

Recommended Changes to Government Code section 14985.5.

14985.5.

The current code states: (a) The commission may recommend, develop, prepare, or coordinate materials, projects, or other activities, as appropriate, relating to any subject within its jurisdiction.

The suggested code would state: (a) The commission may recommend, develop, prepare, or coordinate materials, projects, or other activities, as appropriate, relating to any subject ~~(strike out the words) within its jurisdiction~~ **(add the words) concerning relevant state and federal disability rights laws.**

The current code states: (3) Providing information as requested by the Legislature on disability access issues and compliance.

The suggested code would state: (3) Providing information on disability access issues and compliance as requested by the Legislature **(adding the words) or deemed pertinent by the commission to present to the Legislature for consideration.**
