

July 3, 2026

TITLE 2. STATE ALLOCATION BOARD

NOTICE OF PROPOSED REGULATORY ACTION

THE STATE ALLOCATION BOARD PROPOSES TO
ADOPT TWO NEW REGULATION SECTIONS, ALONG WITH A NEW FORM,
AND AMEND AN EXISTING REGULATION SECTION,
ALONG WITH FOUR ASSOCIATED FORMS,
TITLE 2, CALIFORNIA CODE OF REGULATIONS,
RELATING TO THE LEROY F. GREENE SCHOOL FACILITIES ACT OF 1998

PROPOSED ADOPTION OF THE FOLLOWING REGULATION SECTIONS:

- 1859.18 AND 1859.18.1

PROPOSED ADOPTION OF THE FOLLOWING FORM:

- Form SAB 50-MP, *Five-Year School Facilities Master Plan Checklist*, (New 01/26), which is incorporated by reference and referenced in Regulation Section 1859.2

PROPOSED AMENDMENTS TO THE FOLLOWING REGULATION SECTION:

- 1859.2

PROPOSED AMENDMENTS TO THE FOLLOWING FORMS:

- Form SAB 50-04, *Application For Funding*, (Rev. ~~04/26~~ 02/26), which is incorporated by reference and referenced in Regulation Section 1859.2
- Form SAB 50-09, *Application for Charter School Preliminary Apportionment*, (Rev. ~~12/25~~ 01/26), which is incorporated by reference and referenced in Regulation Section 1859.2
- Form SAB 50-10, *Application for Career Technical Education Facilities Funding*, (Rev. ~~10/14~~ 01/26), which is incorporated by reference and referenced in Regulation Section 1859.2
- Form SAB 195, *Application for Natural Disaster Assistance*, (~~New 08/25~~ Rev. 01/26), which is incorporated by reference and referenced in Regulation Section 1859.2

NOTICE IS HEREBY GIVEN that the State Allocation Board (SAB) proposes to adopt and amend the above-referenced regulation sections, including the associated forms, contained in Title 2, California Code of Regulations (CCR). A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Office of Public School Construction (OPSC) no later than 15 days prior to the close of the written comment period. Following the public hearing, if one is requested, or following the written comment period if no public hearing is requested, OPSC, at its own motion or at the instance of any interested person, may adopt the proposals substantially as set forth above without further notice.

AUTHORITY AND REFERENCE CITATIONS

The SAB is proposing to amend the above-referenced regulation sections under the authority provided by Sections 17070.35, 17075.20 and 17078.64 of the Education Code. The proposal interprets and make specific reference Sections 8974, 17009.5, 17017.6, 17017.7, 17021, 17047, 17050, 17051, 17070.15, 17070.51(a), 17070.54, 17070.59, 17070.71, 17070.75, 17070.77, 17071.10, 17071.25, 17071.30, 17071.33, 17071.35, 17071.40, 17071.75, 17071.76, 17072.10, 17072.12, 17072.18, 17072.30, 17072.33, 17073.16, 17073.25, 17074.10, 17074.16, 17074.30, 17075.10, 17075.15, 17077.30, 17077.35, 17077.40, 17077.42, 17077.45, 17078.52, 17078.56, 17078.72(k), 17079, 17079.10, 17280, 56026 and 101012(a)(8), Education Code; Section 53311, Government Code; and Sections 1771.3 in effect on January 1, 2012 through June 19, 2014 and 1771.5, Labor Code.

INFORMATIVE DIGEST/POLICY OVERVIEW STATEMENT

The Leroy F. Greene School Facilities Act of 1998 established, through Senate Bill 50, Chapter 407, Statutes of 1998, the School Facility Program (SFP). The SFP provides a per-pupil grant amount to qualifying school districts for purposes of constructing school facilities and modernizing existing school facilities. The SAB adopted regulations to implement the Leroy F. Greene School Facilities Act of 1998, which were approved by the Office of Administrative Law and filed with the Secretary of State on October 8, 1999.

On November 5, 2024, a majority of California's voters approved the Kindergarten through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024 (Proposition 2). In addition to providing \$8.5 billion in bond authority for public Transitional Kindergarten through grade 12 school facilities, there are many provisions contained in Proposition 2 that require interpretation and inclusion in the existing School Facility Program (SFP) Regulations. Voter approval of Proposition 2 made provisions of Assembly Bill (AB) 247 (Muratsuchi, Chapter 81, Statutes of 2024) operative.

This bill added Education Code Section 17070.54 and requires that as a condition of participating in the SFP, school districts must submit to OPSC a five-year school facilities master plan, or an updated five-year school facilities master plan, approved by the governing board of the school district. School district also means a county office of education based on Education Code Section 17070.15(q). In part, Proposition 2 requires:

- School districts include specified minimum elements as part of the five-year school facilities master plan, including an inventory of existing facilities, sites, and property.
- OPSC, in consultation with the California Department of Education (CDE), to develop guidelines that school districts may utilize to guide the development of the master plan.
- The State Controller's Office to include instructions in the K-12 audit guide to verify that all required components are included in participating school districts' master plans.
- School districts to update their school facilities master plans to reflect any changes in enrollment, capacity, or other areas, as appropriate for purposes of participating in the SFP.

At its meeting on January 28, 2026, the SAB adopted proposed regulatory amendments, on an emergency basis, that implement the five-year school facilities master plan provision of AB 247 and Proposition 2 in the SFP. The January 2026 item sets forth the timing of when to submit the school facilities master plan to OPSC based on the submittal date and project type, such as new

requests for New Construction and Modernization applications for design and/or site funding; Facility Hardship Program and Seismic Mitigation Program applications (health and safety projects); Career Technical Education Facilities Program applications; Charter School Facilities Program applications; and Natural Disaster Assistance applications (health and safety projects).

It is important to note that applications for all SAB-administered programs are subject to the five-year school facilities master plan requirement that are submitted by school districts and county offices of education. It is also necessary to point out that school districts already prepare school facilities master plans; comprehensive overviews of a school district's facilities, including but not limited to, current and future student housing needs, and existing facilities, to name a few.

Education Code Section 17070.54 sets forth specific criteria that must be included in the master plans for submittal to OPSC. However, Proposition 2 and AB 247 are silent as to when the five-year school facilities master plans must be submitted, which is why OPSC developed different submittal timelines by program and application type based on when the proposed regulations would be approved by the Office of Administrative Law (OAL) and become effective. Facility Hardship and Seismic Mitigation Program projects, along with three Natural Disaster Assistance projects have already been processed to the State Allocation Board, received unfunded approvals, and received Apportionments in April 2026. These regulations were approved by OAL on an emergency basis with an effective date of May 4, 2026 [OAL File #2026-0424-01E].

Attached to this Notice are the proposed regulations and five associated forms. The proposed regulations can also be reviewed on OPSC's website at: [Laws, Regulations for School Construction Projects](#). Copies of the proposed regulations and the five associated forms will be mailed to any person requesting this information by using OPSC's contact information set forth below in this Notice. The proposed regulations amend the SFP Regulations under the California Code of Regulations, Title 2, Chapter 3, Subchapter 4, Group 1, State Allocation Board, Subgroup 5.5, Regulations relating to the Leroy F. Greene School Facilities Act of 1998.

Background and Problem Being Resolved

At its December 3, 2024 meeting, the SAB adopted policies for SFP applications received on or after October 31, 2024. The December 2024 policy item outlined the timing of when to submit the school facilities master plan to OPSC based on the submittal date and project type, such as Facility Hardship and Seismic Mitigation Program applications, and New Construction and Modernization funding applications (including projects already SAB-approved for separate design/site). Early guidance from the SAB was necessary to inform school districts who submitted applications on or after October 31, 2024, and/or who are currently planning to submit applications for funding. Stakeholder input and feedback has been critical to inform regulation development and implementation. Although the submittal of the five-year school facilities master plan is required to participate in the SFP, Proposition 2 does not specify when the required master plan must be submitted to OPSC.

A series of stakeholder meetings were held on February 13, April 10, August 28, and November 6, 2025. Once stakeholders had the opportunity to provide input and feedback on the five-year school facilities master plan topic, OPSC presented proposed regulatory changes to the SAB for consideration as formal regulations and then those regulations were submitted to OAL and subsequently approved. There still remains Proposition 2 provisions to be incorporated into the SFP Regulations and as these topics are vetted with stakeholders, formal regulations will be presented to the SAB for consideration and then submitted to OAL for review.

The problem being resolved is not just implementing the statutory authority for school districts to submit five-year school facilities master plans but implementing when master plans must be submitted with funding applications for the different programs. Each program and project type has unique circumstances surrounding when applications can be submitted to OPSC versus when they may be processed by OPSC to the SAB for approval. Accordingly, the regulations account for these unique circumstances by adjusting the timing of when the master plan should be submitted by to allow school districts to plan and prepare for submittal. The proposed regulations address applications received by OPSC on and after October 31, 2024, and set forth requirements and conditions of the five-year school facilities master plan, as well as specificity concerning the information that must be included in the master plan. This is in alignment with Education Code Section 17070.54.

OPSC performed a search on whether the proposed regulatory amendments were consistent and compatible with existing State laws and regulations and did not identify any inconsistent or incompatible existing State laws or regulations. The proposed regulatory amendments are consistent with and implement a provision of statutory changes enacted with the passage of Proposition 2. Proceeding with the implementation of the proposed regulations ensures that school districts will provide the school facilities master plan if they want to participate in the SFP and have the state be a partner in their projects. This provides a positive impact on the state's economy, as well as the creation of an unknown number of jobs in the school construction industry. Once school districts request the release of state funds, manufacturing and construction-related industries such as architecture, engineering, trades and municipalities may expand based on the demand on these industries. The proposed regulations maintain equity, consistency, and the integrity of the SFP.

Anticipated Benefits of the Proposed Regulations

There are benefits associated with the proposed regulations. The State of California will benefit as the master plans are a comprehensive overview of each school district's facilities, including but not limited to, current and future student housing needs and existing facilities, to name a few. The master plans promote transparency and tie into the State's infrastructure investment. The regulations also help ensure school districts are making conscientious decisions when pursuing state funding.

In addition, the proposed regulations may have a positive impact on the state's economy, as well as the creation of an unknown number of jobs in the school construction industry, by facilitating funding for school construction. Once school districts request the release of state funds, manufacturing and construction-related industries such as architecture, engineering, trades and municipalities may expand based on the demand on these industries.

Summary of the Proposed Regulations

A summary of the proposed regulations is as follows:

Existing Regulation Section 1859.2 represents a set of defined words and terms used exclusively for these regulations. The proposed amendments update the revision dates for the Forms SAB 50-04, SAB 50-09, SAB 50-10, and SAB 195. It also defines the new Form SAB 50-MP and the term "Master Plan," that align with Education Code Section 17070.54.

Proposed adoption of Regulation Section 1859.18 sets forth how long a master plan is considered valid based on when the local governing board of a school district approved the

master plan, relative to the required time frame for submittal of the master plan for the associated funding application. A school district may submit additional funding applications without resubmitting the valid master plan. However, there are conditions of when a master plan must be updated by a school district within five years from the original master plan's approval by the school board when changes in enrollment, capacity, or other areas have materially affected components, which is in alignment with Education Code Section 17070.54(f). This section also sets forth the required components of a complete master plan and provides clarifying details to ensure consistent compliance with the statutory components.

Proposed adoption of Regulation Section 1859.18.1 establishes the required time frames by which school districts submit a complete master plan. The master plan requirement applies to applications submitted to OPSC on and after October 31, 2024. However, time was needed to develop these proposed regulations that the SAB approved a framework of submittal dates for completed master plans on December 3, 2024, along with a process for submittal of governing board resolutions acknowledging the master plan requirement. The school board resolution must also acknowledge the Apportionment may be rescinded for failure to submit the completed and valid master plan timely. This section implements the SAB's previously approved framework and expands it to other SFP programs. There is a non-substantive change in subsection (e)(2); correcting (f)(1) to (e)(2) since there is no subsection (f) in this section.

Existing Form SAB 50-04, *Application for Funding*, (Rev. ~~01/26~~ 02/26), (incorporated by reference) is submitted by school districts to apply for State funding for new construction and modernization projects. The proposed amendments add a certification on page 12 that incorporates the requirements of the five-year school facilities master plan, such as the date the governing board approved the master plan and the date it was submitted to OPSC. School districts will need to check a box as to whether the master plan has not been materially altered, has been materially altered, or the application is subject to an alternative master plan submittal timeline required in Regulation Section 1859.18.1. In addition, the revision date for this Form has been changed from 01/26 to 02/26 and includes the newly OAL-approved changes. This is due to an intervening regulation becoming effective on June 15, 2026 [OAL File #2026-0605-01E].

Existing Form SAB 50-09, *Application for Charter School Preliminary Apportionment*, (Rev. ~~12/25~~ 01/26), (incorporated by reference) is the form for charter school entities to apply for preliminary apportionments for qualifying projects. The proposed amendments add a certification on page 6 that incorporates the requirements of the five-year school facilities master plan, such as the date the governing board approved the master plan and the date it was submitted to OPSC. School districts will need to check a box as to whether the master plan has not been materially altered, has been materially altered, or the application is subject to an alternative master plan submittal timeline required in Regulation Section 1859.18.1.

Existing Form SAB 50-10, *Application for Career Technical Education Facilities Funding*, (Rev. ~~10/14~~ 01/26), (incorporated by reference) is submitted by school districts/Local Educational Agencies to apply for funding under the Career Technical Education Facilities Program. The proposed amendments add a certification on page 4 that incorporates the requirements of the five-year school facilities master plan, such as the date the governing board approved the master plan and the date it was submitted to OPSC. School districts will need to check a box as to whether the master plan has not been materially altered, has been materially altered, or the application is subject to an alternative master plan submittal timeline required in Regulation Section 1859.18.1.

Existing Form SAB 195, *Application for Natural Disaster Assistance*, (~~New 08/25~~ Rev. 01/26), (incorporated by reference), is submitted by school districts to apply for funding for either interim housing assistance following a natural disaster, or other assistance following a natural disaster, pursuant to Education Code Section 17075.20. This form provides sections wherein a school district may provide a narrative for each respective interim housing or other assistance request. The proposed amendments add a certification on page 9 that incorporates the requirements of the five-year school facilities master plan, such as the date the governing board approved the master plan and the date it was submitted to OPSC. School districts will need to check a box as to whether the master plan has not been materially altered, has been materially altered, or the application is subject to an alternative master plan submittal timeline required in Regulation Section 1859.18.1.

Proposed adoption of Form SAB 50-MP, *Five-Year Master Plan Checklist*, (New 01/26), (incorporated by reference), was created to assist school districts and OPSC in verifying that all required components are included in the submitted master plan. OPSC acknowledges that school districts have created their master plans in various formats. School districts are able to submit their master plans as a PDF document, or as an external website link with Uniform Resource Locators (URL). There are fields to enter page numbers if the school district submits the master plan in PDF format, or URL information if the master plan is web-based. OPSC proposes that school districts be required to complete and submit this form along with the completed master plan.

Statutory Authority and Implementation

Education Code Section 17070.35. (a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following: (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter.

Government Code Section 15503. Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Determination of Inconsistency or Incompatibility with Existing State Regulations

At its December 3, 2024 meeting, the SAB adopted policies for SFP applications received on or after October 31, 2024. The December 2024 policy item outlined the timing of when to submit the school facilities master plan to OPSC based on the submittal date and project type, such as Facility Hardship and Seismic Mitigation Program applications, and New Construction and Modernization funding applications (including projects already SAB-approved for separate design/site). Early guidance from the SAB was necessary to inform school districts who submitted applications on or after October 31, 2024, and/or who are currently planning to submit applications for funding. Although the submittal of the five-year school facilities master plan is required to participate in the SFP, Proposition 2 does not specify when the required master plan must be submitted to OPSC.

Each program and project type has unique circumstances surrounding when applications can be submitted to OPSC versus when they may be processed by OPSC to the SAB for approval. Accordingly, the regulations account for these unique circumstances by adjusting the timing of when the master plan should be submitted by to allow school districts to plan and prepare for submittal. The proposed regulations address applications received by OPSC on and after October 31, 2024, and set forth requirements and conditions of the five-year school facilities master plan, as well as specificity concerning the information that must be included in the master plan. This is in alignment with Education Code Section 17070.54.

After conducting a review, the SAB has concluded that these are the only regulations on this subject, and therefore, the proposed regulations are neither inconsistent nor incompatible with existing State laws and regulations. The proposed regulations are within the SAB's authority to enact regulations for the SFP under Education Code Section 17070.35 and Government Code Section 15503.

Documents Incorporated by Reference

- *Form SAB 50-04*, (Rev. ~~01/26~~ 02/26), referenced in Regulation Section 1859.2 and is incorporated by reference.
- *Form SAB 50-09*, (Rev. ~~42/25~~ 01/26), referenced in Regulation Section 1859.2 and is incorporated by reference.
- *Form SAB 50-10*, (Rev. ~~10/14~~ 01/26), referenced in Regulation Section 1859.2 and is incorporated by reference.
- *Form SAB 50-MP*, (New 01/26), referenced in Regulation Section 1859.2 and is incorporated by reference.
- *Form SAB 195*, (~~New 08/25~~ Revised 01/26), referenced in Regulation Section 1859.2 and is incorporated by reference.

IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The Executive Officer of the SAB has determined that the proposed regulations do not impose a mandate or a mandate requiring reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. It will not require local agencies, school districts or charter schools to incur additional costs in order to comply with the proposed regulations.

DISCLOSURES REGARDING THE PROPOSED REGULATORY ACTION

The Executive Officer of the SAB has made the following initial determinations relative to the required statutory categories:

- The SAB has made an initial determination that there will be no significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.
- The SAB is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- There will be no non-discretionary costs or savings to local agencies.
- The proposed regulations create no costs to any local agency or school district requiring reimbursement pursuant to Section 17500 et seq., or beyond those required by law, except for the required district contribution toward each project as stipulated in statute.
- There will be no costs or savings in federal funding to the State.
- The proposed regulations create no costs or savings to any State agency beyond those required by law.
- The SAB has made an initial determination that there will be no impact on housing costs.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS

Impact to Businesses and Jobs in California

The proposed regulations promote transparency because school districts and the school district community have been collaborating on the proposed regulations through a series of stakeholder meetings held on February 13, April 10, August 28, and November 6, 2025. Once stakeholders had the opportunity to provide input and feedback on the five-year school facilities master plan topic, OPSC presented proposed regulatory changes to the SAB for consideration as formal regulations and then those regulations were submitted to OAL and subsequently approved. There still remains Proposition 2 provisions to be incorporated into the SFP Regulations and as these topics are vetted with stakeholders, formal regulations will be presented to the SAB for consideration and then submitted to OAL for review.

In addition, the proposed regulations will not negatively impact the creation of jobs, the creation of new businesses, and the expansion of businesses in California. It is not anticipated that the proposed regulations will result in the elimination of existing businesses or jobs within California. Additionally, the proposed regulations expand the SFP while maintaining program integrity and equity amongst school district projects.

Benefits to Public Health and Welfare, Worker's Safety, and the State's Environment

- The proposed regulations promote transparency because school districts and the school district community have been collaborating on the proposed regulations through a series of stakeholder meetings.
- There are continued benefits to the health and welfare of California residents and worker safety. School districts, charter schools, and local educational agencies utilize construction and trades employees to work on school construction projects and although this proposed regulation does not directly impact worker's safety, existing law provides for the availability of a skilled labor force and encourages improved health and safety of construction and trades employees through proper apprenticeship and training. Further, public health and safety is enhanced because a properly paid and trained workforce will build school construction projects that are higher quality, structurally code-compliant and safer for use by pupils, staff, and other occupants on the site.
- There is no impact to the State's environment from the proposed regulations.

The SAB finds the proposed regulations fully consistent with the stated purposes and benefits.

EFFECT ON SMALL BUSINESSES

It has been determined that the proposed regulations will not have a negative impact on small businesses in the ways identified in subsections (a)(1)–(4) of Section 4, Title 1, CCR. The proposed regulations only apply to school districts, local education agencies, and charter schools for purposes of funding school facility projects. Manufacturing and construction-related industries such as architecture, engineering, trades and municipalities may expand based on the demand on these industries. This may include new [small] businesses, or the expansion of [small] businesses, which have a positive impact on the state’s economy and may also create an unknown number of jobs.

SUBMISSION OF COMMENTS, DOCUMENTS AND ADDITIONAL INFORMATION

Any interested person may present statements, arguments or contentions, in writing, submitted via U.S. mail, email or fax, relevant to the proposed regulatory action. Written comments submitted via U.S. mail, email or fax must be received at OPSC no later than August 17, 2026 end of day. The express terms of the proposed regulations as well as the Initial Statement of Reasons are available to the public.

Written comments, submitted via U.S. mail, email or fax, regarding the proposed regulatory action, requests for a copy of the proposed regulatory action or the Initial Statement of Reasons, and questions concerning the substance of the proposed regulatory action should be addressed to:

Lisa Jones, Regulations Coordinator

Mailing Address: Office of Public School Construction
707 Third Street, 3rd Floor
West Sacramento, CA 95605

E-mail Address: lisa.jones@dqs.ca.gov

Fax No.: (916) 375-6721

AGENCY CONTACT PERSONS

General or substantive questions regarding this Notice of Proposed Regulatory Action may be directed to Ms. Lisa Jones at (279) 946-8459. If Ms. Jones is unavailable, these questions may be directed to the backup contact person, Mr. Michael Watanabe, Deputy Executive Officer, at (279) 946-8463.

ADOPTION OF REGULATIONS

Please note that, following the public comment period, the SAB may adopt the regulation substantially as proposed in this notice or with modifications, which are sufficiently related to the originally proposed text and notice of proposed regulatory activity. If modifications are made, the modified text with the changes clearly indicated will be made available to the public for at least 15 days prior to the date on which the SAB adopts the regulations.

The modified regulation(s) will be made available and provided to: all persons who testified at and who submitted written comments at the public hearing, all persons who submitted written comments during the public comment period, and all persons who requested notification from

the agency of the availability of such changes. Requests for copies of any modified regulations should be addressed to the agency's regulation coordinator identified above. The SAB will accept written comments on the modified regulations during the 15-day period.

SUBSTANTIAL CHANGES WILL REQUIRE A NEW NOTICE

If, after receiving comments, the SAB intends to adopt the regulation with modifications not sufficiently related to the original text, the modified text will not be adopted without complying anew with the notice requirements of the Administrative Procedure Act.

RULEMAKING FILE

Pursuant to Government Code Section 11347.3, the SAB is maintaining a rulemaking file for the proposed regulatory action. The file currently contains:

1. A copy of the text of the regulations for which the adoption is proposed in ~~strikeout~~/underline.
2. A copy of this Notice.
3. A copy of the Initial Statement of Reasons for the proposed adoption.
4. The factual information upon which the SAB is relying in proposing the adoption.

As data and other factual information, studies, reports or written comments are received they will be added to the rulemaking file. The file is available for public inspection at OPSC during normal working hours. Items 1 through 3 are also available on OPSC's Internet Web site at: [Laws, Regulations for School Construction Projects](#) then scroll down to School Facility Program, Pending Regulatory Changes, February 25, 2026 Non-Emergency Regulations, and click on the links entitled 45-day Public Notice, Initial Statement of Reasons, Proposed Regulation Text, Forms SAB 50-01 through 50-04 and Forms SAB 50-09 and 195.

ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), the SAB must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. There were no alternatives considered. The SAB is charged with ensuring that the provisions of Proposition 2 are implemented in the SFP in a timely manner.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Upon its completion, the Final Statement of Reasons will be available, and copies may be requested from the agency's regulation coordinator named in this notice or may be accessed on the website listed above.
