# Office of Public School Construction

## Overview of OPSC Online

Presentation By:

Justin Ng – Project Manager

March 19, 2021

# Preface

# Preface

- This will be an overview of OPSC Online

- Demonstration and screenshots are of a test environment with dummy data

- I will pause at screenshots so that everyone can keep up and digest the information

# Agenda

# Agenda Summary

- What is OPSC Online?
- Why use OPSC Online?
- How to access and log in to OPSC Online
- User roles
- Overview of funding applications and application version management
- Overview of eligibility applications and eligibility baselines
- Grant calculator
- Resources and OPSC Contact Information
- Q&A

# What Is OPSC Online?

- Web application to submit, track, and manage requests for funding in a completely paperless process

- Access School Facility Program (SFP) applications and eligibility electronically

- **Note:** OPSC Online is optimized for Google Chrome!

# Why Use OPSC Online?

- Sign and certify to applications electronically

- Upload supporting documents

- Track the status of applications

- View eligibility baselines

- Manage users and contact information

# Why Use OPSC Online?

- Determine funding scenarios and estimate grants

- And more!

- OPSC is migrating to online processing

- Actively adding new features and improving the System

# How Do You Access OPSC Online?

# How To Access OPSC Online?

- OPSC website -> Resources -> Online Application Tools for School Construction Projects -> OPSC Online Application

- https://www.webapps.dgs.ca.gov/OPSC/OPSCOnline/dashboard

**Office of Public School Construction's COVID-19 Update**

As a result COVID-19, the Office of Public School Construction's (OPSC) staff are primarily teleworking. As a reminder, school districts can email all documents to one email address. All documents should be emailed to the Application Review Team (ART) at OPSCApplicationReviewTeam@dgs.ca.gov. ART will send an email acknowledgement of receipt for all submittals and ensure it is routed to the appropriate staff.

Staff are available to continue to conduct all business by means of distance efforts such as email, teleconference calls, Zoom and Microsoft Team meetings. In person meetings with school districts and consultants have been suspended until further notice.

State Allocation Board meetings will continue via Zoom meetings. Grant processing, grant agreements, fund release, and normal business operations will continue as OPSC's core mission.

If you have any questions, please contact your Project Manager or refer to OPSC's Directory of Services.

### School Construction Project Tracking Search Tool

School districts can search for their school construction project by type, county, district and site using an online tool.

### California Public School Construction Process

Government agencies, schools, and individuals can find a helpful overview of the approval, funding process, and key contact information for schools constructed or modernized with state matching funds.

### Laws and Regulations for State Allocation Board-Administered Programs

School districts can access regulations that have been approved by the Office of Administrative Law and are in effect, as well as proposed regulations proceeding through the Administrative Procedure Act.

### Online Application Tools for School Construction Projects

Stakeholders can access online applications developed by the Office of Public School Construction (OPSC), such as OPSC Online, SFP Grant Calculator and Project Tracking Number Generator, which generates Project Tracking numbers and provides a search function for school construction projects.

### Grant Agreements for State Allocation Board Projects

Stakeholders can view information on the history of the Grant Agreement templates for State Allocation Board projects, as

# Online Application Tools for School Construction Projects

Stakeholders can access online applications developed by the Office of Public School Construction (OPSC), such as OPSC Online, SFP Grant Calculator and Project Tracking Number Generator, which generates Project Tracking numbers and provides a search function for school construction projects.

List of OPSC Online Applications and Tools

## ONLINE APPLICATIONS AND TOOLS

- OPSC Online Application (link)*

  OPSC Online allows school districts and applicants to electronically submit requests for funding, and associated project documentation, for all School Facility Program projects. The online platform allows applicants to draft, review, and submit required forms at any time. Our newest release of OPSC Online was released in early July 2020 which added new capabilities that included the New Construction, Modernization, Facility Hardship, Seismic Mitigation Program and the Charter School Facilities Programs. The result is a completely paperless process! We encourage all applicants to submit your applications electronically through OPSC Online instead of submitting a paper based application.

  *OPSC Online is optimized for Microsoft Edge and Google Chrome web browsers.

- OPSC Online User Guide
- OPSC Data Dashboard (link)

  OPSC has created a "Data Dashboard" to facilitate the identification of the distribution of SFP funding. The six dashboards display the allocation of funding (updated monthly) by proposition, SFP program, county, school district, school site, and/or legislative district based on user-defined filters.

- Project Tracking Number (PTN) Search Tool and PTN Generator (link)

# User Roles

# User Roles

- **School District Representatives and Superintendents** are authorized Representatives on OPSC's records. Superintendents are listed on CDE's website and District Representatives have been authorized by a Form SAB 50-03 submittal to OPSC.

- **Delegates** are designated by a District Representative or Superintendent to assist with completing applications.

- **Licensed Architects** are designated by a District Representative or Superintendent to complete sections on applications specific to Architects & Design Professionals.

- **Licensed Design Professionals** are designated by a District Representative or Superintendent to complete sections on applications specific to Design Professionals.

Dashboard / Application

## Create New Application    ❓

Has the District applied for advanced funding for Site Acquisition or Design for this project/application?    [ Yes | **No** ]

❓

You have selected "No" because this is a brand new application for a project that has never requested a prior separate site and/or design funding approval. The following screens will be a step-by-step guide to completing your application online.

On this first screen, please select the District name, Program Type (e.g. New Construction, Modernization), High School Attendance Area (if applicable), enter the Project Tracking Number, and enter a nickname for the application. The nickname is used to help you with differentiating this from other projects in your Dashboard.

Select the District                                                                [ ▼ ]

Select a funding Program Type ❓                                                   [ ▼ ]

Refer to Section 1859.192 for the eligibility criteria

Please enter your primary Project Tracking Number (PTN #)         [          ] – [          ]

Please enter application nickname                                                 [                    ]

[ Cancel ]    [ Continue → ]

# OPSC Grants Calculator

The calculations provided above are an estimate for the potential funding of that may be associated with a complete application that has the total amount of eligibility available to request for the project. This estimate does not take into consideration what a grant for design only funding would be. Additionally, this estimate does not reflect any potential increase to funding based on eligibility for Financial Hardship assistance.
