GENERAL INFORMATION

This form is used by the School District to calculate the School District's eligibility for new construction and Modernization funding under the School Facility Program (SFP). The business address entered on the Application should be the location that the School District wishes the Office of Public School Construction (OPSC) to mail all correspondence regarding this Application.

Part I

Complete to designate or change the authorized District Representative and/or alternate. Should this be the case, complete the School District information, identify the District Representative(s) in Part I and complete the School District certification information at the bottom of the form, including the date the School District's governing board took appropriate action.

Part II

Complete for new construction baseline eligibility determination. This part is also used to request an adjustment to an approved new construction baseline eligibility as a result of subdivisions (f), (k) and (l) of Section 1859.51 due to either errors or omissions of information submitted by the School District when it requested the initial baseline eligibility, because of a reorganization election that has changed the classroom inventory of the School District or to change the classroom inventory that was reported at the time the School District requested its initial determination of Existing School Building Capacity as a result of Special Day Class loading. The following documentation is necessary to determine new construction baseline eligibility and must be submitted with this form:

- A completed Form SAB 50-01 based on the latest enrollment data.
- A completed Form SAB 50-02.

Part III

Complete for Modernization baseline eligibility determination at a specific site. School Districts must be able to provide a drawing of the site where eligibility for Modernization is generated with its request for an eligibility determination. The drawing must identify all Permanent and Portable Classrooms on the site and their ages. If the School District intends to use the Square Footage method in Option B, the drawings must also identify the Square Footage of all facilities on the site.

Part III is also used to request an adjustment to the approved baseline eligibility at a specific site as a result of subdivisions (c), (d), (e), (g), (i), and (k) of Section 1859.61 due to one or more of the following:

- an increase in enrollment,
- additional facilities becoming at least 20/25 years old,
- additional facilities on a site located on a military installation* becoming at least 10 years old,
- facilities becoming eligible for an additional Modernization Apportionment, for permanent school buildings every 25 years after the date of its previous Apportionment or for Portable Classrooms every 20 years after the date of its previous Apportionment,
- facilities located on a military installation* where the School District is a recipient of a federal grant on the site for facilities Modernization that requires a local matching share become eligible for an additional Modernization Apportionment, for permanent school buildings every 10 years after the date of its previous Apportionment or for Portable Classrooms 10 years after the date of its previous Apportionment,
- because of errors or omissions of information submitted by the School District when it requested the initial baseline eligibility for the site, or
- to change the classroom inventory that was reported at the time the School District requested its initial determination of Existing School Building Capacity as a result of Special Day Class loading,
- a replacement of a facility that was previously deemed eligible for Modernization but subsequently replaced in a project funded with local funds with no participation from the State. The School District should submit a site diagram indicating the replaced facilities and a copy of the contract for construction or acquisition of facilities.

The following documentation is necessary (if not previously submitted to the OPSC) to determine Modernization baseline eligibility and must be submitted with this form (as appropriate):

- Site diagram of school where Modernization funding is requested. The diagram must indicate the ages and number of all Permanent and Portable Classrooms on the site in accordance with the gross classroom inventory as provided by Section 1859.31.
- If the Modernization Eligibility will be determined by Option B, the site drawings must also include Square Footage and/or dimensions of all buildings on the site.

It is not necessary to complete Part III if the School District is only requesting funding for new construction and it is not necessary to complete Part II if the School District is only requesting funding for Modernization.

A School District may request that eligibility for new construction or Modernization be reviewed and approved by the Board pursuant to Section 1859.20 prior to submitting Form SAB 50-04 to the Board.

For a list of the documents that must be submitted in order for the OPSC to deem an eligibility request for new construction or Modernization complete and ready for OPSC processing, consult the OPSC Web site at www.dgs.ca.gov/opsc.

SPECIFIC INSTRUCTIONS

Part I - District Representative Information

Enter the name(s) of School District employee(s) that can act on behalf of the School District's board. A consultant who is on contract with the School District to communicate with the OPSC on behalf of the School District's board may be listed. The designee of the Superintendent of Public Instruction shall file Modernization Applications on behalf of the California Schools for the Deaf and Blind.

Part II - New Construction Eligibility Determination

Indicate if this request is for a new or adjusted eligibility determination. Enter the School District-wide information unless filing on a High School Attendance Area (HSAA) or Super HSAA basis. The enrollment projection and the Existing School Building Capacity data are obtained from information reported and determined on the Form SAB 50-01 and the Form SAB 50-02. Once the OPSC has verified the information provided on these forms, it will automatically be transferred to this form to determine the School District's eligibility for new construction. The School District may manually enter the information from

these forms and compute its eligibility; however, it may be adjusted by the OPSC based on verification of Form SAB 50-01 and Form SAB 50- 02.

1. Enter either the fifth-year or the tenth-year projected enrollment as shown in Part I of Form SAB 50-01 for grades TK-6, 7-8, 9-12 and for the total of Non-Severely Disabled Individuals with Exceptional Needs (non-severe) and Severely Disabled Individuals with Exceptional Needs (severe) Special Day Class (SDC) projected enrollment.
2. Enter the amounts on Form SAB 50-02, Part III, line 3 for grades TK-6, 7- 8, 9-12, non-severe and severe.
3. New construction eligibility (i.e., the "baseline eligibility") is determined by subtracting the Existing S chool Building Capacity (line 2) from the projected five year enrollment (line 1). Report negative numbers in brackets.

Adjustments to the School District's new construction baseline eligibility will be made by the OPSC pursuant to Section 1859.51. Contact your project manager at the OPSC for the adjusted baseline eligibility for future request for New Construction Grants.

Part III - Modernization Eligibility Determination

Modernization Eligibility is calculated based on information at a specific site when Modernization Grants are requested within the School District. Therefore, completion of Form SAB 50-01 and Form SAB 50-02 are not needed to determine eligibility for Modernization funding. Since the eligibility is site specific, the School District must submit a separate Form SAB 50-03 for each site for which it is requesting Modernization funding.

Indicate if this request is for new baseline eligibility determination or for an adjustment to an approved baseline eligibility as a result of Section 1859.61.

The School District may use one of two options to calculate its Modernization Eligibility at a specific site within the School District. The School District may select only one option at a time to calculate its Modernization Eligibility at any given school site. The School District may switch options at a later date, if it results in a net gain in eligibility at the site, regardless of whether a funding Application has been submitted. Hence, for purposes of adjusting Modernization Eligibility to include non-classroom buildings previously modernized under the Lease-Purchase Program, a School District may switch options for the purposes of obtaining additional Modernization Apportionments as provided by Section 1859.78.8. To assure timely processing of the Application, School Districts must provide a drawing of the site (if not previously submitted to the OPSC) where Modernization funds are generated with the eligibility request to the OPSC. The drawing must identify all Permanent and Portable Classrooms and their ages on the site. If the Square Footage of Option B is selected, the drawings must also identify the Square Footages of all facilities on the site. For purposes of determining the age of the building for Modernization funding, the 25/20 year period shall begin 12 months after the plans for the building were approved by the Division of the State Architect (DSA); or in the case of Permanent or Portable Classrooms previously modernized with State funds, which are eligible for an additional Apportionment, the 25/20 year period shall begin on the date of its previous Modernization Apportionment. For purposes of determining the age of buildings located on a military installation*, the 10 year period shall begin 12 months after the plans for the building were approved by the DSA; or in the case of Permanent or Portable Classrooms previously modernized with State funds, which are eligible for an Apportionment, the 10 year period shall begin on the date of its previous Modernization Apportionment. Any drawing that includes Classrooms eligible for an additional Apportionment pursuant to Section 1859.78.8 should specify both the date the Classroom's plans were originally approved by the DSA and the date of its previous Modernization Apportionment.

1. Enter the school site name from the California Public School Directory published by the California Department of Education.

Option A

2. Enter the number of Permanent Classrooms by grade level at the school site that would have been included in the gross classroom inventory pursuant to Section 1859.31 that are at least 25 years old and include any Permanent Classrooms not previously reported that have become at least 25 years old, or if the Classrooms are located on a military installation*, enter the number of Permanent Classrooms by grade level that are at least 10 years old and include any Permanent Classrooms not previously reported that have become at least 10 years old. If the school is a 6-8 middle school only, then report all Classrooms at the 7-8 grade level. If this request is to adjust the Classrooms reported for non-severe or severe pupil loading, the total Classrooms reported must be equal to the Classrooms reported at the time of the School District request for initial Modernization baseline eligibility. In no event may the number of Classrooms reported for non-severe or severe pupils exceed the number of Classrooms needed to house non-severe and severe pupils as reported on line 6 using loading standards of 13 for non-severe and 9 for severe Classrooms. For purposes of the California Schools for the Deaf and Blind, the loading standard for these severe pupils shall be 9.
3. Enter the total number of Portable Classrooms by grade level at the school site that would have been included in the gross classroom inventory classroom inventory pursuant to Section 1859.31 that are at least 20 years old and include any Portable Classrooms not previously reported that have become at least 20 years old, or if the Classrooms are located on a military installation*, enter the number of Portable Classrooms by grade level that are at least 10 years old and include any Portable Classrooms not previously reported that have become at least 10 years old. If the school is a 6-8 middle school only, then report all Classrooms at the 7-8 grade level. If this request is to adjust the Classrooms reported for non-severe or severe pupil loading, the total Classrooms reported must be equal to the Classrooms reported at the time of the School District request for initial Modernization baseline eligibility. In no event may the number of Classrooms reported for non-severe or severe pupils exceed the number of Classrooms needed to house non-severe and severe pupils as reported on line 6 using loading standards of 13 for non-severe and 9 for severe Classrooms.
4. Add lines 2 and 3 by the grades shown.
5. Multiply line 4 by 25 for TK-6, 27 for 7-8 and 9-12, 13 for non-severe and 9 for severe.
6. Enter the latest California Basic Educational Data Systems (CBEDS) enrollment data and year for the school site identified as it would

have been reported utilizing the criteria in Parts A, C and D of Form SAB 50-01. Report continuation high pupils as 9-12. If the school is a 6-8 middle school only, report 6th graders as 7-8.

7. Modernization Eligibility (i.e., the baseline eligibility) is the lesser of each column of lines 5 or 6.

Option B

2. Enter the total number of Permanent Classrooms at the school site that would have been included in the gross classroom inventory pursuant to Section 1859.31 or all permanent Square Footage at the site that is at least 25 years old.
3. Enter the total number of Portable Classrooms at the school site that would have been included in the gross classroom inventory pursuant to Section 1859.31 or all Portable Classroom Square Footage at the site that is at least 20 years old pursuant to Section 1859.60.
4. Add lines 2 and 3.
5. Enter the remaining number of Permanent and Portable Classrooms at the school site that would have been included in the gross classroom inventory pursuant to Section 1859.31 or all remaining permanent or portable space that is under 25/20 years old.
6. Add lines 4 and 5.
7. Determine the percentage of space on the site that is at least 25/20 years old by (1) dividing line 4 by line 6, (2) round to four decimal places, and (3) then convert to a percentage with two decimal places. For space located on military installations*, determine the percentage of space that is at least 10 years old by (1) dividing line 4 by line 6, (2) round to four decimal places, and (3) then convert to a percentage with two decimal places.
8. Enter the latest CBEDS enrollment data and year for each grade group at the school site identified as it would have been reported utilizing the criteria in Parts A, C and D of Form SAB 50-01. Report continuation high pupils as 9-12. If the school is a 6-8 middle school only, report 6th graders as 7-8.
9. Modernization Eligibility (i.e., the baseline eligibility) is determined by multiplying line 7 by each grade group reported in line 8. Round up.

Adjustments to the School District's Modernization baseline eligibility will be made pursuant to Section 1859.61. These adjustments will be made by the OPSC. Contact your project manager at OPSC for the adjusted baseline eligibility for future requests for Modernization Grants at the specific site.

*For purposes of this Form SAB 50-03, any Classrooms or Square Footage referred to as on military installations, must meet the criteria pursuant to Section 1859.60(c) and (d), wherein the site is a recipient of a federal grant for facilities modernization that requires a local matching share. The District Representative must check the box in the certification section of this Application if this site is located on a military installation and meets these criteria.
