### **Office of Public School Construction's COVID-19 Update**

As a result COVID-19, the Office of Public School Construction's (OPSC) staff are primarily teleworking. As a reminder, school districts can email all documents to one email address. All documents should be emailed to the Application Review Team (ART) at [OPSCApplicationReviewTeam@dgs.ca.gov](mailto:OPSCApplicationReviewTeam@dgs.ca.gov). ART will send an email acknowledgement of receipt for all submittals and ensure it is routed to the appropriate staff.

Staff are available to continue to conduct all business by means of distance efforts such as email, teleconference calls, Zoom and Microsoft Team meetings. In person meetings with school districts and consultants have been suspended until further notice.

State Allocation Board meetings will continue via Zoom meetings. Grant processing, grant agreements, fund release, and normal business operations will continue as OPSC's core mission.

If you have any questions, please contact your [Project Manager](#) or refer to [OPSC's Directory of Services](#).

## ONLINE APPLICATIONS AND TOOLS

- [OPSC Online Application](#) (link)\*

OPSC Online allows school districts and applicants to electronically submit requests for funding, and associated project documentation, for all School Facility Program projects. The online platform allows applicants to draft, review, and submit required forms at any time. Our newest release of OPSC Online was released in early July 2020 which added new capabilities that included the New Construction, Modernization, Facility Hardship, Seismic Mitigation Program and the Charter School Facilities Programs. The result is a completely paperless process! We encourage all applicants to submit your applications electronically through OPSC Online instead of submitting a paper based application.

\*OPSC Online is optimized for Microsoft Edge and Google Chrome web browsers.

- [OPSC Online User Guide](#)
- [OPSC Data Dashboard](#) (link)

OPSC has created a "Data Dashboard" to facilitate the identification of the distribution of SFP funding. The six dashboards display the allocation of funding (updated monthly) by proposition, SFP program, county, school district, school site, and/or legislative district based on user-defined filters.
