**RE: Statewide Contract 1-14-75-60A for TONER AND INK CARTRIDGES, New  
Original Equipment Manufacturer (OEM)**

---

The Department of General Services, Procurement Division is pleased to announce the availability of the new Statewide Contract 1-14-75-60A for Toner and Ink Cartridges, New OEM with Technology Integration Group (TIG).

- [Access the user instructions for this contract here](#)
- <https://www.bidsync.com/DPX?ac=agencycontview&contid=110327>

Statewide Contract 1-14-75-60A is an Environmentally Preferable Purchasing contract. To reduce waste disposal, the contract provides a Take Back program for spent cartridges and offers “high yield” cartridges. High yield cartridges usually contain twice as much ink or toner as an equivalent standard-yield cartridge, which translates into more printed pages per cartridge. Visit the [DGS Buying Green Website](#) for additional EPP information.
