

Enrollment Projection Calculator

The calculator has been updated to retain information to allow users to test different projection methods without requiring the data to be re-entered.

Application Wizards

- OPSC Online has been updated to allow users to request new supplemental grants added by Proposition 2, including:
 - Modernization – Minimum Essential Facilities Supplemental Grant
 - Modernization – Transitional Kindergarten Supplemental Grant
 - Modernization – 75-Year Old Modernization Grants
 - Modernization – Career Technical Education Supplemental Grant
 - Modernization – Energy Efficiency Supplemental Grant
 - New Construction - Energy Efficiency Supplemental Grant
- All SAB forms now export with the signature block populated with the name and address of the individual signed into OPSC Online when the document is submitted.

NEW! – OPSC’s Directory of Services

OPSC Online now contains a navigation panel for viewing current OPSC’s Directory of Services which is updated monthly.

Bug Fixes

- Fixed an issue on the *Application for Funding* (Form SAB 50-04) that limited number of pupils to 99,999 when calculating the Local Matching Share Funding Adjustment.
- Fixed an issue in the *Enrollment Certification Projection* (Form SAB 50-01) wizard that prevented Special Day Class data from exporting to pdf.
