

Office of Public School Construction

Eligibility Applications

Presentation By:
Rajit Sandhu – Project Manager
March 26, 2021

Today's Topics Include

- Brief overview of the OPSC Online system and its purpose.
- Navigating the eligibility dashboard and application management page.
- In-depth walk through of Eligibility Application submittals through OPSC Online.
- Documents required to submit a successful application to determine eligibility for funding.
- Understanding Application Versions and District Eligibility Baselines.

What is OPSC Online and Why Use it?

What is OPSC Online?

OPSC Online is our new paperless application dashboard. It can:

- Retain and store historical funding data
- Electronically update and submit your District's eligibility document(s)
- Allow collaborative team work on an application between OPSC, the District, and stakeholders.

Why Use OPSC Online?

- Users can link and upload documents to each of their applications.
- Uploaded information will be stored within your application submittal(s).
- OPSC is actively adding new features and improving the system to enhance users' experiences.

How Do You Access OPSC Online?

To Access OPSC Online

- Go to OPSC's website
- Click on Resources
- Click Online Application Tools for School Construction Projects
- Click on OPSC Online Application

Link to OPSC Online:

Office of Public School Construction's COVID-19 Update

As a result COVID-19, the Office of Public School Construction's (OPSC) staff are primarily teleworking. As a reminder, school districts can email all documents to one email address. All documents should be emailed to the Application Review Team (ART) at OPSCApplicationReviewTeam@dgs.ca.gov. ART will send an email acknowledgement of receipt for all submittals and ensure it is routed to the appropriate staff.

Staff are available to continue to conduct all business by means of distance efforts such as email, teleconference calls, Zoom and Microsoft Team meetings. In person meetings with school districts and consultants have been suspended until further notice.

State Allocation Board meetings will continue via Zoom meetings. Grant processing, grant agreements, fund release, and normal business operations will continue as OPSC's core mission.

If you have any questions, please contact your [Project Manager](#) or refer to [OPSC's Directory of Services](#).

REQUEST UNAVAILABLE DOCUMENTS

To request a document that is not available from the department's website, please send a request by email using the button below or by phone at (916) 376-1771.

REQUEST ALTERNATIVE FORMAT

1 - 15 OF 15 RESOURCES

School Construction Project Tracking Search Tool

School districts can search for their school construction project by type, county, district and site using an online tool.

California Public School Construction Process

Government agencies, schools, and individuals can find a helpful overview of the approval, funding process, and key contact information for schools constructed or modernized with state matching funds.

Online Application Tools for School Construction Projects

Stakeholders can access online applications developed by the Office of Public School Construction (OPSC), such as OPSC Online, SFP Grant Calculator and Project Tracking Number Generator, which generates Project Tracking numbers and provides a search function for school construction projects.

Grant Agreements for State Allocation Board Projects

Stakeholders can view information on the history of the Grant Agreement templates for State Allocation Board projects, as well as other related resources.

Online Application Tools for School Construction Projects

Stakeholders can access online applications developed by the Office of Public School Construction (OPSC), such as OPSC Online, SFP Grant Calculator and Project Tracking Number Generator, which generates Project Tracking numbers and provides a search function for school construction projects.

List of OPSC Online Applications and Tools

ONLINE APPLICATIONS AND TOOLS

- [OPSC Online Application](#) (link)*

OPSC Online allows school districts and applicants to electronically submit requests for funding, and associated project documentation, for all School Facility Program projects. The online platform allows applicants to draft, review, and submit required forms at any time. Our newest release of OPSC Online was released in early July 2020 which added new capabilities that included the New Construction, Modernization, Facility Hardship, Seismic Mitigation Program and the Charter School Facilities Programs. The result is a completely paperless process! We encourage all applicants to submit your applications electronically through OPSC Online instead of submitting a paper based application.

*OPSC Online is optimized for Microsoft Edge and Google Chrome web browsers.

- [OPSC Online User Guide](#)
- [OPSC Data Dashboard](#) (link)

OPSC has created a "Data Dashboard" to facilitate the identification of the distribution of SFP funding. The six dashboards display the

Application Statuses

Application Statuses

Submitted

Applications that have been submitted to OPSC.

OPSC Reviewing

Submitted applications being reviewed by OPSC.

15-Day Letter

4-Day Letter

Submitted applications with outstanding requests from OPSC that must be responded to within the allotted time frame.

Accounting

Submitted applications approved by the project manager and is being processed by OPSC Accounting.

SAB Approved

Applications that have been approved by the State Allocation Board.

The background features abstract, overlapping geometric shapes in various shades of blue, ranging from light sky blue to deep navy blue. These shapes are primarily located on the left and right sides of the frame, creating a modern, dynamic feel. The central area is a clean white space where the text is placed.

How to Submit New Construction Establishments and Eligibility Updates

New Construction Eligibility

- Rules for establishing new construction eligibility are included in SFP regulation sections 1859.30-1859.51.
- District must demonstrate a need to provide facilities for students that will be unhoused

The background features abstract, overlapping geometric shapes in various shades of blue, ranging from light sky blue to dark navy blue, creating a modern, dynamic feel.

Creating a New Construction Eligibility Establishment Application

Components to a New Construction Eligibility Establishment

- ▶ Enrollment Certification/Projection (Form SAB 50-01)
- ▶ Gross Classroom Inventory (Form SAB 50-02)
- ▶ Eligibility Determination (Form SAB 50-03)

Certification

I certify, as the District Representative, that the information reported on this form and, when applicable, the High School Attendance Area Residency Reporting Worksheet attached, is true and correct and that:

- I am designated as an authorized district representative by the governing board of the district.
- If the district is requesting an augmentation in the enrollment projection pursuant to Regulation Section 1859.42.1 (a), the local planning commission or approval authority has approved the tentative subdivision map used for augmentation of the enrollment and the district has identified dwelling units in that map to be contracted. All subdivision maps used for augmentation of enrollment are available at the district for review by the Office of Public School Construction (OPSC).
- A resolution or other appropriate documentation supporting this application under Chapter 12.5, Part 10, Division 1, commencing with Section 17070.10, et seq., of the Education Code was adopted by the School District's Governing Board or the designee of the Superintendent of Public Instruction on This field is required
- This form is an exact duplicate (verbatim) of the form provided by the Office of Public School Construction. In the event a conflict should exist, then the language in the OPSC form will prevail.

I verify, I have read and agree to the above terms and certification information

Certification !

I certify, as the District Representative, that the information reported on this form and, when applicable, the High School Attendance Area Residency Reporting Worksheet attached, is true and correct and that:

- I am designated as an authorized district representative by the governing board of the district.
- If the district is requesting an augmentation in the enrollment projection pursuant to Regulation Section 1859.42.1 (a), the local planning commission or approval authority has approved the tentative subdivision map used for augmentation of the enrollment and the district has identified dwelling units in that map to be contracted. All subdivision maps used for augmentation of enrollment are available at the district for review by the Office of Public School Construction (OPSC).
- This form is an exact duplicate (verbatim) of the form provided by the Office of Public School Construction. In the event a conflict should exist, then the language in the OPSC form will prevail.

I verify, I have read and agree to the above terms and certification information

Submittal

OPSC now accepts State Allocation Board School Facility Program forms to be submitted electronically via OPSC Online. School districts must upload copies of all required documents within 7 calendars days or the submittal will be revoked.

- Applications may only be submitted by a District Superintendent or Authorized District Representative who is signed in OPSC Online with their corresponding OPSC Online User ID. Submittal from these authorized accounts is considered to be a unique electronic signature for purposes of application submittal. A printed, wet-signature form does not need to be mailed to OPSC.
- All required and supporting application documents must be uploaded prior to submitting a new funding application. Mailing in documents is on longer necessary.
- Districts and OPSC staff will be able to access uploaded files at any time and can upload new versions or additional files at any time. Once a school district has uploaded a file, the file cannot be removed.

I have uploaded all required documents

Certification !

I certify, as the District Representative, that the information reported on this form and, when applicable, the High School Attendance Area Residency Reporting Worksheet attached, is true and correct and that:

- I am designated as an authorized district representative by the governing board of the district.
- If the district is requesting an augmentation in the enrollment projection pursuant to Regulation Section 1859.42.1 (a), the local planning commission or approval authority has approved the tentative subdivision map used for augmentation of the enrollment and the district has identified dwelling units in that map to be contracted. All subdivision maps used for augmentation of enrollment are available at the district for review by the Office of Public School Construction (OPSC).
- A resolution or other appropriate documentation supporting this application under Chapter 12.5, Part 10, Division 1, commencing with Section 17070.10, et seq., of the Education Code was adopted by the School District's Governing Board or the designee of the Superintendent of Public Instruction on
This field is required
- This form is an exact duplicate (verbatim) of the form provided by the Office of Public School Construction. In the event a conflict should exist, then the language in the OPSC form will prevail.

I verify, I have read and agree to the above terms and certification information
