Subject: AUDIT REPORT: DELEGATED PURCHASING PROGRAM

This report presents the results of our compliance audit of the Franchise Tax Board's (FTB) delegated purchasing program. As required by Public Contract Code Section 10333, the Department of General Services (DGS) conducts an audit at least once in each three-year period of each State agency to which purchasing authority has been delegated by the department. At the time of our audit, the FTB had two purchasing authority delegations: No. 9G-0311-FTB-HQ1 governing non-information technology purchases and No. 91-0311-FTB-HQ1 governing information technology (IT) purchases. Our audit was conducted in accordance with U.S. generally accepted auditing standards.

The objective of our audit was to determine that procurement transactions are being conducted in accordance with the terms and conditions of the FTB's purchasing authority delegation agreements with the DGS, which include dollar threshold limits for various categories of procurements. The State's delegated purchasing requirements are primarily contained in State Contracting Manual Volumes 2 (non-IT) and 3 (IT). As applicable, the scope of our audits of State agencies includes, but is not limited to, compliance with policies governing the conduct of competitive solicitations, use of leveraged procurement agreements, solicitation of certified small businesses and disabled veteran business enterprises, establishment of fair and reasonable pricing for acquisitions of less than $5,000, use of CAL-Cards to pay for goods and services, and prompt payment of suppliers.

Based on the results of our fieldwork conducted over the period February 4, 2011 through March 14, 2011, we concluded that the FTB is conducting its delegated purchasing program in compliance with the terms and conditions of its delegation agreements. The FTB's delegated purchasing policies and procedures are sufficient to provide reasonable assurance of compliance with the State's procurement statutes, policies, and procedures.

To determine compliance, we reviewed policies and procedures, interviewed parties involved, tested records and transactions and performed other tests as deemed necessary. The period covered by our testing varied depending upon the area of review and the type of transactions involved; however, the emphasis of our review and testing was with current procedures and transactions completed during the 2009/10 and 2010/11 fiscal years. Our transaction tests included the review of 47 delegated procurements.

We greatly appreciated the cooperation and assistance provided by the FTB's personnel.
