RE: Iran Contracting Report

The California Department of General Services (DGS) has released the Iran Contracting Act of 2010 (ICA) list, which identifies companies that are currently prohibited from doing business with state agencies, public universities, colleges and schools, as well as local governments. Publication of the ICA list, which includes 65 companies identified by DGS to be providing goods or services of \$20 million or more in the energy sector of Iran, was mandated by legislation (AB 1650) signed last year. The Iran Contracting Act of 2010 list is online [here](#).

The following sections have been added to the State Contracting Manual to implement Government Code § 2200-2007 (the Iran Contracting Act):
