Procurement and Contracting Officers (PCOs)**

**RE: New Surplus Property System and Operating Hours**

---

The Department of General Services (DGS), State Surplus Property Reuse Program has implemented a new property accountability system, effective March 21, 2005. The *California Surplus Property System (CSPS)* is an internet-based customer interface system and offers an easy to use, efficient system for State customers.

Two memos were released to Department Directors, Warehouse Managers, Property Controllers and Business Services Officers.

1. CSPS Release Memo
2. CSPS Features Memo

Please view general CSPS information on the DGS-PD website [here](#).

For more specific information about the new CSPS, you can contact:
