FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM

Presented by
Office of Public School Construction (OPSC)

February 25, 2020
Program Overview
Full-Day Kindergarten Facilities Grant Program (FDKFGP)

• Established on June 28, 2018 and extended on July 1, 2019

• One-time grants to increase the number of full-day kindergarten classrooms by either:
  • Constructing new school facilities; or,
  • Retrofitting existing school facilities

• Prioritizes projects converting part-day kindergarten programs to full-day kindergarten programs

• Applications accepted during specified funding rounds
Application Submittal Funding Rounds

• Additional $300 million, less administrative costs and offsets to previously funded conversion projects, will be split into three potential rounds.

Who Can Apply?

• For 2019-2020 and 2020-2021 fiscal years, eligible school districts must meet the following criteria:
  • Application site did not offer a full-day kindergarten program as of July 1, 2019.
  • District can only use FDKFGP funds to convert a part-day to a full-day kindergarten program.
  • District lacks facilities to provide full-day kindergarten at the project school site.
Who Can Apply? (cont.)

• For funds remaining after the 2020-2021 fiscal year, eligible school districts must meet the following criteria:
  • District currently has or will have a school board resolution approving full-day kindergarten instruction.
  • District lacks facilities to provide full-day kindergarten at the project school site.
Classroom Capacity

• Districts are considered lacking full-day kindergarten facilities if:
  • Site’s kindergarten enrollment exceeds site’s kindergarten compliant classroom capacity using SFP loading standard of 25 K-6 pupils per classroom
  • Classrooms constructed as kindergarten classrooms or altered to house kindergarten students, regardless of current use, will be included when determining existing kindergarten classroom capacity
Who Can Apply? (cont.)

• County offices of education, charter schools, joint powers of authority, and the State Department of Education are ineligible to apply.

• School district must hold title to the real property where the facilities will be located.
  • Therefore, projects located on leased lands are not eligible for FDKFGP funding.

Completing the Form SAB 70-01

- With regards to providing full-day kindergarten instruction as pursuant to Section 1860.5, the School District certifies that:

  □ A resolution allowing the School District to provide full-day kindergarten at the project site was adopted by the school district’s governing board (attached) on, ________________________; or,

  □ Prior to the completion of the project, a resolution allowing the School District to provide full-day kindergarten at the project site will be adopted by the school district’s governing board and submitted with the Form SAB 70-03.
Funding Order

• Preference points are assigned to each application
  • 80 maximum points possible
    • Financial Hardship requirements met: 40 points
  • Low Income: Up to 40 points
    • Percentage of pupils within school district who are eligible for Free and Reduced-Price School Meals
1. Approved applications will be funded based on the district’s total preference points and the application’s priority order (assigned by the district on Section 3 of the Form SAB 70-01).

(A) Districts will have their first priority projects funded in order of total preference points until all districts have had their first priority project funded.
Funding Order (cont.)

- 1(B) School Districts with the same total preference points will be funded in order of the higher Low Income percentage reported to one decimal place. The School District with the higher Low Income percentage will be funded first.

- 1(C) If School Districts have the same total preference points and the same Low Income percentage reported to one decimal place, projects will then be placed into a lottery system to determine the School District funding order.
Funding Order (cont.)

2. If sufficient funding remains after the districts with multiple approved applications then will be funded in order of total preference points.

(A) The District with the highest total preference points shall have their remaining projects funded in priority order until all projects are funded. Funding shall then be provided to the next District with the highest total preference points.

(B) A tie breaker will be used for School Districts with the same total preference points by using the exact Low Income percentage to one decimal place, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. The School District with the higher Low Income percentage will be funded first.
Funding Order (cont.)

- 2(C) Districts with the same total preference points are still tied after the review the Low Income, will be placed into a lottery system to determine District funding order. The highest remaining priority project for each District participating in the lottery will be funded until all projects from each District participating in the same lottery round have been funded.
Partial Funding Order

3. If the Board does not have sufficient funding to fully apportion a district’s project, that district may elect to either:

(A) Accept partial funding for the project; or
   - If partial funding is accepted, the Apportionment shall become full and final.

(B) Decline to accept funding for the project.
   - If partial funding is declined, the Board may offer partial funding to the next approved application, based on funding order described in the previous slides.
**Funding Scenario**

The following five school districts have applied to the Program, and all applications were approved for funding. School districts B, C, and D all have 70 total preference points. District B has an FRPM of 90.4%, where District C and D has a tied FRPM of 90.3% so Districts C and D were placed into a lottery system, to determine the order within the funding wave that will fund each of these 2 school districts first priority project. In this example, school district B would be funded first, as their FRPM was higher. School district C was picked second. School district D was picked third. This same order will apply to the subsequent funding wave. This same order was picked for the funding order of the first priority projects, pursuant to 1860.15(c)(1) and for the subsequent funding order lottery, pursuant to 1860.15(c)(2).
