Subject: AUDIT REPORT: COMPLIANCE WITH STATE BUSINESS MANAGEMENT POLICIES

Attached is the final report on our compliance audit of the business management functions and services of the State Controller’s Office (SCO). The objective of our audit was to determine compliance with policies set forth in the State Administrative Manual, and the terms and conditions of any specific delegations of authority or exemptions from approval granted by the Department of General Services.

As noted in the report, we concluded that the SCO is conducting its business management functions and services in compliance with State requirements.

We greatly appreciated the cooperation and assistance provided by the SCO’s personnel.

AUDITOR'S REPORT

DATE: June 21, 2012

TO: JIM LOMBARD, Chief Administrative Officer
    State Controller’s Office

This report presents the results of our compliance audit of the business management functions and services of the State Controller's Office (SCO). These audits are routinely performed under the authority granted to the Department of General Services (DGS) by Government Code Sections 14615 and 14619. The objective of our audit was to determine compliance with policies set forth in the State Administrative Manual, and the terms and conditions of any specific delegations of authority or exemptions from approval granted by the DGS.

As applicable, the scope of our audits of State agencies includes, but is not limited to, compliance with policies governing contracting, fleet administration, small business and disabled veteran business usage, driver safety and insurance, records and forms management, surplus property and real estate. Our audit was conducted in accordance with U.S. generally accepted auditing standards.

Based on the results of our fieldwork conducted over the period February 3, 2011 through May 5, 2011, we concluded that the SCO is conducting its business management functions and services in compliance with State requirements.

During our review we identified a number of areas for improvement with the SCO's policies and procedures. These matters included our concerns that business management policies and procedures were not ensuring the attendance of a defensive driver training course by frequent drivers and the completion and annual update of a vehicle certification form by employees who use their own vehicle to conduct State business. Since these areas were not significant to the overall business management functions and services of the SCO, they are not discussed in this report. However, they were discussed with appropriate SCO management personnel who indicated that our concerns would be addressed.

To determine compliance, we reviewed policies and procedures, interviewed parties involved, tested records and transactions and performed other tests as deemed necessary. The period covered by our testing varied depending upon the area of review and the type of transactions involved; however, the emphasis of our review and testing was with current procedures and transactions completed during the 2009/10 and 2010/11 fiscal years.
We greatly appreciated the cooperation and assistance provided by the SCO's personnel.

If you need further information or assistance on this report, please contact me at (916) 376-5058, or Dennis Miras, Audit Supervisor, at (916) 376-5064.
