

# I'm Certified. Now What?

Certification as a Small Business (SB) or Disabled Veteran Business Enterprise (DVBE) is only the first step to obtain a contract with the state.

## List the right keywords and UNSPSC codes

State agencies use keywords and UNSPSC codes to find certified businesses that provide the goods or services they need.

- Think about what a buyer would search for to find your business.
- List synonyms and different versions of keywords – for example, *bulb and lights*, or *paper and ream*, or *electricity and electrical*.
- Explore UNSPSC categories at [dgsapps.dgs.ca.gov/PD/UNSPSCSearch](https://dgsapps.dgs.ca.gov/PD/UNSPSCSearch). List relevant *class* and *commodity* codes.
- Compare your keywords and UNSPSC codes to your competitors. Go to [caleprocure.ca.gov](https://caleprocure.ca.gov), click *Quicklinks* and then *Find certified SB/DVBE*. Type a keyword and click *Search* to view businesses that list that keyword on their profiles.
- Log on to Cal eProcure and click *Amend SB/DVBE* on your profile page to update your keywords and UNSPSC classifications.

## Sign up for notifications on [caleprocure.ca.gov](https://caleprocure.ca.gov)

Get notified of opportunities for your business's products and services listed on Cal eProcure. When new solicitations list a certain keyword or UNSPSC, you can receive automatic notifications by email.

- In the top right of Cal eProcure, click your user name, then click *Manage notifications*. Under *UNSPSC section*, insert the code classifications that you want notification of when they are used to list new solicitations.
- These UNSPSC notifications **are different than** the codes you list on your profile to show what you sell.

## Research which departments purchase what you sell

Find out which agencies buy your company's products or services, and at what price, at [caleprocure.ca.gov](https://caleprocure.ca.gov).

- Click *Get Public Procurement Information*. Then, click *View Past Purchases*.
- Search keywords under *Description* or *UNSPSC classification codes* (in *Advanced Search*).
- Search by department to learn which products and services they procure.
- Click *Download Detailed Results* to find the item you searched for in each procurement. See if the item was purchased through a contract (*LPA*) or a competitive bid, how many were purchased, for what price, and by which department.

## Contact the SB/DVBE Advocate for individual departments

SB/DVBE Advocates are state employees who can assist you with information about contracting with their department.

- Search for *SB/DVBE Advocate Directory* at [www.dgs.ca.gov/pd](https://www.dgs.ca.gov/pd)
- Email advocates in departments you're interested in working with. When contacting advocates, include your company name, contact information, certification number, and capabilities statement.

## Apply for a California Multiple Award Schedule (CMAS)

Join the list of qualified suppliers that buyers use to procure many products and services at set prices and terms by applying to become a California Multiple Award Schedule (CMAS) supplier. Learn more at [dgs.ca.gov/PD-CMAS](http://dgs.ca.gov/PD-CMAS) or by calling (916) 375-3463.

## Advertise your business on Cal eProcure bid solicitations

Subcontractors can place *Vendor Ads* on Cal eProcure bid solicitations to seek work with potential primes. Ads are free; list your Certification ID in all ads.

## Work with local governments

Many local city and county governments, utility and transit agencies, state colleges, and special districts also accept the state's business certifications for their own procurement goals.
