BIDDER'S SUMMARY References and Instructions

The California Legislature has declared that it serves a public purpose and is a benefit to the state, to encourage business investment, promote job development, and to facilitate job maintenance in economically distressed areas of the state. It is the intent of the Legislature to further these goals by providing appropriate preferences to California based companies submitting bids or proposals for state contracts to be performed at worksites in economically distressed areas by persons with a high risk of unemployment, when the contract is for goods or services in excess of \$100,000. To obtain preferences, the bidder must show that a minimum 50% (for Goods contracts) or 90% (for Services contracts) of the projected employee labor hours necessary for the contract will be performed within the economically distressed area.

If the bidder requests TACPA, EZA, and/or LAMBRA contract preferences¹, the *Bidder's Summary* form must be completed and signed by the bidder, for each requested preference. The purpose of this form is to give the state contracting official, a tool to evaluate the total bidder employee labor hours required to complete this contract either inside and outside the preference areas.
