FI\$Cal Users**

**RE: Policy on Developing Custom PO Interface between FI\$Cal and Department
Legacy Systems**

The procurement functionality within FI\$Cal is owned by Department of General Services Procurement Division (DGS/PD). The purpose of this notice is to further clarify for Departments, the DGS policy regarding the development of a Departmental Legacy Procurement System interface with the Financial Information System for California (FI\$Cal) project.

In support of the FI\$Cal project and its primary objective to have the entire State of California working in the same system, it is PD's position that the development of PO interface between FI\$Cal and any Departmental Legacy Procurement System goes counter to that objective. Thereby, DGS/PD will not approve or endorse the development of any custom procurement functionality, including any type of PO interface.
