22nd Priority Funding Round Apportionments

School districts and Charter Schools whose projects received an unfunded approval from July 1, 2021 through December 9, 2021 had the ability to submit a certification for funding from the \$250 million appropriation from the General Fund as well as a Spring 2022 bond sale.

General Fund Proceeds

School districts that received Priority Funding Apportionments at the January 2022 SAB meeting were required to submit the *Fund Release Authorization* (Form SAB 50-05) by April 26, 2022. Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying contractors and grantees of their obligations to comply with existing economic sanctions imposed by the United State government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

On April 7, 2022 and in accordance with the EO, OPSC notified all District Superintendents, County Superintendents, and Authorized Representatives that have participated in the School Facility Program and other SAB-administered program that, as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's action in Ukraine is required. This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on June 6, 2022.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on June 6, 2022 at Sacramento, California.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS (Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the February 2022 Board meeting, the Board elected to provide an increase adjustment of 15.80 percent to SFP projects for calendar year 2022. The projects listed on the Attachment reflect the Board's action of the adoption of the 15.80 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

REPORT OF THE EXECUTIVE OFFICER State
Allocation Board Meeting, June 6, 2022

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS TIME EXTENSION

PURPOSE OF REPORT

To present the District's request for a time extension to show substantial progress for the School Facility Program (SFP) project attached.

DESCRIPTION

The SFP regulations require that Districts which receive a site grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Acceptable evidence of substantial progress shall be considered met when the District has completed all of the following:

1. Obtained the final appraisal of the site.
2. Completed all California Environmental Quality Act requirements.
3. Obtained final approval of the site by the California Department of Education.
4. Obtained final escrow instructions or evidence the district has filed condemnation proceedings and intends to request an order of possession of the site.

AUTHORITY

Pursuant to Regulation Section 1859.105(b)(5), other evidence satisfactory to the Board detailing the reason(s) and circumstance(s) beyond the control of the district that precludes substantial progress being made. If the SAB determines that substantial progress has been made pursuant to Education Code Section 17076.10(b), the SAB shall condition its finding of substantial progress upon the district's commitment to complete and submit satisfactory evidence that the district meets the provisions of Section 1859.105(b)(1) through (b)(4) within the period not to exceed 18 months from the date of the Board's determination of substantial progress.

STAFF COMMENTS

The Attachment represents a project application in which the District had received a site grant apportionment and a subsequent fund release. The District has submitted acceptable explanations of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that Substantial Progress has been met on the Site Grant.

RECOMMENDATIONS

1. Approve the District's request for a determination of substantial progress with regard to the SFP application, as indicated on the Attachment.
2. Failure to comply with the requirements as indicated on the Attachment will result in the project apportionment being reduced to costs incurred or rescinded.

SCHOOL FACILITY PROGRAM

**SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED
OR RESCISSION**

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionments to be reduced to eligible costs incurred or rescinded.

DESCRIPTION

The SFP projects listed on the Attachment are Districts and Charter Schools that received separate design and site fund releases. The Districts and Charter Schools have either requested to have their projects reduced to costs incurred or have not met the substantial progress requirement or have indicated that they will be unable to move forward with the SFP projects listed on the Attachment. The District and Charter schools have requested that their apportionments be reduced to costs incurred to recognize eligible costs for the separate design and site phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the Districts and Charter Schools are unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred or rescission for the projects listed on the Attachment.
3. Direct Staff to adjust the District baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

Total Project Cost: \$12,823,010.00
Cost to the State: \$12,811,475.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The gymnasium facility located at the Stanwood A. Murphy Elementary School is a Minimum Essential Facility originally constructed in 1959 and had been used by the District to satisfy the physical education requirements of the student population. In 2016, a geotechnical study indicated the potential for very high seismic demands on the school site. A subsequent report by ZFA Structural Engineers, dated January 13, 2020, identifies several structural deficiencies in the gymnasium facility. The structural report references material insufficiencies with the building diaphragm, and shear wall systems of the building's structure that render the facility "seismically deficient as a school building and poses a threat of partial collapse should a significant seismic event occur."

SCOPE OF PROJECT

The scope of this project includes the replacement of the gymnasium facility on the Stanwood A. Murphy Elementary School site.

STATUS OF SCHOOL SITE

The District began site work in October of 2021 and anticipates project completion in Fall 2023.

3. Provide that the District's Modernization eligibility will be reset for the Gymnasium building to the date of apportionment for this project.

AUTHORITY

Facility Hardship Program – Replacement Project
(as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(b) states in part, “To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:

- (1) For School Buildings that are lost, destroyed, or unable to be repaired, ...
- (2) For permanent School Buildings where the cost to rehabilitate the School Building(s) exceeds 50 percent of the Current Replacement Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant....”

ATTACHMENT A

SFP Regulation Section 1859.82.1(b) further states, “If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below...”

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The District is in the process of constructing a new elementary school campus at the site of the previously operating Roosevelt Elementary School. In early 2019, construction crews performing site work encountered an undocumented landfill containing discolored soil and fragments of refuse on the southern area of the site. A report from Leighton Consulting, Inc., dated January 19, 2021, reviewed multiple samples taken from the affected soil and found the toxic materials “arsenic, lead, copper, and mercury all exceeded their corresponding residential screening criteria in the landfill area,” and concluded that “the waste within the eastern pocket of landfill will likely be classified as hazardous waste” as defined in the Resource Conservation and Recovery Act. In a letter dated February 17, 2021, the Department of Toxic Substances Control (DTSC) states “based on the Preliminary Environmental Assessment results, DTSC determined that a removal action was necessary at the former landfill area of the Site.”

SCOPE OF PROJECT

The scope of the project includes the removal and disposal of hazardous soil from the site to be replaced with non-toxic soil.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, June 6, 2022

INTERIM REPORT ON THE USE OF SURPLUS SITE SALE PROCEEDS

PURPOSE OF REPORT

To present the Interim Report on the Use of Surplus Site Sale Proceeds.

DESCRIPTION

In March 2020, Governor Newsom issued Executive Order N-25-20, which proclaimed that a state of emergency existed in California as a result of the threat of the coronavirus (COVID-19) pandemic.

Senate Bill (SB) 98 (Committee on Budget and Fiscal Review, Chapter 24, Statutes of 2020) was chaptered on June 29, 2020. SB 98 provides schools with the resources and flexibility necessary to provide quality public education during the COVID-19 pandemic.

SB 98 adds Education Code (EC) Section 17463.7, until July 1, 2024, to expand the purposes for which a school district may deposit the proceeds from the sale or lease of surplus real property – together with any personal property located on the property, purchased entirely with local funds – into the general fund of the school district and may use the proceeds for any one-time general fund purpose, as provided. EC Section 17463.7 requires a school district to submit a certification to the State Allocation Board (Board) before it exercises the authority granted in the section.

EC Section 17463.7 requires the Office of Public School Construction (OPSC) to submit an interim report to the Board and to the Legislature's Budget, Education Policy, and Fiscal committees by June 1, 2022 identifying the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used.

OPSC has prepared the report for submittal to the budget, education policy, and fiscal committees of the Legislature (Attachment A).

AUTHORITY

EC Section 17463.7(f)

The Office of Public School Construction shall submit an interim and a final report to the State Allocation Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used. The interim report shall be submitted by June 1, 2022, and the final report shall be submitted by January 1, 2026.

RECOMMENDATION

OVERVIEW

In March 2020, Governor Newsom issued Executive Order N-25-20, which proclaimed that a state of emergency existed in California as a result of the threat of the coronavirus (COVID-19) pandemic. Many school districts switched to online distance learning which impacted school districts' ability to maintain normal operations.

Senate Bill (SB) 98 (Committee on Budget and Fiscal Review, Chapter 24, Statutes of 2020) was chaptered on June 29, 2020. SB 98 provides schools with the resources and flexibility necessary to provide quality public education during the COVID-19 pandemic.

SB 98 adds Education Code (EC) Section 17463.7, until July 1, 2024, to expand the purposes for which a school district may deposit the proceeds from the sale or lease of surplus real property – together with any personal property located on the property, purchased entirely with local funds – into the general fund of the school district and may use the proceeds for any one-time general fund purpose, as provided. EC Section 17463.7 requires a school district to submit a certification to the State Allocation Board (Board) before it exercises the authority granted in the section.

EC Section 17463.7 requires the Office of Public School Construction to submit an interim report to the Board and to the Legislature's Budget, Education Policy, and Fiscal committees by June 1, 2022 identifying the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used.

To date, one school district has utilized the authority granted by EC Section 17463.7 in April 2021. The district requested \$3.0 million to be used for the school district's general fund stabilization plan and for interfund support of the fee-based child care program (to supplement loss of revenue due to COVID-19).

USE OF SITE SALE PROCEEDS HISTORY

Background

Existing law authorizes school district governing boards to sell, or lease for a term not exceeding 99 years, any real property belonging to the school district. Additionally, existing law specifies the conduct of these sales and leases, and the purposes for which funds derived from these transactions may be used.

EC Section 17462 authorizes school districts to deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, into the general fund of the school district and to use the proceeds for any one-time general fund purpose. These sales are governed by the Board's regulations. EC Section 17462 is more restrictive than the temporary authority provided by EC Section 17463.7, and it prohibits school districts that request to use the proceeds from the sale of property from participating in any School Facility Program (SFP) programs. EC Section 17463.7 only restricts school districts from receiving financial hardship funding.

Prior Statute

EC Section 17463.7 previously existed in statute from July 28, 2009, until January 1, 2016, when it was repealed. The statute authorized the use of surplus real estate sale proceeds for one-time general fund purposes if the costs were not related to a school district's ongoing operations. The school district was required to present a plan to its local governing board regarding the one-time expenditures and explain why these expenditures would not result in ongoing fiscal obligations for the school district.

School districts were ineligible for hardship funding under the State School Deferred Maintenance Program for a period of five years after the proceeds were deposited into the general fund. Additionally, a school district's SFP facility and financial hardship assistance was reduced by an amount equal to that of a school district's one-time expenditure(s). A school district was required to certify the following:

- That it has no major deferred maintenance needs;
- That the site sale does not violate local bond restrictions; and
- That the real property is not suitable to meet projected school construction needs for the next 10 years.

The statute required OPSC to submit an interim and a final report to the Board and the Budget, Education Policy and Fiscal committees of the Legislature that identified the school districts that exercised the authority granted by the section, the amount of proceeds involved, and the purposes for which those proceeds were used. OPSC published the reports in January 2011 and November 2014. The table below identifies the school districts that exercised the authority granted

by the prior statute, the amount of proceeds involved, and the purpose(s) for which those proceeds were used.

Current Statute (in detail)

SB 98 added back Education Code (EC) Section 17463.7, until July 1, 2024, authorizing a school district to deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, purchased with local funds, into the general fund of the school district and to use the proceeds for any one-time general fund purpose, as provided. EC

Section 17463.7 still requires a school district to submit a certification to the Board before it exercises the authority granted in the section.

In addition, a school district’s SFP financial hardship funding assistance will be reduced by an amount equal to that of a school district’s one-time expenditure(s).

A school district is now required to certify the following:

- That the site sale does not violate local bond restrictions; and
- That the real property is not suitable to meet projected school construction needs for the next 10 years.

EC Section 17463.7 requires OPSC to submit an interim and a final report to the Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used. The reports are due June 1, 2022 and January 1, 2026, respectively.

In addition to the newly enacted EC Section 17463.7, existing EC Section 17462 also provides school districts with options for the use of proceeds from the sale or lease of surplus sites. Below is a side-by-side comparison of the major differences between the two existing statutes governing the use of surplus site sale proceeds deposited into a school district’s General Fund.

ATTACHMENT A

Education Code Section 17463.7 (as of September 18, 2020)

- (a) Notwithstanding any other law, a school district may deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, purchased with nonstate funds, into the general fund of the school district and may use the proceeds for any one-time general fund purpose. If the purchase of the property was made using the proceeds of a local general obligation bond or revenue derived from developer fees, the amount of the proceeds of the transaction that may be deposited into the general fund of the school district may not exceed the percentage computed by the difference between the purchase price of the property and the proceeds from the transaction, divided by the amount of the proceeds of the transaction. For purposes of this section, proceeds of the transaction means either of the following, as appropriate:
- (1) The amount realized from the sale of property after reasonable expenses related to the sale.
 - (2) For a transaction that does not result in a lump-sum payment of the proceeds of the transaction, the proceeds of the transaction shall be calculated as the net present value of the future cash flow generated by the transaction.
- (b) The State Allocation Board shall reduce an apportionment of hardship assistance awarded to the particular school district pursuant to Article 8 (commencing with Section 17075.10), except an apportionment of hardship assistance awarded pursuant to paragraph (2) of subdivision (b) of Section 17075.10, by an amount equal to the amount of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section.
- (c) Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall first submit to the State Allocation Board documents certifying both of the following:
- (1) The sale of real property pursuant to this section does not violate the provisions of a local bond act.
 - (2) The real property is not suitable to meet projected school construction needs for the next 10 years.
- (d) Before the school district exercises the authority granted pursuant to this section, the governing board of the school district shall adopt a plan at a public meeting for expending one-time resources pursuant to this section. The plan shall identify the source and the intended use of the surplus property proceeds and describe the reasons why the expenditure will not result in ongoing fiscal obligations for the school district.
- (e)(1) Except for the sale or lease of surplus real property that has previously operated, or was constructed to be operated, as an early childhood education facility or a school for elementary and secondary instruction, the governing board of a school district shall not be required to appoint a district advisory committee pursuant to Article 1.5 (commencing with Section 17387).

- (2) It is the intent of the Legislature to allow a school district to meet the requirements to offer surplus properties set forth in the Education and Government Codes by making an offer simultaneously to all applicable entities.
- (f) The Office of Public School Construction shall submit an interim and a final report to the State Allocation Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used. The interim report shall be submitted by June 1, 2022, and the final report shall be submitted by January 1, 2026.
- (g) For any transaction for the sale or lease of surplus property a school district initiates pursuant to this section before June 30, 2024, the proceeds from the sale or lease transaction that are received after June 30, 2024, shall be considered proceeds that can be deposited in accordance with this section.
- (h) Subdivisions (a) to (e), inclusive, shall become inoperative on July 1, 2024, subdivision (f) shall become inoperative on January 15, 2026, and this section as of January 1, 2027, is repealed.

(Added by Stats. 2020, Ch. 24, Sec. 14. (SB 98) Effective June 29, 2020. Amended by Stats. 2020, Ch. 110, Sec. 8 (SB 820) Effective September 18, 2020. Repealed as of January 1, 2027, by its own provisions.)

DENIED EXTENSION REQUESTS

Denied Extension Requests	
Alpaugh Unified	The District requested a time extension to submit the final Expenditure Report to OPSC. The delay was due to staff turnover and not COVID-19 related; OPSC worked with District through the regular time extension request process.
Anaheim Union High	The District did not hire a cost estimator until after receiving the 15-day letter request from OPSC. A detail cost estimate is part of a complete application acceptance.
Glenn County Office of Education	District applied for funding in the sixth round of CTE funding. The architect's cost estimate included lump sums. The 15-Day letter sent July 3, 2020 requested them to be broken out. The extension request to November 2nd was well after the anticipated September 2020 funding round.
Greenfield Union Elementary	Change of scope requested for a Full-Day Kindergarten project. A two-year extension was requested. Request was denied because it was the subject of an appeal that OPSC could not administratively approve.
Hilmar Unified	The project was delayed due to the District and its advisory committee requesting a change the of scope to the project as a result of additional local funds being available. The project was approved by the State Allocation Board in May 2019, well before the start of the COVID-19 pandemic
Hollister	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.
Island Union Elementary	This project was apportioned in October 2018 for Advanced Design. The District had one year to obtain DSA approval of plans. At the time of the extension request, the District still had three months to obtain DSA approval.
Lagunita Elementary	The project was funded in November 2018 and requested a Substantial Progress extension. The request was denied because the reason for the delay is a local funding/priorities issue. The District can also already request a Substantial Progress deadline extension under "other evidence" if needed.
Moreno Valley Unified	The District requested a time extension to decide how to respond to OPSC's 4-Day Letter for a CTE project. The District needed to determine how to address the need for an increase in the grant request after the application was scored by CDE. OPSC does not allow for cost increases beyond those already reviewed by CDE.
Oakland Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Ripon Unified	District staff is currently focused on implementing Covid 19 protocols addressing the full time return of students to all campuses. Time resources of Staff were limited at the time due to the Covid 19 response referenced above. OPSC provided additional time through the normal extension process. District staff will need a few additional days to respond to the 15 day letter.
San Bernardino City Unified	The District was only one year into project construction. The District requested a 5th year to complete project (3 years in advance of deadline). Denied at this time; the request is premature.
Santa Ana Unified	The project was awarded an unfunded approval in May 2019. The District did not participate in the Priority Funding (PF) Process in Fall 2019 and incurred one non-participation occurrence. The District then participated in the PF process in Fall PF 2019 and was apportioned at the May 2020 SAB. Plans should have been well underway for design prior to COVID-19 pandemic. At the time of the request, the District still had 11 months to design and obtain approval from DSA.
Vacaville Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
