In the Matter of: PARENT ON BEHALF OF STUDENT, v. SAN DIEGUITO UNION HIGH SCHOOL DISTRICT.	OAH Case No. 2018021017 ORDER REGARDING FURTHER PROCEEDINGS ON EXPEDITED CLAIMS

At the conclusion of the third day of hearing on Student's expedited claims, counsel for San Dieguito Union High School District requested a written order setting out the administrative law judge's expectations of the parties regarding further proceedings on the expedited claims. Finding that a definitive statement is likely to assist the parties in expeditious completion of the expedited hearing, this order follows.

Student shall provide District with a complete copy of the juvenile court records of which he submitted excerpts at hearing on April 17, 2018. Student stated at hearing that he would provide the records to District in either electronic or paper form without delay.

District shall review the records and consider what response it considers necessary. By April 24, 2018, District shall serve and file a statement setting forth whether it wishes to present further testimony in response to Parent's testimony regarding the records, to designate additional portions of the juvenile court records for inclusion in the hearing record, or to rest without further proceeding. If District does not receive the records without delay, it may ask to have the due date for its response extended proportionately.

If no response is received at OAH from District by the 5:00 p.m. close of business on April 24, 2018, the hearing record on the expedited claims will be closed. Final briefing on the expedited claims will then be due from the parties by close of business on April 27, 2018.

IT IS SO ORDERED.
