Item 6: One-Page Informational Sheet About the CCDA

California Commission on Disability Access (CCDA)

We are a Legislative established Board focused on providing information on disability access challenges and potential solutions in California, thus our goal is to be an instrument of informational resources for our stakeholders. As an instrument, we support the legislative process through offering sound research findings, delivering expertise in the built industry and cultivating a distinct partnership within state and local government, business, and disability communities.

Legislative Assistance

- As a legislative established commission, we are available for expertise before, during and after the bill development process.

Educational Materials

- We are continuously developing tools to undergird the success of business in California. Currently, we have four published toolkits.

Accessibility Construction Inspection Checklist

- Provides trained building officials with a list of the most common accessibility features to be inspected during the commercial construction process.

Open Air Dining Considerations

- Guidelines for maintaining safety and health guidelines while still operating restaurants and other businesses in California. Our checklist advises restaurants and business how to effectively operate while remaining accessible.

Disability Access: Myths and Misconceptions

- Explanations of common misconceptions when it comes to accessibility issues place of public accommodation in California.

California Consumer Toolkit for The Restaurant Industry

- Reference and informational guide for California Restaurants for ensuring Accessibility guidelines are being met.

SME Presentations

- CCDA's Commissioners come from a wide variety of professions and organizations and are experts in their fields. Having this breadth and depth of knowledge that can be utilized and shared with districts in the state. CCDA's staff provide support and research recommendations to the Commission and provide tools for webinars and presentations. The commission has served as hosts lectures on various subject matter, community gatherings, and smaller meetings and conferences.

Our goal is to be a consistent and flexible resource for you and your constituents.
