Current Text: Introduced: 2/11/2021 [html](#) [pdf](#)

Status: 4/13/2021-Re-Referred to Committee on Emergency Management

Location: 2/18/2021-ASSEMBLY EMERGENCY MANAGEMENT
[FIRST HOUSE POLICY]

Summary:

Current law requires Office of Emergency Services to establish a standardized emergency management system for use by all emergency response agencies. Current law requires the director to appoint representatives of the disabled community to serve on pertinent committees related to that system, and to ensure that the needs of the disabled community are met within that system by ensuring certain committee recommendations include the needs of people with disabilities. Current law requires those representatives to be from groups of persons who are blind or visually impaired, persons with sensory or cognitive disabilities, and persons with physical disabilities. This bill instead would require the director to appoint representatives of the access and functional needs population to serve on those committees and to ensure the needs of that population are met within that system. The bill would require those representatives to include persons not within the above-described groups of people with disabilities but who are part of the access and functional needs population.
