RE: Renewable Diesel - Statewide Contracts - Mandatory - Expiration Notification

This broadcast announces that all mandatory Statewide Contracts (SCs) for Renewable Diesel will expire on April 30, 2026, and will not be extended or replaced at this time due to product unavailability.

Currently, only one Renewable Diesel SC, #1-23-91-31B, is available for purchasing in Caltrans Districts 3, 4, 5, 9 and 10.

SCs for Conventional Diesel are available but require an approved exemption from purchasing Renewable Diesel from DGS' Office of Fleet and Asset Management (OFAM). For exemption inquiries, please contact OFAM at FleetPolicy@dgs.ca.gov.

The Conventional Diesel contracts are available on Cal eProcure. Click on the contract numbers below to access and review the current contracts:
