CHAPTER 43

[Approved by Governor June 27, 2022. Filed with
Secretary of State June 27, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

SB 154, Skinner. Budget Act of 2022.

This bill would make appropriations for the support of state government for the 2022–23 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2022.”

SEC. 1.50. (a) In accordance with Sections 12460, 13338, and 13344 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor’s Budget, the records of the Controller in legacy systems, and the Financial Information System for California (FI\$Cal), and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state’s fiscal systems. The meaning of this structure is as follows:

2720—Business Unit (known as organization code in legacy systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., 001–100 represents state operations in the Budget Act))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each business unit are adjacent to one another.

(4) Federal funds received by the state and deposited in the State

Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act or in other spending authority outside of this act and those used in the Governor's Budget, in the records of the Controller in legacy systems, and in FI\$Cal.

(d) Notwithstanding any other law, the Department of Finance may revise the schedule of any appropriation made in this act or in other spending authority outside of this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in FI\$Cal or the Controller's legacy systems resulting from or related to the conversion or implementation of FI\$Cal for the current or past fiscal years, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from legacy systems into FI\$Cal.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FI\$Cal requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers is being utilized in FI\$Cal different from what is reflected in prior budget acts and other authorizing sources. A comprehensive crosswalk facilitates the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the Controller and departments, and with that of FI\$Cal. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until all departments and the Controller's control functions are fully implemented in FI\$Cal.

SEC. 1.51. For purposes of this act, a citation to a budget act includes all acts amending that budget act.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated and available for encumbrance or expenditure for the use and support of the State of California for the 2022–23 fiscal year beginning July 1, 2022, and ending June 30, 2023. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury and shall be available for liquidation of encumbrances in accordance with Section 16304.1 of the Government Code.

(b) All capital outlay appropriations and reappropriations, unless

otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and performance criteria, appropriations are available for encumbrance or expenditure until June 30, 2023.

(2) All other capital outlay appropriations are available for encumbrance or expenditure until June 30, 2025.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

SEC. 2.00. Items of appropriation.

Provisions:

1. Subject to the conditions set forth in this item, amounts appropriated by this item shall be transferred, upon approval by the Director of Finance, to augment any other General Fund item of appropriation that is made under this act to an agency, department, board, commission, or other state entity. Such a transfer may be made to fund unanticipated expenses to be incurred for the 2022–23 fiscal year under an existing program that is funded by that item of appropriation, but only in a case of actual necessity as determined by the Director of Finance. For purposes of this item, an “existing program” is one that is authorized by law.
2. The Director of Finance shall not approve a transfer under this item, nor may any funds appropriated in augmentation of this item be allocated, to fund any of the following: (a) capital outlay, (b) any expense attributable to a prior fiscal year, (c) any expense related to legislation enacted without an appropriation, (d) startup costs of programs not yet authorized by the Legislature, (e) costs that the administration had knowledge of in time to include in the May Revision, or (f) costs that the administration has the discretion to incur or not incur.
3. A transfer of funds approved by the Director of Finance under this item shall become effective no sooner than 30 days after the director files written notification thereof with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, or no sooner than any lesser time the chairperson of the joint committee, or the chairperson’s designee, may in each instance determine, except for an approval for an emergency expense as defined in Provision 5.
4. Each notification shall include all of the following: (a) the date the recipient state entity reported to the Director of Finance the need to increase its appropriation, (b) the reason for the expense, (c) the transfer amount approved by the Director of Finance, and (d) the basis of the director’s deter-

<p>5. The Director of Finance may approve a transfer under this item for an emergency expense only if the approval is set forth in a written notification that is filed with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, no later than 10 days after the effective date of the approval. Each notification for an emergency expense shall state the reason for the expense, the transfer amount approved by the director, and the basis of the director’s determination that the expense is an emergency expense. For the purposes of this item, “emergency expense” means an expense incurred in response to conditions of disaster or extreme peril that threaten the immediate health or safety of persons or property in this state.</p>	
<p>6. Within 15 days of receipt, the Director of Finance shall provide, to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, copies of all requests, including any supporting documentation, from any agency, department, board, commission, or other state entity for a transfer under this item. The submission to the Legislature of a copy of such a request does not constitute approval of the request by the Director of Finance. Within 15 days of receipt, the director shall also provide copies to these chairpersons of all other requests received by the Director of Finance from any state agency, department, board, commission, or other state entity to fund a contingency or emergency through a supplemental appropriations bill augmenting this item.</p>

8. The Director of Finance may withhold authorization for the expenditure of funds transferred pursuant to this item until such time as, and to the extent that, preliminary estimates of potential unanticipated expenses are verified.	
9. The Director of Finance shall submit any requests for supplemental appropriations in augmentation of this item to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature. Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 2022, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include minor projects, studies, specifications, design, construction, and equipment necessary in connection with a construction, repair, or improvement project on state-owned or state-leased property.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each program or project included in the schedule shall be limited to the amount specified for that program or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules, “program” or “project” means a class of expenditure.

(a) “Programs” include all expenditures required to carry out the objectives of the named activity.

(b) “Projects” include expenditures to carry out a particular phase, or multiple phases, of work attributed to a project. For capital outlay projects, phases are budgeted as subschedules under the “project” schedule within an item of appropriation.

As used in this act in reference to the subschedules, the following means a class of expenditure such as, but not limited to:

(1) “Studies,” when used in conjunction with a capital outlay project, are defined as budget package development, site studies and suit-

ability reports, master planning, environmental studies and services, architectural programming, engineering assessments, and schematic design.

(2) “Acquisition” is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(3) “Preliminary plans” are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(4) “Working drawings” are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(5) “Construction,” when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(6) “Performance criteria” are defined as the information that fully describes the scope of the proposed project and includes, but is not limited to, the size, type, and design character of the buildings and site; the required form, fit, function, operational requirements, and quality of design, materials, equipment, and workmanship; and any other information deemed necessary to sufficiently describe the state’s needs. Performance criteria may include concept drawings, which include any schematic drawings or architectural renderings that are prepared in such detail as is necessary to sufficiently describe the state’s needs.

(7) “Design-build” phase means the period following the award of a contract to a design-build entity in which the design-build entity completes the design and construction activities necessary to fully complete the project in compliance with the terms of the contract.

(8) “Minor projects” include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, “State of California Governor’s Budget for 2022–23” submitted by the Governor to the Legislature at the 2022 portion of the 2021–22 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the Controller and to every state agency to which appropriations are made un-

der this act.

The appropriations made by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and by Sections 22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2022–23 fiscal year retirement benefits to achieve the percentages specified in this subdivision. Beginning in the 2013–14 fiscal year, adjustments to the California State University (CSU) rates are applied to the actual pensionable 2013–14 fiscal year payroll, which is \$2,307,876,000, as identified by the Controller. This process establishes pension funding adjustments through this section for CSU. This results in pension funding for CSU of \$744,010,000 General Fund for the 2022–23 fiscal year. These amounts also will be part of the total appropriation in Item 6610-001-0001.

(b) Notwithstanding any other law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees' Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other law, for purposes of calculating the “appropriations subject to limitation” as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

(d) Of the percentage of salaries and wages by state member categories identified in subdivision (a), the following percentages are estimated to be the result of the increased employee contributions pursuant to Chapter 296 of the Statutes of 2012 (AB 340), known as the California Public Employees’ Pension Reform Act of 2013, and will be directed toward the state’s unfunded pension liability:

Miscellaneous, First Tier	0.10%

The contributions to the unfunded liability, as a result of the percentages of salaries and wages in this subdivision, are estimated to be \$135,394,692 (\$93,248,207 General Fund) for the 2022–23 fiscal year.

(3) The supplemental payment described in this subdivision is for unfunded liabilities for state-level pension plans in excess of current base amounts for the 2022–23 fiscal year. Therefore, any amount transferred to a fund identified in paragraph (2) constitutes an obligation pursuant to subclause (IV) of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 20 of Article XVI of the California Constitution.

(4) The Director of Finance shall provide the Controller a schedule of the timing and amounts to be used for purposes of this subdivision.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable un-

der federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in

making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Department of Finance determines a state agency is not recovering allowable statewide indirect costs from the federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the Department of Finance may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the Department of Finance.

(b) The Department of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.75. (a) In order to maximize the state's receipt of federal funds, it is the intent of the Legislature in enacting this section to provide flexibility and streamline the administrative approval process for providing funds, including funds from the General Fund, to meet state matching requirements and take full advantage of funding opportunities made available under the Infrastructure Investment and Jobs Act (P.L. 117-58), the Inflation Reduction Act (P.L. 117-169), and the CHIPS Act of 2022 (P.L. 117-167), and set a deadline of September 30, 2024, for expenditure of the funds. It is also the intent of the Legislature in enacting this section to more generally provide flexibility for budgetary adjustments to appropriations for applicable purposes, to expend unanticipated federal funds received by the state that are available for such purposes, and offer the use of state funds consistent with the purposes for which the unanticipated federal funds were made available, if applicable.

(b) In the event that unanticipated formula or competitive fund op-

portunities are made available for a state department under the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022, the Director of Finance may provide the department a letter of commitment, if one is needed, for funds from an existing appropriation, including funds from the General Fund, if the department lacks an alternative viable funding source and provided the proposed use of the additional federal funds is consistent with general uses of the appropriated funds provided as match, to indicate the state's commitment to meet the state match requirements mandated for Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022.

(c) In the event that unanticipated formula or competitive fund opportunities under the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022 are awarded to a state department, the Department of Finance may adjust any item in Section 2.00 or create a new item to provide funds from an existing appropriation, including funds from the General Fund, if the department lacks an alternative viable funding source, to meet state match requirements mandated for Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022, provided the proposed use of the additional federal funds is consistent with general uses of the appropriated funds provided as match.

(d) The Department of Finance may allocate unanticipated federal funds to effect or reduce, in whole or in part, any item of appropriation for purposes, including appropriations from state funds and from existing federal funding sources. Allocations shall be consistent with the purposes for which the unanticipated federal funds were made available. Reductions to appropriations made pursuant to this subdivision shall equal the amount of federal funds to be allocated. Any savings pursuant to this section shall revert to the fund from which the appropriation was made.

(e) The Department of Finance may create a new budget item to accommodate unanticipated federal funds from the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022 intended for applicable purposes consistent with the purposes for which the unanticipated federal funds were made available, should an applicable item of appropriation not exist in the state budget.

(f) Any adjustment pursuant to this section shall not be made prior to 30 days after the Director of Finance notifies the Chairperson of the Joint Legislative Budget Committee in writing of the purposes of the planned adjustment, and justification for the adjustment amount. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 30-day period by written notification to the Director of Finance.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to

be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. The Department of Finance shall report to the Joint Legislative Budget Committee when a reportable information technology project's overall costs increase by \$5,000,000 or 20 percent of the budgeted cost of the project, whichever is less. Each report shall include all of the following: (a) the total change in cost, scope, and schedule; (b) the reason for the change or changes; (c) a description of new, amended, or new and amended contracts required as a result of the change or changes; (d) a list of the risks and issues identified in the last two Independent Verification and Validation and Independent Project Oversight Reports and any risk and issue that has been identified since those reports; and (e) the department's planned mitigation of these risks and issues. SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost-allocation methodology, and a funding plan. SEC. 11.95. (a) It is the intent of the Legislature in enacting this

section to effectively administer increased federal funding for home and community-based services made available by Section 9817 of the federal American Rescue Plan Act of 2021 (P.L. 117-2) and to provide necessary flexibility to claim and expend all available increased federal funding. It is the intent of the Legislature to continue the funding system and flexibilities established pursuant to Section 11.95 of the 2021 Budget Act.

(b) (1) The State Department of Health Care Services shall claim increased federal funds for qualified services and shall transfer funds equivalent to the amount of federal funds attributable to the increased federal funding and which are required to be spent to enhance, expand, and strengthen home and community-based services pursuant to federal law to the Home and Community-Based Services American Rescue Plan Fund, which was established in the State Treasury by Section 11.95 of the 2021 Budget Act.

(2) In order to implement paragraph (1), the Director of Finance may augment any item of appropriation from the Federal Trust Fund or federal reimbursement authority to account for increased federal funding and may reduce any item of appropriation from the General Fund or other state funds to reflect savings resulting from the increased federal funding deposited in the Home and Community-Based Services American Rescue Plan Fund pursuant to paragraph (1).

(3) The Controller shall, upon the order of the Director of Finance, transfer funds between the Home and Community-Based Services American Rescue Plan Fund, General Fund, Federal Trust Fund, any other state fund, or any item of appropriation.

(c) Moneys deposited in the Home and Community-Based Services American Rescue Plan Fund, together with any interest earned by these funds, shall be available upon appropriation by the Legislature for purposes authorized under and consistent with federal law, regulations, and guidance. Except as provided in this section, allocations of these funds shall be made in the annual Budget Act or other legislation. Sections 8.50 and 28.00 do not apply to the funds described in this section.

(d) (1) All appropriations from the Home and Community-Based Services American Rescue Plan Fund shall be available for encumbrance or expenditure through December 31, 2023, unless an earlier deadline is specified at the time of appropriation. All obligations from the Home and Community-Based Services American Rescue Plan Fund shall be available for liquidation until June 30, 2026.

(2) The Director of Finance may extend the dates of availability for encumbrance or expenditure of any appropriation described in paragraph (1) if a later deadline is authorized by the federal government or if the Director of Finance determines that the department, office, or other state entity will complete the program, project, or function such that funds will be encumbered or expended by March 31, 2024.

(3) The Director of Finance may extend or shorten the dates of availability for liquidation of any appropriation described in paragraph (1) to conform to federal law, regulations, or guidance.

(e) (1) The Director of Finance may adjust the expenditure authority of items of appropriation made by this Budget Act or by any other law from the Home and Community-Based Services American Rescue Plan Fund and schedules thereof consistent with subdivisions (a) and (c) and paragraph (2) of this subdivision. It is the intent of the Legislature that changes to the home and community-based services spending plan be considered during development of the budget for the 2023–24 fiscal year to the extent feasible.

(2) Adjustments made pursuant to this subdivision may be authorized only for the following purposes:

(A) To transfer expenditure authority between items of appropriations, programs, projects, and functions within the home and community-based services spending plan to effectively administer the funding.

(B) To provide expenditure authority for activities required to ensure full compliance with federal requirements including conducting audits and addressing audit findings.

(C) To decrease expenditure authority if available funding is projected to be lower than the sum of all appropriations or if an expenditure is disallowed by federal law, regulations, or guidance.

(D) To increase expenditure authority for any activity included in the revised Home- & Community-Based Services Spending Plan submitted to the Centers for Medicare & Medicaid Services on September 17, 2021, in order to expend all available increased federal funding.

(f) The provisions of subdivisions (c), (d), and (e) shall be applicable to any appropriations from the Federal Trust Fund and federal fund reimbursement authority associated with or matching expenditures from the Home and Community-Based Services American Rescue Plan Fund.

(g) The Director of Finance may administratively establish new items of appropriation, transfer authority, reimbursement authority, programs, projects, and functions if one does not exist and is necessary to implement this section.

(h) Distributions of funding pursuant to subdivision (c) and adjustments made pursuant to subdivision (b), (d), (e), (f), or (g) may be authorized not sooner than 30 days after notification in writing of the amount, purposes, and necessity thereof is provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

(i) A loan or loans shall be made available from the General Fund to the Home and Community-Based Services American Rescue Plan Fund not to exceed \$750,000,000. The loan funds shall be transferred as needed to meet cashflow needs due to delays in claiming federal funds pursuant to subdivision (b) and federal reimbursements described by subdivision (f). All moneys so transferred shall be repaid as soon as sufficient funds have been claimed to meet immediate cash needs and in installments if the loan is outstanding for more than one year.

(j) This section shall be implemented only to the extent that any necessary federal approvals are obtained by the State Department of Health Care Services and federal financial participation under the Medi-Cal program is available and is not otherwise jeopardized.

(k) The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this section and shall provide a schedule of the timing and amounts to be used for purposes of this section.

(l) The Department of Finance shall report in writing on February 1, 2023, the amount of unexpended or unencumbered appropriations from the Home and Community-Based Services American Rescue Plan Fund as of June 30, 2022, and the projected amount of unexpended or unencumbered appropriations for June 30, 2023, by programmatic area to the Joint Legislative Budget Committee and the chairpersons of the budget committees and relevant subcommittees in each house of the Legislature.

SEC. 11.96. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative adjustments, to fully spend the \$27,017,016,860 in federal funds allocated from the Coronavirus State Fiscal Recovery Fund as authorized by the federal American Rescue Plan Act of 2021 (P.L. 117-2), that support the state's response to the COVID-19 public health emergency, address the negative economic impacts caused by COVID-19, support eligible infrastructure, or are otherwise eligible expenditures pursuant to federal law or guidance. These funds shall be deposited in the Coronavirus Fiscal Recovery Fund of 2021 and may earn interest. Up to \$10,000,000 of the interest earned from these funds may be used to address unanticipated workload. Additional interest earned from these funds shall not be spent without an appropriation by the Legislature in another statute.

(b) Except as provided in this section, allocations of these funds shall be made in the annual Budget Act or another statute. Section 28.00 does not apply to the funds described in this section.

(c) Notwithstanding any other provision of this act or any other law, any appropriation from the Coronavirus Fiscal Recovery Fund of 2021 shall be available for expenditure or encumbrance through June 30, 2024, unless an earlier deadline is specified at the time of appropriation. These dates may be extended if the Director of Finance determines a later deadline is authorized by the federal government or that a department will complete the program, project, or function such that funds will be expended or encumbered by December 31, 2024.

(d) The Department of Finance may authorize the establishment of positions and transfer amounts within a program, project, or function, in or between a department's state operations, local assistance, and capital outlay items, to support the implementation of the same programmatic purpose appropriated by the Legislature from the Coronavirus Fiscal Recovery Fund of 2021, pursuant to this act. Any transfer or reallocation for other purposes shall require an appropriation by the Legislature in another statute.

(e) The Director of Finance may adjust any item of appropriation to reallocate funds not encumbered as of August 1, 2024, to ensure funds are expended or encumbered by the federal deadline for other allowable activities.

(f) Until all funds are expended or encumbered, the Director of Finance shall annually report in writing by March 1 the amount of unexpended or unencumbered funds by program to the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

(g) All obligations from the Coronavirus Fiscal Recovery Fund of 2021 shall be liquidated by the end of the period of performance of December 31, 2026, unless the Director of Finance determines this deadline should be adjusted pursuant to any changes authorized by the federal government, including regulations or federal guidance.

(h) The funds described in subdivision (a) may be allocated to offset or reduce appropriations in the 2020–21, 2021–22, and 2022–23 fiscal years for eligible activities.

(i) The Director of Finance may authorize the augmentation of the funds described in subdivision (a) for expenditure to conduct an audit or address audit findings to mitigate and ensure full compliance and use of these funds for the intended purposes in subdivision (a) consistent with federal requirements for any program, project, or function in the schedule of any item of appropriation in this act. If no item for a department currently exists, then an item may be created for this purpose.

(j) The Director of Finance may transfer funds from the Coronavirus Fiscal Recovery Fund of 2021 to any other state fund to offset actual expenditures in the 2021–22 and 2022–23 fiscal years related to the state’s direct response to the COVID-19 public health emergency.

(k) The Director of Finance is authorized to initiate the reversion of unspent funds from an appropriation for a specific programmatic purpose from the Coronavirus Fiscal Recovery Fund of 2021. Any unspent funds made available pursuant to this subdivision shall be allocated to direct disaster response costs based upon actual expenditures, as determined by the Department of Finance, pursuant to this section, subject to notification to the Joint Legislative Budget Committee as specified in subdivision (r).

(l) The Director of Finance may transfer up to \$17,247,761,000 from the Coronavirus Fiscal Recovery Fund of 2021 to the General Fund over fiscal years 2021–22 and 2022–23 combined based on the estimated amount of revenue loss calculated pursuant to federal statute and guidance from the United States Treasury Department. The notification requirement in subdivision (r) does not apply to this transfer. However, the Director of Finance must notify the Joint Legislative Budget Committee if the amount transferred pursuant to this paragraph is less than \$17,247,761,000 within 10 days after the transfer.

(m) For direct disaster response costs in the 2021–22 and 2022–23 fiscal years based upon actual expenditures, as determined by the Department of Finance, the Director of Finance may reduce up to

Of this amount, the Director of Finance may allocate General Fund moneys to any other state fund to offset actual expenditures in those fiscal years related to the state's direct response to the COVID-19 public health emergency. The funds allocated pursuant to this subdivision shall be available for encumbrance or expenditure until December 31, 2026.

This reduction and corresponding allocation from the General Fund may be for an amount up to, but not exceeding, the amount specified for the purpose listed in paragraph (2). If no item for a department currently exists to allow for a General Fund allocation, an item may be created for this purpose. (o) (1) Upon finalization of the calculation pursuant to subdivision (l), the Director of Finance may reduce an amount appropriated from the Coronavirus Fiscal Recovery Fund of 2021 in the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021) and instead allocate that amount from the General Fund. This reduction and corresponding allocation from the General Fund may be for an amount up to, but not exceeding, \$4,114,054,000. If no item for a department currently exists to allow for a General Fund allocation, an item may be created for this purpose. The State Controller shall shift any accounting transactions posted from the Coronavirus Fiscal Recovery Fund of 2021 to the General Fund as directed by the Director of Finance. The funds allocated pursuant to this subdivision shall be available for encumbrance or expenditure until December 31, 2026.

(2) If the Director of Finance reduces and allocates funds pursuant to this subdivision, a revised allocation plan shall be provided along with the required notification to the Joint Legislative Budget Committee pur-

suant to subdivision (p). For purposes of paragraph (1), the Director of Finance shall consider funding for transformative planning and implementation activities in a revised allocation plan.

(p) (1) For a purpose specified in paragraph (2), the Director of Finance may reduce an amount appropriated from the General Fund and instead allocate that amount from the Coronavirus Fiscal Recovery Fund of 2021. This reduction and corresponding allocation from the Coronavirus Fiscal Recovery Fund of 2021 may be for an amount up to, but not exceeding, the amount specified for the purpose listed in paragraph (2). SEC. 11.97. It is the intent of the Legislature that federal fund appropriations for capital outlay projects that may be excluded from the state appropriations limit, as provided in Article XIII B of the California Constitution, be funded with General Fund resources to the maxi-

num extent possible in fiscal year 2022–23. The Department of Finance shall determine if any appropriation of federal funds meets the definition of qualified capital outlay projects pursuant to Section 7914 of the Government Code. If the Department of Finance determines that a capital outlay federal fund appropriation qualifies, except for federal funds specifically allocated for capital outlay projects, the Director of Finance may replace the identified appropriation with eligible noncapital outlay expenditures appropriated from the General Fund, but only to the extent necessary to remain below the state appropriations limit for the 2022–23 fiscal year.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state “appropriations limit” of \$135,637,000,000 for the 2022–23 fiscal year.

The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or the chairperson’s designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2022–23 fiscal year are \$82,312,398,000, or 38.3 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues transferred to the Public School System Stabilization Account are \$2,224,119,000, or 1.0 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by, and disbursements from, the Education Protection Account.

SEC. 12.35. Notwithstanding any other law, the Student Aid Commission shall not implement any change in policy or practice that would have a fiscal effect exceeding \$5,000,000 in any year to the costs of the programs funded in Item 6980-101-0001 unless the change is first approved by the Director of Finance and notice is provided by the Director of Finance to the chairpersons of the fiscal committees of each house of the Legislature not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity for the change in policy or practice and (b) identify the fiscal effect of the change in the current fiscal year and subsequent fiscal years. It is the intent of the Legislature not to affect the entitlements of the Cal Grant Program.

SEC. 13.00. (a) Notwithstanding any other law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

able for encumbrance until June 30, 2024, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 24 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2022–23 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other law, the Department of Consumer Affairs, during the 2022–23 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount ad-

vanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2022–23 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by April 1, 2023, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

SEC. 15.14. (a) Any appropriation from the Greenhouse Gas Reduction Fund shall be subject to the restrictions specified in subdivision (b).

(b) No department shall encumber or commit more than 75 percent of any appropriation prior to the fourth cap and trade auction in the 2022–23 fiscal year. Upon determination of the final amount of auction proceeds after the fourth cap and trade auction, the Department of Finance shall make a final determination for the expenditure of the remaining available auction proceeds. The Department of Finance shall notify the Joint Legislative Budget Committee no later than 30 days after its final determination. If there are decreased auction proceeds that require a modification to the expenditure of funds.

(c) Subparagraph (A) of paragraph (3) of subdivision (b) of Section 39719 of the Health and Safety Code requires 5 percent of annual proceeds be transferred to the Safe and Affordable Drinking Water Fund. The Director of Finance may transfer to the Safe and Affordable Drinking Water Fund an additional amount equal to the difference between the amount transferred in a quarter pursuant to subparagraph (A) of paragraph (3) of subdivision (b) of Section 39719 of the Health and Safety Code and \$32,500,000 per quarter of the 2022–23 fiscal year.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intra-schedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2022–23 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2023–24 fiscal year should be included in the administration's 2023–24 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that the director estimates will be received by the state during the 2022–23 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2022–23 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever the director determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected

program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in the Medi-Cal program, California Work Opportunity and Responsibility to Kids (CalWORKs), and the Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2023.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2022–23 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2022–23 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or

other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to or from a monthly maximum salary of \$12,668 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Information Technology Manager II classification as of July 1, 2022) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation. (d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2022–23 fiscal year shall terminate on June 30, 2023, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2023–24 fiscal year as new positions or (2) approved by the Department of Finance after the 2023–24 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2023. The positions identified in (2) above may be reestablished by the Department of Finance during the 2023–24 fiscal year, provided that these positions are shown in the Governor's Budget for the 2024–25 fiscal year as submitted to the Legislature, and

provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2023–24 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2023–24 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2022–23 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation will require supplemental funding in the 2023–24 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or the chairperson's designee, determines.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2023–24 fiscal year, and subsequently decides to administratively establish the positions in the 2022–23 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

(h) This section applies to all state agencies, departments, boards, bureaus, and commissions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act

shall be liable both personally and on the member's official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other law, if a department impacted by the

implementation of FISCAL demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds or departments as specified in subdivision (a) and a temporary cash shortage arises for the department, the Director of Finance may authorize a short-term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.
