

Executive Order N-06-19 Implementation

The Department of General Services (DGS) utilized county assessor data to identify state-owned parcels. Using shape files, visually reviewed each parcel for potential viability of constructing housing. Pursuant to Executive Order N-06-19, DGS and the Department of Housing and Community Development (HCD) will conduct further analysis and refine the list of potentially viable parcels. Additional parcels may be reviewed and added to this list if DGS discovers state owned parcels that are not recorded by local assessors.
