs associated with replacing the unenclosed structure with required safety improvements to obtain DSA approval.

(~~D~~E) Facility Hardship applications for ~~S~~school ~~B~~buildings must also include a cost/benefit analysis. The cost/benefit analysis shall be completed based on the type of the project as outlined below:

1. For permanent school buildings, the School D~~d~~istrict must demonstrate the minimum work required to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~buildings is less than 50 percent of the Current Replacement Cost of the ~~S~~school ~~B~~building. The minimum work required may include work required by Division of the State Architect to gain approval for the mitigation project.
2. For ~~P~~portable ~~S~~school ~~B~~buildings, the School D~~d~~istrict must demonstrate the minimum work required to mitigate the health and safety threat and remain in the portable school building is less than the Portable Classroom Replacement Grant. The minimum work required may also include any associated work required by DSA as a result of the mitigation of the health and safety threat.
3. Applications that are for necessary components of a site or ~~S~~school ~~B~~building or school site condition, such as hazardous water supply, methane mitigation, faulting, liquefaction, landslide potential, friable asbestos, or unenclosed roofed structures used for school purposes do not require a Cost Benefit Analysis to be submitted.

(~~E~~F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School D~~d~~istrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School D~~d~~istrict is in compliance with all career technical facility needs and assessments as outlined in Education Code Section 17070.955.

(4) If the School D~~d~~istrict qualifies for funding ~~to rehabilitate or repair its School Buildings~~pursuant to 1859.82.1(c), the School D~~d~~istrict is eligible to receive funding for the project as follows:

(A) Rehabilitation Costs provided shall be 60 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.1(c)(3)(~~C~~D) that has been reviewed and approved by the OPSC and approved by the Board.

(B) If the School D~~d~~istrict qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility, as long as the qualifying health and safety threat is fully mitigated.

(C) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1.
2. geographic percentage factor pursuant to 1859.83(a)

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the School ~~d~~District, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) For Approved Applications received on or before October 30, 2024, r~~R~~educed by 50 percent of any insurance proceeds collectable by the School ~~d~~District for the project. For Approved Applications received on or after October 31, 2024, reduced by 50 percent of any insurance proceeds collected by the School District for the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.77.1. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) For Approved Applications received on or before October 30, 2024, r~~R~~educed by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project. For Approved Applications received on or after October 31, 2024, reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.77.1.

(2) For projects funded in accordance to (c) above:

(A) For Approved Applications received on or before October 30, 2024, reduced by 60 percent of any insurance proceeds collectable by the School ~~d~~District for the project. For Approved Applications received on or after October 31, 2024, reduced by 60 percent of any insurance proceeds collected by the School District for the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.79.

(B) For Approved Applications received on or before October 30, 2024, reduced by 60 percent of the net proceeds available from the disposition of any displaced facilities in the project. For Approved Applications received on or after October 31, 2024, reduced by 60 percent of the net proceeds available from the disposition of the property and/or facilities in the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.79.

(e) Adjustments to School Facility Program per-pupil grants.

(1) The ~~s~~School ~~d~~District's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and square footage in the project shall be reset to the date of the Apportionment for the project.

(f) School Districts that qualify for separate site apportionment for Environmental Hardship pursuant to Section 1859.71 may file an application for site funding in advance of construction funding.

~~(f)~~(g) School Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.

(1) To request advanced funding for design for eligible projects, the ~~s~~School ~~d~~District must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(~~D~~E)(3).

(2) Advanced funding for design shall be provided based on the eligible project type as follows:

(A) For projects receiving funding for advanced design for the replacement of all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.1(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any School ~~d~~District funds available for the project pursuant to Section 1859.81(a).
(B) For projects receiving funding for advanced design for at least one but not all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.1(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(C) For projects receiving funding for advanced design for Rehabilitation Costs pursuant to Section 1859.82.1(c)(4)(A), the Board will apportion an amount not to exceed 25 percent of the Rehabilitation Costs determined pursuant to Section 1859.82.1(c)(4)(A) less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(3) Advanced funding for site shall be provided pursuant to 1859.82.1(b)(4)(A)(4). The School D~~d~~istrict is eligible for advanced funding for site acquisition as calculated pursuant to 1859.81.1.
(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying School D~~d~~istricts may request a separate Apportionment for the design and for site acquisition for the same F~~f~~acility H~~h~~ardship project.
(5) The School D~~d~~istrict is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance to 1859.82.1(c) or site development worksheet for projects funded in accordance to 1859.82.1(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of ~~S~~school ~~B~~building(s)which will be located on a replacement site.
(6) If the School D~~d~~istrict does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.1 shall be offset by any funding previously provided for the project.

Note: Authority cited: Section~~s~~ 17070.35 and 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 100420, 100620, 100820, 101012 and 101122, Education Code.

Section 1859.82.2. Seismic Mitigation Program.

"School ~~B~~building" for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities. For the purposes of

this Section, "grade category" shall refer to any of the following: kindergarten (including transitional kindergarten) through sixth grade (K-6), seventh grade through eighth grade (7-8), ninth grade though twelfth grade (9-12), Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs. "Facility type," for the purposes of this section, refers to the types of facilities listed in the chart below.

A Sschool Ddistrict is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as Sschool Ffacilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the DSA while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding In accordance with Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. For Approved Applications received on or after October 31, 2024, Any grantsfunding for replacement of school buildings provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis, and funding for rehabilitation of school buildings shall be provided as a modernization project and allocated on a 60 percent state share basis.

(a) Seismic mitigation projects must meet all of the following requirements:
(1) The construction contract was executed on or after May 20, 2006;
(2) The project funding provided shall be for the minimum work necessary to obtain DSA approval for the work to mitigate the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event;
(3) The Sschool Bbuilding(s) is designed for occupancy by students and staff; and
(4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for Sschool Bbuilding(s), the School Ddistrict must submit an Approved Application for funding based on their specific circumstances in accordance to either (1) or (2) below:
(1) For Sschool Bbuilding(s) that are lost, destroyed, or unable to be repaired the School Ddistrict must submit:
(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the Sschool Bbuilding(s) that are the Most Vulnerable Category 2 bBuilding(s) and;
(B) DSA letter(s) of concurrence to the findings in the report required in (b)(1)(A);
(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the School dDistrict must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard
2. Concurrence to the report from the California Geological Survey.

(D) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the School District.

(E) If the School District is requesting additional funding for site development costs and performed or will perform site development work as part of the qualifying project, a detailed cost estimate for eligible site development costs contained within Section 1859.76 and any justification documents that will support the work.

(2) For ~~S~~school ~~B~~buildings with interior square footage to be mitigated, the School ~~d~~District must submit:

(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum ~~mitigation~~ work necessary to obtain DSA approval of the seismic mitigation work.

(B) DSA letter(s) of concurrence to the report.

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval the School ~~d~~District must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard
2. Concurrence to the report from the California Geological Survey.

(D) Documentation that demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the School ~~d~~District.

(E) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School D~~d~~istrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and School District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work ~~outlined~~ described in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work that would be required to mitigate the seismic threat if the ~~S~~school ~~B~~building(s) were to be rehabilitated instead of replaced.
4. The Form SAB 58-01 may also include any ancillary work required by DSA and other Governmental Agencies to obtain plan approval for the minimum work required to mitigate the seismic threat.

(F) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the ~~S~~school ~~B~~building(s) exceeds 50 percent of the Current Replacement Cost.

(G) A gross inventory of all school buildings located on the project site, such as a site diagram

or floor plan. The documentation must indicate the current usage, Square Footage, and facility type of all school buildings located on the project site at the time of application submittal. For all spaces used as Classrooms, the current grade level must also be indicated.

(~~G~~H) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application For Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School ~~d~~District's Career and Technical Education Advisory Committee (CTEAC) certifying that the School D~~d~~istrict is in compliance with all career technical facility needs and assessments as ~~outlined in~~required by Education Code, Section 17070.955.
5. If the School District is requesting additional funding for site development costs and has performed or will perform site development work as part of the qualifying project, a detailed cost estimate for eligible site development costs contained within Section 1859.76 and any justification documents that support the work.

(3) Applications for seismic mitigation replacement funding that do not meet the requirements of (1) or (2) above shall be returned without review.

(4) If the School D~~d~~istrict qualifies for ~~R~~replacement funding in accordance to (a)(1) or (a)(2) above, the School D~~d~~istrict is eligible to receive funding for the project as follows:

(A) If the School D~~d~~istrict is required to replace the entire site and relocate to a new site, the School D~~d~~istrict is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The ~~c~~Classroom capacity determined by multiplying the number of ~~c~~Classrooms in each grade category on the project site being replaced by:

a. 25 pupils for each K-6 ~~c~~Classroom.
b. 27 pupils for each 7-12 ~~c~~Classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs ~~c~~Classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs ~~c~~Classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

4. Additional funding may be provided, as applicable, for:

a. ~~F~~fire code requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to Sections 1859.74, 1859.74.5 and 1859.75,
g. ~~H~~hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
h. ~~A~~applicable site development costs ~~pursuant to~~contained within Section 1859.76, and
i. New construction Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),

j. New construction Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b),
k. New construction Excessive Cost Hardship Grant for new school projects pursuant to Section 1859.83(c),
l. New construction Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(B) If the School D~~d~~istrict qualifies to replace some, but not all permanent S~~s~~chool B~~b~~uilding(s) on the project site, ~~funding will be~~ the School District is eligible to receive a Facility Hardship Square Footage Grant based on the Square Footage of the qualifying S~~s~~chool B~~b~~uilding(s) replaced ~~and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as~~ and justified by enrollment at the project site as follows:

1. ~~The~~ Determine the enrollment at the project site~~, is determined by~~ using the higher of a., b., or c. below:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
2. Using the enrollment determined in 1. above and the gross inventory described in (b)(2)(G), ~~any permanent replacement Square Footage provided in accordance to a. and b. below will be calculated in accordance to~~ determine the maximum amount of eligible permanent replacement Square Footage for the school building(s) being replaced based on a. through f. and the facility type in the chart below:

a. If the actual Square Footage of the qualifying school building(s), not including Classrooms, is less than the minimum in the chart for the facility type, the replacement Square Footage shall be the lesser of the actual Square Footage constructed or the minimum in the chart.
b. If the actual Square Footage of the qualifying school building(s), not including Classrooms, is larger than the minimum in the chart for the facility type, the replacement Square Footage shall be the lesser of the Square Footage of the qualifying school building or the Square Footage justified by enrollment pursuant to the chart below.

~~a~~c. Non-specialized ~~c~~Classrooms ~~space~~ provided ~~is~~are limited by the enrollment determined in Section 1859.82.2(b)(4)(B)(1)~~.~~ rounded up to the nearest whole ~~c~~Classroom based on Section 1859.82.2(b)(4)(A)(2)~~.~~, and then reduced for any classrooms ~~space~~ available at the site to house the displaced pupils.

~~b~~d. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

~~c~~e. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, workrooms, and vestibules.

f. If a School District submits documentation that demonstrates that additional toilet space must be constructed to obtain plan approval from DSA, the Toilet Square Footage may be increased by the amount of Square Footage required to obtain approval.

Facility Type	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area and Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

~~d.~~g. Beginning August 31, 2020, the ~~resulting~~ Square Footage amount(s) determined in (B)(2) above shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs).

3. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,
b. multilevel construction pursuant to Section 1859.73,
c. project assistance pursuant to Section 1859.73.1.
d. replacement with multistory construction pursuant to Section 1859.73.2,
e. site acquisition pursuant to Section 1859.74,
f. ~~H~~hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
g. ~~A~~applicable site development costs ~~pursuant to~~contained within Section 1859.76, ~~and~~
h. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a), and
i. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b).
j. Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(C) If the School D~~d~~istrict qualifies for replacement funding, the funding may be used to rehabilitate

the facility as long as the seismic hazard is fully mitigated. If replacement funding is used for rehabilitation work, the School Ddistrict may request the following supplemental grants, as applicable, for:

1. Ffire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.2(b)(4)(A),
2. Ttherapy room pursuant to Section 1859.72,
3. Pproject assistance pursuant to Section 1859.73.1,
4. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
5. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b), and
6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) School Districts may qualify for seismic mitigation funding to rehabilitate their Sschool Bbuilding(s), unenclosed roofed structures used for school purposes including, but not limited to lunch shelters and covered walkways, ~~exterior square footage of School Buildings,~~ or site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School Bbuildings where the minimum cost to rehabilitate and remain in the Sschool Bbuilding is 50 percent or less of the Current Replacement Cost.

(2) ~~Square footage of the Most Vulnerable Category 2 School Buildings,~~ Unenclosed roofed structures used for school purposes including, but not limited to covered walkways~~,~~ and lunch shelters that need repair or replacement to mitigate a collapse potential in the event of seismic activity as confirmed by ~~the~~ DSA.

(3) To qualify for seismic mitigation rehabilitation funding, the School Ddistrict must submit an Approved Application for funding as well as all documents outlined below. Applications that do not meet these requirements will be returned without review.

(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum ~~mitigation~~ work necessary to obtain DSA approval for the seismic mitigation work. If the application is for an unenclosed roofed structure used for school purposes, the report must either describe the minimum work to allow the continued use of the unenclosed roofed structure or the minimum work to replace the unenclosed roofed structure with a structure of like-kind with only the minimum required safety improvements needed to obtain plan approval.

(B) DSA letter(s) that concur to the findings and minimum mitigation work ~~outlined~~ described in the report required by (b)(1)(A).

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the School Ddistrict must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with the concurrence of the California Geological Survey.
2. Concurrence to the report in 1. from the California Geological Survey.

(D) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School Ddistrict must provide supporting

documentation for OPSC to review the requested unit cost.

2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and School District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work ~~outlined~~ described in the report provided by the industry specialist (a person or entity that specializes in the area of expertise for that health and safety issue) for the minimum work required to mitigate the seismic threat. The Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
4. The Form SAB 58-01 may also include any ancillary work required by DSA and other Governmental Agencies to obtain ~~plan~~ approval for the minimum work required to mitigate the seismic threat.
5. If the minimum work required to mitigate the seismic threat is the replacement of an unenclosed roofed structure(s) used for school purposes including, but not limited to lunch shelters and covered walkways, funding shall be provided for costs associated with replacing the unenclosed roofed structure(s) in like-kind with required safety improvements.

(E) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the ~~S~~school ~~B~~building(s) is less than 50 percent of the Current Replacement Cost.

(F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application For Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School D~~d~~istrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School D~~d~~istrict is in compliance with all career technical facility needs and assessments as ~~outlined~~required in Education Code Section 17070.955.

(4) If the School D~~d~~istrict qualifies for seismic mitigation rehabilitation funding ~~to repair their permanent School Buildings~~, the School D~~d~~istrict is eligible to receive funding for the project as follows:

(A) For Approved Applications received on or before October 30, 2024, t~~T~~he Seismic Rehabilitation Grant is based on 50 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(B) For Approved Applications received on or after October 31, 2024, the Seismic Rehabilitation Grant is based on 60 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(~~B~~C) If the School D~~d~~istrict qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility, as long as the qualifying seismic threat is fully mitigated.

(~~C~~D) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1., and
2. ~~Excessive Cost Hardship Grant for~~ geographic percentage factor ~~location~~ pursuant to Section 1859.83(a), ~~and~~

~~3. Excessive Cost Hardship Grant for accessibility and fire code requirements in accordance with Section 1859.83(e)(3).~~

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the School D~~d~~istrict, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) For Approved Applications received on or before October 30, 2024, r~~R~~educed by 50 percent of any insurance proceeds collected by the School D~~d~~istrict for the project. For Approved Applications received on or after October 31, 2024, reduced by 50 percent of any insurance proceeds collected by the School District for the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.77.1. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) For Approved Applications received on or before October 30, 2024, r~~R~~educed by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project. For Approved Applications received on or after October 31, 2024, reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the School District for the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.77.1.

(2) For projects funded in accordance to (c) above:

(A) For Approved Applications received on or before October 30, 2024, reduced by 50 percent of any insurance proceeds collectable by the School D~~d~~istrict for the project.

(B) For Approved Applications received on or after October 31, 2024, reduced by 60 percent of any insurance proceeds collectable by the School District for the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.79.

(~~B~~C) For Approved Applications received on or before October 30, 2024, reduced by 50 percent of the net proceeds available from the disposition of any displaced facilities in the project.

(D) For Approved Applications received on or after October 31, 2024, reduced by 60 percent of the net proceeds available from the disposition of any displaced facilities in the project, or a commensurate amount adjusted for the School District matching share pursuant to Section 1859.79.

(e) Adjustments to School Facility Program per-pupil grants.

(1) The School D~~d~~istrict's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the ~~c~~Classroom and Square Footage in the project shall be reset to the date of the Apportionment for the project.

(f) School Districts that qualify for Separate site apportionment for Environmental Hardship pursuant to Section 1859.71 may file an application for site funding in advance of construction funding.

~~(f)~~(g) School Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.

(1) To request advanced funding for design for eligible projects, the School D~~d~~istrict must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

(2) Advanced funding for design shall be provided based on the eligible project type as follows:

(A) For projects receiving funding for advanced design for the replacement of all ~~S~~school ~~B~~building(s) on the project site, pursuant to Section 1859.82.2(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(B) For projects receiving funding for advanced design for at least one but not all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.2(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(C) For projects receiving funding for advanced design for a Seismic Rehabilitation Grant pursuant to Section 1859.82.2(c), the Board will apportion an amount not to exceed 25 percent of the costs determined pursuant to Section 1859.82.2(c)(4)(A) less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(3) Advanced funding for site shall be provided pursuant to Section 1859.82.2(b)(4)(A)(4). The School D~~d~~istrict is eligible for advanced funding for site acquisition as calculated pursuant to Section 1859.81.1.
(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying School D~~d~~istricts may request a separate Apportionment for the design and for site acquisition for the same seismic mitigation project.
(5) The School D~~d~~istrict is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance with Section 1859.82.2(c) or site development worksheet for projects funded in accordance with Section 1859.82.2(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of ~~S~~school ~~B~~building(s) which will be located on a replacement site.
(6) If the School D~~d~~istrict does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.2 shall be offset by any advanced design funding previously provided for the project pursuant to Section 1859.82.2(~~f~~g)(2).

Note: Authority cited: Sections 17070.35 and 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 101012(a)(1) and 101122, Education Code.

Section 1859.82.3. Facility Hardship Program and Seismic Mitigation Program Conceptual Approvals.

A School D~~d~~istrict may request approval from the Board to determine eligibility for ~~f~~Facility ~~h~~Hardship or seismic mitigation programs in advance of project funding. Board approval does not

constitute a reservation of bond authority. Board approval only confirms the School ~~d~~District meets the criteria in Section 1859.82.

(a) To request conceptual approval for F~~f~~acility H~~h~~ardship projects, the School D~~d~~istrict must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:

(1) For replacement projects, all of the documents listed in Section 1859.82.1(b)(2)(A) through Section 1859.82.1(b)(2)(~~D~~E).

(2) For rehabilitation projects, all of the documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(~~D~~E)(3).

(b) To request conceptual approval for seismic mitigation projects, the School D~~d~~istrict must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:

(1) For replacement projects, all of the documents listed in Section 1859.82.2(b)(2)(A) through Section 1859.82.2(b)(2)(F).

(2) For rehabilitation projects, all of the documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

Note: Authority cited: Sections 17070.35 and 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 100420, 100620, 100820, 101012(a)(1) and 101122, Education Code.

STATE ALLOCATION BOARD
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

INSTRUCTIONS

This form is to be used by a School District for the purposes of preparing ~~generating and submitting~~ the cost estimate required to request ~~for eligible~~ Facility Hardship Program or Seismic Mitigation ~~projects pursuant to SFP Regulation Section 1859.82.1(b)(2)(C), 1859.82.1(c)(3)(C), and 1859.82.2(c)(3)(D).~~ Program grants. A completed Form SAB 58-01 must accompany all applications for funding for these programs.

1. For Facility Hardship and Seismic Mitigation Program applications for Rehabilitation Costs, the completed form must comply with Section 1859.82.1(c)(3)(D) or Section 1859.82.2(c)(3)(D).
2. For Facility Hardship Program or Seismic Mitigation Program applications for replacement funding, the completed form must comply with Section 1859.82.1(b)(2)(C) or Section 1859.82.2(b)(2)(E).

Refer to the most current published edition of the Current Construction Remodeling Costs publication by Sierra West Publishing, using F3 unit costs, for data needed to complete this form. Throughout these instructions, all references to "Sierra West" indicate this publication.

All lines in Part I must be broken out to individual items or materials. Do not enter ~~line~~ line-item requests in a lump sum format. ~~Line~~ Line-item requests in lump sum format may not be eligible for funding. The applicant may add additional lines as needed in Part I to submit a complete Form.

PART I

For each ~~line~~ line-item request, complete the following:

1. **CSI # -** Enter the Construction Specifications Institute number (CSI #) corresponding to the item or material included in the project as it appears in Sierra West.
2. **Description -** Enter the description corresponding to the item or material as it appears in Sierra West.
3. **Quantity -** Enter the numeric quantity of the item or material used as indicated in the project plans approved by the Division of the State Architect (DSA). For projects that do not require DSA plan approval, enter the quantity as indicated in the supporting documentation submitted with the application.
4. **Unit -** Enter the unit of measure for the specified material or item as it appears in Sierra West.
5. **Cost/Unit -** Enter the total unit cost, or cost per unit, as it is listed in the F3 column in Sierra West. Do not add installation cost as this has been included in the total unit cost amount.
6. **School District's Request -** Enter the product of the Quantity ~~and~~ multiplied by the amount in the Cost/Unit column.
7. **OPSC Verified Allowance -** Leave blank. This column will be completed by OPSC upon review of the application.
8. ~~7.~~ **School District Comments –** The ~~district~~ School District may ~~optionally~~ indicate any relevant plan page numbers or reference information to assist the ~~plan~~ OPSC reviewer in ~~the comments~~ this column.
9. **OPSC Review Comments -** Leave blank. This section will be completed by OPSC upon review of the application.

10. **Title 24 Maximum Requirement -** When using this form to prepare a Cost Benefit Analysis, pursuant to Section 1859.82.1(b)(2)(C) or 1859.82.2(b)(2)(E), in lieu of requesting individual line items for access compliance, the School District may request a 20 percent allowance to cover the costs of the maximum access compliance work required by DSA, as applicable. This allowance is not applicable when preparing the final cost estimate for Rehabilitation Costs or the Seismic Rehabilitation Grant. This allowance is reflective of the maximum requirements in the California Building Code Title 24, Section 11B-202.4, Exemptions, 8.
11. **Part I Subtotals**: The School District enters the sum of the amounts entered above in column 6. School District's Request. OPSC enters the sum of the amounts in column 7. OPSC Verified Allowance.

PART II – Contractor Burden

For the purposes of Part II of this form, refer to the table below to determine the applicable construction classification to use when referencing the most current published edition of the Current Construction Remodeling Costs publication by Sierra West Publishing.

OPSC Project Type	**Sierra West Construction Classification**
Facility Hardship rehabilitation for Fire and/or Water Damage	"Repair of Fire Damage"
Facility Hardship rehabilitation of historical structures	"Unique Structures"
All other Facility Hardship rehabilitation projects	"Alterations and Additions"
Seismic Mitigation rehabilitation	"Alterations and Additions"

For each Allowance category described below, the School District will use the School District Request subtotal in item 11 to submit a complete Form SAB 58-01. The OPSC Verified Allowance subtotal in item 11 will be used to calculate these Allowances for purposes of determining qualification for replacement funding or for grant amounts for a rehabilitation project.

If the application is for conceptual approval, design funding, or does not require DSA approval, use the subtotal from Part I instead of the total project cost reported to DSA for determining the applicable percentage.

The calculations for the allowances for each item in this section will be compounded in the order presented.

~~8.~~ 12. **General ~~Conditions~~ Conditions –** ~~Using the OPSC Allowance Subtotal from Part I and the applicable OPSC project type, enter the percentage as indicated in the General Conditions table in Sierra West (CSI# 01.100 000).~~ To determine the applicable multiplier, use the total project cost as reported to DSA* and the applicable OPSC project type listed above, reference the applicable percentage as indicated in the General Conditions table in Sierra West (CSI# 01.1000 000). Enter the percentage in the Multiplier column (Part II).

To determine the applicable allowance, multiply the applicable percentage by the subtotal of Part I (item 11). Enter the value into the Allowances column. The DSA total project cost value is used so that the application values provided are representative of the economies of scale for the overall scope of the project.

9. ~~**General Requirements** - Using the OPSC Allowance Subtotal from Part I and the applicable OPSC project type, enter the percentage as indicated in the General Requirements table in~~

~~Sierra West (CSI# 01.2000 000).~~

~~10. **Bonds**- Using the OPSC Allowance Subtotal from Part I, enter the applicable percentage as indicated in the "Bonds" section in Sierra West (CSI# 01.2000 000).~~

~~11. **Overhead & Profit**- Using the OPSC Allowance Subtotal from Part I, enter the applicable percentage as indicated in the "Institutional Structure" column in Sierra West (CSI# 01.2000 000).~~

13. **Overhead, Profit & Bonds –** To determine the applicable multiplier, using the total project cost as reported to DSA, reference the applicable percentage as indicated in the "Bonds" section in Sierra West (CSI# 01.2000 000). Enter the applicable percentage in the Multiplier column (Part II,).

    To determine the allowance, sum the subtotal of Part I (item 11) with the allowance for General Conditions. Then multiply that sum by the applicable percentage by the subtotal in item 11. Enter the value in the Allowances column.

~~12. **DSA Inspection Fee**- For projects that require DSA plan approval, enter 1%. For projects that do not require DSA plan approval, enter 0%.~~

~~13.~~14. **Escalation**~~-~~ **–** ~~If the project has not been completed at the time of approval from the State Allocation Board, use the OPSC allowance total from Part I to enter the applicable percentage as indicated in "Escalation" section of Sierra West (CSI# 01.3000 000). If the project will be completed by the time the construction phase is approved by the State Allocation Board, enter 0%.~~ If the project has been completed, the application does not qualify for escalation. If a project requires DSA approval and the project has a Certification and Close letter at DSA, the project is considered complete.

    To determine the multiplier, reference the "Escalation" section of Sierra West (CSI# 01.3000 000). Enter the applicable percentage for the current year in the Multiplier column for Escalation.

    To determine the allowance, first sum the subtotal in item 11, the total Allowances for General Conditions and the Overhead, Profit & Bonds. Then multiply that total by the applicable percentage entered in Column F.

15. **Contingencies –** Contingencies are provided for projects when there are no final working drawings for the work being requested. This only applies to applications for conceptual approval or design funding. Sierra West provides an allowance of "0 percent" when funding is based on "Final Working Drawings". Projects that have plans approved by DSA or final plans that do not require DSA approval, are considered "Final Working Drawings".

    If the project is for conceptual approval for the Seismic Mitigation Program and the project has not received Final Plan Approval from DSA, enter the percentage for "schematic drawings" indicated on the "Contingencies" table in Sierra West Section 1.4000 000 in the Multiplier column. Multiply this percentage by the sum of the subtotal in item 11 and the total Allowances for General Conditions, Overhead Profit & Bond, and Escalation to determine the Contingencies Allowance.

    If the project is for the conceptual or design approval for the Facility Hardship program, enter the percentage for "Conceptual Stage" indicated on the "Contingencies" table in Sierra West

Section 1.4000 000 in the Multiplier column. Multiply this percentage by the sum of the subtotal in item 11 and the total Allowances for General Conditions, Overhead Profit & Bonds, and Escalation to determine the Contingencies Allowance.

16. **Construction Subtotal -** Sum of Items 11, 12, 13, 14 and 15.

PART III - Design Allowances & Fees

17. **Project Inspection Allowance -** The allowance is provided for the services of a DSA certified inspector for the duration of the project. For projects that require DSA plan approval, the allowance is one percent of the value of item 16, Part II Construction Subtotal. For projects that do not require DSA plan approval, the allowance is zero.

~~14.~~18. **Industry Specialist's Report Costs-** For rehabilitation projects enter the greater of $10,000 or 1% of the OPSC Allowance Subtotal. This is in accordance with Sierra West Division 1, CSI 1.2000 000 for Common Adders and Deductors for Special Inspection Procedures. For replacement projects, enter 0%.

~~15.~~ 19. **Construction Testing Allowance-** For rehabilitation projects that require specialized testing and inspection of materials during construction, ~~enter 1%.~~ such as soil tests, foundation tests, exploratory borings, and similar testing prior to construction, the allowance is one percent of the value of item 16, Part II Construction Subtotal. The School District must submit written verification of the specialized testing required for the scope of work. For all other projects, ~~enter 0%.~~the allowance is zero.

~~16.~~ 20. **Design Specialist Cost Allowance-** ~~Based on the Construction Subtotal, use the Design Cost Allowance chart on at the bottom of the form to calculate the applicable Design Cost Allowance and enter the resulting amount here.~~ Using the amount in item 16 as a starting value, the allowance for the design specialist is calculated using the Design Specialist Cost Allowance sliding scale multiplier percentages below Part III of the Form. The total Design Cost Allowance equals the sum of the product of the allowance value on each line.

~~17.~~ 21. **CDE Plan Review Fee-** Allowance is for the proportionate amount of fees charged by the California Department of Education (CDE), as required by law, for the Facility Hardship or Seismic Mitigation Program portion of the project. The allowance is calculated by multiplying 0.0007 by the value of item 16, Part II Construction Subtotal. ~~Enter the California Department of Education (CDE) plan review fee as~~ The CDE calculation is published on CDE's website, as follows: https://www.cde.ca.gov/ls/fa/sf/forms.asp

~~18.~~ 22. **DSA Plan Review Fee-** ~~Use the Construction Subtotal in Part II to calculate this amount using the calculator found on DSA's website:~~ Allowance is for the proportionate amount of fees charged by DSA, as required by law, for the Facility Hardship or Seismic Mitigation Program portion of the project. Following the instructions for DSA Project Fee Calculator page linked below, the user enters the value of item 16 into the calculator to determine the appropriate DSA Plan Review Fee amount: https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx. ~~Enter the resulting fee in this section.~~

23. **Total Project Cost -** is the sum of items 16, 17, 18, 19, 20, 21 and 22.

	~~OPSC Approved Total Project Cost:~~	~~$ 10,000.00~~	

PART II - Contractor Burden

1. CSI #	2. Description	Multiplier	Allowance	Calculation Detail
1.1000 000	**12. General Conditions (insert percentage)** Broad categories covered by General Conditions include: • Mobilization, • Non-distributable labor and supervision, • Permits, licenses & fees, • Temporary utilities, structures, and fencing • Material handling equipment, trucks, safety, fuel, scaffolding, • Non-manual labor, benefits, payroll tax, workers compensation insurance • Insurances, comprehensive, builders risk.	0.00%	$ -	To determine the applicable multiplier, use the total project cost as reported to DSA* and the applicable OPSC project type listed above, reference the applicable percentage as indicated in the General Conditions table in Sierra West (CSI# 01.1000 000). Enter the percentage in the Multiplier column (Part II, . To determine the applicable allowance, multiply the applicable percentage by the subtotal of Part I (item 11). Enter the value into the Allowances column . The DSA total project cost value is used so that the application values provided representative of the economies of scale for the overall scope of the project.
1.2000 000	**13. Overhead, Profit, and Bonds** Broad categories covered by overhead include: rent, utilities, legal, accounting, estimating, travel, general insurance, taxes, marketing, advertising, computers, etc. and are distinctly not related to the physical construction of the project.	0.00%	$ -	To determine the applicable multiplier, using the total project cost as reported to DSA, reference the applicable percentage as indicated in the "Bonds" section in Sierra West (CSI# 01.2000 000). Enter the applicable percentage the Multiplier column (Part II,). To determine the allowance, sum the subtotal of Part I (item 11) with the allowance for General Conditions. Then multiply that sum by the applicable percentage by the subtotal in item 11. Enter the value in the Allowances column.
1.3000 000	**14. Escalation** This allowance provides for the general adjustment in construction costs over the duration of an estimating year.	0.00%	$ -	If the project has been completed, the application does not qualify for escalation. If a project requires DSA approval and the project has a Certification and Close letter at DSA, the project is considered complete. To determine the multiplier, reference the "Escalation" section of Sierra West (CSI# 01.3000 000).Enter the applicable percentage for the current year in the Multiplier column for Escalation . To determine the allowance, first sum the subtotal in item 11, the total Allowances for General Conditions and the Overhead, Profit & Bonds. Then multiply that total by the applicable percentage entered in Column F.
1.4000 000	**15. Contingencies** Contingencies are provided for projects when the construction line items in Part I are represented in a drawing stage that is less than 90 percent complete per Sierra West. Sierra West provides an allowance of "0 percent" when funding is based on "Final Working Drawings", such as DSA-approved plans.	0.00%	$ -	Contingencies are provided for projects when there are no final working drawings for the work being requested. This only applies to applications for conceptual approval or design funding. Sierra West provides an allowance of "0 percent" when funding is based on "Final Working Drawings". Projects that have plans approved by DSA or final plans that do not require DSA approval, are considered "Final Working Drawings." If the project is for conceptual approval for the Seismic Mitigation Program and the project has not received Final Plan Approval from DSA, enter the percentage for "schematic drawings" indicated on the "Contingencies" table in Section 1.4000 000 in the Multiplier column. Multiply this percentage by the sum of the subtotal in item 11 and the total Allowances for General Conditions, Overhead Profit & Bond, and Escalation to determine the Contingencies Allowance. If the project is for the conceptual or design approval for the Facility Hardship program, enter the percentage for "Conceptual Stage" indicated on the "Contingencies" table in Section 1.4000 000 in the Multiplier column. Multiply this percentage by the sum of the subtotal in item 11 and the total Allowances for General Conditions, Overhead Profit & Bond, and Escalation to determine the Contingencies Allowance.
Part II- 16. Construction Subtotal			**$ -**	Sum of Items 11. through 15.

School District:	Application Number:
School Name:	DSA Application Number(s):
County:	

Design Costs	Multiplier	Allowance	Calculation Detail
17. Project Inspection Allowance	1.00%	-	The allowance is provided for the services of a DSA certified inspector for the duration of the project. For projects that require DSA plan approval, the allowance is one percent of the value of item 16, Part II Construction Subtotal. For projects that do not require DSA plan approval, the allowance is zero.
18. Industry Specialist Report Allowance	$10,000 or 1.00%	-	For rehabilitation projects enter the greater of $10,000 or 1% of the OPSC Allowance Subtotal. This is in accordance with Sierra West Division 1, CSI 1.2000 000 for Common Adders and Deductors for Special Inspection Procedures. For replacement projects, enter 0%.
19. Construction Testing Allowance	1.00%	-	For rehabilitation projects that require specialized testing and inspection of materials during construction, such as soil tests, foundation tests, exploratory borings, and similar testing prior to construction, the allowance is one percent of the value of item 16, Part II Construction Subtotal. The School District must submit written verification of the specialized testing required for the scope of work. For all other projects, the allowance is zero.
20. Design Specialist Cost Allowance	Sliding Scale	-	Using the amount in item 16 as a starting value, the allowance for the design specialist is calculated using the Design Specialist Cost Allowance sliding scale multiplier percentages below Part III of the Form. The total Design Cost Allowance equals the sum of the product of the allowance value on each line.
21. CDE Plan Review Fee	0.07%	-	Allowance is for the proportionate amount of fees charged by the California Department of Education (CDE), as required by law, for the Facility Hardship or Seismic Mitigation Program portion of the project. The allowance is calculated by multiplying 0.0007 by the value of item 16, Part II Construction Subtotal. The CDE calculation is published on CDE's website, as follows: https://www.cde.ca.gov/ls/fa/forms.asp
22. DSA Plan Review Fee	DSA Fee Calculator		Allowance is for the proportionate amount of fees charged by DSA, as required by law, for the Facility Hardship or Seismic Mitigation Program portion of the project. Following the instructions for DSA Project Fee Calculator page linked below, the user enters the value of item 16 into the calculator to determine the appropriate DSA Plan Review Fee amount: https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx
Part III- 23. Total Project Cost		-	Sum of Items 16 through 22.

For Reference:

Design Specialist Cost Allowance Sliding Scale	Multiplier	Allowance
Construction Subtotal (from above):		$ -
First $500,000	12.00%	$ -
next $500,000	11.50%	$ -
next $1 million	11.00%	$ -
next $4 million	10.00%	$ -
next $4 million	9.00%	$ -
Beyond	8.00%	$ -
Design Cost Allowance:		$ -

I certify, as the District Representative, that the information reported on this form is true and correct and that:
• I am designated as an authorized District Representative by the governing board of the district; and,
• under penalty of perjury, under the laws of the State of California, the foregoing statements are true and correct to the best of my knowledge and belief; and,
• this form is an exact duplicate (verbatim) of the form provided by Office of Public School Construction. No variations of this form may be used.

Form SAB 58-01 (~~New 5/2020~~ Rev. xx/2025)

STATE ALLOCATION BOARD
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

School District:	Application Number:
School Name:	DSA Application Number(s):
County:	

GENERAL INFORMATION

If this application is submitted when there is Insufficient Bond Authority, as defined in Regulation Section 1859.2, the School District must adopt and submit a school board resolution, pursuant to Regulation Section 1859.95.1. For information regarding remaining bond authority, contact the Office of Public School Construction (OPSC) prior to submittal of this application.

If not previously submitted, a district may file an application for modernization funding by use of this form concurrently with a determination of or an adjustment to the district's modernization eligibility. The district must submit a determination of or an adjustment to the district's new construction baseline eligibility upon request, as described in Regulation Sections 1859.51 or 1859.70, as applicable. The Board will only provide new construction funding if this form is submitted prior to the date of occupancy of any classrooms included in the construction contract. If the district has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district must submit an adjustment to the district's new construction baseline eligibility as required in Section 1859.51 upon request. This may be accomplished by completion and submittal of Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 for the current enrollment year. Failure to submit the requested Forms may result in OPSC returning the funding application to the district unprocessed.

For purposes of Education Code Section 17073.25, the California Department of Education (CDE) is permitted to file modernization applications on behalf of the California Schools for the Deaf and Blind.

Requests for funding may be made as follows:

1. A separate apportionment for site acquisition for a new construction project for environmental hardship pursuant to Section 1859.75.1. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
   - Contingent site approval letter from the CDE.
   - Preliminary appraisal of property.
   - Approval letter from the Department of Toxic Substances Control.

2. A separate apportionment for site acquisition and/or design costs for a new construction project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. Districts may apply for a separate apportionment for the design and for site acquisition on the same project. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
   - Contingent site approval letter from the CDE (site apportionment only).
   - Preliminary appraisal of property (site apportionment only).

3. A separate apportionment for district-owned site acquisition cost pursuant to Section 1859.81.2. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
   - Site approval letter from the CDE.
   - Appraisal of district-owned site.
   - Cost benefit analysis as prescribed in Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.

4. A separate apportionment for design cost for a modernization project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. For purposes of this apportionment, the Form SAB 50-03 must accompany this form (if not previously submitted).

5. A New Construction Adjusted Grant pursuant to Section 1859.70 or 1859.180. If the funding request includes site acquisition, the proposed site must either be owned by the district, in escrow, or the district has filed condemnation proceedings and received an order of possession of the site. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03.
   - Site/plan approval letter from the CDE.
   - Appraisal of property if requesting site acquisition funds.
   - Plans and specifications (P&S) for the project that were approved by the DSA. Submittal of plans may be on CD-ROM or "Zip Drive" readable in AutoCAD 14. The specifications may be provided on a diskette that is IBM compatible.
   - Cost estimate of proposed site development, if requesting site development funding.
   - If this request is pursuant to Section 1859.77.2 and the district's housing plan is other than those listed in the certification section of this form, a copy of the school board resolution and the approved housing plan.
   - If the site apportionment is requested pursuant to Regulation Section 1859.74.5, a cost benefit analysis as prescribed in Regulation Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.
   - If this request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, a justification of how the project relieves overcrowding, including but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or bussing in excess of 40 minutes.
   - Written confirmation from the district's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.

6. For purposes of the Overcrowding Relief Grant (ORG), districts must submit the Overcrowding Relief Grant District-Wide Eligibility Determination (Form SAB 50-11) prior to the submittal of this funding application. In addition, districts must have had the CDE deem the site eligible for the ORG (pursuant to Section 1859.181) prior to the submittal of this application. For purposes of this apportionment, the following documents must be submitted with this form as well as the documents listed in section 5 above:

   - Overcrowding Relief Grant Eligibility Determination Form approved by the CDE.
   - Copies of the supporting documentation provided to the CDE when determining the density of the site, including the site diagram.

   The district is not required to submit its current CBEDS enrollment data.

7. Modernization Adjusted Grant pursuant to Section 1859.70. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-03 (if not previously submitted).
   - P&S for the project that were approved by the DSA.
   - If the request includes funding for accessibility and fire code requirement pursuant to Section 1859.83~~(f)~~(e), the DSA approved list of the minimum accessibility work required and a detailed cost estimate for the work in the plans.

- DSA approval letter for elevator to meet access compliance, if funding is requested.
- Cost estimate of the proposed site development necessary for the Reconfiguration of an existing high school.
- Plan approval letter from the CDE.
- Districtwide enrollment data on Form SAB 50-01 when requesting project assistance (if not previously submitted).
- If the request includes funding for 50 year old permanent buildings pursuant to Section 1859.78.6, a site diagram identifying all buildings to be modernized in the project. The diagram must specify those buildings that are at least 50 years old.
- Written confirmation from the district's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.
- For requests to replace 75 Years or Older Building(s) per Section 1859.78.7.1, the district must submit the following:
  - A completed *75 Years or Older Building Cost Estimate and Cost/Benefit Analysis* (Form SAB 57-75).
  - A copy of the demolition plans, or other supporting documentation, that demonstrate the demolition of the qualifying 75 Years or Older Building(s).
  - A detailed cost estimate that delineates the cost associated with the work to demolish and replace the qualifying 75 Years or Older Building(s), inclusive of the allowable site development costs per Section 1859.78.7.1, apart from the other Modernization work in the DSA-approved plans.
- If the request includes funding for the construction of a Minimum Essential Facility (MEF) per Section 1859.78.9.1, or a Transitional Kindergarten classroom(s) per Section 1859.78.9.2, the district must submit a detailed cost estimate that delineates the cost associated with the work for the qualifying facility(s) in the DSA-approved plans apart from the other Modernization work in the DSA-approved plans.

8. Final Charter School Apportionment for Charter School Facilities Rehabilitation pursuant to Section 1859.167.1. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - P&S for the project that were approved by DSA.
   - If the request includes funding for accessibility and fire code requirement pursuant to Section 1859.167.3(d), the DSA approved list of the minimum accessibility work required and a detailed cost estimate for the work in the plans.
   - DSA approval letter for elevator to meet access compliance, if funding is requested.
   - High performance incentive (HPI) scorecard from DSA.
   - Plan approval letter from the CDE.
   - Construction cost estimate signed by the architect of record or design professional.
   - Determination of financial soundness from the California School Finance Authority (CSFA).
   - Written confirmation from the applicant's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.

9. If the application includes a request for Financial Hardship, the district must comply with the requirements of Section 1859.81.

   - If the application is submitted when there is Insufficient Bond Authority, as defined in Section 1859.2, the district must adopt a school board resolution pursuant to Section 1859.95.1(b).

If the district is requesting New Construction funding after the initial baseline eligibility was approved by the Board and the district's current CBEDS enrollment reporting year is later than the enrollment reporting year used to determine the district's baseline eligibility or adjusted eligibility, the district must complete a new Form SAB 50-01 based on the current year CBEDS enrollment data, and submit it to the OPSC with this form. In addition, if the district's request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, the district must update the Alternative Enrollment Projection to correspond with the CBEDS enrollment data for the current year. A small district with 2,500 or less enrollment as defined in Section 1859.2 will not have its eligibility reduced for a period of three years from the date the district's baseline eligibility was approved by the Board as a result of reduction in projected enrollment.

For a list of the documents that must be submitted in order for the OPSC to deem a funding request for new construction or modernization complete and ready for OPSC processing, consult the SFP handbook and other information located on the OPSC Web site at www.dgs.ca.gov/opsc.

For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the DSA and the CDE for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at www.dgs.ca.gov/opsc "PT Number Generator."

1. Type of Application

Check the appropriate box that indicates the type of School Facility Program (SFP) grant the district is requesting for purposes of new construction, modernization, a separate design and/or site apportionment, site apportionment as an environmental hardship or New Construction (Final Apportionment). If the application is for the modernization of school facilities and includes facilities that are eligible for an additional apportionment pursuant to Section 1859.78.8, include a site diagram with this application that specifies the age of each facility eligible for modernization. The diagram should also indicate the date of its original DSA plan approval and the date the facility received its prior modernization apportionment. If known include the project modernization number on the diagram. If the application is for modernization of a California School for the Deaf or Blind, the CDE shall check the box identified as Modernization of California Schools for the Deaf/Blind. If the request is for a separate design apportionment, the CDE shall check the appropriate box. If the eligibility for this project was established as a result of a health and safety threat pursuant to Section 1859.82.1, or a seismic replacement or seismic rehabilitation for the Most Vulnerable Category 2 Buildings pursuant to Section 1859.82.2, and/or the request is for a conceptual approval for a Facility Hardship application pursuant to Section 1859.82.3(a) or a Seismic Mitigation Program application pursuant to Section 1859.82.3(b), check the appropriate box(es).

If this request is for an addition to an existing site and advance funding for the evaluation and RA costs, check the appropriate box and refer to Section 1859.74.4.

If this request is for an Overcrowding Relief Grant, check the New Construction (Overcrowding Relief Grant) box.

If this request is to convert a Preliminary Apportionment or a Preliminary Charter School Apportionment to a Final Apportionment, check the New Construction Final Apportionment, New Construction Final Charter School Apportionment or the Rehabilitation Final Charter School Apportionment box, as appropriate.

If the district is requesting a separate site and/or design apportionment, complete boxes 2a, 3, 4, the site acquisition data in box 5 (d and e), and boxes 13, 14, 15, 16, and 24 only.

2. Type of Project

a. Select the type of project that best represents this application request and enter the total number of pupils assigned to the project for each grade group. Include pupils to be housed in a new or replacement school authorized by ~~Section 1859.82 (a)~~ 1859.82.1 or 1859.82.2. The amount entered cannot exceed the district's baseline eligibility determined on Form SAB 50-03 and will be the basis for the amount of the new construction or modernization grants provided for the project.

If this request is for a Final Apportionment, the pupils assigned to the project must be at least 75 percent, but not more than 100 percent, of the pupils that received the Preliminary Apportionment. Refer to Section 1859.147.

For ORG projects, the amount entered cannot exceed the Overcrowding Relief Pupil Eligibility (pursuant to Section 1859.182 and 1859.183) as reflected in the total number of eligible pupils determined by the Form SAB 50-11 or the CDE Overcrowding Relief Grant Eligibility Determination form.

For Charter School Facilities Program Rehabilitation, leave the number of pupils blank.

b. Check the box if the project is eligible for funding for 50 year or older permanent buildings and report, at the option of the district:

- The total number of eligible classrooms or the total eligible square footage building area at the site. Refer to Section 1859.78.6(b)(1)(A) or (b)(2)(A).
- The total number of permanent classrooms or the total permanent square footage building area that is at least 50 years old and not been previously modernized with state funds. Refer to Section 1859.78.6(b)(1)(B) or (b)(2)(B).
- Enter the greater percentage as calculated under Regulation Section 1859.78.6(b)(1)(C) or Regulation Section 1859.78.6(b)(2)(C).
- If this project includes eligible 50 year or older pupil grants, enter the appropriate number assigned to the project for each grade group. The number of pupils entered cannot exceed the cumulative number of 50 year or older permanent buildings pupil grants requested for all modernization funding applications for the site as determined by using the percentage factor above.

c. If this request includes pupil grants generated by an Alternative Enrollment Projection Method, enter the number of pupils by grade level.

d. Check the box if the project is eligible for funding for 75 Years or Older Buildings and report the following, if applicable:

- The total number of eligible classrooms and/or the total eligible square footage building area being demolished. Refer to Section 1859.78.7.1.
- The total number of eligible classrooms and/or the total eligible square footage building area being constructed. Refer to Section 1859.78.7.1.
- Enter the appropriate number assigned to the project for each grade group. The number of pupils entered cannot exceed the cumulative number of pupil grants requested in Section 2a. and determined by using the percentage factor above.

e. Indicate if this request is for funding of a 6–8 school and/or an Alternative Education School.

f. Check the applicable box if the district is requesting additional pupil grants assigned to the project that exceed the capacity of the project or if the pupils assigned represent eligibility determined at another grade level and check the appropriate box to indicate under which regulation the district is applying. The pupil capacity of the project may be determined by multiplying the classrooms reported in box 3 by 25 for K–6; 27 for 7–8, 9–12 grades; 13 for non-severe and 9 for severe.

g. Enter the square footage of the non-toilet area and toilet area contained in the Charter School Facilities Program Rehabilitation project.

h. Indicate the site scenario that best represents the project request.

i. For ORG projects, the district must provide the following information in the space provided:

- Name of the eligible school site(s) where portables will be replaced in this project
- Number of portables being replaced at each school site
- Number of site specific eligible pupils being requested for this project for each school site. The total number of site specific eligible pupils assigned to this project must equal the total number of pupils in Section 2a.

3. Number of Classrooms

Enter the:

- Number of classrooms as shown on the plans and specifications (P&S). If there was demolition at the site, report the net increase in the number of classrooms showing in the P&S.
- Master plan site size, as recommended by the California Department of Education.
- Recommended site size, as determined by the California Department of Education.
- Existing Useable Acres already owned at that location (if any).
- Proposed Useable Acres that was/will be purchased as part of the application (if any).

4. Financial Hardship Request

Check the appropriate box(es) if the district is requesting financial hardship assistance because it is unable to meet its matching share requirement.

- If the application includes a request for Financial Hardship, the district must comply with the requirements of Section 1859.81.
- If there is Insufficient Bond Authority for the type of application, check the second box and attach a school board resolution pursuant to Section 1859.95.1(b).

5. New Construction Additional Grant Request

Check the appropriate box(es) if the district requests an augmentation to the new construction grant for "additional" grants for the items listed. Refer to Sections 1859.72 through 1859.76 for eligibility criteria. Enter the:

a. Therapy area in square feet as provided in Section 1859.72.

b. Multilevel classrooms in the P&S pursuant to Section 1859.73.

c. Check the box if the district is requesting project assistance pursuant to Section 1859.73.1. If the district has not submitted a request for new construction baseline eligibility on a district-wide basis, it must submit a current Form SAB 50-01 based on district-wide enrollment data with this form.

d. If the project the district is requesting SFP funding for does not require an RA, refer to Section 1859.74. If a RA is required on a site that is not leased or an addition to an existing site, refer to Section 1859.74.2. If RAs are required on a

leased site or an addition to an existing site, refer to Sections 1859.74.3 or 1859.74.4, respectively. The limitation of 50 percent may be exceeded when unforeseen circumstances exist, the CDE determines that the site is the best available site, and substantiation that the costs are the minimum required to complete the evaluation and RA.

1) Enter 50 percent of the actual cost.
2) Enter 50 percent of the appraised value of the site. If the request is made pursuant to Regulation Section 1859.74.5, enter 50 percent of the appraised value.
3) Enter 50 percent of the allowable relocation cost.
4) Enter two percent of the lesser of the actual cost or appraised value of the site (minimum $25,000).
5) Enter 50 percent of the Department of Toxic Substances Control (DTSC) fee for review and approval of the phase one environmental site assessment and preliminary endangerment assessment reports. Refer to Sections 1859.74, 1859.74.1, 1859.74.5, 1859.75, 1859.75.1 and 1859.81.1.

A project that received site acquisition funds under the Lease-Purchase Program (LPP) as a priority two project is not eligible for site acquisition funds under the SFP. A district-owned site acquired with LPP, SFP or Proposition 1A funds is not eligible for funding under Regulation Section 1859.74.5.

e. Enter 50 percent of the amount allowable for hazardous materials/waste removal and/or remediation for the site acquired pursuant to Sections 1859.74.2, 1859.74.3, 1859.74.4, 1859.75.1 or 1859.81.1. If an RA is required, check the box.

f. Enter 50 percent of eligible service-site development, off-site development including pedestrian safety paths and utilities costs allowed pursuant to Section 1859.76. Attach cost estimates of the proposed site development work which shall be supported and justified in the P&S. All cost estimates shall reflect 100 percent of the proposed work.

Check the box if the district is requesting an Additional Grant for General Site Development pursuant to Section 1859.76

g. If the district is requesting an Additional Grant for Energy Efficiency pursuant to Section 1859.71.3, enter the percentage of energy efficiency that exceeds Title 24 requirements as prescribed in Section 1859.71.3(a)(3).

h. Check the box(es) if the district requests and the project qualifies for additional funding for fire code requirements authorized in Section 1859.71.2.

i. If the district is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.70.4, enter the number of high performance points as prescribed in Section 1859.71.6 or 1859.77.4, as appropriate, subject to Education Code Section 17070.965.

j. Multilevel building(s) in the P&S pursuant to Section 1859.73.2.

6. Modernization Additional Grant Request

a. Check the box if the district is requesting project assistance allowance pursuant to Section 1859.78.2. If the district has not submitted a request for new construction baseline eligibility on a district-wide basis, it must submit a current Form SAB 50-01 based on district-wide enrollment data with this form.

b. If the district is requesting an Additional Grant for Energy Efficiency pursuant to Section 1859.78.5, enter the percentage of energy efficiency that exceeds Title 24 requirements as prescribed in Section 1859.78.5(a)(3).

c. Check the box if the district requests an additional grant for site development utility cost necessary for the modernization of 50 years or older permanent building(s). Enter 60 percent of the eligible costs allowable pursuant to Section 1859.78.7(a).

d. Check the box if the district requests an additional grant for site development utility cost necessary for the replacement of a 75 Years or Older Building, if not already provided under the provisions pursuant to Section 1859.78.7(a). Enter 60 percent of the eligible costs allowable.

e. Check the box(es) if the district requests and the project qualifies for additional funding for fire code requirements authorized in Section 1859.78.4.

f. If the district is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.70.4, enter the number of high performance points as prescribed in Section 1859.77.4, subject to Education Code Section 17070.965.

g. Check the box if the district is requesting an Additional Grant for a Minimum Essential Facility pursuant to Regulation Section 1859.78.9.1. Check the box for the type of facility being requested (if the facility is a hybrid facility, select 'Hybrid' and indicate the type of facility on the line provided) and indicate the amount of eligible Toilet and Other square footage being built in the project. Check the appropriate box depending on whether the Minimum Essential Facility is permanent or portable construction. Check the box if the district is requesting an additional grant for Site Development pursuant to Regulation Section 1859.78.9.1. At the district's option, the district may request 35 percent of the Minimum Essential Facility supplemental grant or enter 60 percent of the amount calculated pursuant to Regulation Section 1859.78.9.1(b)(7) or 1859.78.9.1(c)(7).

h. 1) Check the box if the district is requesting an Additional Grant for Transitional Kindergarten classrooms for the construction of a new transitional kindergarten classroom(s) and/or retrofit of an existing school facility to be a transitional kindergarten classroom(s). Check the appropriate boxes if the district is augmenting the grant with additional supplemental grants respective of the transitional kindergarten classroom project scope. Check the box if the district is requesting an additional grant for Site Development pursuant to Regulation Section 1859.78.9.2. The district may choose to request 35 percent of the Transitional Kindergarten supplemental grant, or enter 60 percent of minimum work amount, pursuant to Regulation Section 1859.78.9.2(c)(4) or 1859.78.9.2(c)(5).

h. 2) The information needed to complete this section is based on the latest California Basic Educational Data System (CBEDS) enrollment data. Applications filed on or after November 1st must include the current school year enrollment. Enter the CBEDS enrollment for grades TK-3 at the school site for the current year and the three prior years' TK–3 enrollment, as appropriate.

Requests for funding shall include the documents as follows:

- Site map that includes labelling of all facilities and their current use, and identifies all classrooms constructed or previously retrofitted to house kindergarten students.
- Narrative that explains the current classroom and facility usage at the site, what the School District plans to do with the project, and the resulting usage at the completion of the project.

7. Excessive Cost Hardship Request

Check the appropriate box to request an augmentation to the New Construction or Modernization Grants for an excessive cost hardship for the items listed. Refer to Section 1859.83 for eligibility criteria. Requests for excessive cost grants for accessibility requirements are allowed only if required by the Division of the State Architect (DSA). At the district's option, the district may request three percent of the modernization

base grant or enter the amount calculated pursuant to Regulation Section ~~1859.83(f)~~ 1859.83(e)(2). Attach a copy of the DSA approved list that shows the minimum work necessary for accessibility requirements.

If the request is for the excessive cost grant for a new Alternative Education school pursuant to Section 1859.83(c)(2) and the district wishes to request less than the maximum allowance, please submit a letter along with application indicating the desired amount.

8. Charter School Facilities Program Rehabilitation – Additional Grant and Excessive Cost Hardship Request

Additional Grant Request

a. If the applicant is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.77.4, enter the number of high performance points as prescribed in Section 1859.77.4.

Excessive Cost Hardship Request

Check the appropriate box to request an augmentation to the Charter School Facilities Program Rehabilitation grants for an excessive cost hardship for the items listed. Refer to Section 1859.167.4 for eligibility criteria.

b. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant due to Geographic Location pursuant to Section 1859.167.3(a).
c. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant for a small size project pursuant to Section 1859.167.3(b).
d. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant due to Urban Location, Security Requirements, and Impacted Site pursuant to Section 1859.167.3(c).
e. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant due to accessibility and fire code requirements pursuant to Section 1859.167.3(d). Requests for excessive cost grants for accessibility requirements are allowed only if required by the Division of the State Architect (DSA). At the applicant's option, the applicant may request three percent of the Charter School Facilities Program Rehabilitation Grant or enter 50 percent of the amount calculated pursuant to Regulation Section 1859.167.3(d)(2). Attach a copy of the DSA approved list that shows the minimum work necessary for accessibility requirements.

9. Project Priority Funding Order

Enter the priority order of this project in relation to other new construction applications submitted by the district on the same date. If applications are not received on the same date, the OPSC will assign a higher district priority to the application received first. Check the box(es) if the project meets the criteria outlined in Section 1859.92(c)(3),(4) and (6), as appropriate. This information is needed for purposes of priority points.

10. Prior Approval Under the LPP

If the project the district is requesting SFP grants for received a Phase P, S, or C approval under the LPP, report the application number of that project, regardless if the project actually received funding or was included on an "unfunded" list. Failure to report this information may delay the processing of the application by the OPSC.

11. Prior Apportionment Under the SFP

If the project received a separate apportionment under the SFP for either site and/ or design, or site environmental hardship, enter the application number of the project. Failure to report this information may delay the processing of the application by the OPSC.

12. Preliminary Apportionment to a Final Apportionment

If this request is to convert a Preliminary Apportionment to a Final Apportionment, enter the application number of the Preliminary Apportionment. Failure to report this information may delay the processing of the application by the OPSC.

13. Alternative Developer Fee

The district must report certain alternative fees collected pursuant to Government Code Section 65995.7, as of the date of application submittal to the OPSC. Refer to Section 1859.77 for details. Districts are advised that the OPSC may perform an audit of the developer fees collected prior to application approval by the Board.

14. Adjustment to New Construction Baseline Eligibility

Pursuant to Section 1859.51 certain adjustments to the district's new construction baseline eligibility must be made each time a district submits Form SAB 50-04, to the OPSC for SFP new construction or modernization grants. These adjustments are made by the OPSC based on information reported by the district on this form.

a. Report all classroom(s) provided after the district submitted its request for determination of its new construction baseline eligibility for the grades shown, or indicate N/A if there are none. Refer to Section 1859.51(i).

In the additional classroom column, indicate the number of additional net classrooms provided if not previously reported.

In the replacement classroom column, indicate the number of classrooms that were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75 but replaced in a locally funded project.

Enter the date the initial construction contract was signed for additional or replacement classrooms.

15. Pending Reorganization Election

Complete only for new construction projects. Indicate if there is a pending reorganization election that will result in a loss of eligibility for this project. If the answer is "yes", the district must complete Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03, to adjust the district's new construction baseline eligibility as a result of the reorganization and submit them with this form.

16. Joint-Use Facility/Leased Property

Check the box if:

a. The facilities to be constructed/modernized as part of this project will be for joint use by other governmental agencies.
b. The new construction or modernization grants will be used for facilities located or to be located on leased property.

17. Project Progress Dates

a. Enter the date(s) the construction contract(s) was awarded for this project(s). If a construction contract has not been executed, enter N/A. (If the space provided is not sufficient for all applicable contract dates, please list all dates on a separate attachment to this form.)
b. Enter the issue date(s) for the Notice to Proceed for the construction phase of the project, or enter N/A if a Notice to Proceed has not been issued.
c. If a construction contract was awarded prior to January 1, 2012, check the appropriate box to indicate whether or not the district has initiated and enforced a Labor Compliance Program (LCP) approved by the Department of Industrial Relations (DIR) pursuant to Labor Code Section 1771.7 for this project.

18. Prevailing Wage Monitoring and Enforcement Costs

If the construction contract(s) for this project was awarded on January 1, 2012 through June 19, 2014, check the appropriate box to indicate which of the following methods was or is being used to meet the requirement for prevailing wage monitoring and enforcement pursuant to Labor Code Section 1771.3 in effect on January 1, 2012 through June 19, 2014:

- DIR Public Works administration and enforcement
- A DIR-approved internal LCP
- A collective bargaining agreement that meets the criteria set forth in Labor Code Section 1771.3(b)(3) in effect on January 1, 2012 through June 19, 2014.

19. Construction Delivery Method

Check the box that best represents the construction delivery method that the district has or will use for this project, if known.

20. Career Technical Education Funds Request

Indicate if Career Technical Education (CTE) funds will be requested for classroom(s) included in the plans and specifications for this project pursuant to Section 1859.193. If "Yes", enter the number of CTE classroom(s) shown on the P&S.

21. Overcrowding Relief Grant Narrative

The district must either provide an explanation in the space provided or attach a letter signed by the district representative detailing how this project will relieve overcrowding.

22. Local Funding Adjustment Grant

Enter the following:

a. The district's total assessed valuation, pursuant to Section 1859.70.5(a)(1). The district must provide a letter from the county auditor-controller that certifies the school district's total assessed valuation.

b. The district's gross bonding capacity, rounded to the nearest whole dollar. To calculate this, take the total assessed valuation and multiply that by 1.25% for non-unified school districts or 2.5% for unified school districts, rounded to two decimal places.

c. The district's unduplicated pupil percentage as determined for purposes of the local control funding formula pursuant to Education Code Section 42238.02, rounded to two decimal places.

d. The district's enrollment, pursuant to Section 1859.70.5(a)(3) based on the latest California Basic Educational Data System (CBEDS) enrollment data as it would have been reported using the criteria in Parts A, C and D of the Form SAB 50-01. Applications filed on or after November 1 must include the current school year enrollment.

e. Check Yes or No to indicate whether the project includes the use of a Project Labor Agreement for this application. If the district indicates it intends to have a Project Labor Agreement, but does not yet, it will be audited for compliance and the funding will be adjusted accordingly if it does not have a Project Labor Agreement.

23. Architect of Record or Licensed Architect Certification

The architect of record or the licensed architect must complete this section.

24. Architect of Record or Design Professional Certification

The architect of record or the appropriate design professional must complete this section.

25. Certification

The district representative must complete this section. For additional information regarding district certifications, refer to the SFP handbook located on the OPSC web site at www.dgs.ca.gov/opsc.

STATE OF CALIFORNIA
APPLICATION FOR FUNDING
SCHOOL FACILITY PROGRAM
SAB 50-04 (REV ~~08/25~~XX/25)

STATE ALLOCATION BOARD
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

The school district named below applies to the State Allocation Board via the Office of Public School Construction for a grant under the provisions of Chapter 12.5, Part 10, Division 1, commencing with Section 17070.10, et seq., of the Education Code and the Regulations thereto.

2. Type of Project

a. ☐ Elementary School
☐ Middle School
☐ High School

Total Pupils Assigned:
K–6: _____
7–8: _____
9–12: _____
Non-Severe: _____
Severe: _____

b. ☐ 50 Years or Older Building Funding (Modernization Only)
Total Eligible Classrooms/Square Footage: _____
Classroom/Square Footage at Least 50 Years Old: _____ Ratio of 50 Years Old Classrooms/Square Footage: ____%

From 2a above, how many are 50 Year or Older Pupil Grants?
K–6: _____
7–8: _____ Non-Severe: _____
9–12: _____ Severe: _____

c. Included in 2a above, how many pupils are generated by the Alternative Enrollment Projection? (New Construction Only)
K–6: _____
7–8: _____ Non-Severe: _____
9–12: _____ Severe: _____

d. If the request is to replace 75 Years or Older Facilities (Modernization Only)
Number of existing classrooms being demolished _____
The total square footage of non-classroom space being demolished _____
The number of classrooms being constructed _____
The total square footage of non-classroom space being constructed _____

From 2a above, how many are 75 Years or Older Pupil Grants?
K–6: _____
7–8: _____ Non-Severe: _____
9–12: _____ Severe: _____

e. Is this a 6–8 school? ☐ Yes ☐ No
If you answered yes, how many K–6 pupils reported above are sixth graders? _____
Is this an Alternative Education School? ☐ Yes ☐ No

f. Is this a use of grant request pursuant to Section 1859.77.2? ☐ Yes ☐ No
Is this request pursuant to Section 1859.77.2(c)? ☐ Yes ☐ No If yes, enter date of successful bond election: _____
Is this a use of grant request pursuant to Section 1859.77.3? ☐ Yes ☐ No
Is this request pursuant to Section 1859.77.3(c)? ☐ Yes ☐ No If yes, enter date of successful bond election: _____

g. Charter School Facilities Program Rehabilitation Request:
Toilets (sq. ft.) _____
Other (sq. ft.) _____

h. Project to be located on:

- ☐ Leased Site
- ☐ New Site
- ☐ Existing Site with Additional Acreage Acquired
- ☐ Existing Site with No Additional Acreage Acquired

i. ORG Projects Only

NAME OF ELIGIBLE SCHOOL SITE(S)	NUMBER OF PORTABLES BEING REPLACED	NUMBER OF SITE SPECIFIC ELIGIBLE PUPILS BEING REQUESTED

☐ Number of Additional Stops: _____

8. Charter School Facilities Program Rehabilitation Additional Grant and Excessive Cost Hardship Request

Additional Grant Request

a. ☐ High Performance Incentive (Indicate Points): _____

Excessive Cost Hardship Request

b. ☐ Geographic Percent Factor: _____%
c. ☐ Small Size Project
d. ☐ Urban/Security/Impacted site
e. ☐ Accessibility/Fire Code
   ☐ 3 percent of base grant; or,
   ☐ 50 percent of minimum work $ _____
   ☐ Number of 2-Stop Elevators: _____
   ☐ Number of Additional Stops: _____

9. Project Priority Funding Order—New Construction Only

Priority order of this application in relation to other new construction applications submitted by the district at the same time: # _____

Project meets:

☐ Density requirement pursuant to Section 1859.92(c)(3).
☐ Stock plans requirement pursuant to Section 1859.92(c)(4).
☐ Energy efficiency requirement pursuant to Section 1859.92(c)(6).

10. Prior Approval Under the LPP

New Construction: 22/_____
Modernization: 77/_____

11. Prior Apportionment Under the SFP

Site/Design—New Construction: 50/_____
Design—Modernization: 57/_____

12. Preliminary Apportionment to Final Apportionment

Preliminary Apportionment Application Number: # _____

13. Alternative Developer Fee—New Construction Only

Alternative developer fee collected and reportable pursuant to Regulation Section 1859.77: $ _____

14. Adjustment to New Construction Baseline Eligibility

a. Classroom(s) provided:

Additional		Replacement	
K–6:	_____	K–6	_____
7–8:	_____	7–8	_____
9–12:	_____	9–12	_____
Non-Severe:	_____	Non-Severe	_____
Severe:	_____	Severe	_____

Construction Contract(s) for the project signed on:

_____ _____

15. Pending Reorganization Election—New Construction Only ☐ Yes ☐ No

16. Joint-Use Facility/Leased Property

a. ☐ Joint-Use Facility
b. ☐ Leased Property

17. Project Progress Dates

a. Construction Contract(s) awarded on: _____
   (If the space provided is not sufficient for all applicable contract dates, please list all dates on a separate attachment to this form.)
b. Notice(s) to Proceed issued on: _____
c. If the Construction Contract(s) was awarded prior to January 1, 2012, have you initiated and enforced an LCP approved by the DIR pursuant to Labor Code Section 1771.7 for this project? ☐ Yes ☐ No

18. Prevailing Wage Monitoring and Enforcement Costs

If the Construction Contract(s) was awarded on January 1, 2012 through June 19, 2014, please indicate which monitoring requirement was or is being used, pursuant to Labor Code Section 1771.3 in effect on January 1, 2012 through June 19, 2014:

☐ DIR Public Works administration and enforcement ☐ DIR approved District LCP
☐ Collective bargaining agreement, pursuant to Labor Code Section 1771.3(b)(3) in effect on January 1, 2012 through June 19, 2014

19. Construction Delivery Method

☐ Design-Bid-Build
☐ Design-Build
☐ Developer Built
☐ Lease Lease-Back
☐ Energy Performance Contract
☐ This project includes or will include piggyback contract(s) as defined in Section 1859.2
☐ Other: _____

20. Career Technical Education Funds Request

Will CTE Funds be requested for classroom(s) included in the plans and specifications for this project? ☐ Yes ☐ No
Number of CTE classroom(s): _____

21. Overcrowding Relief Grant Narrative

_____
_____
_____
_____

22. Local Funding Adjustment Grant

a. Total Assessed Valuation: _____
b. District's gross bonding capacity, (rounded to the nearest whole dollar): _____
c. District's unduplicated pupil percentage, rounded to two decimal places: _____%
d. District's enrollment: _____
e. Does this project include the use of a Project Labor Agreement? ☐ Yes ☐ No

23. Architect of Record or Licensed Architect Certification

I certify as the architect of record for the project or as a licensed architect that:

- The P&S for this project were submitted to the OPSC by electronic medium (i.e., CD-ROM, zip disk or diskette) or as an alternative, if the request is for a modernization Grant, the P&S were submitted in hard copy to the OPSC.
- Any portion of the P&S requiring review and approval by the Division of the State Architect (DSA) were approved by the DSA on _____ (enter DSA approval date).
- Any portion of the P&S not requiring review and approval by the DSA meets the requirements of the California Code of Regulations, Title 24, including any access and fire code requirements.
- If the request is for a Modernization or Charter School Facilities Program Rehabilitation Grant, the P&S include the demolition of more classrooms than those to be constructed in the project, the difference is _____ classroom(s). (Indicate N/A if there are none.)
- If the request is for a Modernization or Charter School Facilities Program Rehabilitation Grant, the P&S include the construction of more classrooms than those to be demolished in the project, the difference is __ classroom(s). (Indicate N/A if there are none.)

ARCHITECT OF RECORD OR LICENSED ARCHITECT (PRINT NAME)

SIGNATURE	DATE

24. Architect of Record or Design Professional Certification

I certify as the architect of record for the project or the appropriate design professional, that:

- If the request is for a New Construction Grant, not including the ORG, I have developed a cost estimate of the proposed project which indicates that the estimated construction cost of the work in the P&S including deferred items (if any) relating to the proposed project, is at least 60 percent of the total grant amount provided by the State and the district's matching share, less site acquisition costs and the High Performance Base Incentive Grant. This cost estimate does not include site acquisition, planning, tests, inspection, or furniture and equipment and is available at the district for review by the OPSC.
- If the request is for a Modernization or Charter School Facilities Program Rehabilitation Grant, I have developed a cost estimate of the proposed project which indicates that the estimated construction cost of the work in the P&S, including deferred items and interim housing (if any) relating to the proposed project, is at least 60 percent of the total grant amount provided by the State and the district's matching share , less the High Performance Base Incentive Grant. This cost estimate does not include planning, tests, inspection or furniture and equipment and is available at the district for review by the OPSC.
- If the request is for a Modernization Grant and includes replacement of a 75 Years or Older Building(s), the cost estimate must delineate the costs associated with the work for the qualifying facility(s) pursuant to Sections 1859.78.7.1. in the DSA-approved plans apart from the other Modernization work in the DSA-approved plans and indicate that the estimated construction cost of the work in the P&S, including deferred items (if any) relating to the proposed project, is at least 60 percent of that portion of the grant amount provided by the State and the district's matching share.
- If the request is for a Modernization Grant and includes a Minimum Essential Facility or new or retrofitted Transitional Kindergarten classroom(s), the cost estimate must delineate the costs associated with the work for the qualifying facility(s) pursuant to Sections 1859.78.9.1, or 1859.78.9.2 in the DSA-approved plans apart from the other Modernization work in the DSA-approved plans and indicate that the estimated construction cost of the work in the P&S, including deferred items and interim housing (if any) relating to the proposed project, is at least 60 percent of that portion of the grant amount provided by the State and the district's matching share.

25. Certification

I certify, as the District Representative, that the information reported on this form, with the exception of items 22 and 23, is true and correct and that:

- I am an authorized representative of the district as authorized by the governing board of the district; and,
- A resolution or other appropriate documentation supporting this application under Chapter 12.5, Part 10, Division 1, commencing with Section 17070.10, et. seq., of the Education Code was adopted by the school district's governing board or the designee of the Superintendent of Public Instruction on, _____; and,
- The district has established a "Restricted Maintenance Account" for exclusive purpose of providing ongoing and major maintenance of school buildings and has developed an ongoing and major maintenance plan that complies with and is implemented under the provisions of Education Code Section 17070.75 and 17070.77 (refer to Sections 1859.100 through 1859.102); and,
- The district has considered the feasibility of the joint use of land and facilities with other governmental agencies in order to minimize school facility costs; and,
- If this funding request is for the modernization of portable classrooms eligible for an additional apportionment pursuant to Education Code Section 17073.15, the district certifies that (check the applicable box below):
  - ☐ 1. The state modernization funds will be used to replace the portable classrooms and permanently remove the displaced portables from the classroom use within six months of the filing of the Notice of Completion for the project; or,
  - ☐ 2. It has provided documentation to the Office of Public School Construction which indicates that modernizing the portable classrooms eligible for an additional apportionment is better use of public resources than the replacement of these facilities.
- Facilities to be rehabilitated under the Charter School Facilities Program previously funded with School Facility Program State funds meet the requirements of Section 1859.163.6; and,
- All contracts entered on or after November 4, 1998 for the service of any architect structural engineer or other design professional for any work under the project have been obtained pursuant to a competitive process that is consistent with the requirements of Chapter 10 (commencing with Section 4525) of Division 5, of Title 1, of the Government Code; and,
- If this request is for new construction funding, the district has received approval of the site and the plans from the CDE. Plan approval is not required if request is for separate design apportionment; and,
- If this request is for modernization or Charter School Facilities Program Rehabilitation funding, the district has received approval of the plans for the project from the CDE. Plan approval is not required if request is for separate design apportionment; and,
- The district has or will comply with the Public Contract Code regarding all laws governing the use of force account labor; and,

- This district has or will comply with Education Code Section 17076.11 regarding at least a 3 percent expenditure goal for disabled veteran business enterprises; and,
- The district matching funds required pursuant to Sections 1859.77.1 or 1859.79 has either been expended by the district, deposited in the County School Facility Fund or will be expended by the district prior to the notice of completion for the project; and,
- The district has received the necessary approval of the plans and specifications from the Division of the State Architect unless the request is for a separate site and/or design apportionment; and,
- If the district is requesting site acquisition funds as part of this application, the district has complied with Sections 1859.74 through 1859.75.1 as appropriate; and,
- With the exception of an apportionment made pursuant to Section 1859.75.1, the district understands that the lack of substantial progress toward increasing the pupil capacity or renovation of its facilities within 18 months of receipt of any funding shall be cause for the rescission of the unexpended funds (refer to Section 1859.105); and,
- If the apportionment for this project was made pursuant to Section 1859.75.1, the district understands that the lack of substantial progress toward increasing the pupil capacity or renovation of its facilities within 12 months of receipt of any funding shall be cause for the rescission of the unexpended funds (refer to Section 1859.105.1); and,
- The district understands that funds not released within 18 months of apportion ment shall be rescinded and the application shall be denied (refer to Section 1859.90); and,
- The statements set forth in this application and supporting documents are true and correct to the best of my knowledge and belief; and,
- All school facilities purchased or newly constructed under the project for use by pupils who are individuals with exceptional needs, as defined in Education Code Section 56026, shall be designed and located on the school site so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both; and,
- This form is an exact duplicate (verbatim) of the form provided by the OPSC. In the event a conflict should exist, the language in the OPSC form will prevail; and,
- The district understands that some or all of the State funding for the project must be returned to the State as a result of an audit pursuant to Sections 1859.105, 1859.105.1, 1859.106; and,
- The district has complied with the provisions of Sections 1859.76 and 1859.79.2 and that the portion of the project funded by the State does not contain work specifically prohibited in those Sections; and,
- If the SFP grants will be used for the construction or modernization of school facilities on leased land, the district has entered into a lease agreement for the leased property that meets the requirements of Section 1859.22; and,
- If the application contains a "Use of New Construction Grant" request, the district has adopted a school board resolution and housing plan at a public hearing at a regularly scheduled meeting of the governing board on _____ as specified in Sections 1859.77.2, or 1859.77.3, as appropriate. The district's approved housing plan is as indicated (check all that apply):
  - ☐ 1. The district will construct or acquire facilities for housing the pupils with funding not otherwise available to the SFP as a district match within five years of project approval by the SAB and the district must identify the source of the funds. [Applicable for Sections 1859.77.2(a) and (b) and 1859.77.3(a) and (b)]
  - ☐ 2. The district will utilize higher district loading standards providing the loading standards are within the approved district's teacher contract and do not exceed 33:1 per classroom. [Applicable for Sections 1859.77.2(a) and (b) and 1859.73(a) and (b)]
  - ☐ 3. The pupils requested from a different grade level will be housed in classrooms at an existing school in the district which will have its grade level changed, to the grade level requested, at the completion of the proposed SFP project. [Applicable for Sections 1859.77.2(b) and 1859.77.3(b)].
- If the district requested additional funding for fire code requirements pursuant to Sections 1859.71.2 or 1859.78.4, the district will include the automatic fire detection/alarm system and/or automatic sprinkler system in the project prior to completion of the project; and,
- The district has consulted with the career technical advisory committee established pursuant to Education Code Section 8070 and the need for vocational and career technical facilities is being adequately met in accordance with Education Code Sections 51224, 51225.3(b), and 51228(b), and 52336.1; and,
- If the district is requesting an Additional Grant for Energy Efficiency pursuant to Sections 1859.71.3 or 1859.78.5, the increased costs for the energy efficiency components in the project exceeds the amount of funding otherwise available to the district; and,
- If this application is submitted after January 1, 2004 for modernization funding, the district has considered the potential for the presence of lead-containing materials in the modernization project and will follow all relevant federal, state, and local standards for the management of any identified lead; and,
- The district has initiated and enforced an LCP that has been approved by the DIR, pursuant to Labor Code Section 1771.7, if the project is funded from Propositions 47 or 55 and the Notice to Proceed for the construction phase of the project is issued on or after April 1, 2003 and before January 1, 2012; and,
- The district has contracted with the DIR for prevailing wage monitoring and enforcement pursuant to Labor Code Section 1771.3(a) in effect on January 1, 2012 through June 19, 2014, if the construction contract was awarded on January 1, 2012 through June 19, 2014 and the district has not obtained a waiver for the requirement, pursuant to Labor Code Section 1771.3(b) in effect on January 1, 2012 through June 19, 2014. The district understands that if it fails to meet this requirement, it will be required to repay all state bond funds received including interest; and,
- Beginning with the 2005/2006 fiscal year, the district has complied with Education Code Section 17070.75(e) by establishing a facilities inspection system to ensure that each of its schools is maintained in good repair; and,
- If this application is submitted pursuant to Section 1859.180, the district certifies that within six months of occupancy of the permanent classrooms, it will remove the replaced portables from the eligible school site and K–12 grade classroom use with the exception of schools described in Education Code Section 17079.30(c); and,
- The district has considered the feasibility of using designs and materials for the new construction or modernization project that promote the efficient use of energy and water, maximum use of natural light and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and the other characteristics of high performance schools; and,
- If the district is requesting an additional grant for high performance incentive funding, the school district governing board must have a resolution on file that demonstrates support for the high performance incentive grant request and the intent to incorporate high performance features in future facilities projects; and,
- If this application is submitted when there is Insufficient Bond Authority, the

district has adopted a school board resolution pursuant to Section 1859.95.1; and,

- The district will comply with all laws pertaining to the construction or modernization of its school building.
- If the district marked the box for 'Yes' in Section 22 e. of this application that it has or will include a project labor agreement, the use of a project labor agreement will be verified as part of the audit required in EC Section 41024. If it is determined that a project labor agreement was not used, the additional Local Share Adjustment Grant funding provided as a result of the points assigned to the project to determine the matching share percentage will be required to be returned, with interest (based on the interest rate earned in the Pooled Money Investment Account at the time of fund release) until funds are returned.
- If the district is requesting the modernization supplemental grant for Minimum Essential Facilities pursuant to Section 1859.78.9.1 as part of this application, the district certifies that any classrooms displaced as a result of reconfiguration are replaced in the same plan set, or the district certifies that the classrooms are not being replaced due to a demonstrated lack of need and the district acknowledges that no adjustment to the district's new construction eligibility will be made for the removal of these classrooms; and,
- If this funding request is for the retrofit of kindergarten classrooms, the School District certifies that the classrooms did not meet design requirements for a kindergarten classroom at the time they were built or previously retrofitted to meet kindergarten standards; and,
- If funding for new or retrofitted Transitional Kindergarten classrooms is being requested, the School District certifies that _____classrooms were constructed or previously altered to meet the requirements for a kindergarten classroom; and,
- With regards to providing Transitional Kindergarten instruction as pursuant to Section 1859.78.9.2, the School District certifies that the School District is currently or will provide Transitional Kindergarten at the project site.

Proposed Amendments to the Facility Hardship and Seismic Mitigation Program Regulations

PURPOSE

To discuss and receive stakeholder input regarding updates to the Facility Hardship Program (FHP) and Seismic Mitigation Program (SMP) for the purposes of providing clarity, consistency, and general updates in School Facility Program (SFP) Regulation Sections 1859.82.1, and 1859.82.2, and to the *Facility Hardship Cost Estimate* (Form SAB 58-01).

DESCRIPTION

The FHP began in 1998 with the creation of the SFP. In 2006, California voters approved Proposition 1D, which provided funding to create the SMP.

The FHP provides funding assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat to students and staff. Extraordinary circumstances may include but are not limited to:

The need to replace school buildings as a result of any of the following:

- a natural disaster such as a fire, flood, or earthquake,
- proximity to a major freeway, airport, electrical facility, high power transmission lines, dame, pipeline, or industrial facility,
- adverse air quality,
- structural deficiency to the school building, or,
- site conditions such as faulting, toxic soil, or liquefaction.

The need to rehabilitate school buildings, components of school buildings, or school site conditions. Examples of this may include:

- school building structural deficiencies,
- hazardous conditions such as methane, or lead,
- unsafe water supply, or,
- site conditions such as faulting, toxic soil, landslide risk, or liquefaction.

Staff has prepared proposed program regulation and Form SAB 58-01 changes for the FHP and SMP that are included as Attachments A and B. These changes are intended to build upon the amendments approved by the Board in May 2020 and improve the functionality and effectiveness of the program regulations. In many cases the language is reorganized and clarified to ensure clarity for program applicants and the Office of Public School Construction (OPSC) as administrator of the programs.

AUTHORITY

See Attachment C.

BACKGROUND

On May 27, 2020, after three public meetings seeking stakeholder feedback, OPSC presented and the State Allocation Board (SAB) approved regulatory amendments, corresponding edits to the *Application for Funding* (Form SAB 50-04), and the establishment of a new cost estimate form called the *Facility Hardship Cost Estimate* (Form SAB 58-01). The amendments included comprehensive changes to the overall organization and structure of the regulation text, program funding, and eligibility criteria.

Through the course of processing applications received under the FHP and SMP since the 2020 program changes went into effect, OPSC has identified several areas of opportunity to provide further clarification, standardization, and improved user readability and experience of the SFP regulations governing this program.

STAFF ANALYSIS/DISCUSSION

The following improvements to the regulatory language for the FHP and SMP are presented for consideration below in order of appearance. Proposed changes that are applicable to both sections 1859.82.1 and 82.2 are listed only one time and noted as such.

Summary of Changes to SFP Regulation Section 1859.61 and FHP and SMP Regulations Sections 1859.82.1 & 82.2

Section 1859.61 – Adjustments to Modernization Baseline as a result of FHP and/or SMP Funding

The intent of SFP Regulation Section 1859.61(l) is to outline the conditions for when an adjustment to a district's modernization eligibility baseline is required as a result of receiving a New Construction Grant or Facility Hardship Square Footage Grant. For school buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2, except the district did not have the current enrollment to support the replacement and funding of those school buildings and/or classrooms, the regulations allow for an adjustment to the district's modernization eligibility.

As written, a school board resolution is required in two instances; however, the school board resolution required to allow this adjustment should only apply to qualifying classrooms that did not have enrollment to support the funding. Therefore, staff proposes language to state the requirements more clearly for how this adjustment will be made by reorganizing and renumbering the current language. A school board resolution is only required under the new Section 1859.61(l)(2)(B).

Sections 1859.82.1 & .82.2 Add Definition for Grade Category

When determining the number of classrooms needed to house enrollment at a school site, OPSC assesses this need on grade category basis in the same fashion SFP grants are assigned. The resulting number of classrooms needed to house pupils enrolled at the site are assigned by grade categories K-6, 7-8, 9-12, Non-Severe, and Severe, rather than by each grade level individually. Thus, staff proposes to define the term "grade category" in regulation.

The proposed regulation text includes the addition of the definition of "grade category" for the purposes of the FHP and SMP regulation sections only, which shall mean kindergarten through sixth grade (inclusive of transitional kindergarten), seventh grade through eighth grade, ninth grade through twelfth grade, Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs. Facilities for Non-Severely

Disabled Individuals with Exceptional Needs and Severely Disabled Individuals with Exceptional Needs receive a higher per pupil grant than K-12 pupils. Non-Severely Disabled Individuals with Exceptional Needs and Severely Disabled Individuals with Exceptional Needs students are not considered grade levels under the SFP. This added definition will better clarify that classroom capacity for Replacement applications will be determined by grade category rather than individual grade levels.

Sections 1859.82.1 & .82.2 - Minimum Work and Required Additional Work
The purpose of this change is to clarify that other governmental agencies, in addition to the Division of the State Architect (DSA), may require work to be completed as part of the qualifying FHP or SMP project. This work may also be included in the application for funding.

Sections 1859.82.1 & .82.2 - Require Additional Documents for a Complete Application Submittal for Replacement Projects
To avoid delays and enable more expeditious processing of FHP and SMP Replacement applications, the proposed regulations include two additional documents that a district must submit for a complete Approved Application.

1. A site development worksheet for projects wherein site development work was or will be performed and additional funding is being requested for site development costs.

2. A gross inventory of all school buildings located on the project site at the time of submittal of the Approved Application, such as a site diagram or floor plan, that indicates current usage/building type, grade level, and square footage of each facility.

Section 1859.82.1 - Mitigation of Asbestos
Current regulations allow for mitigation of asbestos when lab results demonstrate that it is currently friable. Staff has determined that additional clarifying language should be added to outline when asbestos mitigation can be funded under the FHP. The FHP is intended to cover costs for extraordinary circumstances pursuant to Education Code (EC) Section 17075.10. In addition, EC Section 17074.25 already provides that a district may use modernization grants for various purposes including “abatement of hazardous asbestos.” The inclusion of this allowance in section 17074.25 suggests that asbestos is not an extraordinary circumstance. FHP funding for asbestos abatement is limited to situations that arise when asbestos becomes friable only through extraordinary circumstances outside of routine repair, maintenance, or modernization work.

For example, the Board has funded asbestos mitigation for buildings damaged as a result of an earthquake that caused previously encapsulated asbestos to become friable. The friable asbestos was also confirmed by lab results. This type of project would be eligible for Facility Hardship funding because of the extraordinary circumstance that precipitated its friability.

Abatement of asbestos that is exposed or disturbed and becomes friable during routine modernization, repair or maintenance work, such as fire or access compliance upgrades, or flooring replacement, is an eligible use of SFP Modernization grants. This type of project would not qualify for the Facility Hardship Program.

Sections 1859.82.1 & .82.2 - Clarify the Calculation Methodology for Base Grant Funding of Individual Building Replacement Applications
OPSC has received funding requests recently that are changing the use of the space being replaced, had less than adequately sized facilities prior to the health and safety issue, and/or are required to build back more square footage than is provided for in SFP regulations in order to obtain DSA plan approval. OPSC saw an opportunity to incorporate language that will help to clarify how funding is calculated when some, but not all buildings on the site are being replaced.

The base grant for applications that qualify for Replacement funding to replace some but not all school buildings on a school site is based upon the Square Footage grant amount determined by the calculation methodology in SFP Regulation Sections 1859.82.1(b)(4)(B) and 1859.82.2(b)(4)(B). To more clearly explain the grant calculation process for Replacement applications, the proposed regulations include the following clarifying changes to the language detailing this grant calculation methodology:

- Add language clarifying that funding will be based upon the facility type of the school building being constructed in addition to the Square Footage of the building being replaced. This change will clarify how funding will be provided in scenarios wherein a school district is replacing the eligible school building of one Facility Type with a school building of a different Facility Type.
- Add language clarifying that funding may be provided for at least the minimum Square Footage amount allowable in the regulation chart for the applicable Facility Type if the Square Footage of the school building being replaced was less than the amount prescribed in the chart, provided that the District is constructing at least that minimum Square Footage. Making this change will ensure that the funding provided will be for a facility that is adequately sized for the Facility Type and the site's enrollment.
- Add language to provide flexibility for circumstances in which school districts are required to construct more toilet square footage than the Square Footage calculation determines as allowable for the project and site in order to obtain plan approval from DSA.

Sections 1859.82.1 & .82.2 - Further Define Eligible Funding for Rehabilitation Applications
Through the course of processing applications seeking Rehabilitation funding, OPSC identified the need to further outline how funding would be provided for Rehabilitation applications involving the replacement of components or unenclosed roofed structures, such as lunch shelters, shade structures, and covered walkways.

While the regulations are clear in that school districts can perform work that is beyond the health and safety scope, FHP and SMP funds are intended to be based only on costs associated with the minimum work necessary to mitigate a qualifying health and safety threat and any additional work that may be required in order to obtain required approvals from governmental entities. Staff's intent with these proposed changes is to maintain the Program's focus on funding only the minimum mitigation work outlined in the industry specialist's report submitted with the application while also allowing for flexibility in Program funding for additional costs school districts are required to incur in order to meet governmental agency requirements in the pursuit of completing the mitigation work and obtaining plan approval.

For example, a structural engineer has determined that a wooden lunch shelter has significant dry rot and structural integrity issues due to design failures, making collapse of the structure likely and, as such, threatening the health and safety of the students and staff. Due to the significant issues posed, the industry specialist has determined that the most cost effective way to mitigate the health and safety issue is to replace the wooden lunch shelter with one made of steel. In this scenario, funds associated with replacing the wooden lunch shelter with a metal lunch shelter would be deemed eligible for Rehabilitation funding because the industry specialist's report detailed how the change in material was integral in fully mitigating the health and safety threat as the combination of the wood, adverse climate conditions, and design all were contributing factors to rendering the lunch shelter at imminent risk of collapse.

However, if the district in this same scenario instead opts to replace the wooden lunch shelter with a state-of-the-art lunch shelter made with high-end materials, retractable walls, and enhanced supplemental components like HVAC units, funding for this project would not be

based on the costs involved with constructing the enhanced lunch shelter but, rather, to provide replacement of what was existing before but may include required safety upgrades such as material changes as outlined in the industry specialist's report.

In cases where the industry specialist's report outlines rehabilitation work as the resolution to mitigate the health and safety threat, the rehabilitation work outlined in the report will used to generate the funding provided for the funding request as it would represent the minimum work needed to provide a safe structure and meet the requirements needed to obtain plan approval of the project.

Sections 1859.82.2 - Supplemental Grants
Staff determined that the following amendments were needed regarding the supplemental grants that certain applications may be eligible to request.

1. Staff proposes adding the New Construction Excessive Cost Hardship Grant for urban location, security requirements and impacted site to the list of supplemental grants qualifying SMP applications seeking Replacement funding to replace some but not all school buildings may request. The omission of this grant was an oversight when regulations were updated in 2020, and this amendment will ensure that qualifying SMP Replacement applications may receive funding to properly account for added costs presented by urban construction that these new construction-type projects may face and that are not accounted for in the base funding for SMP Replacement funding. This amendment will also ensure consistency in the supplemental grant opportunities provided to both FHP Replacement applications and SMP Replacement applications.

2. Staff proposes removing the Excessive Cost Hardship Grant for accessibility and fire code requirements for a new two-stop elevator from the list of supplemental grants that qualifying SMP Rehabilitation applications may request. This supplemental grant is duplicative. Costs for the new two-stop elevators required by DSA would already be eligible to be included in the cost estimate. If the cost benefit analysis finds the rehabilitation costs to be less than 50 percent of the replacement amount for the building, the necessary costs would be included on the Form SAB 58-01 that generates rehabilitation funding for the project.

Sections 1859.82.1 & .82.2 - Eligible Costs for Inclusion in the Form SAB 58-01
In response to stakeholder feedback provided at the stakeholder meetings held prior to the 2020 regulation changes, and through written correspondence to OPSC, staff incorporated language clarifying that funding will be provided for code compliance work if it is required by DSA to obtain plan approval of the health and safety scope. Since the enactment of the updated regulations, staff has identified an opportunity to strengthen this language while also providing flexibility for the Board to provide additional funding to cover supplemental work that school districts may be required to perform in order to obtain all needed approvals for the health and safety work. The proposed regulations include language to specifically note that Districts may include additional work beyond the minimum work needed to mitigate the qualifying health and safety threat in the Form SAB 58-01 if it is required to be completed to gain required approvals from DSA and/or other Governmental Agencies (as defined in Section 1859.2).

Sections 1859.82.1 & 82.2 - Specify Concurring Agency for Rehabilitation Applications for Hazardous Materials and Waste Projects
The proposed regulations specify that FHP Rehabilitation applications for the cleanup and/or remediation of hazardous materials and waste under the jurisdiction/oversight of the Department of Toxic Substances Control (DTSC) must obtain a letter of concurrence from DSTC. The requirement for DTSC concurrence for hazardous cleanup projects aligns with guidance in SFP Regulations for New Construction projects and ensures that the proper

authority over such work is involved in FHP Rehabilitation projects.

Facility Hardship Cost Estimate (Form SAB 58-01) Update
When the Form SAB 58-01 (Form) was approved, it was intended that Staff would annually publish the SAB 58-01 in a template format with updated allowances in conformance with the Current Construction Remodeling Costs publication, as needed. Staff is amending the format of the official Form SAB 58-01 to align with the order of the categories for the General Requirements Section as published in the Sierra West Publication, *Current Construction Remodeling Costs*.

Regulation Section 1859.82.1(c)(3)(C) already outlines what the Form SAB 58-01 needs to include. Subsection 1 requires all Forms SAB 58-01 to be prepared in accordance with Sierra West. This section states, "The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling Costs publication by Sierra West Publishing…." Staff has confirmed with Sierra West staff that these changes to the soft cost schedule align with their publications. A summary of the proposed changes follows.

Instructions tab is updated to better explain the requirements of the Form and its calculations.

Estimate Detail tab is expanded and updated as follows:

Part I

- Numbered the column for "OPSC's Allowance." This assists with providing instructions and references to this section.
- Added a column for "OPSC Review Comments." Currently a column is not available for OPSC to provide an explanation for why a value was disallowed or allowed at a value different than requested.
- Access Compliance - OPSC is proposing the addition of this line to save districts time, make application processing more efficient, and ensure that funding is provided to cover the maximum accessibility work that would be required for the project. In cases where a school district qualifies for funding as a rehabilitation project, but intends to do replacement work, OPSC does not require fully approved construction plans to support the cost estimate used to generate the rehabilitation estimate used to provide funding for the project. This approach may also be used when creating a cost estimate for rehabilitation work used as part of the cost benefit analysis conducted to determine if the project is eligible for rehabilitation or replacement funding.

  In lieu of requesting individual line items for Access Compliance, the district may request a 20-percent allowance to cover the costs of the maximum Access Compliance work required by DSA. This allowance is reflective of the maximum requirements in Title 24, Section 11B-202.4, Exemptions, 8.

  - NOTE: The 20-percent allowance is only used for applications using conceptual or schematic drawings, typically part of the cost benefit analysis to determine if the project will receive rehabilitation or replacement funding. It does not apply to applications with DSA-approved plans showing the actual work required. The facility hardship grant may only be provided for work directly associated with the minimum mitigation of the health and safety threat, as well as any other work required to gain plan approval or to complete the project by agencies with project oversight. Delineating this work out from the other improvements being made in the same plan set can be challenging, especially for hybrid projects.

Part II
Contractor Burden Costs - This Part has been renamed from *General Requirements* to *Contractor Burden*. In consultation with Sierra West representatives and districts, OPSC received feedback that the term "Contractor Burden" would be a more accurate description. The update in terminology is to clarify that these are hard costs related to the items the contractor is required to provide for a successful project completion. The Sierra West publication allows contractor burden for the following items:

General Conditions- There is a two-step process for calculating this allowance, as follows:

1. "Multiplier" - Determine the applicable percentage to multiply the total by from Sierra West. The percentage is based on the scope of the project, as reflected in the total project cost reported to DSA, compared to CSI# 01.1000 000 in Sierra West. The purpose of completing this calculation is to get the allowance percentage to be commensurate with what the district is paying as part of the contract to complete the hardship work. Often FHP and SMP applications fund a portion of a comprehensive modernization project. If the percentage was based just on the OPSC allowance subtotal, it would appear that the project was smaller and therefore would generate a higher percentage allowance. This could ultimately result in significantly more contractor burden funding than actually applicable to the health and safety mitigation. Additionally, the FHP and SMP can only fund the minimum work required to mitigate the health and safety threat. Providing excess contractor burden allowances would not be in alignment with program intent.
2. Multiply the percentage determined above, by the section Construction Subtotal. This calculation will result in the eligible grant amount for General Conditions.

Example A. A project was a stand-alone Facility Hardship application where the only scope in the DSA-approved plans is the minimum mitigation work and any required ancillary work to gain plan approval and complete the project. The application qualified for an OPSC Allowance Subtotal of $1.5 million and has a total project cost reported to DSA for the plan set of $1.5 million. In accordance with Sierra West, the Project would qualify for a General Conditions percentage of 12%, which results in a grant of $180,000 for General Conditions.

An example of the Sierra West publication reference can be found below:

01.1000 000	**GENERAL CONDITIONS:** *Note: General conditions will range from 6% of project costs for large projects to 20% of project costs for small projects. If manual labor distributables are excluded, allow for 0.9% of project cost. Congested urban areas, allow an additional 2%.*

$5 to $10 Million	10.0	8.0	7.0	8.0	5.0	6.0	5.0	5.0	5.0	6.0	7.0
$10 to $20 Million	8.0	7.0	6.0	7.5	5.2	5.5	5.0	5.0	5.0	0.0	0.0
$20 to $50 Million	7.0	6.5	6.0	7.0	5.0	5.0	4.5	4.5	4.5	0.0	0.0
$50 to $100 Million	6.5	6.0	5.5	6.5	4.5	4.7	4.5	4.5	4.2	0.0	0.0
$100 Million and Up	6.0	5.5	5.0	6.0	4.5	4.5	4.5	4.5	0.0	0.0	0.0

Example B. A project is to mitigate a health and safety threat that qualifies for the Facility Hardship program. While completing the work to mitigate the threat, the district would also like to complete a comprehensive modernization project for the site. The application qualified for an OPSC Allowance Subtotal of $1.5 million and has a total project cost reported to DSA for the plan set of $100.5 million. In accordance with Sierra West, the Project would qualify for a General Conditions percentage of 5.5% based off of the total project cost of $100.5 million.

That percentage would then be applied to the $1.5 million OPSC Allowance Subtotal and result in a General Conditions grant of $82,500. This approach reflects the benefits of the economies of scale from combining the facility hardship scope of work with the additional scope completed in the same plan set.

An example of the Sierra West publication reference can be found below:

01.1000 000	**GENERAL CONDITIONS:** *Note: General conditions will range from 6% of project costs for large projects to 20% of project costs for small projects. If manual labor distributables are excluded, allow for 0.9% of project cost. Congested urban areas, allow an additional 2%.*

	REPAIR OF FIRE DAMAGE	ALTERATIONS & ADDITIONS	UNIQUE STRUCTURE	INSTITUTIONAL STRUCTURE	COMMERCIAL STRUCTURE	PUBLIC WORKS HEAVY	HIGH RISE HOUSING	LOW RISE HOUSING	SINGLE FAMILY TRACT	SINGLE FAMILY CUSTOM	SINGLE FAMILY ARCHITECTURAL
AMOUNT/SIZE	%	%	%	%	%	%	%	%	%	%	%
Under $200 Thousand	20.0	20.0	18.0	16.5	15.0	15.0	15.0	15.0	15.0	15.0	20.0
$200 to $500 Thousand	18.0	16.0	14.0	12.0	10.0	10.0	10.0	10.0	10.0	12.0	15.0
$500 Thousand to $1 Million	16.0	14.0	12.0	10.0	8.0	9.0	8.0	8.0	8.0	10.0	11.0
$1 to $2 Million	14.0	12.0	10.0	8.0	6.5	7.0	6.5	6.5	6.5	8.0	10.0
$2 to $5 Million	12.0	10.0	8.0	8.0	5.5	6.5	5.5	5.5	5.5	6.5	7.5
$5 to $10 Million	10.0	8.0	7.0	8.0	5.0	6.0	5.0	5.0	5.0	6.0	7.0
$10 to $20 Million	8.0	7.0	6.0	7.5	5.2	5.5	5.0	5.0	5.0	0.0	0.0
$20 to $50 Million	7.0	6.5	6.0	7.0	5.0	5.0	4.5	4.5	4.5	0.0	0.0
$50 to $100 Million	6.5	6.0	5.5	6.5	4.5	4.7	4.5	4.5	4.2	0.0	0.0
$100 Million and Up	6.0	5.5	5.0	6.0	4.5	4.5	4.5	4.5	0.0	0.0	0.0

The FHP and SMP require funding be provided for the minimum work required to mitigate the threat. Providing funding for contractor burden costs disproportionate to the project, as reflected in the DSA-approved plan set, would result in over-funding of these applications beyond the minimum work to mitigate the health and safety threat, and result in less hardship funding being available to other districts in need.

Overhead, Profit, and Bond- Like General Conditions, there is a two-step process for calculating this allowance as follows:

1. "Multiplier" - Determine the applicable percentage from Sierra West to multiply by the total. The percentage is based on the scope of the project, as reflected in the total project cost reported to DSA, compared to CSI# 01.2000 000 in Sierra West. Like with General Conditions, the purpose of completing this calculation is to get the allowance percentage to be commensurate with the cost of the project (DSA-approved plan set).
2. Multiply the percentage by the sum of the Construction Subtotal from Part 1 and the allowance for General Conditions from Part II. This calculation will result in the eligible grant amount for Overhead, Profit and Bonds.

Escalation- The allowance provided is in accordance with CSI#1.300 000 and updated annually in accordance with the latest version of the Sierra West publication. To calculate this allowance, perform the following steps:

1. Sum the Construction Subtotal from Part 1 with the allowances for General Conditions and Overhead, Profit & Bond from Part II.
2. Multiply the sum by the allowance outlined in Sierra West, in accordance with Sierra West CSI#1.300 000. The amount for escalation will vary based on each project's circumstances.

If the project has been completed, the application does not qualify for Escalation. Project completion is based on the submittal of Form DSA 156, *Commencement/Completion of Work Notification* to DSA.

Contingencies- This is a newly provided allowance, in accordance with Sierra West CSI#1.400 000. This allowance is available to applications that are eligible to receive program funding but do not have final DSA-approved plans for the actual work being

funded. Examples of these types of applications include SMP applications that qualify for rehabilitation funding but will be replacing their school building. In these cases, a District submits schematic drawings of the seismic mitigation work they would have had to complete if the building was being repaired and retained. While the District is eligible to receive funding for the total minimum cost it would take to rehabilitate, the conceptual drawings do not include the full design, scope, or exact measurements that would be included on a DSA-approved plan set if the rehabilitation work were being completed. For this reason, the contingency allowance is extended to these applications to account for the additional work that would be outlined if the plans were final working drawings.

This allowance is also extended to FHP and SMP applications for conceptual and/or design approval since there are no working drawings for the proposed project. When these applications return to OPSC for their project funding, the contingency fee allowance will be $0, assuming there are final working drawings for the project.

Geographic Differences- Sierra West includes a section for geographical differences as Section 1.500 000. However, this adjustment is not applied towards FHP and SMP projects. The Sierra West publication already defaults to the San Francisco Index at 100 percent, meaning all costs reviewed by OPSC are approved at the San Francisco rate. If OPSC were to adjust based on the actual location of the project, the vast majority of the projects funded would be decreased based on the chart shown below from the publication.

Additionally, FHP and SMP projects are able to request the Excessive Cost Hardship Grant in accordance with SFP Regulation Section 1859.83(a) for projects in areas that are recognized as needing geographic adjustment in SFP regulations.

Compounding of Allowances - Allowances for Part II - Contractor Burden shall be compounded in the order listed in the applicable Sierra West publication. The importance of this compounding method was emphasized by the Sierra West representatives during our discussions on use of their publication.

Part III - Design Costs and Fees

Project Inspection Allowance - The name of this allowance has been updated from “DSA Inspection Fee.” This is to help clarify that the allowance provided is for the services of a DSA-certified inspector for the duration of the project, not a fee paid to DSA. The allowance provided continues to be 1.00 percent, based on Construction Subtotal. This is only allowed if the project requires DSA approval.

Design Cost Specialist Allowance - The calculation remains the same, but the name of this allowance has been updated from “Design Cost Allowance.” This is to help clarify the allowance provided is for the costs of the services of a licensed design specialist to provide professional services in the design development and construction phases of a project. The allowance is not intended to cover all costs related to the design phase of a construction project. The allowance continues to be based on a sliding scale which was used in the Lease-Purchase Program and continues to be used under the SFP. In 2020, the sliding scale was adopted as part of the creation of the Form SAB 58-01. The sliding scale is referenced below Part III- Design Costs & Fees.

NEXT STEPS

Staff is seeking stakeholder feedback on all of the above proposals to ensure that funding is provided to address any additional work required by approving governmental entities that is precipitated by the health and safety threat, to provide additional program clarity, and to maintain program integrity related to providing funding only related to minimum health and safety mitigation work.

The proposed regulation text has been included as Attachment A, while the proposed revisions to the Form SAB 58-01 and Form SAB 50-04 have been included as Attachment B and Attachment C, respectively.

Staff requests stakeholder feedback on the proposed changes and topics outlined in this item. Any stakeholder wishing to provide feedback should email Staff by end of day on June 14, 2024.

If necessary, OPSC will present at a future stakeholder meeting any revisions to the proposed SFP regulations and related forms based on today’s discussion and feedback that is received by June 14. If you would like to submit written feedback, please email your suggestions to the OPSC Communications Team at OPSCCommunications@dgs.ca.gov.

Section 1859.61. Adjustments to the Modernization Baseline Eligibility.

The baseline eligibility for modernization as provided in Section 1859.60 for a specific site will be adjusted as follows:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or a CSFP Rehabilitation project at the specific site.
(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Education Code Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Sections 1859.14 and 1859.15.
(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
(d) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or as a result of audit findings made pursuant to Sections 1859.90, 1859.90.3 and 1859.105.
(e) Adjusted as a result of errors or omissions by the district or by the OPSC.
(f) Adjusted as a result of amendments to these Subgroup 5.5 Regulations that affect the eligibility.
(g) For classroom loading standards adopted by the Board for non-severely disabled individuals with exceptional needs and severely disabled individuals with exceptional needs.
(h) As directed by the Board due to a finding of a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Section 1859.78.8.
(j) Decreased for facilities that were deemed eligible for modernization pursuant to Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
(k) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, pursuant to Education Code Section 17079, et seq.
(l) ~~Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 use,~~ Adjusted as a result of school buildings, as defined in Section 1859.82, and/or classrooms that have been replaced, demolished, or removed from classroom use via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2 as follows:
(1) ~~School Buildings~~ For school buildings and/or classrooms that receive replacement funding ~~via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2,~~ the building age shall be reset to the date of the Apportionment for the corresponding project.
(2) ~~School Buildings~~ For school buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those ~~S~~school ~~B~~buildings and/or classrooms~~. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.~~ as follows:
(A) For school buildings and/or classrooms that have been demolished, the building and/or classroom shall be removed from the classroom inventory that was used to establish modernization eligibility at the site.
(B) For school buildings and/or classrooms that have been removed from K-12 classroom use and remain on the site, upon receipt of a local school board resolution acknowledging that the school buildings and/or classrooms have been removed from K-12 classroom use, the building and/or classroom shall be identified on a list published on OPSC's website and removed from the Gross Classroom Inventory that was used to establish modernization eligibility at the site.

~~For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.~~

[…]

Section 1859.82. Facility Hardship Program and Seismic Mitigation Program.

A school district may apply for Facility Hardship, including Seismic Mitigation Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17075.10, 17075.15, 100420, 100620, 100820, 101012(a)(1) and 101122, Education Code.

Section 1859.82.1. Facility Hardship Program.

"School ~~B~~building" for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities. For the purposes of this Section, "grade category" shall refer to any of the following: kindergarten (including transitional kindergarten) through sixth grade (K-6), seventh grade through eighth grade (7-8), ninth grade though twelfth grade (9-12), Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs.

A district is eligible for Facility Hardship funding to repair, replace, or construct ~~S~~school ~~B~~buildings or related required components, including but not limited to water supply, electrical, and site development, that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, ~~this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval~~ additional work beyond the minimum work needed to mitigate the qualifying health and safety threat may be incorporated into a qualifying Facility Hardship application if it is required to be completed to obtain required approvals from DSA and/or other Governmental Agencies.

Beginning 90 days after the effective date of this Section [November 29, 2020], Approved Applications requesting Facility Hardship Program funding shall be submitted to OPSC within 12 months of DSA approval for the scope of work mitigating the identified health and safety threat. If the project does not require DSA approval, then the Approved Application for funding must be received within the 6 months following project completion, as demonstrated by the earliest of the following: the date that the notice of completion of the project has been filed; occupancy of any portion of the project ~~F~~facility; or when the ~~S~~school ~~B~~buildings or components of the ~~S~~school ~~B~~buildings in the project are currently in use by the district. If a district demonstrates that extreme or unusual circumstances prevented the submission of an eligible application within the applicable timeline outlined above, OPSC may allow up to an additional 6 months for submittal.

(a) Districts may qualify for funding to replace or construct new ~~S~~school ~~B~~buildings. Factors to be considered by the Board to determine eligibility for Facility Hardship program replacement funding may include, but are not limited to:
(1) Damage or loss as a result of a natural disaster such as a fire, flood, or earthquake.
(2) Proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, or industrial facility.
(3) Adverse air quality.
(4) Structural deficiency to the ~~S~~school ~~B~~building, and
(5) Site conditions such as faulting, toxic soil, or liquefaction.
(b) To qualify for replacement funding for ~~S~~school ~~B~~buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For ~~S~~school ~~B~~buildings that are lost, destroyed, or unable to be repaired, the district must submit:
(A) A report from an industry specialist (a person or entity that specializes in the specific area of expertise for that

health and safety issue) that states that the only way to mitigate the health and safety threat is to replace the ~~S~~school ~~B~~building(s).

(B) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the district.

(C) If the district is requesting additional funding for site development costs and performed or will perform site development work as part of the qualifying project, a detailed cost estimate for applicable site development work pursuant to Section 1859.76 and any justification documents that support the work.

(2) For permanent ~~S~~school ~~B~~building(s) where the cost to rehabilitate the ~~S~~school ~~B~~building(s) exceeds 50 percent of the Current Replacement Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant, the district must submit:

(A) A report by an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that outlines the minimum work to mitigate the health and safety threat and remain in the existing ~~S~~school ~~B~~building. If the threat is due to the presence of mold, OPSC must conduct a site visit to discuss the scope of the project prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the asbestos is currently friable, and provides the location, material, and testing methods used. Mitigation of asbestos that becomes friable in the course of school building maintenance, repairs or modernization work is not eligible for funding pursuant to Section 1859.82.1.

(B) A letter of concurrence from a ~~g~~Governmental ~~a~~Agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist report on both 1. and 2. below:

1. An imminent health and safety threat to student and/or staff exists.
2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and allow the continued use of the ~~S~~school ~~B~~building(s).

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work required to mitigate the health and safety threat.
4. The estimate submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any work required by DSA and other Governmental Agencies to obtain plan approval for the minimum work required to mitigate the health and safety threat.

(D) A cost/benefit analysis that demonstrates the minimum work required to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~building exceeds 50 percent of the Current Replacement Cost of the existing Square Footage of the ~~S~~school ~~B~~building. The minimum work required may include work required by DSA to gain approval for the mitigation project.

(E) A gross inventory of all school buildings located on the project site, such as a site diagram or floor plan. The documentation must indicate the current usage, square footage, and facility type of all school buildings located on the project site at the time of application submittal. For all spaces used as classrooms, the current grade level must also be indicated.

~~(E)~~(F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt

from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.

5. If the district is requesting additional funding for site development costs and performed or will perform site development work as part of the qualifying project, a detailed cost estimate for applicable site development work pursuant to Section 1859.76 and any justification documents that support the work.

(3) Applications for Facility Hardship replacement funding that do not submit all documents required as part of (1) or (2) above shall be returned without review.

(4) If the district qualifies for funding to replace its ~~S~~school ~~B~~buildings, the district is eligible to receive funding for the project as follows:

(A) If the district is required to replace all ~~S~~school ~~B~~buildings on site, the district is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The classroom capacity determined by multiplying the number of classrooms in each grade category on the project site being replaced by:

a. 25 pupils for each K-6 classroom.
b. 27 pupils for each 7-12 classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

4. Additional funding may be provided, as applicable, for:

a. ~~F~~fire ~~C~~code ~~R~~requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to Sections 1859.74, 1859.74.5, and 1859.75,
g. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3, and 1859.74.4,
h. Applicable site development costs pursuant to Section 1859.76, and
i. New Construction Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
j. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b),
k. New Construction Excessive Cost Hardship Grant(s) for new school projects pursuant to Section 1859.83(c), and
l. New Construction Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(B) If the district qualifies to replace some, but not all permanent ~~S~~school ~~B~~building(s) on the project site, ~~funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category justified by enrollment at the project site as follows~~ the district is eligible to receive a grant based on the total eligible Square Footage of permanent school buildings replaced determined as follows:

1. ~~The~~ Determine the enrollment at the project site~~, is determined by~~ using the higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

2. ~~Using the enrollment determined in 1. any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below:~~Determine the total eligible Square Footage of the school building(s) being replaced using the enrollment determined in 1. for each facility type in the chart and limited by a., b. and c. below. The total eligible Square Footage is capped by the lesser of the amount provided for each facility type in the chart below and the actual Square Footage constructed for each facility type.

a. If the actual square footage being constructed in the replacement project is less than the amount allowable in the chart for each facility type, the replacement Square Footage shall be limited to the actual square footage constructed.

b. Non-specialized ~~classroom space~~ classrooms provided ~~is~~ are limited by the enrollment determined in 1. rounded up to the nearest whole classroom based on 1859.82.1(b)(4)(A)2., and then reduced for any classroom space available at the site to house the pupils at the site.

c. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

d. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, workrooms, and vestibules.

e. If the Square Footage of the school building(s) being replaced is less than the minimum amount allowable in the chart for each facility type, the replacement Square Footage shall be the lesser of the minimum amount allowable in the chart for the facility type and the actual Square Footage being constructed for the facility type in the replacement project.

f. If a district submits documentation that demonstrates that in order to obtain plan approval from DSA the district was required to construct more Toilet Square Footage than the Square Footage amount determined to be allowable for funding pursuant to the calculation methodology outlined in (B) above, funding may be provided for the Toilet Square Footage required to be constructed that is beyond the amount calculated in accordance with (B) above.

Facility Type	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.

Laboratory Classrooms (including science and consumer home economics. (Does not include Industrial and Technology/Education Laboratory)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

g. Beginning August 31, 2020, the resulting Square Footage amount(s) shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs). The amounts shown will be adjusted in the manner prescribed in Section 1859.71.

3. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,
b. multilevel construction pursuant to Section 1859.73,
c. project assistance pursuant to Section 1859.73.1.
d. replacement with multistory construction pursuant to Section 1859.73.2,
e. site acquisition pursuant to Section 1859.74,
f. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
g. Applicable site development costs pursuant to Section 1859.76, and
h. New Construction Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
i. New Construction Excessive Cost Hardship Grant(s) for small size Projects pursuant to Section 1859.83(b), and
j. New Construction Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(C) ~~Using the enrollment determined in (b)(4)(B)1., any Portable Classroom replacement funding will be calculated using the Portable Replacement Grant. Any portable toilet facilities provided will be calculated using the Portable Toilet Replacement Grant.~~ The total Portable Classroom or portable toilet Square Footage eligible for replacement will be based on the enrollment determined in (b)(4)(B)1and the chart above. Any space not in the chart above will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, workrooms, and vestibules. Funding for the replacement of Portable Classroom Square Footage will be calculated using the Portable Replacement Grant. Funding for replacement of portable toilet Square Footage will be calculated using the Portable Toilet Replacement Grant.

1. Additional funding may be provided, as applicable, for:

a. Fire pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. project assistance pursuant to Section 1859.73.1.
d. site acquisition pursuant to Section 1859.74,
e. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
f. Applicable site development costs pursuant to Section 1859.76, and
g. Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
h. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and
i. Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(D) If the district qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the qualifying health and safety threat is fully mitigated. If replacement funding is used for rehabilitation work, the district may request the following supplemental grants, as applicable, for:

1. Fire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.1(b)(4)(A),
2. Therapy room pursuant to Section 1859.72,
3. Project assistance pursuant to Section 1859.73.1,
4. Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
5. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and

6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) Districts may qualify for funding to rehabilitate their ~~S~~school ~~B~~buildings, components of ~~S~~school ~~B~~buildings, unenclosed roofed structures used for school purposes, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School ~~B~~buildings where the minimum cost to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~building is 50 percent or less of the Current Replacement Cost.

(2) Components of the ~~S~~school ~~B~~buildings, unenclosed roofed structures used for school purposes, or school ~~sites~~ site conditions that are causing a health and safety threat to students and/or staff. Health and safety threats that may qualify include, but are not limited to:

(A) School ~~B~~building structural deficiency.

(B) Hazardous conditions such as methane, lead, or asbestos mitigation.

(C) Unsafe water supply.

(D) Site conditions such as faulting, toxic soil, landslide risk, or liquefaction.

(3) To qualify for Facility Hardship rehabilitation funding for ~~S~~school ~~B~~buildings, ~~or~~ components of ~~S~~school ~~B~~building(s), unenclosed roofed structures used for school use, or school site conditions, the district must submit an Approved Application for funding and all documents outlined below. Applications that do not meet the requirements below shall be returned without review.

(A) A report by an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that outlines the minimum work to mitigate the health and safety threat ~~and remain in the existing School Building.~~ If the application is for an existing school building(s), the report must also outline the minimum work to allow the continued use of the school building(s). If the application is for a component of a school building(s) or an unenclosed roofed structure used for school purposes, the report must either outline the minimum work to allow the continued use of the component or unenclosed roofed structure or the minimum work to replace the component or unenclosed roofed structure with a component or structure of like-kind with only the minimum required safety improvements needed to obtain DSA approval. If the threat is due to the presence of mold, OPSC must conduct a site visit to view the damage prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the asbestos is currently friable, and provides the location, material, and testing methods usedMitigation of asbestos that becomes friable in the course of school building maintenance, repairs or a modernization project is not eligible for funding under Section 1859.82.

(B) A letter of concurrence from a ~~g~~Governmental ~~a~~Agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist's report on both 1. and 2. below:

1. An imminent health and safety threat to students and/or staff exists.
2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and, as applicable, either allow the continued use of the ~~S~~school ~~B~~building(s), ~~or~~ component, unenclosed roofed structure or replace the component or unenclosed structure with a component or unenclosed roofed structure of like-kind with required safety improvements. If the application is for the cleanup and/or remediation of hazardous materials and waste, the governmental concurrence letter must be from the Department of Toxic Substances Control.

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed and will be disallowed.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist

(a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work required to mitigate the health and safety threat.

4. If the project requires DSA plan approval, the Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any associated work required by DSA and other Governmental Agencies to obtain approval for the minimum work required to mitigate ~~as a result of the mitigation of~~ the health and safety threat.
6. If the minimum work required to mitigate the health and safety threat is the replacement of unenclosed roofed structures used for school purposes, funding shall be provided for costs associated with replacing the unenclosed structure in like-kind with required safety improvements to obtain DSA approval.

(D) Facility Hardship applications for ~~S~~school ~~B~~buildings must also include a cost/benefit analysis. The cost/benefit analysis shall be completed based on the type of the project as outlined below:

1. For permanent buildings, the district must demonstrate the minimum work required to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~buildings is less than 50 percent of the Current Replacement Cost of the ~~S~~school ~~B~~building. The minimum work required may include work required by Division of the State Architect to gain approval for the mitigation project.
2. For ~~P~~portable ~~S~~school ~~B~~buildings, the district must demonstrate the minimum work required to mitigate the health and safety threat and remain in the portable building is less than the Portable Classroom Replacement Grant. The minimum work required may also include any associated work required by DSA as a result of the mitigation of the health and safety threat.
3. Applications that are for necessary components of a ~~site or~~ ~~S~~school ~~B~~building or school site condition, such as hazardous water supply, methane mitigation, faulting, liquefaction, landslide potential, friable asbestos, or unenclosed roofed structures used for school purposes do not require a Cost Benefit Analysis to be submitted.

(E) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code Section 17070.955.

(4) If the district qualifies for funding ~~to rehabilitate or repair its School Buildings~~pursuant to 1859.82.1(c), the district is eligible to receive funding for the project as follows:

(A) Rehabilitation Costs provided shall be 60 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.1(c)(3)(C) that has been reviewed and approved by the OPSC and approved by the Board.

(B) If the district qualifies for rehabilitation funding, the funding may be used towards the replacement of the ~~facility~~ school building as long as the qualifying health and safety threat is fully mitigated.

(C) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1.
2. geographic percentage factor pursuant to 1859.83(a)

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the district, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) Reduced by 50 percent of any insurance proceeds collectable by the district for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.

(2) For projects funded in accordance to (c) above:
(A) 60 percent of any insurance proceeds collectable by the district for the project.
(B) 60 percent of the net proceeds available from the disposition of any displaced facilities in the project.
(e) Adjustments to School Facility Program per-pupil grants.
(1) The district's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).
(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and square footage in the project shall be reset to the date of the Apportionment for the project.
(f) Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.
(1) To request advanced funding for design for eligible projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.
(2) Advanced funding for design shall be provided based on the eligible project type as follows:
(A) For projects receiving funding for advanced design for the replacement of all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.1(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any district funds available for the project pursuant to Section 1859.81(a).
(B) For projects receiving funding for advanced design for at least one but not all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.1(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any district funds available for the project pursuant to Section 1859.81(a).
(C) For projects receiving funding for advanced design for Rehabilitation Costs pursuant to Section 1859.82.1(c)(4)(A), the Board will apportion an amount not to exceed 25 percent of the Rehabilitation Costs determined pursuant to Section 1859.82.1(c)(4)(A) less any district funds available for the project pursuant to Section 1859.81(a).
(3) Advanced funding for site shall be provided pursuant to 1859.82.1(b)(4)(A)4. The district is eligible for advanced funding for site acquisition as calculated pursuant to 1859.81.1.
(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying districts may request a separate Apportionment for the design and for site acquisition for the same facility hardship project.
(5) The district is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance to 1859.82.1(c) or site development worksheet for projects funded in accordance to 1859.82.1(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of ~~S~~school ~~B~~building(s)which will be located on a replacement site.
(6) If the district does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.1 shall be offset by any funding previously provided for the project.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17075.10, 17075.15, 100420, 100620, 100820, 101012 and 101122, Education Code.

Section 1859.82.2. Seismic Mitigation Program.

"School ~~B~~building" for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities. For the purposes of this Section, "grade category" shall mean kindergarten (including transitional kindergarten) through sixth grade (K-6), seventh grade through eighth grade (7-8), ninth grade though twelfth grade (9-12), Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs. "Facility type," for the purposes of this section, refers to the types of facilities listed in the chart below.

A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as ~~S~~school ~~F~~facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the DSA while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.

(a) Seismic mitigation projects must meet all of the following requirements:
(1) The construction contract was executed on or after May 20, 2006;
(2) The project funding provided shall be for the minimum work necessary to obtain DSA approval for the work to mitigate the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event;
(3) The ~~S~~school ~~B~~building(s) is designed for occupancy by students and staff; and
(4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for ~~S~~school ~~B~~building(s), the district must submit an Approved Application for funding based on their specific circumstances in accordance to either (1) or (2) below:
(1) For ~~S~~school ~~B~~building(s) that are lost, destroyed, or unable to be repaired the district must submit:
(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the ~~S~~school ~~B~~building(s) that are the Most Vulnerable Category 2 ~~b~~Building(s) and;
(B) DSA letter(s) of concurrence to the findings in the report required in (b)(1)(A);
(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the district must submit 1. and 2. below:
1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard
2. Concurrence to the report from the California Geological Survey.
(D) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the District.
(E) If the district is requesting additional funding for site development costs and performed or will perform site development work as part of the qualifying project, a detailed cost estimate for applicable site development work pursuant to Section 1859.76 and any justification documents that will support the work.
(2) For ~~S~~school ~~B~~buildings with interior square footage to be mitigated, the district must submit:
(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the structural deficiencies that pose an unacceptable risk of injury to its

occupants in a seismic event and the minimum ~~mitigation~~ work necessary to obtain DSA approval of the seismic mitigation work.

(B) DSA letter(s) of concurrence to the report.

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval the district must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard
2. Concurrence to the report from the California Geological Survey.

(D) Documentation that demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the ~~district~~ project site.

(E) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work that would be required to mitigate the seismic threat if the ~~S~~school ~~B~~building(s) were to be rehabilitated instead of replaced.
4. The Form SAB 58-01 may also include any ancillary work required by DSA and other governmental entities to obtain plan approval for the minimum work required to mitigate the seismic threat.

(F) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the ~~S~~school ~~B~~building(s) exceeds 50 percent of the Current Replacement Cost.

(G) A gross inventory of all school buildings located on the project site, such as a site diagram or floor plan. The documentation must indicate the current usage, square footage, and facility type of all school buildings located on the project site at the time of application submittal. For all spaces used as classrooms, the current grade level must also be indicated.

~~(G)~~(H) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application For Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.
5. If the district is requesting additional funding for site development costs and has performed or will perform site development work as part of the qualifying project, a detailed cost estimate for applicable site development work pursuant to Section 1859.76 and any justification documents that support the work.

(3) Applications for seismic mitigation replacement funding that do not meet the requirements of (1) or (2) above shall be returned without review.

(4) If the district qualifies for Replacement funding in accordance to (a)(1) or (a)(2) above, the district is eligible to receive funding for the project as follows:

(A) If the district is required to replace the entire site and relocate to a new site, the district is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The classroom capacity determined by multiplying the number of classrooms in each grade category on the

project site being replaced by:
a. 25 pupils for each K-6 classroom.
b. 27 pupils for each 7-12 classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.
3. The higher of a., b., or c. below:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
4. Additional funding may be provided, as applicable, for:
a. Fire code requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to Sections 1859.74, 1859.74.5 and 1859.75,
g. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
h. Applicable site development costs pursuant to Section 1859.76, and
i. New construction Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
j. New construction Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b),
k. New construction Excessive Cost Hardship Grant for new school projects pursuant to Section 1859.83(c),
l. New construction Excessive Cost Hardship Grant urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(B) If the district qualifies to replace some, but not all permanent ~~S~~school ~~B~~building(s) on the project site, ~~funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category justified by enrollment at the project site as follows~~ the district is eligible to receive a grant based on the total eligible Square Footage of permanent school buildings replaced determined follows:

1. ~~The~~ Determine the enrollment at the project site~~, is determined by~~ using the higher of a., b., or c. below:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
2. ~~Using the enrollment determined in 1. any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below:~~Determine the total eligible Square Footage of the school building(s) being replaced using the enrollment determined in 1. for each facility type in the chart and limited by a., b. and c. below. The total eligible Square Footage is capped by the lesser of the amount provided for each facility type in the chart below and the actual Square Footage constructed for each facility type.
a. Non-specialized ~~classroom space~~ classrooms provided ~~is~~ are limited by the enrollment determined in Section 1859.82.2(b)(4)(B)1. rounded up to the nearest whole classroom based on Section 1859.82.2(b)(4)(A)2., and reduced for any space available to house the displaced pupils.
b. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.
c. Any space not in the chart below will be provided based on the Square Footage replaced. This may include but is not limited to janitor's closets, hallways, workrooms, and vestibules.
d. If the Square Footage of the school buildings being replaced is less than the minimum amount allowable in the chart for each facility type, the replacement Square Footage shall be the lesser of the minimum amount allowable in the chart for

the facility type and the actual Square Footage being constructed for the facility type in the replacement project.

e. If a district submits documentation that demonstrates that in order to obtain plan approval from DSA the district was required to construct more Toilet Facilities Square Footage than the Square Footage amount determined to be allowable for funding pursuant to the calculation methodology outlined in (B) above, funding may be provided for the Toilet Facilities Square Footage required to be constructed that is beyond the amount calculated in accordance with (B) above.

Facility Type	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area and Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

f. Beginning August 31, 2020, the resulting Square Footage amount(s) shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs).

3. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,

b. multilevel construction pursuant to Section 1859.73,

c. project assistance pursuant to Section 1859.73.1.

d. replacement with multistory construction pursuant to Section 1859.73.2,

e. site acquisition pursuant to Section 1859.74,

f. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,

g. Applicable site development costs pursuant to Section 1859.76, ~~and~~

h. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a), ~~and~~

i. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b)~~.~~,and

j. Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(C) If the district qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the seismic hazard is fully mitigated. If replacement funding is used for rehabilitation work, the district may request the following supplemental grants, as applicable, for:

1. Fire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.2(b)(4)(A),
2. Therapy room pursuant to Section 1859.72,
3. Project assistance pursuant to Section 1859.73.1,
4. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
5. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b), and
6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) Districts may qualify for seismic mitigation funding to rehabilitate their ~~S~~school ~~B~~building(s), unenclosed roofed structures used for school purposes including but not limited to lunch shelters and covered walkways, ~~exterior square footage of School Buildings,~~ or site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School ~~B~~building where the minimum cost to rehabilitate and remain in the ~~S~~school ~~B~~building is 50 percent or less of the Current Replacement Cost.

(2) ~~Square footage of the Most Vulnerable Category 2 School Buildings,~~ Unenclosed roofed structures used for school purposes including, but not limited to covered walkways~~,~~ and lunch shelters that need repair or replacement to mitigate a collapse potential in the event of seismic activity as confirmed by the DSA.

(3) To qualify for seismic mitigation rehabilitation funding, the district must submit an Approved Application for funding as well as all documents outlined below. Applications that do not meet these requirements will be returned without review.

(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum ~~mitigation~~ work necessary to obtain DSA approval for the seismic mitigation work. If the application is for an unenclosed roofed structure used for school purposes, the report must either outline the minimum work to allow the continued use of the unenclosed roofed structure or the minimum work to replace the unenclosed roofed structure with a structure of like-kind with only the minimum required safety improvements needed to obtain plan approval.

(B) DSA letter(s) that concur to the findings and minimum mitigation work outlined in the report required by (b)(1)(A).

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the district must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with the concurrence of the California Geological Survey.
2. Concurrence to the report in 1. from the California Geological Survey.

(D) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the area of expertise for that health and safety issue) for the minimum work required to mitigate the seismic threat. The Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
4. The Form SAB 58-01 may also include any ancillary work required by DSA and other governmental entities to obtain required plan approval for the minimum work required to mitigate the seismic threat.
5. If the minimum work required to mitigate the seismic threat is the replacement of an unenclosed roofed structure(s) used for school purposes including but not limited to lunch shelters and covered walkways,

funding shall be provided for costs associated with replacing the unenclosed roofed structure(s) in like-kind with required safety improvements.

(E) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the ~~S~~school ~~B~~building(s) is less than 50 percent of the Current Replacement Cost.

(F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application For Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code Section 17070.955.

(4) If the district qualifies for seismic mitigation rehabilitation funding ~~to repair their permanent School Buildings~~, the district is eligible to receive funding for the project as follows:

(A) The Seismic Rehabilitation Grant based on 50 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(B) If the district qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility as long as the qualifying seismic threat is fully mitigated.

(C) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1., and
2. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a)., ~~and~~
3. ~~Excessive Cost Hardship Grant for accessibility and fire code requirements in accordance with Section 1859.83(e)(3).~~

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the district, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) Reduced by 50 percent of any insurance proceeds collected by the district for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.

(2) For projects funded in accordance to (c) above:

(A) 50 percent of any insurance proceeds collectable by the district for the project.

(B) 50 percent of the net proceeds available from the disposition of any displaced facilities in the project.

(e) Adjustments to School Facility Program per-pupil grants.

(1) The district's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and Square Footage in the project shall be reset to the date of the Apportionment for the project.

(f) Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.

(1) To request advanced funding for design for eligible projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

(2) Advanced funding for design shall be provided based on the eligible project type as follows:

(A) For projects receiving funding for advanced design for the replacement of all ~~S~~school ~~B~~building(s) on the project site, pursuant to Section 1859.82.2(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any district funds available for the project pursuant to Section 1859.81(a).

(B) For projects receiving funding for advanced design for at least one but not all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.2(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any district funds available for the project pursuant to Section 1859.81(a).
(C) For projects receiving funding for advanced design for a Seismic Rehabilitation Grant pursuant to Section 1859.82.2(c), the Board will apportion an amount not to exceed 25 percent of the costs determined pursuant to Section 1859.82.2(c)(4)(A) less any district funds available for the project pursuant to Section 1859.81(a).
(3) Advanced funding for site shall be provided pursuant to Section 1859.82.2(b)(4)(A)4. The district is eligible for advanced funding for site acquisition as calculated pursuant to Section 1859.81.1.
(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying districts may request a separate Apportionment for the design and for site acquisition for the same seismic mitigation project.
(5) The district is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance with Section 1859.82.2(c) or site development worksheet for projects funded in accordance with Section 1859.82.2(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of ~~S~~school ~~B~~building(s) which will be located on a replacement site.
(6) If the district does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.2 shall be offset by any advanced design funding previously provided for the project pursuant to Section 1859.82.2(f)(2).

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17075.10, 17075.15, 101012(a)(1) and 101122, Education Code.

Section 1859.82.3. Facility Hardship Program and Seismic Mitigation Program Conceptual Approvals.

A district may request approval from the Board to determine eligibility for facility hardship or seismic mitigation programs in advance of project funding. Board approval does not constitute a reservation of bond authority. Board approval only confirms the district meets the criteria in Section 1859.82.

(a) To request conceptual approval for facility hardship projects, the district must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:
(1) For replacement projects, all of the documents listed in Section 1859.82.1(b)(2)(A) through Section 1859.82.1(b)(2)(D).
(2) For rehabilitation projects, all of the documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.
(b) To request conceptual approval for seismic mitigation projects, the district must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:
(1) For replacement projects, all of the documents listed in Section 1859.82.2(b)(2)(A) through Section 1859.82.2(b)(2)(F).
(2) For rehabilitation projects, all of the documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17075.10, 17075.15, 100420, 100620, 100820, 101012(a)(1) and 101122, Education Code.

Section 1859.83. Excessive Cost Hardship Grant.

In addition to any other funding authorized by these Regulations, a district is eligible for funding as a result of unusual circumstances that created excessive project costs beyond the control of the district. The Excessive Cost Hardship Grant shall be based on any of the following:

(a) Excessive Cost due to Geographic Location.

A district with a project that is located in a geographic area designated in the Geographic Percentage Chart below is eligible for the sum of the Excessive Cost Hardship Grant(s) determined by multiplying the indicated percentage factor shown in the Geographic Percentage Chart below by each of the following amounts:

(1) The New Construction Grant and the Modernization Grant.

(2) The funding provided by Sections 1859.71.2, 1859.71.3, 1859.72, 1859.73, 1859.73.2, 1859.76(d)(1) and (2), 1859.78.4, 1859.78.5, 1859.82.1, 1859.82.2, 1859.83(b), (c), (d) and (e) and 1859.125(a)(1) through (a)(2).

OFFICE OF PUBLIC SCHOOL CONSTRUCTION

INSTRUCTIONS

The Form SAB 58-01 is to be used for the purposes of generating and submitting the cost estimate required for eligible Facility Hardship or Seismic Mitigation projects pursuant to SFP Regulation Section 1859.82.1(b)(2)(C), 1859.82.1(c)(3)(C), and 1859.82.2(c)(3)(D).

Refer to the most current published edition of the Current Construction Remodeling Costs publication by Sierra West Publishing, F3 unit costs, for data needed to complete this form. Throughout these instructions, all references to "Sierra West" indicate this publication.

All lines in Part I must be broken out to individual items or materials. Do not enter line item requests in a lump sum format. Line item requests in lump sum format may not be eligible for funding.

PART 1 – Line-Item Requests

For each line-item request, complete the following:

1. **CSI # -** Enter the Construction Specifications Institute number (CSI #) corresponding to the item or material included in

2. **Description -** Enter the description corresponding to the item or material as it appears in Sierra West.

3. **Quantity -** Enter the numeric quantity of the item or material used as indicated in the project plans approved by the

4. **Unit -** Enter the unit of measure for the specified material or item as it appears in Sierra West.

5. **Cost/Unit -** Enter the total unit cost, or cost per unit, as it is listed in the F3 column in Sierra West. Do not add installation cost as this has been included in the total unit cost amount.

6. **District's Request -** Enter the product of the Quantity and Cost/Unit column.

7. **OPSC's Allowance -** Leave blank. This section will be completed by OPSC upon review of the application.

8. **Comments -** The district may optionally indicate any relevant plan page numbers or reference information to assist the plan reviewer in the comments column.

9. **OPSC Review Comments -** Leave blank. This section will be completed by OPSC upon review of the application.

10. **Title 24 Max Requirement -** In lieu of requesting individual line items for Access Compliance, the district may request a 20% allowance to cover the costs of the maximum Access Compliance work required by the Division of the State Architect. This allowance is reflective of the maximum requirements in Title 24, Section 11B-202.4, Exemptions, 8.

STATE ALLOCATION BOARD
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

PART II – Contractor Burden

For the purposes of Part II of this form, refer to the table below to determine the applicable construction classification to use when referencing the most current published edition of Sierra West.

OPSC Project Type	Sierra West Construction Classification
Facility Hardship rehabilitation for Fire and/or Water Damage	"Repair of Fire Damage"
Facility Hardship rehabilitation of historical structures	"Unique Structures"
All other Facility Hardship rehabilitation projects	"Alterations and Additions"
Seismic Mitigation rehabilitation	"Alterations and Additions"

General Conditions and General Requirements - Using the total project cost as reported to DSA and the applicable OPSC project type listed above, enter the percentage as indicated in the General Conditions table in Sierra West (CSI# 01.1000 000).

Overhead, Profit & Bonds - Using the total project cost as reported to DSA, enter the applicable percentage as indicated in the "Bonds" section in Sierra West (CSI# 01.2000 000).

Escalation - If the project has not been completed at the time of application submittal, enter the percentage listed for the current year, as indicated in the "Escalation" section of Sierra West (CSI# 01.3000 000).

Contingencies - Based on OPSC's Allowance Subtotal and based upon CSI# 01.4000 000 Schematic Plans in Sierra West. Sierra West provides an allowance of "0%" when funding is based on work with full DSA approved plans.

PART III – Design Cost Allowances

DSA Inspection Fee - For projects that require DSA plan approval, enter 1%. For projects that do not require DSA plan approval, enter 0%.

Industry Specialist's Report Costs - For rehabilitation projects enter the greater of $10,000 or 1% of the OPSC Allowance Subtotal. For replacement projects, enter 0%.

Construction Testing Allowance - For rehabilitation projects that require specialized testing and inspection of materials during construction such as soil tests, foundation tests, exploratory borings, and similar testing prior to construction, enter 1%. The District must submit written verification of the specialized testing required for the scope of work. For all other projects, enter 0%.

Design Specialist Cost Allowance - Based on the Construction Subtotal (Part II), the allowance for the Design Specialist will be automatically calculated using the Design Specialist Cost Allowance sliding scale at the end of the estimate. Alternatively, the District may manually enter the cost allowance based on this scale.

OFFICE OF PUBLIC SCHOOL CONSTRUCTION

CDE Plan Review Fee - Allowance is for the proportionate amount of fees charged by the California Department of Education, as required by law, for the hardship portion of the project. The allowance provided will be 0.07% of the OPSC Allowed Construction Subtotal as published on CDE's website:
https://www.cde.ca.gov/ls/fa/sf/forms.asp

DSA Plan Review Fee - Allowance is for the proportionate amount of fees charged by the Department of the State Architect, as required by law, for the hardship portion of the project. Based on the product of the OPSC Allowed Construction Subtotal applied to the DSA Project Fee Calculator:
https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx

County:	

PART II - Contractor Burden

1. CSI #	2. Description	Multiplier	Allowance	Calculation Detail
1.100 000	**General Conditions (insert percentage)** Broad categories covered by General Conditions include: • Mobilization, • Non-distributable labor and supervision, • Permits, licenses & fees, • Temporary utilities, structures, and fencing • Material handling equipment, trucks, safety, fuel, scaffolding, • Non-manual labor, benefits, payroll tax, workers compensation insurance • Insurances, comprehensive, builders risk.	0.00%	$ -	The multiplier is the percentage allowed based on the total project cost reported to DSA and the chart in the Current Construction Remodeling Costs Publication, in Section 01.1000 000. That percentage is representative of the economies of scale for the overall scope of the project, and is then applied to the OPSC Allowance Subtotal to arrive at the allowance. The following application types should use the corresponding Sierra West allowance category: • Facility Hardship Rehabilitation (Fire and/or Water Damage) – "Repair of Fire Damage" • Facility Hardship Rehabilitation (historical structures) – "Unique Structures" • Facility Hardship Rehabilitation (all others) – "Alterations & Additions" • Seismic Mitigation Program Rehabilitation – "Alterations & Additions"
1.200 000	**Overhead, Profit, and Bonds (insert percentage)** Broad categories covered by overhead include: rent, utilities, legal, accounting, estimating, travel, general insurance, taxes, marketing, advertising, computers, etc. and are distinctly not related to the physical construction of the project.	0.00%	$ -	The multiplier is the percentage allowed based on the total project cost reported to DSA and the chart in the Current Construction Remodeling Costs Publication, Section 01.2000 000. That percentage is representative of the economies of scale of the overall scope of the project which is then applied to the sum of the OPSC Allowance Subtotal plus the General Conditions allowance, to arrive at the allowance.
1.300 000	**Escalation (insert current year percentage)** This allowance provides for the general adjustment in construction costs over the duration of an estimating year.	0.00%	$ -	If the project has not been completed at the time of application submittal, the multiplier is the percentage listed for the current year, as indicated in the "Escalation" section of Sierra West (CSI# 01.3000 000). That percentage is then applied to the sum of the OPSC Allowance subtotal, plus the General Conditions Allowance, and the Overhead Profit & Bond Allowance. If the project is already complete, enter "$0".
1.400 000	**Contingencies (insert percentage or "0")** Contingencies are provided for projects when the work in this form is represented in schematic drawings rather than DSA approved plans. Typically this only applies to Cost Benefit Analysis completed for Seismic Mitigation Program replacement applications or requests for Conceptual Approval. **Note:** Sierra West Current Construction Cost publication provides an allowance of "0%" when funding is based on work with full DSA approved plans.	0.00%	$ -	The multiplier is the percentage based on the Construction Classification and the Stage of Design outlined in the chart in the Current Construction Remodeling Costs Publication, in Section 1.4000 000. That percentage is then applied to the sum of the OPSC Allowance subtotal plus the allowance for General Conditions, Overhead Profit & Bond, and Escalation. Note: Applications with funding based on plans with final DSA approval are ineligible for contingencies.
Part II- Construction Subtotal			**$ -**	Sum of Part I and Part II.

PART III- Design Costs & Fees

Design Costs	Multiplier	Allowance	Calculation Detail
Project Inspection Allowance	1.00%	-	Allowance provided for the services of a DSA certified inspector for the duration of the project. The allowance provided is 1.00%, based on Construction Subtotal. Only allowed if project required DSA approval.
Industry Specialist Report	$10,000 or 1.00%	10,000	Allowance provided for the services of an Industry Specialist to completing the required report. The allowance provided is the greater of either the Construction Subtotal multiplied by 1%, or $10,000 .
Construction Testing Allowance	1.00%	-	For rehabilitation projects that require specialized testing and inspection of materials during construction such as soil tests, foundation tests, exploratory borings, and similar testing prior to construction, enter 1%. The District must submit written verification of the specialized testing required for the scope of work. For all other projects, enter 0%. The allowance is the applicable percentage multiplied by the Construction Subtotal.
Design Specialist Cost Allowance *See Sliding Scale, below.	Sliding Scale	-	Based on Construction Subtotal, using the Design Cost Allowance chart below.
CDE Plan Review Fee	0.07%	-	Allowance is for the proportionate amount of fees charged by the California Department of Education, as required by law, for the hardship portion of the project. The allowance provided will be CDE's fee calculation applied to the Construction Subtotal.
DSA Plan Review Fee	DSA Project Fee Calculator		Allowance is for the proportionate amount of fees charged by the Department of the State Architect, as required by law, for the hardship portion of the project. Based on the product of the Construction Subtotal applied to the DSA Project Fee Calculator: https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx.
Part III- OPSC Approved Total Project Cost:		**10,000**	Sum of Part II and Part III

Education Code Section 17074.25

(a) A modernization apportionment may be used for an improvement to extend the useful life of, or to enhance the physical environment of, the school. The improvement may only include the cost of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, the replacement of portable classrooms, necessary utility costs, utility connection and other fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs, furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A modernization grant may not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

(b) A modernization apportionment may also be used for the cost of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high-performance schools.

(c) (1) A modernization apportionment may be used to limit pupil exposure to harmful air pollutants by updating air filtration systems.

(2) (A) This subdivision is declaratory of existing law.

(B) It is the intent of the Legislature in enacting the act amending this section in the 2017–18 Regular Session to encourage school districts to add air filtration systems to applications for modernization apportionments when air pollution occasionally or regularly exceeds levels known to be harmful to public health.

(Amended by Stats. 2018, Ch. 714, Sec. 1. (AB 2453) Effective January 1, 2019.)

Education Code Section 17075.10.

(a) A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).

(1) Demonstrate both of the following:

(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.

(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.

(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities. Funds for the purpose of seismic mitigation work or facility replacement pursuant to this section

shall be allocated by the board on a 50-percent state share basis from funds reserved for that purpose in any bond approved by the voters after January 1, 2006. If the board determines that the seismic mitigation work of a school building would require funding that is greater than 50 percent of the funds required to construct a new facility, the school district shall be eligible for funding to construct a new facility under this chapter.
(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.
(Amended by Stats. 2008, Ch. 179, Sec. 41. Effective January 1, 2009.)

ATTACHMENT E

OFFICE OF PUBLIC SCHOOL CONSTRUCTION
STAKEHOLDER MEETING
March 20, 2025

PROPOSED REGULATORY AMENDMENTS FOR HARDSHIP APPLICATIONS

PURPOSE

To discuss and receive stakeholder feedback regarding proposed regulatory amendments resulting from Assembly Bill (AB) 247, the Kindergarten through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024 (Proposition 2), which was approved by a majority of California's voters on November 5, 2024. The proposed amendments to School Facility Program (SFP) Regulations are related to the repeal and re-addition of Education Code (EC) Section 17075.10 for Hardship Applications, which is the statutory basis for the Facility Hardship (FHP) and Seismic Mitigation Programs (SMP) and the Excessive Cost Hardship supplemental grant for Urban Location, Security Requirements, and Impacted Sites. In addition, clarifying regulatory amendments related to these Programs are included in this report, which were first proposed by the Office of Public School Construction (OPSC) in June 2024.

AUTHORITY

See Attachment A.

BACKGROUND

Proposition 2 repealed the prior EC Section 17075.10 language and added new language that continues to provide the authority to fund projects to replace, reconstruct, or construct new school facilities when there is a threat to the health and safety of pupils. The new language also states how the funding will be determined. In summary, the Proposition 2 amendments state the following:

- To qualify for Hardship funding, the school district must demonstrate that there is a threat to the health and safety of pupils.
- Health and safety projects include the replacement of the most vulnerable school facilities that are identified as Category 2 buildings by the report completed pursuant to EC Section 17317.
- For school facilities that pose an unacceptable risk of injury to occupants in a seismic event, a school district must demonstrate both of the following:
    - Due to unusual circumstances beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
    - The facilities are needed to ensure the health and safety of pupils.

BACKGROUND (cont.)

- The district must prepare a cost-benefit analysis to determine if the cost to remain in the school facility and mitigate the problem is at least 50 percent of the replacement cost.
    - If the cost is at least 50 percent, the district qualifies for replacement facilities.
    - If the cost is less than 50 percent, the district qualifies for modernization funding.

- Subdivision (c) of the former EC Section 17075.10 was repealed and removed the authority for the Excessive Cost Hardship supplemental grant for Urban Location, Security Requirements, and Impacted Sites.
- Staff is directed to develop regulations to define eligible health and safety projects.

Proposition 2 also added EC Section 17070.59 to establish a points-based determination and sliding scale for the required state and local match for SFP projects. It also amended the language for EC Section 17072.30 to outline the sliding scale and point allocation as it relates to New Construction projects, including FHP and SMP replacement funding, and EC Section 17074.16 to add similar language for modernization projects, including FHP and SMP rehabilitation funding. OPSC staff presented draft proposals to implement the changes required by Proposition 2 through amendments of SFP Regulation Sections 1859.77.1 (New Construction District Matching Share Requirement) and 1859.79 (Modernization Matching Share Requirement), and the proposed addition of SFP Regulation Section 1859.70.5, at stakeholder meetings on January 30, 2025, and March 13, 2025.

Prior to the passage of Proposition 2, OPSC staff held a stakeholder meeting on June 4, 2024 to discuss proposed regulatory amendments to SFP Regulation Sections 1859.61, 1859.82.1 and 1859.82.2, as well as changes to the Forms SAB 50-04 and 58-01. The amendments included clarification, standardization, and improved user readability and experience of the SFP Regulations governing these programs. Stakeholder feedback was requested at the meeting and/or to be submitted in writing.

STAFF ANALYSIS/DISCUSSION

OPSC staff have reviewed the changes to EC Section 17075.10 resulting from the passage of Proposition 2 and interpret that the statute continues to support the FHP and SMP as they currently exist with a change to the matching share for SMP rehabilitation projects. The new EC Section 17075.10 essentially reorganizes the concepts from the former language for the two programs and creates a single funding determination that is applicable to both FHP and SMP projects. In addition, OPSC received stakeholder feedback following a meeting held in June 2024 for proposed regulatory amendments to the FHP and SMP, as well as the related Program *Application for Funding* (Form SAB 50-04) and *Facility Hardship Cost*

STAFF ANALYSIS/DISCUSSION (cont.)

Estimate (Form SAB 58-01). A description of all proposed regulatory amendments and prior feedback received is included here. Another significant change resulting from Proposition 2 is the removal of the statutory authority for the Excessive Cost Hardship supplemental grant for Urban Location, Security Requirements and Impacted Sites, which was the former subdivision (c) of EC Section 17075.10. Proposed regulatory amendments are included to address this change as well.

There are two Attachments to this report that include proposed regulatory amendments:

1. Attachment B is the proposed regulation amendments.
2. Attachment C is the proposed amendments to Form SAB 58-01.

Changes to Matching Share for SMP Rehabilitation Projects
Prior to the passage of Proposition 2, EC Section 17075.10 stated that SMP funding was provided on a 50 percent state and 50 percent district matching share basis for qualifying Most Vulnerable Category 2 Buildings whether the facility qualified for replacement or rehabilitation funding. Based on this language, all SMP projects were funded from New Construction bond authority. The newly enacted EC Section 17075.10 no longer differentiates between health and safety projects that result from Most Vulnerable Category 2 Buildings and other health and safety threats.

Funding will still be provided for both FHP and SMP replacement facilities on a 50 percent state and 50 percent local matching share basis as a new construction grant pursuant to SFP Regulation Section 1859.77.1, subject to adjustment by the sliding scale mentioned in the following section. However, as a result of the changes to EC Section 17075.10 enacted by Proposition 2, funding for facilities that qualify for either FHP or SMP rehabilitation funding will now be provided on a 60 percent state share and 40 percent local matching share basis as a modernization grant pursuant to SFP Regulation Section 1859.79, subject to adjustment by the sliding scale mentioned in the following section.

The changes to EC 17075.10 apply to funding applications received by OPSC on or after October 31, 2024. Therefore, the proposed amendments included in SFP Regulation Section 1859.82 distinguish which version of EC applies based on the OPSC received date of an Approved Application (see Attachment B).

Sliding Scale for New Construction and Modernization Funding Levels
In addition to the changes described above for SMP rehabilitation projects, EC Section 17070.5 is added to Chapter 12.5 and establishes a points-based system and a sliding scale to adjust the standard matching share for SFP New Construction and Modernization funding applications. This section also applies to FHP and SMP funding applications. The proposed regulatory amendments related to this topic are included in a separate report and not included here.

STAFF ANALYSIS/DISCUSSION (cont.)

Repeal of Subdivision (c) – Supplemental Grant for Urban Construction
EC Section 17075.10 was repealed and re-added upon the passage of Proposition 2. The prior section included subdivision (c), which stated the following:

> The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.

Because this subdivision was repealed, OPSC proposes regulatory amendments to provide the supplemental grant known as the Excessive Cost Hardship grant for Urban Location, Security Requirements, and Impacted Sites only to Approved Applications for FHP and SMP received on or before October 30, 2024, as the statutory authority to provide this supplemental grant after that date no longer exists.

Previously Proposed Regulatory Amendments from June 2024
This section is a continuation of and addition to the proposed regulatory amendments presented to stakeholders on June 4, 2024. OPSC received written comments from one school district following that meeting. This report addresses those comments and proposes further changes with the goal of ensuring clear program requirements for applicants and OPSC as the program administrator. The proposed amendments are related to the following:

- Consistent use of the defined term, *Governmental Agency.*
- Clarification of SFP Regulation 1859.93.1. New Construction Project Funding Order to include references to both SFP Regulation Sections 1859.82.1(b) and 1859.82.2(b).
- Clarification of the adjustments to the Modernization Eligibility Baseline for sites that receive replacement funding.
- Clarification of when asbestos mitigation costs are allowable in FHP and SMP projects.
- Clarification of how the total eligible square footage is determined for projects that replace individual school buildings and/or classrooms.
- Further define eligible funding for rehabilitation applications
- Amendments and clarification on the Form SAB 58-01.

OPSC welcomes comments and feedback on any of the proposed changes reflected in Attachment B. The proposed amendments to the SFP Regulations are summarized below in numerical order. Changes that are applicable to both SFP Regulation Sections 1859.82.1 and 1859.82.2 are listed only one time and noted as such.

STAFF ANALYSIS/DISCUSSION (cont.)

SFP Regulation Section 1859.2 - Governmental Agency
Staff concurs with the stakeholder recommendation to use the term "Governmental Agency" throughout Sections 1859.82.1 and 1859.82.2 for consistency. The term is already defined in SFP Regulations; thus, the proposed amendments reflect this change.

SFP Regulation Section 1859.2 states that a "Governmental Agency shall include but is not limited to a public entity as defined by Government Code Section 7260(a) including California federally recognized or historically established tribal governments."

For reference, Government Code Section 7260(a) states that a:

> "Public entity" includes the state, the Regents of the University of California, a county, city, city and county, district, public authority, public agency, and any other political subdivision or public corporation in the state or any entity acting on behalf of these agencies when acquiring real property, or any interest therein, in any city or county for public use, and any person who has the authority to acquire property by eminent domain under state law.

Section 1859.61 – Adjustments to Modernization Baseline as a result of FHP and/or SMP Replacement Funding
SFP Regulation Section 1859.61(l) provides the conditions for when an adjustment to a school district's modernization eligibility baseline is required as a result of receiving replacement funding via a New Construction Grant or Facility Hardship Square Footage Grant. As written, a school board resolution is required in all instances.

However, the school board resolution required to allow this adjustment should only apply to school buildings and/or classrooms for which the district did not have the current enrollment to support the replacement and that remain on the site but have been permanently removed from K-12 use. Therefore, staff proposes language to state the requirements more clearly for how this adjustment will be made by reorganizing and renumbering the current language. A school board resolution is only required under the new Section 1859.61(l)(2)(B). This is in alignment with our current process.

Section 1859.82.1 - Mitigation of Asbestos
In the first meeting, Staff proposed that the following statement be added to Section 1859.82.1 (b)(2)(A):

> Mitigation of asbestos that becomes friable in the course of school building maintenance, repairs or modernization work is not eligible for funding pursuant to Section 1859.82.1.

After further review, the language was adjusted for clarity and placed in the second introduction paragraph of SFP Regulation Section 1859.82.1 where general

STAFF ANALYSIS/DISCUSSION (cont.)

program tenets are stated. Section 1859.82.1(b)(2)(A) regarding the industry specialist's report has also been updated to indicate that the lab test results only identify the *presence* of asbestos and that the industry specialist's report will be required to state that the asbestos is currently friable.

In addition, Staff clarifies that costs for the abatement of friable asbestos could be included in the Form SAB 58-01 and/or site development worksheet if it is required in the course of mitigating a different qualifying health and safety hazard. For example, if asbestos becomes friable in the course of performing the work to mitigate structural deficiencies that are part of a qualifying FHP or SMP project, the abatement costs may be eligible as minimum mitigation work attributed to the structural mitigation work.

SFP Regulation Sections 1859.82.1 & .82.2 - Clarify the Calculation Methodology for Base Grant Funding of Individual Building Replacement Applications
The base grant for applications that qualify for Replacement funding to replace some but not all school buildings on a school site is based upon the Square Footage grant amount determined by the calculation methodology in SFP Regulation Sections 1859.82.1(b)(4)(B) and 1859.82.2(b)(4)(B). Current program regulations state that "funding will be based on the Square Footage of the School Buildings replaced [existing qualifying building] and is ***capped*** by the lesser of the amount provided in accordance with the chart below and the Square Footage constructed…"

To determine the amount of square footage to be funded, the square footage of the existing facility is also compared to what is justified by the enrollment. Staff revised the previously proposed amendments for this section. The newly proposed language clarifies the methodology and parameters for applying the minimum and maximum values presented in the facility chart in both regulation sections. The original intent was that both sections would be the same and some additions are added that were not previously existing to make the language uniform.

Stakeholder feedback stated that the existing square footage is not a factor in this calculation. However, it can be a factor in some instances. This is best illustrated by looking at two examples: one where the existing building being replaced is less than the minimum square footage for that facility type provided in program regulations, and one where the existing building is larger than the minimum size, but less than the maximum size.

Example 1 – Multi-Purpose Room Below Minimum Size

As shown in the excerpt from the Facility charts in Regulation Sections 1859.82.1 and 1859.82.2 below, the minimum size for a Multi-Purpose Room (MPR) at an elementary school is 4,000 square feet.

STAFF ANALYSIS/DISCUSSION (cont.)

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.

If an elementary school site has an existing MPR that is 3,500 square feet and qualifies for replacement, the replacement square footage provided will be elevated to the minimum of 4,000 square feet, regardless of the square footage derived from the chart, provided the district is constructing at least 4,000 square feet. If the district constructs only 3,500 square feet, the replacement square footage is capped at the amount constructed. This concept is applied to all facility types with minimum sizes provided in the chart.

Example 2 – Gymnasium Between Minimum and Maximum Sizes

As shown in the excerpt from the same Facility charts below, the far-right column for high school pupils shows 15.3 square feet per pupil with a minimum of 8,380 square feet and a maximum of 18,000 square feet.

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.

In this example, a high school has a qualifying gymnasium that is 16,000 square feet that qualifies for replacement, and the district is constructing a new 20,000-square-foot gym. The chart states that high school sites should have a gymnasium that is a minimum of 8,380 square feet and limits replacement square footage to a maximum of 18,000 square feet, regardless of the square footage otherwise justified by enrollment. As noted above, the program regulations state that funding is based on the Square Footage of the school buildings being replaced (old buildings) and is ***capped*** by either the amount in the chart or what is constructed, whichever is less. To determine the amount of square footage to be funded, the square footage of the existing facility is compared to what is justified by the enrollment.

For this example, assume the enrollment at the site is 1,200 students. Following the chart above, 1,200 pupils multiplied by 15.3 square feet per pupil is 18,360 square feet. While the resulting amount exceeds the chart maximum of 18,000 square feet, the amount of eligible replacement square footage funding is limited to 16,000 because the existing facility was 16,000 square feet, which already exceeded the minimum of 8,380 square feet.

Example 3 – Classrooms

The calculation of replacement classrooms is a two-step calculation. First the number of eligible replacement classrooms is determined. Second, the eligible classroom(s) is converted to a square footage amount using the chart in Regulation.

STAFF ANALYSIS/DISCUSSION (cont.)

Eligible Classrooms
First, the enrollment at the site is compared to the number of available classrooms on the site to determine how many replacement classrooms the site requires to adequately house the *displaced* pupils.

For example, using the methodology in SFP Regulation Section 1859.82.1 (a)(4)(B) for FHP and Section 1859.82.2 (a)(4)(B) for the SMP, it is determined that the enrollment at an elementary school is 750 K-6 pupils. The loading standard for K-6 pupils is 25 per classroom. Thus, the enrollment justifies the need for 30 classrooms on the site.

Next, the available capacity at the site is determined to see how many classrooms that the site needs. Classrooms that are part of the FHP/SMP program application and have health and safety threats, are not considered available. In this example, there are 21 classrooms on site, and all are affected, leaving zero classrooms available for use.

Assume there are 25 replacement classrooms in the Division of the State Architect (DSA) approved plan set.

Funding is provided based on the school buildings *replaced*. School buildings can only be replaced if they were previously existing, and they will be re-constructed. In this case, the number of classrooms eligible for replacement is 21.

The additional 4 classrooms would be considered additional capacity, unless the DSA-approved plans include the demolition of at least 4 classrooms beyond the replacement funding qualifying buildings. They may be locally funded, or the district has the option to submit a separate application for either modernization if the additional classrooms are replacing other demolished classrooms, or new construction funding if they are additional capacity.

Converting Classrooms to Square Footage
Once the total number of eligible classrooms is determined, the classroom types are compared to the chart in applicable regulation to arrive at the Replacement Square Footage Grant.

Using the example above, the district is eligible for funding to replace 21 classrooms. Assume that based on enrollment, the site is justified to have two kindergarten classrooms and 19 1-6th grade classrooms.

STAFF ANALYSIS/DISCUSSION (cont.)

Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics. (Does not include Industrial and Technology/Education Laboratory)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

Two Kindergarten classrooms @ 1,350 sq ft each = 2,700 sq. ft.
19 1st-6th grade classrooms @ 960 sq ft each = 18,240 sq. ft.
Total Other Replacement Square Footage = 20,940 sq. ft.

SFP Regulation Sections 1859.82.1 & .82.2 - Further Define Eligible Funding for Rehabilitation Applications
Through the course of processing applications seeking Rehabilitation funding, OPSC identified the need to further outline how funding would be provided for Rehabilitation applications involving the replacement of components or unenclosed roofed structures, such as lunch shelters, shade structures, and covered walkways.

In response to stakeholder feedback that the term 'like-kind' was too broad and unclear, staff has changed that term to 'equivalent.' The goal of these changes is to allow flexibility when replacing these structures but to also maintain the intent of the FHP and SMP to only fund minimum work. The language is designed to allow for necessary or required safety, code, or material upgrades, but to also make clear that enhancements or the addition of systems or features that weren't in the existing structure being replaced cannot be allowed under these minimum work programs.

For example, if the site had a 1,200-square-foot lunch shelter that was determined to no longer be safe for school use and that could not be repaired, program grants would be provided to build back an equivalent 1,200-square-foot lunch shelter that meets current code and safety requirements only. Any elective systems or features that weren't in the original shelter cannot be funded unless they are a requirement as part of obtaining plan approval.

Summary of Proposed Amendments in Attachment C

Form SAB 58-01
Overall, the Form amendments represent changes that make the form consistent with the Sierra West Publishing's construction cost publications. OPSC reviewed these changes with the publisher on several occasions to ensure accuracy. One

STAFF ANALYSIS/DISCUSSION (cont.)

stakeholder comment was received regarding the proposed change to the General Conditions multiplier factor from the OPSC Allowance Subtotal to the total project cost reported to DSA. The comment states that they believe "the data used for the form should speak to a uniform scope and data source, and not be comingled with scopes that are not being considered for funding or with data sources that include cost information beyond what is being considered for funding." General Conditions are provided on a sliding scale, the higher the total project costs, the lower the percentage increase. This is because with higher total project/contract costs, economies of scale are realized which drive down the General Conditions percentages for higher cost projects.

Being that the FHP and SMP require funding be provided for the minimum work required to mitigate the identified health and safety threat, staff must closely review the industry specialist reports and governmental concurrence documents and compare them to the Form SAB 58-01 to ensure that only the minimum work is funded. Therefore, OPSC has been using the total project costs to determine the correct General Conditions percentage most accurate to the overall project, and then using that percentage to apply to the eligible project costs in the FHP or SMP application. This approach takes into consideration the economies of scale attributed to the total project, and then applies it to the fundable portion of the project.

The stakeholder further states that using the total project costs reflected in DSA Tracker results in the scopes of unrelated projects to be comingled, and that "the OPSC allowance subtotal should determine the multiplier factor used to calculate fee costs as it aligns with the work being represented in the submitted applications."

In many cases, the minimum work to mitigate the qualifying health and safety threat is embedded in the DSA approved plan set for a larger modernization or new construction project. By separating the FHP or SMP eligible portion of funding from the rest of the total project as designed in the DSA approved plans, it could result in a higher percentage of General Conditions being applied than is appropriate, thus providing funding beyond the minimum work required to mitigate the health and safety threat. Scaling the contractor burden to align with the larger overall project appropriately and proportionately funds the FHP or SMP application.

Summary of Stakeholder Feedback

Staff would like to thank stakeholders that were able to view, attend or participate in this meeting and also thank those who provided valuable feedback either at the meeting or through written correspondence to OPSC. On the following page is a table summarizing the topics raised by stakeholders and incorporated into these proposed regulations:

STAFF ANALYSIS/DISCUSSION (cont.)

Stakeholder Feedback	OPSC Response
1. Corresponding Project Stakeholder believes additional clarification would be beneficial for this: Section 1859.61 (1)(1) states " ... the building age shall be reset to the date of the Apportionment for the corresponding project." The stakeholder requests OPSC consider clarifying "corresponding project" to indicate whether it is referring to the FHP/SMP application, or the actual project itself.	**1.** Agreed, proposed amendments are adjusted to address these comments by referencing the Form SAB 50-04, tying it to the funded FHP or SMP application.
2. Classroom Inventory Stakeholder believes additional clarification would be beneficial for this: Section 1859.61 (I)(2)(A) refers to the classroom inventory that was used to establish modernization eligibility. The stakeholder suggests "classroom inventory" be revised to "Gross Classroom Inventory". This change would provide consistency between Section 1859.61 (I)(2)(A) and Section 1859.61 (1)(2)(8), which references the Gross Classroom Inventory.	**2.** Agreed, proposed amendments are adjusted to address these comments by inserting the defined term “Gross Classroom Inventory.”
3. Redundancy of Replacement Limit Language Stakeholder believes Section 1859.81.2(b)(4)(8)(2)(e) and Section 1859.82.2(b)(4)(8)(2)(d) are redundant of Section 1859.81.2(b)(4)(8)(2) and Section 1859.82.2(b)(4)(8)(2) respectively. While the stakeholder understands this inclusion might be to clarify what the outcome would be in situations	**3.** OPSC believes the stakeholder intended to reference Sections 1859.82.1 and 1859.82.2, and not 1859.81.2.
4. Redundancy of Replacement Limit Language (continued) where the replaced square footage is less than the minimum, it ultimately provides the same information as the above main section. Eligible square footage is a determination between the chart included in the regulations and the actual constructed square footage, existing	**4.** By removing the language suggested at the first stakeholder meeting on this topic and replacing it with amended language more clearly outlining how existing square footage plays a factor in determining eligible replacement area and how existing square footage is a determining factor when the square footage replacement facility exceeds the

STAFF ANALYSIS/DISCUSSION (cont.)

4. (cont.) square footage is not a determining factor; so, the inclusion of this scenario in the regulations adds confusion to the section. The stakeholder requests that OPSC consider this information when determining whether to continue with the inclusion of the sections.	**4. (cont.)** original facility and exceeds the minimum amount listed in the chart.
5. "Outline" Stakeholder believes OPSC's use of "outline" when referring to how the industry expert's report should present the minimum required work, to be too broad. Previously, OPSC has not accepted the information presented in the industry expert's report due to a lack of specific language indicating what is the minimum required work. Therefore, the stakeholder requests OPSC provide clarification on this amendment that clearly states how the minimum required work needs to be presented for it to be considered for funding. If specific language is required, guidance on the appropriate and acceptable language should be provided. This is applicable to Sections 1859.81.2(c)(3)(A); 1859.81.2(c)(3)(8)(2); 1859.82.2(c)(3)(A); and 1859.82.2(c)(3)(D)(4).	The word "outlined" could be replaced with the word *described* in most instances. When the phrase *outlined in* refers to Education Code, the better replacement phrase could be *required by.* These changes have been made, however OPSC is interested in other stakeholder feedback to meet the intent of the language, which is for the industry specialist to be required to use their report to articulate what the imminent health and safety threat is, what has caused the threat, and the minimum work required to mitigate the threat.
6. "Like-kind" The stakeholder believes OPSC's use of "like-kind" when referring to the replacement of unenclosed roofed structures, to be too broad. As the proposed amendment currently reads, it is unclear whether like-kind refers to similar structure material or similar site conditions. The District requests that OPSC provide guidance on what is meant by "like-kind" when "Like-kind" is used in the regulations. This is applicable to Sections 1859.81.2(c)(3)(A); 1859.81.2(c)(3)(B)(2); 1859.81.2(c)(3)(C)(6); 1859.82.2(c)(3)(A);	**6.** OPSC has changed the word in the proposed amendments to "equivalent" and is interested in other stakeholder feedback if this is not an acceptable alternative. The intent of the updated language is to all for funding of an equivalent component or structure that allows for safety or code updates but does not add new or enhanced features not required to obtain plan approval.

STAFF ANALYSIS/DISCUSSION (cont.)

6. (cont.) 1859.82.2(c)(3)(D)(4); and 1859.82.2(c)(3)(D)(5).	
7. "Governmental Agencies" Stakeholder requests OPSC consider broadening language to include "Governmental Agencies" in all instances where the regulations reference required DSA Approval. There are instances in proposed amendments where it is stated that additional work beyond the minimum required may qualify for the funding if it is found to be required for required approvals from DSA or compliance for other Governmental Agencies. For consistency, throughout the amendments, please consider including this same language in the following five sections: 1859.82.1 (c)(3)(A); 1859.82.1 (c)(3)(C)(6); 1859.82.2(a)(2); 1859.82.2(b)(2)(A); and 1859.82.2(c)(3)(A). The stakeholder would also like to note that Sections 1859.82.2(b)(2)(E)(4) and 1859.82.2(c)(3)(A) insert "Governmental Entities" rather than "Governmental Agencies". For consistency, the stakeholder suggests OPSC use "Governmental Agencies" in these instances, as there is an existing definition for this term in the SFP Regulations.	**7.** Agreed, this change has been made. The defined term, Government Agencies, is the best suited replacement.
8. Asbestos Abatement Regarding SFP Regulation Section 1859.82.1(b)(2)(A), stakeholder requests OPSC consider asbestos abatement work as minimum work required and eligible costs. If asbestos abatement work is required because of work being funded through FHP and SMP, the work would not be able to be completed unless the abatement work is also completed, therefore making the abatement work part of the minimum required work.	**8.** OPSC agrees that asbestos abatement work required as part of the mitigation of a qualifying health and safety threat is eligible. The intent is to only fund required work to resolve an existing health and safety issue. This concern has been clarified in the proposed changes and further clarified in the summary statements.

STAFF ANALYSIS/DISCUSSION (cont.)

9. Gross Inventory of School Buildings Stakeholder notes that Sections 1859.82.1(b)(2)(E) and 1859.82.2 (b)(2)(G) insert a requirement that the district submit Gross Inventory of School Buildings (continued) gross inventory of school buildings located on the site at the time of application submittal. The proposed requirement can be interpreted as a requirement for the district to submit "before" project completion gross inventory of school buildings. This seems to contradict OPSC process for recent applications, where OPSC has requested and analyzed school buildings on the site that reflect the configuration of the site "after" the completion of the project. The stakeholder requests OPSC to clarify if the requirement is the "before" project completion gross inventory of school buildings, the "after" project completion of school buildings, or both. Additionally, the District suggests OPSC update the last sentences of the section to mirror the previously defined language and indicate that the current "grade category," rather than "grade level" be indicated on spaces.	**9.** Some recent applications for SMP funding have been particularly complex compared to other applications processed in the past. School sites with school buildings that qualify for SMP funding are being redesigned and the replacement buildings are not necessarily a one-for-one replacement. In addition, replacement buildings are not always in the same DSA-approved plan set. Due to these complexities, OPSC has worked closely with the applicant to assess the square footage of the existing qualifying buildings and their usage (classrooms, MPR, gymnasium, auditorium, etc.) and compare them to the school buildings that are replacing them. However, the replacement buildings may not always maintain the same use or type. Thus, determining eligible replacement square footage in accordance with SFP Regulations has necessitated before and after site inventories. The term, “grade level,” is intentional to identify the current grade level of each classroom on the site. It is necessary to determine the proper amount of square footage is provided for each classroom.
10. Minimum Work Required Similar to how the stakeholder has requested OPSC consider asbestos abatement work as minimum work required, they would also like OPSC to consider additional work that Minimum Work Required (continued) becomes required through the course of completing the FHP/SMP scope, as minimum work required. For example and context, if a district must open a wall to complete the mitigation work being funded, the work and cost to open and then repair the wall back to its pre-existing condition should be	**10.** Any work that is required to obtain plan approval as part of mitigating the qualifying health and safety threat is permissible as reflected throughout program regulation sections 1859.82.1, and 1859.82.2. Staff’s proposed amendments have not changed to remove that eligibility. If there is additional work that is required to be completed in order to obtain plan approval for the project, it is considered part of the minimum work to mitigate the health and safety issue and is eligible for program funding.

STAFF ANALYSIS/DISCUSSION (cont.)

10. (cont.) considered as minimum work required to complete the mitigation activities. The stakeholder is concerned that the proposed amendment to specify the language throughout the regs to say "seismic mitigation work" creates a possibility for work that becomes required for the mitigation work to be completed to be excluded due to it technically not being seismic related, even though it is required for the mitigation activities.	
11. Form 58-01 Updates The stakeholder strongly disagrees with OPSC's proposed change to the Form 58-01 General Conditions multiplier factor from the OPSC Allowance Subtotal to the total project cost reported to DSA. The stakeholder believes the data used for the form should speak to a uniform scope and data source, and not be comingled with scopes that are not being considered for funding or with data sources that include cost information beyond what is being considered for funding. The stakeholder believes that to keep the scopes and costs aligned, the OPSC Allowance subtotal should determine the multiplier factor used to calculate fee costs as it aligns with the work being represented in the submitted applications. The project cost reported to DSA is not always representative of the work that is being considered for funding. For example, in scenarios where a district applies for rehabilitation funding, but chooses to replace the structure, using the DSA tracker information would not be representative of the work that is being estimated on Form 58-01, and would be comingling scopes and costs. If OPSC is looking to only fund the minimum required work for mitigation, any fees being calculated should be based on the same minimum required work for mitigation and	**11.** Further discussion is provided in the Staff Analysis section; however, OPSC reasserts that providing funding for contractor burden costs that are disproportionate to the project, as reflected in the total DSA-approved plan set that may include work beyond what is being funded in the FHP or SMP application, would result in over-funding of these applications beyond the minimum work to mitigate the health and safety threat.

STAFF ANALYSIS/DISCUSSION (cont.)

11. (cont.) not on unrelated scopes or costs.	

NEXT STEPS

Staff is seeking stakeholder feedback on all of the above proposals to ensure that funding is provided to address any additional work required by approving governmental entities that is precipitated by the health and safety threat, to provide additional program clarity, and to maintain program integrity related to providing funding only related to minimum health and safety mitigation work.

The proposed regulation text has been included as Attachment B, while the proposed revisions to the Form SAB 58-01 have been included as Attachment C.

Staff requests stakeholder feedback on the proposed changes and topics outlined in this item. Any stakeholder wishing to provide feedback should email Staff by end of day on April 4, 2025.

If necessary, OPSC will present at a future stakeholder meeting any revisions to the proposed SFP regulations and related forms based on today's discussion and feedback that is received by April 4, 2025. If you would like to submit written feedback, please email your suggestions to the OPSC Communications Team at OPSCCommunications@dgs.ca.gov.

ATTACHMENT E

AUTHORITY

Education Code Section 17075.10. as it read on January 1, 2024.

(a) A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.
(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).
(1) Demonstrate both of the following:
(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.
(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.
(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities. Funds for the purpose of seismic mitigation work or facility replacement pursuant to this section shall be allocated by the board on a 50-percent state share basis from funds reserved for that purpose in any bond approved by the voters after January 1, 2006. If the board determines that the seismic mitigation work of a school building would require funding that is greater than 50 percent of the funds required to construct a new facility, the school district shall be eligible for funding to construct a new facility under this chapter.
(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.
(Amended by Stats. 2008, Ch. 179, Sec. 41. Effective January 1, 2009.)

Education Code Section 17075.10. as repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024

(a) (1) For health and safety projects for school facilities that are determined by the department to pose an unacceptable risk of injury to occupants in the event of a seismic event, a school district shall demonstrate both of the following to the satisfaction of the board:

(A) That due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.
(B) That the facilities are needed to ensure the health and safety of pupils if the health and safety of pupils is at risk.
(2) For purposes of paragraph (1), health and safety projects include projects to replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317.
(b) (1) A school district is eligible for health and safety funding to replace, reconstruct, or construct new classrooms and related facilities if the school district demonstrates there is a threat to the health and safety of pupils. To determine the applicable grant amounts, the district shall prepare and submit to the department a cost-benefit analysis that compares the minimum cost to remain in the classroom or related facility and mitigate the health and safety problem with the current replacement cost.
(2) The project qualifies for modernization funding if the minimum cost is less than 50 percent of the current replacement cost of the classroom or related facility.
(3) The project qualifies for replacement facilities if the cost-benefit analysis prepared pursuant to paragraph (1) demonstrates that the cost to remain in the classroom or related facility and mitigate the problem is at least 50 percent of the replacement value.
(c) The department shall develop regulations to define eligible health and safety projects that meet the requirements of subdivisions (a) and (b) for purposes of project approval by the board.

(Repealed and added by Stats. 2024, Ch. 81, Sec. 18. (AB 247) Effective July 3, 2024. Operative November 6, 2024, pursuant to Sec. 30 of Ch. 81.)

Section 1859.61. Adjustments to the Modernization Baseline Eligibility.

The baseline eligibility for modernization as provided in Section 1859.60 for a specific site will be adjusted as follows:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or a CSFP Rehabilitation project at the specific site.
(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Education Code Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Sections 1859.14 and 1859.15.
(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
(d) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or as a result of audit findings made pursuant to Sections 1859.90, 1859.90.3 and 1859.105.
(e) Adjusted as a result of errors or omissions by the district or by the OPSC.
(f) Adjusted as a result of amendments to these Subgroup 5.5 Regulations that affect the eligibility.
(g) For classroom loading standards adopted by the Board for non-severely disabled individuals with exceptional needs and severely disabled individuals with exceptional needs.
(h) As directed by the Board due to a finding of a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Section 1859.78.8.
(j) Decreased for facilities that were deemed eligible for modernization pursuant to Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
(k) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, pursuant to Education Code Section 17079, et seq.
(l) ~~Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 use.~~ Adjusted as a result of school buildings, as defined in Section 1859.82.1 and 1859.82.2, and/or classrooms that have been replaced, demolished, or removed from K-12 use as a result of the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2 as follows:
(1) ~~School Buildings~~ For school buildings and/or classrooms that receive replacement funding ~~via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2,~~ the building age shall be reset to the date of the Apportionment for the corresponding Form SAB 50-04.
(2) ~~School Buildings~~ For school buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from K-12 use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those ~~S~~school ~~B~~buildings and/or classrooms. ~~Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.~~ as follows:
(A) For school buildings and/or classrooms that have been demolished, the building and/or classroom shall be removed from the Gross Classroom Inventory that was used to establish modernization eligibility at the site.
(B) For school buildings and/or classrooms that have been removed from K-12 use and remain on the site: Upon receipt of a local school board resolution acknowledging that the school buildings and/or classrooms have been removed from K-12 use, the building and/or classroom shall be identified on a list published on OPSC's website and removed from the Gross Classroom Inventory that was used to establish modernization eligibility at the site.

~~For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.~~

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17070.51, 17071.25, 17072.15, 17072.20, 17073.15, 17074.10, 17075.10 and 17079.30, Education Code.

Section 1859.82. Facility Hardship Program and Seismic Mitigation Program.

A ~~s~~School ~~d~~District may apply for Facility Hardship, including Seismic Mitigation Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat pursuant to Education Code Section 17075.10. An Approved Application received on or before October 30, 2024, pursuant to this Section shall be subject to Education Code Section 17075.10 as it read on January 1, 2024. An Approved Application received on or after October 31, 2024, shall be subject to Education Code 17075.10 as it read on November 5, 2024.

Note: Authority cited: Sections 17070.35 and 17075.10 in effect as of January 1, 2024, and repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 100420, 100620, 100820, 101012(a)(1) and 101122, Education Code.

Section 1859.82.1. Facility Hardship Program.

"School ~~B~~building" for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities. For the purposes of this Section, "grade category" shall refer to any of the following: kindergarten (including transitional kindergarten) through sixth grade (K-6), seventh grade through eighth grade (7-8), ninth grade through twelfth grade (9-12), Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs.

A School ~~d~~District is eligible for Facility Hardship funding to repair, replace, or construct ~~S~~school ~~B~~buildings or related required components, including but not limited to, water supply, electrical, and site development, that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life~~;~~, perform routine maintenance or repair, mitigate asbestos that becomes friable in the course of school building maintenance, repairs or modernization, issues resulting from the deferment of routine maintenance or repair~~;~~ lack of current code compliance~~;~~ or the addition of components that were not previously existing do not meet the qualifying criteria of the program. However, ~~this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval~~ additional work beyond the minimum work to mitigate the qualifying health and safety threat may be incorporated into a Facility Hardship application if it is required to be completed to obtain required approvals from DSA and/or other Governmental Agencies.

~~Beginning 90 days after the effective date of this Section [November 29, 2020],~~ Approved Applications requesting Facility Hardship Program funding shall be submitted to OPSC within 12 months of DSA approval for the scope of work mitigating the identified health and safety threat. If the project does not require DSA approval, then the Approved Application for funding must be received within the 6 months following project completion, as demonstrated by the earliest of the following: the date that the notice of completion of the project has been filed; occupancy of any portion of the project ~~F~~facility; or when the ~~S~~school ~~B~~buildings or components of the ~~S~~school ~~B~~buildings in the project are currently in use by the School D~~d~~istrict. If a School D~~d~~istrict demonstrates that extreme or unusual circumstances prevented the submission of an eligible application within the applicable timeline outlined above, OPSC may allow up to an additional 6 months for submittal.

(a) School Districts may qualify for funding to replace or construct new ~~S~~school ~~B~~buildings. Factors to be considered by the Board to determine eligibility for Facility Hardship program replacement funding may include, but are not limited to:

(1) Damage or loss as a result of a natural disaster such as a fire, flood, or earthquake.

(2) Proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, or industrial facility.

(3) Adverse air quality.
(4) Structural deficiency to the ~~S~~school ~~B~~building, and
(5) Site conditions such as faulting, toxic soil, or liquefaction.
(b) To qualify for replacement funding for ~~S~~school ~~B~~buildings, the School D~~d~~istrict must submit an Approved Application for funding and either (1) or (2) below:
(1) For ~~S~~school ~~B~~buildings that are lost, destroyed, or are unable to be repaired, the School D~~d~~istrict must submit:

(A) For Approved Applications received on or after October 31, 2024, for school buildings that were lost, destroyed or are unable to repaired as a result of a natural disaster for which the Governor has declared a state of emergency, documentation which demonstrates that the District has been or will be determined by the Board to meet the requirements of Education Code Section 17075.20.
(~~A~~B) For all Approved Applications received on or before October 30, 2024 and for Approved Applications received on or after October 31, 2024, for school buildings that were lost, destroyed, or are unable to be repaired due to circumstances that are not the result of a natural disaster for which the Governor has declared a State of Emergency, ~~A~~a report from an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that states that the only way to mitigate the health and safety threat is to replace the ~~S~~school ~~B~~building(s).
(~~B~~C) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the School D~~d~~istrict.
(D) If the School District intends to request additional grants for site development costs applicable to the qualifying project, a detailed cost estimate for the site development work pursuant to Section 1859.76 and any justification documents that support the requested costs.
(2) For permanent ~~S~~school ~~B~~building(s) where the cost to rehabilitate the ~~S~~school ~~B~~building(s) exceeds 50 percent of the Current Replacement Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant, the School D~~d~~istrict must submit:
(A) A report by an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that outlines the minimum work to mitigate the health and safety threat and remain in the existing ~~S~~school ~~B~~building. If the threat is due to the presence of mold, OPSC must conduct a site visit to discuss the scope of the project prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the presence of asbestos and an industry specialist report that states that the asbestos is currently friable, and provides the location, material, and testing methods used.
(B) A letter of concurrence from a ~~g~~Governmental ~~a~~Agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist report on both 1. and 2. below:
1. An imminent health and safety threat to student and/or staff exists.
2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and allow the continued use of the ~~S~~school ~~B~~building(s).

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements:
1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School D~~d~~istrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work required to mitigate the health and safety threat.

4. The estimate submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any work required by DSA and other Governmental Agencies to obtain plan approval for the minimum work required to mitigate the health and safety threat.

(D) A cost/benefit analysis that demonstrates the minimum work required to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~building exceeds 50 percent of the Current Replacement Cost of the existing Square Footage of the ~~S~~school ~~B~~building. The minimum work required may include work required by DSA to gain approval for the mitigation project.

(E) A gross inventory of all school buildings located on the project site, such as a site diagram or floor plan. The documentation must indicate the current usage, square footage, and facility type of all school buildings located on the project site at the time of application submittal. For all spaces used as classrooms, the current grade level must also be indicated.

(~~E~~F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School D~~d~~istrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School D~~d~~istrict is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.
5. If the district intends to request additional grants for site development costs applicable to the qualifying project, a detailed cost estimate for the site development work pursuant to Section 1859.76 and any justification documents that support the requested costs.

(3) Applications for Facility Hardship replacement funding that do not submit all documents required as part of (1) or (2) above shall be returned without review.

(4) If the School D~~d~~istrict qualifies for funding to replace its ~~S~~school ~~B~~buildings, the School D~~d~~istrict is eligible to receive funding for the project as follows:

(A) If the School D~~d~~istrict is required to replace all ~~S~~school ~~B~~buildings on site, the School D~~d~~istrict is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The classroom capacity determined by multiplying the number of classrooms in each grade category on the project site being replaced by:

a. 25 pupils for each K-6 classroom.
b. 27 pupils for each 7-12 classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

4. Additional funding may be provided, as applicable, for:

a. Fire ~~C~~code ~~R~~requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to Sections 1859.74, 1859.74.5, and 1859.75,
g. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3, and 1859.74.4,
h. Applicable site development costs pursuant to Section 1859.76, and

i. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
j. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b),
k. New Construction Excessive Cost Hardship Grant(s) for new school projects pursuant to Section 1859.83(c), and
l. For Approved Applications received on or before October 30, 2024, New Construction Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(B) If the School D~~d~~istrict qualifies to replace some, but not all permanent S~~s~~chool B~~b~~uilding(s) on the project site, the School District is eligible to receive a Facility Hardship Square Footage G~~g~~rant ~~funding will be~~ based on the Square Footage of the qualifying School Buildings replaced and ~~is capped by the lesser of the amount provided in accordance to the chart below and Square Footage constructed for each category as~~ justified by enrollment at the project site as follows:

1. ~~The~~ Determine the enrollment at the project site~~, is determined by~~ using the higher of a. ~~or~~, b., or c. below:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
2. Using the enrollment determined in 1. above, and the gross inventory described in (b)(2)(E), ~~any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below:~~ determine the maximum amount of eligible permanent replacement Square Footage for the school building(s) being replaced based on a. through f. as follows and the facility type in the chart below:
a. If the actual S~~s~~quare F~~f~~ootage ~~being constructed in the replacement project~~ of the qualifying school building(s), not including classrooms, ~~is less than the amount allowable~~ minimum in the chart for the facility type, the replacement Square Footage shall be ~~limited to~~ the lesser of the actual Square Footage constructed or the minimum in the chart.
b. If the actual Square Footage of the qualifying school building(s), not including classrooms, is larger than the minimum in the chart for the facility type, the replacement Square Footage shall be the lesser of the actual Square Footage constructed or the Square Footage justified by enrollment pursuant to the chart below.
~~b~~c. Non-specialized classrooms ~~space~~ provided ~~is~~are limited by the enrollment determined in 1. rounded up to the nearest whole classroom based on 1859.82.1(b)(4)(A)2., and then reduced for any classroom space available at the site to house the pupils at the site.
~~c~~d. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.
~~d~~e. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, workrooms, and vestibules.
f. If a School District submits documentation that demonstrates that additional toilet space must be constructed to obtain plan approval from DSA, the eligible replacement Toilet Square Footage may be increased by the amount of Square Footage required to obtain plan approval.

Facility Type	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.

Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics. (Does not include Industrial and Technology/Education Laboratory)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

~~F~~3. Beginning August 31, 2020, the ~~resulting~~ Square Footage amount(s) determined in (B)(2) above shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs). The amounts shown will be adjusted in the manner prescribed in Section 1859.71.

~~3~~4. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,
b. multilevel construction pursuant to Section 1859.73,
c. project assistance pursuant to Section 1859.73.1.
d. replacement with multistory construction pursuant to Section 1859.73.2,
e. site acquisition pursuant to Section 1859.74,
f. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
g. Applicable site development costs pursuant to Section 1859.76,
h. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
i. New Construction Excessive Cost Hardship Grant(s) for small size Projects pursuant to Section 1859.83(b), and
j. For Approved Applications received on or before October 30, 2024, New Construction Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(C) Using the enrollment determined in (b)(4)(B)1., replacement of qualifying~~any~~ Portable Classroom Square Footage~~replacement funding~~ will be calculated using the Portable Replacement Grant. ~~Any~~Replacement of qualifying portable toilet facilities ~~provided~~ will be calculated using the Portable Toilet Replacement Grant.

1. Additional funding may be provided, as applicable, for:

a. Fire code requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. project assistance pursuant to Section 1859.73.1.
d. site acquisition pursuant to Section 1859.74,
e. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
f. Applicable site development costs pursuant to Section 1859.76, and
g. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
h. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and
i. For Approved Applications received on or before October 30, 2024, Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(D) If the School D~~d~~istrict qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the qualifying health and safety threat is fully mitigated. If replacement funding is used for rehabilitation work,

the School D~~d~~istrict may request the following supplemental grants, as applicable, for:

1. Fire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.1(b)(4)(A),
2. Therapy room pursuant to Section 1859.72,
3. Project assistance pursuant to Section 1859.73.1,
4. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
5. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and
6. For Approved Applications received on or before October 30, 2024, Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) School Districts may qualify for funding to rehabilitate their ~~S~~school ~~B~~buildings, components of ~~S~~school ~~B~~buildings, unenclosed roofed structures used for school purposes, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School ~~B~~buildings where the minimum cost to mitigate the health and safety threat and remain in the ~~S~~school ~~B~~building is 50 percent or less of the Current Replacement Cost.

(2) Components of the ~~S~~school ~~B~~buildings, unenclosed roofed structures used for school purposes, or school site~~s~~ conditions that are causing a health and safety threat to students and/or staff. Health and safety threats that may qualify include, but are not limited to:

(A) School ~~B~~building structural deficiency.
(B) Hazardous conditions such as methane, lead, or asbestos mitigation.
(C) Unsafe water supply.
(D) Site conditions such as faulting, toxic soil, landslide risk, or liquefaction.

(3) To qualify for Facility Hardship rehabilitation funding for ~~S~~school ~~B~~buildings, ~~or~~ components of ~~S~~school ~~B~~building(s), unenclosed roofed structures used for school use, or school site conditions, the School D~~d~~istrict must submit an Approved Application for funding and all documents outlined below. Applications that do not meet the requirements below shall be returned without review.

(A) For Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that occurred as a result of a natural disaster for which the Governor has declared a state of emergency, documentation which demonstrates that the District has been or will be determined by the Board to meet the requirements of Education Code Section 17075.20

(~~A~~B) For all Approved Applications received on or before October 30, 2024 and for Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that did not occur as a result of a natural disaster for which the Governor has declared a state of emergency, ~~A~~a report by an industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) that outlines the minimum work to mitigate the health and safety threat ~~and remain in the existing School Building.~~ If the Approved Application is for an existing school building(s), the report must also describe the minimum work to allow the continued use of the school building(s). If the Approved Application is for a component of a school building(s) or an unenclosed roofed structure used for school purposes, the report must either describe the minimum work to allow the continued use of the component or unenclosed roofed structure or the minimum work to replace the component or unenclosed roofed structure with an equivalent component or structure with only the minimum required improvements necessary to obtain DSA approval. If the threat is due to the presence of mold, OPSC must conduct a site visit to view the damage prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation that is required to mitigate the qualifying health and safety threat must include lab test results indicating the asbestos is currently friable, and provides the location, material, and testing methods used.

(~~B~~C) For all Approved Applications received on or before October 30, 2024, and for Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that did not occur as a result of a natural disaster for which the Governor has declared a state of emergency, ~~A~~a letter of concurrence from a ~~g~~Governmental ~~a~~Agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist's report on both 1. and 2. below:

1. An imminent health and safety threat to student~~s~~ and/or staff exists.

2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and, as applicable, either allow the continued use of the Sschool Bbuilding(s), or component, or unenclosed roofed structure, or replace the component or unenclosed structure with an equivalent component or unenclosed roofed structure with required safety improvements. If the application is for the cleanup and/or remediation of hazardous materials and waste, the Governmental Agency concurrence letter must be from the Department of Toxic Substances Control.

(CD) Approved Applications for rehabilitation must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School Ddistrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed and will be disallowed.
3. For all Approved Applications received on or before October 30, 2024, and for Approved Applications received on or after October 31, 2024, for school buildings or components that were damaged or other hazardous conditions that did not occur as a result of a natural disaster for which the Governor has declared a state of emergency, Tthe work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work required to mitigate the health and safety threat.
4. If the project requires DSA plan approval, the Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any associated work required by DSA and other Governmental Agencies to obtain approval for the minimum work required to mitigate as a result of the mitigation of the health and safety threat.
6. If the minimum work required to mitigate the health and safety threat is the replacement of unenclosed roofed structures used for school purposes, funding shall be provided for costs associated with replacing an equivalent unenclosed structure with required safety improvements to obtain DSA approval.

(DE) Facility Hardship applications for Sschool Bbuildings must also include a cost/benefit analysis. The cost/benefit analysis shall be completed based on the type of the project as outlined below:

1. For permanent buildings, the School Ddistrict must demonstrate the minimum work required to mitigate the health and safety threat and remain in the Sschool Bbuildings is less than 50 percent of the Current Replacement Cost of the Sschool Bbuilding. The minimum work required may include work required by Division of the State Architect to gain approval for the mitigation project.
2. For Pportable Sschool Bbuildings, the School Ddistrict must demonstrate the minimum work required to mitigate the health and safety threat and remain in the portable building is less than the Portable Classroom Replacement Grant. The minimum work required may also include any associated work required by DSA as a result of the mitigation of the health and safety threat.
3. Applications that are for necessary components of a site or Sschool Bbuilding or school site condition, such as hazardous water supply, methane mitigation, faulting, liquefaction, landslide potential, friable asbestos, or unenclosed roofed structures used for school purposes do not require a Cost Benefit Analysis to be submitted.

(EF) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School Ddistrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School Ddistrict is in compliance with all career technical facility needs and assessments as outlined in Education Code Section 17070.955.

(4) If the School Ddistrict qualifies for funding to rehabilitate or repair its School Buildingspursuant to 1859.82.1(c),

the School Ddistrict is eligible to receive funding for the project as follows:

(A) For Approved Applications received on or before October 30, 2024, Rehabilitation Costs provided shall be based on 50 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.1(c)(3)(C) that has been reviewed and approved by the OPSC and approved by the Board.

(B) For Approved Applications received on or after October 31, 2024, based on 60 percent, or as calculated pursuant to Section 1859.79, of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(BC) If the School Ddistrict qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility school building, as long as the qualifying health and safety threat is fully mitigated.

(CD) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1.
2. gGeographic percentage factor pursuant to 1859.83(a)

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the School Ddistrict, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) Reduced by 50 percent of any insurance proceeds collectable by the School Ddistrict for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.

(2) For projects funded in accordance to (c) above:

(A) 60 percent of any insurance proceeds collectable by the School Ddistrict for the project.

(B) 60 percent of the net proceeds available from the disposition of any displaced facilities in the project.

(e) Adjustments to School Facility Program per-pupil grants.

(1) The School Ddistrict's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and square footage in the project shall be reset to the date of the Apportionment for the corresponding Form SAB 50-04project.

(f) School Districts that qualify for separate site apportionment for Environmental Hardship pursuant to Section 1859.71 may file an application for site funding in advance of construction funding.

(f)(g) School Districts that qualify for Financial Hardship assistance may file an application for design funding and/or site funding.

(1) To request advanced funding for design for eligible projects, the School Ddistrict must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.

(2) Advanced funding for design shall be provided based on the eligible project type as follows:

(A) For projects receiving funding for advanced design for the replacement of all Sschool Bbuildings on the project site pursuant to Section 1859.82.1(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any School Ddistrict funds available for the project pursuant to Section 1859.81(a).

(B) For projects receiving funding for advanced design for at least one but not all Sschool Bbuildings on the project site pursuant to Section 1859.82.1(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any School Ddistrict funds available for the project pursuant to Section 1859.81(a).

(C) For projects receiving funding for advanced design for Rehabilitation Costs pursuant to Section 1859.82.1(c)(4)(A), the Board will apportion an amount not to exceed 25 percent of the Rehabilitation Costs determined pursuant to Section 1859.82.1(c)(4)(A) less any School Ddistrict funds available for the project pursuant to Section 1859.81(a).

(3) Advanced funding for site shall be provided pursuant to 1859.82.1(b)(4)(A)4. The School Ddistrict is eligible for advanced funding for site acquisition as calculated pursuant to 1859.81.1.

(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying School Ddistricts may request a separate Apportionment for the design and for site acquisition for the same facility hardship project.
(5) The School Ddistrict is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance to 1859.82.1(c) or site development worksheet for projects funded in accordance to 1859.82.1(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of Sschool Bbuilding(s)which will be located on a replacement site.
(6) If the School Ddistrict does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.1 shall be offset by any funding previously provided for the project.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 100420, 100620, 100820, 101012 and 101122, Education Code.

Section 1859.82.2. Seismic Mitigation Program.

"School Bbuilding" for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities. For the purposes of this Section, "grade category" shall mean kindergarten (including transitional kindergarten) through sixth grade (K-6), seventh grade through eighth grade (7-8), ninth grade though twelfth grade (9-12), Non-Severely Disabled Individuals with Exceptional Needs, and Severely Disabled Individuals with Exceptional Needs.

A Sschool Ddistrict is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as Sschool Ffacilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the DSA while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.

(a) Seismic mitigation projects must meet all of the following requirements:
(1) The construction contract was executed on or after May 20, 2006;
(2) The project funding provided shall be for the minimum work necessary to obtain DSA approval for the work to mitigate the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event;
(3) The Sschool Bbuilding(s) is designed for occupancy by students and staff; and
(4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for ~~S~~school ~~B~~building(s), the School D~~d~~istrict must submit an Approved Application for funding based on their specific circumstances in accordance to either (1) or (2) below:

(1) For ~~S~~school ~~B~~building(s) that are lost, destroyed, or unable to be repaired the School D~~d~~istrict must submit:

(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the ~~S~~school ~~B~~building(s) that are the Most Vulnerable Category 2 ~~b~~Building(s) and;

(B) DSA letter(s) of concurrence to the findings in the report required in (b)(1)(A);

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the School D~~d~~istrict must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard.
2. Concurrence to the report from the California Geological Survey.

(D) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the School District.

(E) If the School District intends to request additional grants for site development costs applicable to the qualifying project, a detailed cost estimate for the site development work pursuant to Section 1859.76 and any justification documents that support the requested costs.

(2) For ~~S~~school ~~B~~buildings with interior square footage to be mitigated, the School D~~d~~istrict must submit:

(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum ~~mitigation~~ work necessary to obtain DSA approval of the seismic mitigation work.

(B) DSA letter(s) of concurrence to the report.

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval the School D~~d~~istrict must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard.
2. Concurrence to the report from the California Geological Survey.

(D) Documentation that demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the School ~~d~~District.

(E) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School D~~d~~istrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and School District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the specific area of expertise for that health and safety issue) for the minimum work that would be required to mitigate the seismic threat if the ~~S~~school ~~B~~building(s) were to be rehabilitated instead of replaced.
4. The Form SAB 58-01 may also include any ancillary work required by DSA and other Governmental Agencies to obtain plan approval for the minimum work required to mitigate the seismic threat.

(F) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the school building(s) exceeds 50 percent of the Current Replacement Cost.

(G) A gross inventory of all school buildings located on the project site, such as a site diagram or floor plan. The documentation must indicate the current usage, square footage, and facility type of all school buildings located on the project site at the time of application submittal. For all spaces used as classrooms, the current grade

level must also be indicated.

~~(G)~~(H) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application For Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School D~~d~~istrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School D~~d~~istrict is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.
5. If the district intends to request additional grants for site development costs applicable to the qualifying project, a detailed cost estimate for the site development work pursuant to Section 1859.76 and any justification documents that support the requested costs.

(3) Applications for seismic mitigation replacement funding that do not meet the requirements of (1) or (2) above shall be returned without review.

(4) If the School D~~d~~istrict qualifies for ~~R~~replacement funding in accordance to (a)(1) or (a)(2) above, the School D~~d~~istrict is eligible to receive funding for the project as follows:

(A) If the School D~~d~~istrict is required to replace the entire site and relocate to a new site, the School D~~d~~istrict is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The classroom capacity determined by multiplying the number of classrooms in each grade category on the project site being replaced by:

a. 25 pupils for each K-6 classroom.
b. 27 pupils for each 7-12 classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

4. Additional funding may be provided, as applicable, for:

a. Fire code requirements pursuant to Section 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to Sections 1859.74, 1859.74.5 and 1859.75,
g. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
h. Applicable site development costs pursuant to Section 1859.76, and
i. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
j. New ~~c~~Construction Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b),
k. New ~~c~~Construction Excessive Cost Hardship Grant for new school projects pursuant to Section 1859.83(c),
l. For Approved Applications received on or before October 30, 2024, New ~~c~~Construction Excessive Cost Hardship Grant urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(B) If the School D~~d~~istrict qualifies to replace some, but not all permanent ~~S~~school ~~B~~building(s) on the project site, ~~funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category justified by enrollment at the project site as follows~~ the School District is eligible to receive a Facility Hardship Square Footage Grant based on the Square Footage of the qualifying School Building(s) replaced and justified by enrollment at the project site as follows:

1. ~~The~~ Determine the enrollment at the project site~~, is determined by~~ using the higher of a., b., or c. below:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
2. Using the enrollment determined in 1. above and the gross inventory described in (b)(2)(G), ~~any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below:~~ determine the maximum amount of eligible permanent replacement Square Footage for the school building(s) being replaced based on a. through f. and the facility type in the chart below:

a. If the actual Square Footage of the qualifying school building(s), not including classrooms, is less than the minimum in the chart for the facility type, the replacement Square Footage shall be the lesser of the actual Square Footage constructed or the minimum in the chart.

b. If the actual Square Footage of the qualifying school building(s), not including classrooms, is larger than the minimum in the chart for the facility type, the replacement Square Footage shall be the lesser of the Square Footage of the qualifying school building or the Square Footage justified by enrollment pursuant to the chart below.

~~a~~c. Non-specialized classrooms ~~space~~ provided ~~is~~are limited by the enrollment determined in 1. rounded up to the nearest whole classroom based on 1859.82.2(b)(4)(A)2., and then reduced for any classroom space available at the site to house the pupils at the site.

~~b~~d. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

~~c~~e. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, workrooms, and vestibules.

f. If a School District submits documentation that demonstrates that additional toilet space must be constructed to obtain plan approval from DSA, the Toilet Square Footage may be increased by the amount of Square Footage required to obtain approval.

Facility Type	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker area)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1^{st}-12^{th} grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom

Computer instructional support area and Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

~~d.~~3. Beginning August 31, 2020, the ~~resulting~~ Square Footage amount(s) determined in (B)(2) above shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs).

~~3.~~4. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,
b. multilevel construction pursuant to Section 1859.73,
c. project assistance pursuant to Section 1859.73.1.
d. replacement with multistory construction pursuant to Section 1859.73.2,
e. site acquisition pursuant to Section 1859.74,
f. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and 1859.74.4,
g. Applicable site development costs pursuant to Section 1859.76, and
h. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a), and
i. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b)., and
j. For applications received prior to October 31, 2024, Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(C) If the School D~~d~~istrict qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the seismic hazard is fully mitigated. If replacement funding is used for rehabilitation work, the School D~~d~~istrict may request the following supplemental grants, as applicable, for:

1. Fire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.2(b)(4)(A),
2. Therapy room pursuant to Section 1859.72,
3. Project assistance pursuant to Section 1859.73.1,
4. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
5. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b), and
6. For Approved Applications received on or before October 30, 2024, Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) School Districts may qualify for seismic mitigation funding to rehabilitate their ~~S~~school ~~B~~building(s), unenclosed roofed structures used for school purposes including, but not limited to, lunch shelters and covered walkways, ~~exterior square footage of School Buildings,~~ or site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School ~~B~~building where the minimum cost to rehabilitate and remain in the ~~S~~school ~~B~~building is 50 percent or less of the Current Replacement Cost.

(2) ~~Square footage of the Most Vulnerable Category 2 School Buildings,~~ Unenclosed roofed structures used for school purposes including, but not limited to, covered walkways~~,~~ and lunch shelters that need repair or replacement to mitigate a collapse potential in the event of seismic activity as confirmed by the DSA.

(3) To qualify for seismic mitigation rehabilitation funding, the School D~~d~~istrict must submit an Approved Application for funding as well as all documents outlined below. Applications that do not meet these requirements will be returned without review.

(A) A report from a licensed design professional (a design professional licensed by the appropriate State of California oversight authority) identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum ~~mitigation~~ work necessary to obtain DSA approval for the seismic mitigation work. If the application is for an unenclosed roofed structure used for school purposes, the report must either

outline the minimum work to allow the continued use of the unenclosed roofed structure or the minimum work to replace the unenclosed roofed structure with an equivalent structure with only the minimum required improvements necessary to obtain DSA approval.

(B) DSA letter(s) that concur to the findings and minimum mitigation work outlined in the report required by (b)(1)(A).

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the School Ddistrict must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with the concurrence of the California Geological Survey.
2. Concurrence to the report in 1. from the California Geological Survey.

(D) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the School Ddistrict must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and School District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the industry specialist (a person or entity that specializes in the area of expertise for that health and safety issue) for the minimum work required to mitigate the seismic threat. The Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the Ggovernmental Agency concurrence letter for the project.
4. The Form SAB 58-01 may also include any ancillary work required by DSA and other Governmental Agencies to obtain plan approval for the minimum work required to mitigate the seismic threat.
5. If the minimum work required to mitigate the health and safety threat is the replacement of unenclosed roofed structures used for school purposes, funding shall be provided for costs associated with replacing an equivalent unenclosed structure with required safety improvements to obtain DSA approval.

(E) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the Sschool Bbuilding(s) is less than 50 percent of the Current Replacement Cost.

(F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application For Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the School Ddistrict's Career and Technical Education Advisory Committee (CTEAC) certifying that the School Ddistrict is in compliance with all career technical facility needs and assessments as outlined in Education Code Section 17070.955.

(4) If the School Ddistrict qualifies for seismic mitigation rehabilitation funding to repair their permanent School Buildings, the School Ddistrict is eligible to receive funding for the project as follows:

(A) For Approved Applications received on or before October 30, 2024, the Seismic Rehabilitation Grant based on 50 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(B) For Approved Applications received on or after October 31, 2024, Seismic Rehabilitation Grant calculated pursuant to Section 1859.79, or as calculated pursuant to Section 1859.79, of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(BC) If the School Ddistrict qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility, as long as the qualifying seismic threat is fully mitigated.

(~~C~~D) Applicable supplemental grants may be provided for the following:
1. project assistance pursuant to Section 1859.73.1., and
2. ~~Excessing Cost Hardship Grant For g~~Geographic ~~location~~ percentage factor pursuant to 1859.83(a),
3. ~~Excessive Cost Hardship Grant for accessibility and fire code requirements in accordance with Section 1859.83(e)(3).~~

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:
(1) For projects funded in accordance to (b) above:
(A) Reduced for any space deemed available by the Board in the School D~~d~~istrict, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,
(B) Reduced by 50 percent of any insurance proceeds collected by the School D~~d~~istrict for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.
(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.
(2) For projects funded in accordance to (c) above:
(A) For Approved Applications received on or before October 30, 2024, 50 percent of any insurance proceeds collectable by the School D~~d~~istrict for the project.
(B) For Approved Applications received on or after October 31, 2024, 60 percent of any insurance proceeds collectable by the School District for the project.
(~~B~~C) For Approved Applications received on or before October 30, 2024, 50 percent of the net proceeds available from the disposition of any displaced facilities in the project.
(D) For Approved Applications received on or after October 31, 2024,60 percent of the net proceeds available from the disposition of any displaced facilities in the project.
(e) Adjustments to School Facility Program per-pupil grants.
(1) The School D~~d~~istrict's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).
(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and Square Footage in the project shall be reset to the date of the Apportionment for the corresponding Form SAB 50-04~~project~~.
(f) School Districts that qualify for Separate site apportionment for Environmental Hardship pursuant to Section 1859.71 may file an application for site funding in advance of construction funding.
(~~f~~)(g) School Districts that qualify for Financial Hardship assistance may file an application for design funding and/or site funding in advance of construction funding.
(1) To request advanced funding for design for eligible projects, the School D~~d~~istrict must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).
(2) Advanced funding for design shall be provided based on the eligible project type as follows:
(A) For projects receiving funding for advanced design for the replacement of all ~~S~~school ~~B~~building(s) on the project site, pursuant to Section 1859.82.2(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(B) For projects receiving funding for advanced design for at least one but not all ~~S~~school ~~B~~buildings on the project site pursuant to Section 1859.82.2(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(C) For projects receiving funding for advanced design for a Seismic Rehabilitation Grant pursuant to Section 1859.82.2(c), the Board will apportion an amount not to exceed 25 percent of the costs determined pursuant to Section 1859.82.2(c)(4)(A) less any School D~~d~~istrict funds available for the project pursuant to Section 1859.81(a).
(3) Advanced funding for site shall be provided pursuant to Section 1859.82.2(b)(4)(A)4. The School D~~d~~istrict is eligible for advanced funding for site acquisition as calculated pursuant to Section 1859.81.1.
(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying School D~~d~~istricts may request a separate Apportionment for the design

and for site acquisition for the same seismic mitigation project.
(5) The School D~~d~~istrict is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance with Section 1859.82.2(c) or site development worksheet for projects funded in accordance with Section 1859.82.2(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of ~~S~~school ~~B~~building(s) which will be located on a replacement site.
(6) If the School D~~d~~istrict does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.2 shall be offset by any advanced design funding previously provided for the project pursuant to Section 1859.82.2(f)(2).

Note: Authority cited: Section 17070.35, Education Code.
Reference: Sections 17075.10 in effect as of January 1, 2024, and repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 101012(a)(1) and 101122, Education Code.

Section 1859.82.3. Facility Hardship Program and Seismic Mitigation Program Conceptual Approvals.

A School D~~d~~istrict may request approval from the Board to determine eligibility for facility hardship or seismic mitigation programs in advance of project funding. Board approval does not constitute a reservation of bond authority. Board approval only confirms the School D~~d~~istrict meets the criteria in Section 1859.82.

(a) To request conceptual approval for facility hardship projects, the School D~~d~~istrict must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:
(1) For replacement projects, all of the documents listed in Section 1859.82.1(b)(2)(A) through Section 1859.82.1(b)(2)(~~D~~E).
(2) For rehabilitation projects, all of the documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(~~D~~E)3.
(b) To request conceptual approval for seismic mitigation projects, the School D~~d~~istrict must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:
(1) For replacement projects, all of the documents listed in Section 1859.82.2(b)(2)(A) through Section 1859.82.2(b)(2)(~~F~~G).
(2) For rehabilitation projects, all of the documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17075.10 in effect as of January 1, 2024, and repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, 100420, 100620, 100820, 101012(a)(1) and 101122, Education Code.

SFP Regulation Section 1859.83 and 1859.93.1

[…]

Section 1859.83. Excessive Cost Hardship Grant.

In addition to any other funding authorized by these Regulations, a School Ddistrict is eligible for funding as a result of unusual circumstances that created excessive project costs beyond the control of the School Ddistrict. The Excessive Cost Hardship Grant shall be based on any of the following:

(a) Excessive Cost due to Geographic Location.
A School Ddistrict with a project that is located in a geographic area designated in the Geographic Percentage Chart below is eligible for the sum of the Excessive Cost Hardship Grant(s) determined by multiplying the indicated percentage factor shown in the Geographic Percentage Chart below by each of the following amounts:
(1) The New Construction Grant and the Modernization Grant.
(2) The funding provided by Sections 1859.71.2, 1859.71.3, 1859.72, 1859.73, 1859.73.2, 1859.76(d)(1) and (2), 1859.78.4, 1859.78.5, 1859.82.1, 1859.82.2, 1859.83(b), (c), (d) and (e) and 1859.125(a)(1) through (a)(2).
…

(d) Excessive Cost Due to Urban Location, Security Requirements and Impacted Site for Approved Applications received on or before October 30, 2024.
(1) Excluding Joint-Use Projects, the School Ddistrict is eligible for an Excessive Cost Hardship Grant if the School Ddistrict had a project that was previously approved by the DSA, and prior to January 22, 2003, has received SAB approval for a time extension for substantial progress, and if the useable site acreage for the project is:
(A) at least 50 percent but less than 75 percent of the site size recommended by the CDE for the master planned project capacity. The New Construction Excessive Cost Hardship Grant is equal to eight percent of the New Construction Grant and eight percent of the funding authorized by Sections 1859.73.2 and 1859.83(b) and (c).
(B) at least 30 percent but less than 50 percent of the site size recommended by the CDE for the master planned project capacity. The New Construction Excessive Cost Hardship Grant is equal to 15 percent of the New Construction Grant and 15 percent of the funding authorized by Sections 1859.73.2 and 1859.83(b) and (c).
(C) less than 30 percent of the site size recommended by the CDE for the master planned project capacity. The New Construction Excessive Cost Hardship Grant is equal to 50 percent of the New Construction Grant and 50 percent of the funding authorized by Sections 1859.73.2 and 1859.83(b) and (c).
(D) less than 30 percent of the site size recommended by the CDE for the master planned project capacity.
(2) Excluding Joint-Use Projects, the district is eligible for an Excessive Cost Hardship Grant if all of the following conditions are met, as applicable:
(A) the Useable Acres of the site for the project are 60 percent or less of the CDE recommended site size based on:
1. the current CBEDS Report at the existing site, if any, at the time of the CDE final plan approval for the project, if any, plus the greater of the Net School Building Capacity of the final new construction project plans submitted to the DSA as calculated in Education Code Section 17071.25(a)(2) or the pupil grants requested in the COS or Charter School project. The Useable Acres will include the existing site that is being utilized for this project plus any additional acreage to be acquired as a part of the Application.
2. the current CBEDS Report at the site at the time of the CDE final plan approval for the modernization project.
(B) at least 60 percent of the classrooms in the construction plans are in multistory facilities for any type of new construction project.
(C) the value of the site being acquired for a new construction project on a new site is at least $750,000 per Useable Acre.
(3) If the criteria in (d)(2) are met, the Excessive Cost Hardship Grant:
(A) for new construction is equal to 15 percent of the New Construction Grant and 15 percent of the funding authorized by Sections 1859.73.2 and 1859.83(b) and (c) for a project with a site that is 60 percent of the CDE recommended site size plus 1.166 percent for each percentage decrease in the CDE recommended site size below 60 percent. In no event shall the amount provided in this subsection for a new construction project on a new site exceed 50 percent of the cost avoided with the purchase of a site smaller than the CDE recommended site size for the number of the pupil grants requested in the Application determined as follows:

SFP Regulation Section 1859.83 and 1859.93.1

1. The current estimated value of the project site as determined in Section 1859.74.6(a)(1).
2. Divide the amount in (A)1. by the number of Useable Acres.
3. Multiply the quotient in (A)2. by the number of Useable Acres recommended by CDE for the number of pupils described in Section 1859.83(d)(2)(A)1.
4. Subtract the value in (A)1. from the product in (A)3.
5. Multiply the difference in (A)4. above by 50 percent.

(B) for modernization is equal to 15 percent of the Modernization Grant and 15 percent of the funding authorized by Section 1859.83(b) for a project with a site that is 60 percent of the CDE recommended site size plus 0.333 percent for each percentage decrease of the CDE recommended site size below 60 percent.

…

Section 1859.93.1. New Construction Project Funding Order.
Applications, except those identified in (c) through (e) below, shall be funded as follows:

(a) First, to applications for Facility Hardship pursuant to Sections 1859.82.1(b) and 1859.82.2(b) in order of receipt of an Approved Application for funding; then,
(b) If there are no applications pursuant to subsection (a), to applications for New Construction Grant(s) in order of receipt of an Approved Application for Funding.
(c) Approved Applications for New Construction Grant(s) funded with the proceeds of state bonds approved by the voters prior to January 1, 2002.
(d) Approved Applications for New Construction Grant(s) authorized by Education Code Sections 17078.10 through 17078.30.
(e) Approved Applications that utilize pupil eligibility derived from the Alternative Enrollment Projection method. These applications shall be funded in order of receipt once the OPSC and the DRU have approved the Alternative Enrollment Projection method or the Alternative Enrollment Projection annual update.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17072.25, 17070.35, and 17075.10 in effect as of January 1, 2024, and repealed and added by Assembly Bill 247, Chapter 81, Statutes of 2024, and with the successful passage of Proposition 2 on November 5, 2024, 17075.15, Education Code.

STATE OF CALIFORNIA
FACILITY HARDSHIP COST ESTIMATE
SCHOOL FACILITY PROGRAM
SAB 58-01 (Rev. xx/25)

STATE ALLOCATION BOARD
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

INSTRUCTIONS

The Form SAB 58-01 is used for the purposes of generating and submitting the cost estimate required for Facility Hardship or Seismic Mitigation funding applications pursuant to SFP Regulation Sections 1859.82.1(b)(2)(C), 1859.82.1(c)(3)(C),1859.82.2(b)(2)(E), and 1859.82.2(c)(3)(D).

Refer to the most current published edition of the Current Construction Remodeling Costs publication by Sierra West Publishing, F3 unit costs, for data needed to complete this form. Throughout these instructions, all references to “Sierra West” indicate this publication.

All lines in Part I must be broken out to individual items or materials. Do not enter line-item requests in a lump sum format. Line-item requests in lump sum format may not be eligible for funding.

PART 1 – Line-Item Requests

For each line-item request, complete the following:

1. **CSI # -** Enter the Construction Specifications Institute number (CSI #) corresponding to the item or material included in Sierra West.

2. **Description -** Enter the description corresponding to the item or material as it appears in Sierra West.

3. **Quantity -** Enter the numeric quantity of the item or material used as indicated in the project plans approved by the Division of the State Architect (DSA). For projects that do not require DSA plan approval, enter the quantity as indicated in the supporting documentation submitted with the application.

4. **Unit -** Enter the unit of measure for the specified material or item as it appears in Sierra West.

5. **Cost/Unit -** Enter the total unit cost, or cost per unit, as it is listed in the F3 column in Sierra West. Do not add installation cost as this has been included in the total unit cost amount.

6. **District’s Request -** Enter the product of the Quantity and Cost/Unit column.

7. **OPSC's Allowance -** Leave blank. This section will be completed by OPSC upon review of the application.

8. **Comments -** The district may optionally indicate any relevant plan page numbers or reference information to assist the plan reviewer in the Comments column.

9. **OPSC Review Comments -** Leave blank. This section will be completed by OPSC upon review of the application.

10. **Title 24 Max Requirement** - In lieu of requesting individual line items for Access Compliance, the district may request a 20% allowance to cover the costs of the maximum Access Compliance work required by the Division of the State Architect (DSA). This allowance is reflective of the maximum requirements in Title 24, Section 11B-202.4, Exemptions, 8.

PART II – Contractor Burden

For the purposes of Part II of this form, refer to the table below to determine the applicable construction classification to use when referencing the most current published edition of Sierra West.

OPSC Project Type	**Sierra West Construction Classification**
Facility Hardship rehabilitation for Fire and/or Water Damage	"Repair of Fire Damage"
Facility Hardship rehabilitation of historical structures	"Unique Structures"
All other Facility Hardship rehabilitation projects	"Alterations and Additions"
Seismic Mitigation rehabilitation	"Alterations and Additions"

General Conditions and General Requirements - Using the total project cost as reported to DSA and the applicable OPSC project type listed above, enter the percentage as indicated in the General Conditions table in Sierra West (CSI# 01.1000 000). If the application is exempt from DSA review, the OPSC allowed Construction Subtotal from Part 1.

Overhead, Profit & Bonds - Using the total project cost as reported to DSA, enter the applicable percentage as indicated in the "Bonds" section in Sierra West (CSI# 01.2000 000). If the application is exempt from DSA review, the OPSC allowed Construction Subtotal from Part 1.

Escalation - If the project has not been completed at the time of application submittal, enter the percentage listed for the current year, as indicated in the "Escalation" section of Sierra West (CSI# 01.3000 000). If the project has been completed, the allowance is "0%".

Contingencies - Based on OPSC's Allowance Subtotal and CSI# 01.4000 000 Schematic Plans in Sierra West. The allowance is "0%" when funding is based on work with full DSA-approved plans.

PART III – Design Cost Allowances

DSA Inspection Fee - For projects that require DSA plan approval, enter 1%. For projects that do not require DSA plan approval, enter 0%.

Industry Specialist's Report Costs - Enter the greater of $10,000 or 1% of the OPSC Allowance Subtotal.

Construction Testing Allowance - For rehabilitation projects that require specialized testing and inspection of materials during construction such as soil tests, foundation tests, exploratory borings, and similar testing prior to construction, enter 1%. The District must submit written verification of the specialized testing required for the scope of work. For all other projects, enter 0%.

Design Specialist Cost Allowance - Based on the Construction Subtotal (Part II), the allowance for the Design Specialist will be automatically calculated using the Design Specialist Cost Allowance sliding scale at the end of the estimate. Alternatively, the District may manually enter the cost allowance based on this scale.

CDE Plan Review Fee - Allowance is for the proportionate amount of fees charged by the California Department of Education (CDE), as required by law, for the Facility Hardship and/or Seismic Mitigation portion of the plan set. The CDE Plan Review Fee calculation mirrors how CDE calculates their fees. If CDE changes their calculation, this allowance will be updated accordingly. As of this date, the allowance provided is 0.07% of the OPSC Allowed Construction Subtotal as published on CDE's website: https://www.cde.ca.gov/ls/fa/sf/forms.asp.

If the project did not receive review from CDE, the CDE Plan Review Fee will be $0.

DSA Plan Review Fee - Allowance is for the proportionate amount of fees charged by DSA, as required by law, for the Facility Hardship or Seismic Mitigation portion of the plan set. Based on the product of the OPSC Allowed Construction Subtotal applied to the DSA Project Fee Calculator: https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx

If the project is DSA exempt, the DSA Plan Review Fee allowance is $0.

PART II - Contractor Burden

1. CSI #	2. Description	Multiplier	Allowance	Calculation Detail
1.100 000	**General Conditions (insert percentage)** Broad categories covered by General Conditions include: • Mobilization, • Non-distributable labor and supervision, • Permits, licenses & fees, • Temporary utilities, structures, and fencing • Material handling equipment, trucks, safety, fuel, scaffolding, • Non-manual labor, benefits, payroll tax, workers compensation insurance • Insurances, comprehensive, builders risk.	0.00%	$ -	The multiplier is the percentage allowed based on the total project cost reported to DSA and the chart in the Current Construction Remodeling Costs Publication, in Section 01.1000 000. That percentage is representative of the economies of scale for the overall scope of the project, and is then applied to the OPSC Allowance Subtotal to arrive at the allowance. The following application types should use the corresponding Sierra West allowance category: • Facility Hardship Rehabilitation (Fire and/or Water Damage) – "Repair of Fire Damage" • Facility Hardship Rehabilitation (historical structures) – "Unique Structures" • Facility Hardship Rehabilitation (all others) – "Alterations & Additions" • Seismic Mitigation Program Rehabilitation – "Alterations & Additions"
1.200 000	**Overhead, Profit, and Bonds (insert percentage)** Broad categories covered by overhead include: rent, utilities, legal, accounting, estimating, travel, general insurance, taxes, marketing, advertising, computers, etc. and are distinctly not related to the physical construction of the project.	0.00%	$ -	The multiplier is the percentage allowed based on the total project cost reported to DSA and the chart in the Current Construction Remodeling Costs Publication, Section 01.2000 000. That percentage is representative of the economies of scale of the overall scope of the project which is then applied to the sum of the OPSC Allowance Subtotal plus the General Conditions allowance, to arrive at the allowance.
1.300 000	**Escalation (insert current year percentage)** This allowance provides for the general adjustment in construction costs over the duration of an estimating year.	0.00%	$ -	If the project has not been completed at the time of application submittal, the multiplier is the percentage listed for the current year, as indicated in the "Escalation" section of Sierra West (CSI# 01.3000 000). That percentage is then applied to the sum of the OPSC Allowance subtotal, plus the General Conditions Allowance, and the Overhead Profit & Bond Allowance. If the project is already complete, enter "$0".
1.400 000	**Contingencies (insert percentage or "0")** Contingencies are provided for projects when the work in this form is represented in schematic drawings rather than DSA approved plans. Typically this only applies to Cost Benefit Analysis completed for Seismic Mitigation Program replacement applications or requests for Conceptual Approval. **Note:** Sierra West Current Construction Cost publication provides an allowance of "0%" when funding is based on work with full DSA approved	0.00%	$ -	The multiplier is the percentage based on the Construction Classification and the Stage of Design outlined in the chart in the Current Construction Remodeling Costs Publication, in Section 1.4000 000. That percentage is then applied to the sum of the OPSC Allowance subtotal plus the allowance for General Conditions, Overhead Profit & Bond, and Escalation. Note: Applications with funding based on plans with final DSA approval are ineligible for contingencies.
Part II- Construction Subtotal			$ -	Sum of Part I and Part II.

PART III- Design Costs & Fees

Design Costs	Multiplier	Allowance	Calculation Detail

School District:	Application Number:
School Name:	DSA Number:
County:	

Project Inspection Allowance	1.00%	-	Allowance provided for the services of a DSA certified inspector for the duration of the project. The allowance provided is 1.00%, based on Construction Subtotal. Only allowed if project required DSA approval.
Industry Specialist Report	$10,000 or 1.00%	10,000	Allowance provided for the services of an Industry Specialist to completing the required report. The allowance provided is the greater of either the Construction Subtotal multiplied by 1%, or $10,000 .
Construction Testing Allowance	1.00%	-	For rehabilitation projects that require specialized testing and inspection of materials during construction such as soil tests, foundation tests, exploratory borings, and similar testing prior to construction, enter 1%. The District must submit written verification of the specialized testing required for the scope of work. For all other projects, enter 0%. The allowance is the applicable percentage multiplied by the Construction Subtotal.
Design Specialist Cost Allowance *See Sliding Scale, below.	Sliding Scale	-	Based on Construction Subtotal, using the Design Cost Allowance chart below.
CDE Plan Review Fee	0.07%	-	Allowance is for the proportionate amount of fees charged by the California Department of Education, as required by law, for the hardship portion of the project. The allowance provided will be CDE's fee calculation applied to the Construction Subtotal.
DSA Plan Review Fee	DSA Project Fee Calculator		Allowance is for the proportionate amount of fees charged by the Department of the State Architect, as required by law, for the hardship portion of the project. Based on the product of the Construction Subtotal applied to the DSA Project Fee Calculator: https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx.
Part III- OPSC Approved Total Project Cost:		**10,000**	Sum of Part II and Part III

~~Design Cost Allowance~~

~~Contruction Subtotal (from above): $ -~~

For Reference:

Design Specialist Cost Allowance Sliding Scale	**Multiplier**	**Allowance**

Re: Proposition 2 Implementation Stakeholder Meeting #6

Dear Ms. Kirk,

Los Angeles Unified would like to thank OPSC staff for accommodating a meeting on April 2, 2025, which allowed Los Angeles Unified staff the opportunity to further clarify and discuss its perspective on recent Proposition 2 Stakeholder topics.

Los Angeles Unified and OPSC discussed the following topics:

SFP Matching Share (January 30, 2025, and March 13, 2025, Stakeholder Materials)

- Determination of local matching share at application processing
- Local matching share impact on pupil grant determination
- Source of assessed value for gross bonding capacity calculations

Proposed Regulatory Amendments for Hardship Applications (June 2024, and March 20, 2025, Stakeholder Materials)

- Intent of “Outline” and “Like-Kind” language
- Requirement for “Before” and “After” gross inventory of school buildings
- Economies of Scale opinion as related to proposed 58-01 updates
- Asbestos Abatement work as part of Facility Hardship or Seismic Hardship

Global SFP Regulation Clean Up (January 13, 2025, Stakeholder Materials)

- Impact of DSA approval date on aging of pre-DSA facilities and stockpile buildings relocated from school site to school site

Los Angeles Unified continues to appreciate OPSC's Proposition 2 stakeholder engagement on the proposed amendments to the School Facility Program. Los Angeles Unified looks forward to further discussing these topics at future Stakeholder meetings.

If you have any questions regarding these comments, please contact Sasha Horwitz, Legislative Advocate: Sasha.Horwitz@lausd.net or (916) 443-4405.

Sincerely,

Sasha Horwitz
Legislative Advocate

RE: FEEDBACK ON TOPICS PRESENTED DURING THE MARCH 20, 2025 STAKEHOLDER MEETING FOR IMPLEMENTATION OF PROPOSITION 2 FOR THE SCHOOL FACILITY PROGRAM

To Whom it May Concern:

Hancock Park & DeLong, Inc. (HPD) appreciates the opportunity to continue providing feedback regarding the topics presented during the sixth Proposition 2 Stakeholder meeting held on March 20, 2025. Below is a summary of our comments and concerns:

- **Topic: Regulatory Amendments due to the repeal and re-addition of Education Code Section (ECS) 17075.10 for Hardship Applications**

  - ECS 17075.10 is the statutory basis for the Facility Hardship (FHP), the Seismic Mitigation Program (SMP), and the Urban Location, Security Requirements, and Impacted Sites. As part of AB 247, it was repealed and re-added

  - Regarding the clarification in regulations of when asbestos mitigation costs are allowable in FHP and SMP projects, the proposed regulations appear to prohibit in all cases the ability to fund asbestos remediation discovered during the course of a modernization project. While OPSC was clear that this would be the intent of the regulation change at the 2.26.2025 meeting, it also seemed that not all State Allocation Board members were ready to support that position. Several State Allocation Board members expressed concern with codifying the change to the program in such a way that would prohibit projects similar to that of the Camptonville Union Elementary School District's from receiving funding in the future. This question does not appear to be discussed in the presentation of the regulation changes in the stakeholder meeting item. Does OPSC plan to address this more fully in the staff report to the State Allocation Board when the regulation amendments are presented?

Please let us know if you have any questions or would like additional information regarding these topics. We look forward to continuing conversations as these topics progress with development.

Sincerely,

Jessica Love
Hancock Park & DeLong

APPEALS

Received as of September 30, 2025

Appeal Received Date	District/County	Tentative SAB Date*	Description
12/10/2024	Weed Union ESD/Siskiyou	TBD	District requests Financial Hardship status based upon other evidence of reasonable effort as approved by the State Allocation Board for a Facility Hardship Program application.
7/30/2025	Happy Camp Union ESD/ Siskiyou	12/3/25	District requests a 15-percent geographic factor augmentation for a State Allocation Board-approved California Preschool, Transitional Kindergarten, Full-Day Kindergarten Facilities Grant Program funding application.
7/31/2025	Orland Joint USD/Glenn	12/3/25	District requests to reinstate a State Allocation Board-approved California Preschool, Transitional Kindergarten, Full-Day Kindergarten Facilities Grant Program funding application and extend the time limit on fund release deadline.
8/26/2025	Greenfield Union SD/Kern	1/28/26	District requests reinstatement of original submittal of a New Construction funding application.
9/2/2025**	Alpaugh USD/Tulare	1/28/26	District requests reconsideration of audit findings for two Facility Hardship Program applications.
9/18/2025	Pioneer Union SD/El Dorado	12/3/25	District requests Natural Disaster Assistance.

*Please note: Tentative SAB Date is not a guaranteed meeting date and may be subject to change.

**Re-dated due to submittal of revised appeal documentation.

STATE ALLOCATION BOARD MEETING DATES

The State Allocation Board (SAB) meeting dates for the 2025 calendar year are as follows:

Board Date*	Type of Meeting
December 3, 2025	Monthly (Consent/Appeals/Action)

*The projected board dates and time will be determined upon the discussion with the Chair based on workload.

The SAB meets at 4:00 p.m. when the State Legislature is in session and at 3:00 p.m. when the State Legislature is out on recess.

Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM
NEW CONSTRUCTION AND MODERNIZATION UNFUNDED LIST
(as of August 19, 2025)

The New Construction and Modernization projects on this list have received an “unfunded” approval by the State Allocation Board (SAB). Note than an “unfunded” approval does not guarantee a future apportionment by the SAB.

Published monthly in the SAB Agenda.

This report is also located on the OPSC Website

INFORMATION ITEM

SCHOOL FACILITY PROGRAM
OFFICE OF PUBLIC SCHOOL CONSTRUCTION FUNDING WORKLOAD LISTING
(Applications Received Through September 30, 2025)

The New Construction and Modernization projects on this list represent complete applications awaiting the Office of Public School Construction (OPSC) processing and scheduling to the State Allocation Board.

This list includes projects that are being presented for approval in this month's State Allocation Board Agenda.

Inclusion on this list does not constitute a guarantee of future funding.

This list is also available on the OPSC Website and is updated the beginning of each month.

(a) Represents estimated 60% state share of project including excessive cost grants. Sesimic Mitigation Program projects represents the estimated 50% state share of project. Amounts shown have not been reviewed by OPSC for compliance with all School Facility Program requirements.

SFP APPLICATIONS
Modernization School Facilities Program
- Workload as of September 30, 2025 -

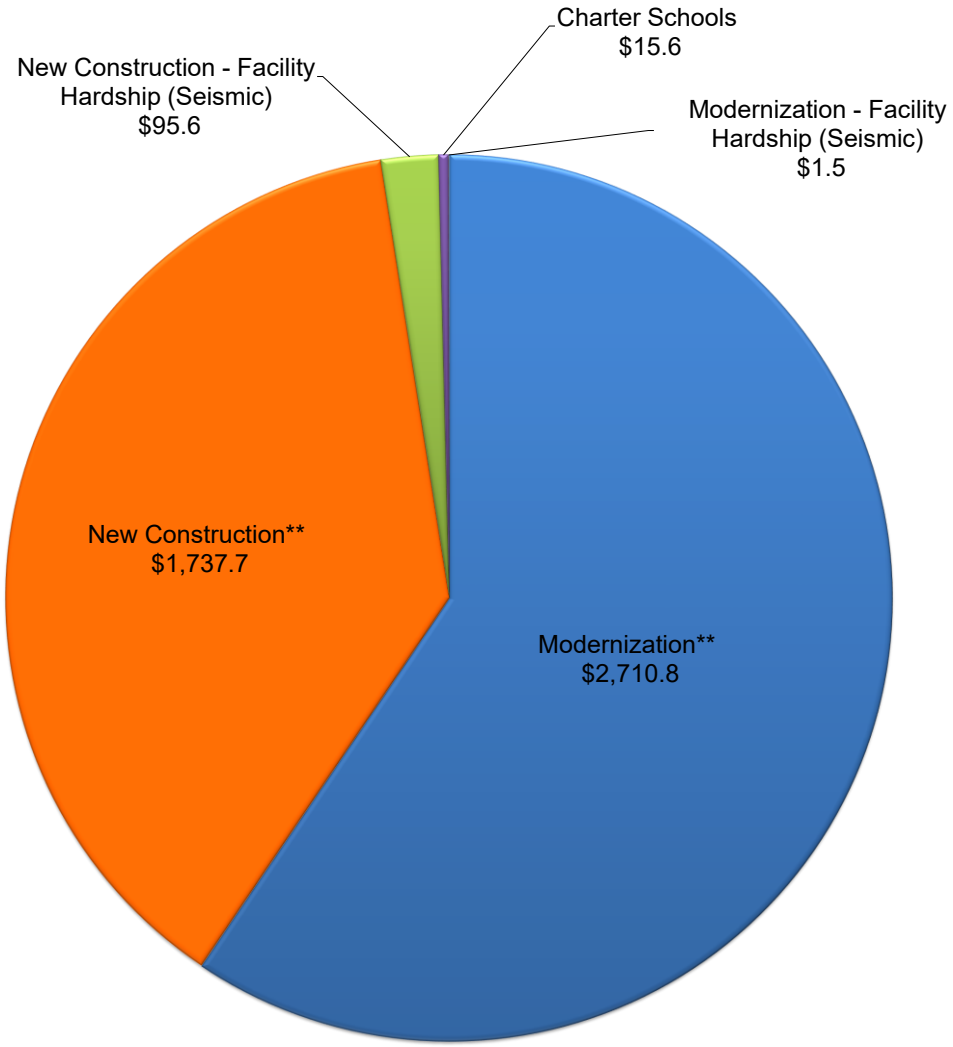

District	County	Site Name	Application Number	OPSC Date Received	Estimated State Grant (a)***	Financial Hardship (b)	Notification Occurred**

(b) Represents estimated financial hardship. Amounts shown have not been reviewed by OPSC for compliance with all School Facility Program requirements.

*Facility Hardship project requesting Seismic Mitigation Program funding.

**School districts have been notified that the Office of Public School Construction will begin processing the district's application in the near future.

School Facility Program Applications within Bond Authority*
- in millions of dollars, as of September 30, 2025-

*The projects on this report only represents completed applications that are awaiting Office of Public School Construction (OPSC) processing and scheduling to the State Allocation Board. It does not reflect the OPSC's complete workload or guarantee the project is within available bond authority.

** Includes Facility Hardship Non-Seismic applications (as applicable)

INFORMATION ITEM

SCHOOL FACILITY PROGRAM
APPLICATIONS RECEIVED BEYOND BOND AUTHORITY LIST
(as of September 30, 2025)

The applications on this list represent School Facility Program (SFP) New Construction and Modernization projects in date order received that were received on or after October 30, 2024 through September 30, 2025. These applications have been received, but not reviewed, by the Office of Public School Construction (OPSC). This list is presented to the State Allocation Board for acknowledgement, but not approval pursuant to SFP Regulation Section 1859.95.1.

Published monthly in the SAB Agenda.

This report is also on the OPSC Website at:

						Estimated Total Need (State Share)	$ 15,424,475

Facility Hardship Program Estimated Total Need (State Share)	$ 15,499,475

*Conceptual approval was provided pursuant to SFP Regulation Section 1859.82.3(a) for non-seismic Facility Hardship projects. The School District must submit a corresponding funding application for this project within the timelines required by SFP Regulation Section 1859.82.1. Conceptual approval does not reserve bond authority.

**Design approval was provided pursuant to SFP Regulation Section 1859.82.1(f) for non-seismic Facility Hardship projects. For projects that have received design approval, the design funding amount previously approved is included in the Estimated State Grant amount.
