RE: RE-ISSUED BROADCAST SUPERCEDES AND REPLACES PCO/PAC

This broadcast is being re-issued to correct and provide access to the California (CA) Disabled Veteran Business Enterprise (DVBE) Program Requirements document and the Bidder Declaration forms (GSPD 05-105 Written & GSPD 05-106 Verbal).

As previously stated this broadcast contains the requirements and processes for departments with approved non-IT and/or IT purchasing authority(ies) to use in determining if a small business (SB), Microbusiness (MB) and Disabled Veteran Business Enterprises (DVBE) business is performing a commercially useful function (CUF) in accordance with Management Memo 05-03. Departments shall implement these requirements in new competitive solicitations and/or request for offers released on or after March 1, 2006.

These changes, including new and/or revised solicitation language and forms as identified become effective with the release of new competitive solicitations and/or request for offers as applicable to the purchasing activities being conducted under a department's approved purchasing authority(ies). Consequently, those competitive solicitations and/or request for offers currently in progress by departments with approved purchasing authority(ies) will not be impacted by the release of this broadcast.

New and revised forms and solicitation language along with links with descriptions on the use of each are provided below:

1. California (CA) Disabled Veteran Business Enterprise (DVBE) Program Requirements document including form STD.840 Documentation of Disabled Veteran Business Enterprise Program Requirements.
