EXECUTIVE OFFICER STATEMENT

**CURRENT FILING ROUND FOR THE CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM**

The second filing round for the expanded California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program opened on February 1, 2023 and will be closing on March 2, 2023. As of February 6, 2023, OPSC has received three applications from one school district requesting an estimated \$7.5 million.

We highly recommend that all applicants use OPSC Online to submit their grant applications, that includes the *Application for Funding* (Form SAB 70-01), uploading the entire application supporting documentation package, and submitting the Financial Hardship Program documentation electronically, as well.

**JOINT AGENCY VIRTUAL OFFICE HOURS**

OPSC and the California Department of Education (CDE) hosted our first monthly virtual office hours session on Friday, February 3, 2023 from 11:00 a.m. to 12:00 p.m., no appointments were necessary. Staff from both agencies were available to provide assistance in all areas of the plan review and approval process, funding application and approval process, and construction and funding closeout process that is required for state-funded programs.

Twelve participants joined in the inaugural session! Future dates will be announced in the coming weeks.

**OPSC ONLINE PROJECT TRACKING SYSTEM**

On Wednesday, February 8, OPSC released a “beta” version of the new Project Tracking System in the [OPSC Online](#) environment. The updated Project Tracking System provides a simpler “fuzzy logic” search functionality than the original system created over 20 years ago.

For maximum transparency of state funding allocations, the system may be accessed from the [OPSC Online login screen](#); however, users are not required to have an OPSC Online login. Users may click on Project Reporting in the application header to access the database.

The new Project Reporting functionality includes the following features:

- “Fuzzy Logic” search functionality - Allows users to enter partial and/or combined search criteria to locate applications for school district projects.
- Includes information on Lease-Purchase Program, School Facility Program, and California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program projects.
- Project specific funding application information, including key application details used to determine the project funding eligibility.
- Project fund release information, including State Controller’s Office’s warrant release information.
- Project Budget Summary – Provides an itemized summary of all grants provided for a project, including funding sources.
- Transaction History – Lists every State Allocation Board approval for a project, all OPSC accounting activities such as fund release approvals, and State Controller’s Office’s warrant release dates.

- Claim Schedule/Voucher ID Search Functionality – Used by local county treasurers to deposit released funds into the correct school district’s accounts.
- View New Construction and Modernization established and remaining eligibility baselines, including all State Allocation Board approved adjustments.

The “beta” version is currently in a near final development stage. Feedback may be provided to [OPSCCommunications@dgs.ca.gov](mailto:OPSCCommunications@dgs.ca.gov).

### **NEXT MEETING**

As a result of Senate Bill 189 (Chapter 48, Statutes of 2022), the Board is permitted to resume meetings remotely via Zoom and teleconference through June 30, 2023.

The next meeting is scheduled for Wednesday, March 22, 2023 at 10:00 a.m. by way of Zoom meeting and teleconference.

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on February 22, 2023.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds and/or General Fund proceeds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3<sup>rd</sup> Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on February 22, 2023 at West Sacramento, California.

## SCHOOL FACILITY PROGRAM APPORTIONMENTS

### PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for Apportionment.

### DESCRIPTION

On September 21, 2022, the Board took action, due to the availability of General Fund proceeds, to return to making direct Apportionments while keeping the same benefits of the quick distribution of funds, as the priority funding system, by adopting proposed emergency regulations that revised the fund release deadlines from 18 months to either 180 calendar days for non-financial hardship school districts or 365 calendar days for school districts that qualify for financial hardship. The SFP new construction and modernization projects presented on the Attachment are in date order of a complete application being received by the Office of Public School Construction (OPSC) and are Ready for Apportionment. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date.

### AUTHORITY

SFP Regulation Section 1859.90 states:

“(a) With the exception of an apportionment made pursuant to Sections 1859.81.1(e) or 1859.81.2, apportionments provided through the Priority Funding Process and subject to 1859.90.2, or of an Inactive Apportionment subject to Section 1859.96, the OPSC will release State funds that the Board has apportioned to the district after submittal, by the district, of the Form SAB 50-05 and a Grant Agreement, pursuant to Section 1859.90.4.

(b) With the exception of an apportionment made for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, pursuant to Article 12 of these Regulations, a district must submit the Form SAB 50-05 and Grant Agreement, within 180 calendar days of the Apportionment of the SFP grant for the project or within 365 calendar days for Apportionments that include financial hardship assistance. If the district does not submit the Form SAB 50-05 and Grant Agreement within the above specified time, the entire New Construction Adjusted Grant, or Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization, or Joint-Use Project apportionment shall be rescinded without

further Board action, and the pupils housed in the project, if applicable, will be added back to the district's baseline eligibility. The district may refile a new application for the project subject to district eligibility and available State funds at the time of resubmittal.

....“

## **BACKGROUND**

As part of the Governor's approved Budget Act for the 2022-2023 fiscal year, one-time General Fund dollars were appropriated to the Board in the amount of \$1.3 billion for new construction and modernization projects under the SFP. As a result of receiving funding for the SFP that is not contingent on bond sales, the Board was able to return to using an existing regulatory process that allows for Apportionments to be made on a flow basis outside the current Priority Funding process, which is designed to accommodate twice yearly bond sales. Making Apportionments on a flow basis will enable school districts to more quickly and efficiently access much needed cash for construction projects. In order to ensure that cash moves quickly once allocated to school districts, regulations were changed to shorten the deadlines for fund release from 18 months to either 180 calendar days or 365 calendar days for districts that qualify for financial hardship.

School districts must submit the Grant Agreement and a valid *Fund Release Authorization* (Form SAB 50-05) 180 calendar days from Board approval for non-financial hardship projects and 365 calendar days from Board approval for financial hardship projects.

## **RECOMMENDATIONS**

1. Approve the SFP applications as presented on the Attachment.
2. Specify that the projects are subject to the fund release deadlines as outlined in SFP Regulation Section 1859.90.

Total Project Cost: \$4,264,176.00

Cost to the State: \$2,132,088.00

### DESCRIPTION

#### DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by Rainforth Grau Architects, dated September 25, 2019, identifies several structural deficiencies in the Building G (Small Gymnasium) located at the Manteca High School site. The report referenced deficiencies with the load path, vertical discontinuities, openings at shear walls, wall anchorage and wall support designs of the structure. All the material insufficiencies identified in the report render Building G (Small Gymnasium) at high risk of collapse in the event of seismic activity. Building G (Small Gymnasium) qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

#### SCOPE OF PROJECT

The scope of the project includes the demolition and replacement of Building G (Small Gymnasium) at the Manteca High School site.

#### STATUS OF SCHOOL SITE

The District completed construction of the new Gymnasium and opened the new building to students and staff at the beginning of the 2022/2023 school year.

### QUALIFYING CRITERIA

#### GOVERNMENT/STATE LEVEL CONCURRENCE

Building G (Small Gymnasium) was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation) and Phase Two (Replacement Option Analysis and Design Criteria) as well as providing final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

County: Orange  
School Name: Washington Elementary School

### PURPOSE OF REPORT

To present the District's request to approve a change in scope for a School Facility Program (SFP) application for modernization funding.

### DESCRIPTION

The District is requesting that the State Allocation Board (Board) approve a change in scope for an SFP Modernization project at Washington Elementary School, Application Number 57/66670-00-053.

The Board approved the application for placement on the Unfunded List (Lack of AB 55 Loans) at the August 15, 2022 meeting in the total State grant amount of \$3,656,113.00. This approval represented the project as it was submitted, which involved modernizing nine buildings and executing various site work throughout the campus.

The District submitted a *School District Appeal Request* (Form SAB 189) on September 29, 2022 requesting that the Board approve a reduction of scope from modernizing nine buildings to modernizing three buildings, and reconfiguring space within the three buildings to create transitional kindergarten classrooms. The District does not believe that the remaining buildings will be needed to house students in the future due to declining enrollment and as a result of the capacity made available from a building that was added in 2002.

The reduction in scope does not impact the funding that the application is eligible to receive. However, the change in scope has resulted in a net gain of three classrooms, which requires an adjustment of -75 pupils at the K-6 grade level to be made to the District's new construction eligibility baseline.

### AUTHORITY

See Attachment A.

### BACKGROUND

The District is a large school district located in Orange County and had a 2021/2022 student enrollment of 44,102. Washington Elementary School serves grades Kindergarten through 5<sup>th</sup> grade with a 2021/2022 student enrollment of 589.

## BACKGROUND (cont.)

The District submitted a complete SFP application for modernization funding for the Washington Elementary site on January 12, 2019. The project was approved for placement on the Unfunded List (Lack of AB 55 Loans) on August 15, 2022. The \$3,656,113.00 awarded for the project reflects the project scope as it was originally submitted, which involved site work and the modernization of Buildings A through J. The scope as it was submitted resulted in a net increase of one classroom at the K-6 grade level. As such, the Board approved an adjustment to the District's New Construction baseline eligibility by a decrease of 25 pupil grants at the K-6 grade level at the August 25, 2021 meeting.

In the time between the application submittal to the Office of Public School Construction (OPSC) in January 2019 and when OPSC began processing the application in May 2022, the District experienced declining enrollment and made the decision to modify the project scope to align with the District's new facility master plan. The District worked with the Division of the State Architect (DSA) and California Department of Education (CDE) to obtain the necessary approvals of the updated project plan set.

Upon approval of the revised plans by both DSA and CDE and in discussion with OPSC staff, OPSC advised the District that the scope change would require approval of the Board. The District submitted a *School District Appeal Request* (Form SAB 189) on September 29, 2022 requesting that the Board approve a reduction of scope to include only the modernization of only Buildings A, B, and C as well as significant site work throughout the campus, which is included as Attachment B. Per the Supersede Final Plan Approval letter issued by CDE and dated July 22, 2021, the change in scope also results in a net increase of three classrooms at the K-6 grade level as a result of reconfiguration of existing space in Buildings B and C.

### *Status of the Project*

The District obtained updated DSA plan approval in February 2021 and updated CDE plan approval in July 2021. Construction for the modernization project has been completed with the project receiving DSA project certification on July 13, 2022.

## STAFF ANALYSIS/STATEMENTS

### **District Position**

The District requests approval of a change in scope for the following considerations:

- "Washington ES in Santa Ana USD has been experiencing declining enrollment for several year [...] The district believes that several of these buildings will not be needed to serve students in the future as there was a two-story classroom building added to the campus in 2002 that can accommodate most of the campus enrollment."

STAFF ANALYSIS/STATEMENTS (cont.)

- “The work that will be completed was included in the original scope of work. There is a significant amount of site work that also needs to be performed and that was included in the original scope of work that will be completed as part of this project.”

The full text of the District’s request is included as Attachment B.

**Staff Position**

The District requests to amend the originally approved scope of work of its SFP Modernization funding application (57/66670-00-053). The District is requesting to reduce the project scope from site work and modernization of Buildings A through J to site work and modernization of Buildings A, B, and C, which also includes the reconfiguration of existing space within Buildings B and C to create transitional kindergarten classrooms.

*Scope Changes*

Applications for funding for the construction of a project are accompanied by CDE and DSA approved plans. The Board’s approval of the project funding is full and final and based on the plans accompanying the project. Flexibility is recognized as part of SFP projects; however, the intent or project scope must be maintained. In some extenuating circumstances, staff may present a school district’s request for a scope change to the Board.

General guidelines for scope changes have been in place since 2005. A change of scope in certain situations may be permitted if the following conditions are met:

- CDE and DSA have approved the changes in the plans.
- The amended project meets the 60 percent commensurate requirement.
- The original intent/purpose of the project is maintained.

Staff reviewed the District’s request and determined that the outcome of the scope change still meets all criteria to qualify for the Modernization Program. The majority of the remaining scope of work was included in the original DSA and CDE plan approvals for Buildings A, B, and C and was completed in this project. The change also includes reconfiguration of existing spaces in these buildings to create transitional kindergarten classrooms. However, this was done as a change order to the original set of plans approved by DSA. Typically work done in change orders is not seen as a change of scope as it does not result in line jumping issues, but Staff felt the change to create classroom space warranted Board consideration, particularly as this also resulted in the need for an updated plan approval from CDE.

STAFF ANALYSIS/STATEMENTS (cont.)

Building	Prior Plans		Current Plan	
A	Modernization includes upgrades to site, HVAC, data, energy and fire alarm systems, ceilings, lighting, windows, flooring, roofing, painting and ADA improvements.	Usage: Administration	No change to modernization scope.	Usage: Administration
B				+2 CR
C		-1 CR		+1 CR
D		+2 CR	Removed buildings from scope.	
E		-1 CR		
F		-1 CR		
G				
H				
J		+2 CR		

\* "CR" = Classroom

Additionally, Staff has determined that the reduced project scope does not result in a change to the requested or approved funding amounts because the District is still able to meet the 60 percent commensurate requirement. The 60 percent commensurate requirement states that school districts must demonstrate that the construction costs in its project are equal to or greater than 60 percent of the combined State Share and District Share for the project. Staff determined that the construction cost of the reduced project scope is still greater than 60 percent of the combined State Share and District Share funding amount that was previously approved by the Board at the August 15, 2022 meeting.

*Adjustment to the District's New Construction Eligibility*

The project scope change did result in a change to the overall net gain of classrooms. The original scope resulted in a net increase of one classroom at the K-6 grade level, while the updated project scope results in an overall net increase of three transitional kindergarten classrooms as a result of reconfiguration of existing space. Reconfiguration is allowable under the SFP Modernization Program. Pursuant to SFP Regulation Section 1859.51(c), the District's new construction eligibility baseline must be adjusted based on the loading standard of the pupils the classroom will house in order to account for the net gain of three additional classrooms in this SFP modernization project.

Should the Board approve the District's appeal request, the District's New Construction baseline eligibility will be adjusted to reflect the total net increase of three classrooms at the K-6 grade level as a result of this project.

STAFF ANALYSIS/STATEMENTS (cont.)

**Conclusion**

Staff supports the District's request to change the scope of work in the project. The appeal request is consistent with other scope change requests for Board consideration when updated plan approvals are required by DSA and/or CDE to ensure line jumping is not an issue. The resulting facilities and site work included in the modernization plans are generally consistent with the original scope of the project. The reduced project scope still meets all necessary criteria to qualify for the Modernization Program and does not result in a change to the requested and previously approved funding.

RECOMMENDATION

Approve the District's appeal request and approve the project Apportionment as shown on Attachment C.

This Item was approved by the State Allocation Board on February 22, 2023.

### AUTHORITY

#### **Education Code Section 17074.16.**

(a) The board shall release disbursements to school districts with approved applications for modernization, to the extent state funds are available for the state's 60-percent share, and the school district has provided its 40-percent local match. Subject to the availability of funds, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, including, but not limited to, a project that complies with the Field Act by complying with Section 17280.5, and evidence that the certification by the school district that the required 40-percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund or will be expended by the district by the time of completion of the project, and evidence that the district has entered into a binding contract for the completion of that project. If state funds are insufficient to fund all qualifying school districts, the board shall fund all qualifying school districts in the order in which the application for funding was approved by the board.

#### **Education Code Section 17074.25.**

(a) A modernization apportionment may be used for an improvement to extend the useful life of, or to enhance the physical environment of, the school. The improvement may only include the cost of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, the replacement of portable classrooms, necessary utility costs, utility connection and other fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs, furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A modernization grant may not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

(b) A modernization apportionment may also be used for the cost of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high-performance schools.

(2) (A) This subdivision is declaratory of existing law.

(B) It is the intent of the Legislature in enacting the act amending this section in the 2017–18 Regular Session to encourage school districts to add air filtration systems to applications for modernization apportionments when air pollution occasionally or regularly exceeds levels known to be harmful to public health.

SCHOOL DISTRICT Santa Ana Unified School District	APPLICATION NUMBER 57/66670-00-053
SCHOOL NAME Washington Elementary School	COUNTY Orange
DISTRICT REPRESENTATIVE Orin Williams	E-MAIL ADDRESS orin.williams@sausd.us

**Purpose of Request:**

Santa Ana Unified School District would like to request a change in scope from the original modernization application that was submitted for Washington Elementary School to the OPSC on May 31, 2018.

The project as submitted in May 2018 modernized several of the original classroom buildings (Bldgs A-F) on the campus as well as site improvements.

SAUSD would like to request to reduce the scope of the project and remove classroom Buildings D, E, F, G & H from the scope. The district is requesting to modernize Buildings A, B & C that will serve as Transitional Kindergarten classrooms for the district. The work that will be completed was included in the original scope of work. There is a significant amount of site work that also needs to be performed and that was included in the original scope of work that will be completed.

**Basis of Request:**

- Law (Statute) \_\_\_\_\_
- Regulation \_\_\_\_\_
- Other (specify) \_\_\_\_\_

**Description:**

SAUSD would like to reduce the scope of the original modernization at Washington ES. Washington ES in Santa Ana USD has been experiencing declining enrollment for several years and the campus enrollment is currently 589 students.

The district believes that several of these buildings will not be needed to serve students in the future as there was a two-story classroom building added to the campus in 2002 that can accommodate most of the campus enrollment.

SAUSD would like to request to reduce the scope of the project and remove classroom Buildings D, E, F, G & H from the scope. The district is requesting to modernize Buildings A, B & C that will serve as Transitional Kindergarten classrooms for the district. The work that will be completed was included in the original scope of work.

There is a significant amount of site work that also needs to be performed and that was included in the original scope of work that will be completed as part of this project.

SAUSD engaged both CDE and DSA on this project and the district is currently working to secure the necessary approvals from both state agencies.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, February 22, 2023

LOCAL AUDITS UPDATE

PURPOSE OF REPORT

To inform the State Allocation Board (Board) of local audits certified by the State Controller's Office (SCO) for January 2022 through January 2023.

DESCRIPTION

An audit of a local educational agency's expenditures by an independent auditor is required within one year of a project's final expenditure report or three years elapse from the date of the final fund release for an elementary school or four years for a middle or high school project, whichever occurs first. All local audits are required to be submitted, reviewed, and certified by the SCO. Once certified, a copy of the local audit report will be forwarded to the Office Public School Construction (OPSC). Staff is informing the Board of how many audits have been certified by SCO from January 2022 to January 26, 2023; and disclosing audit findings reported.

AUTHORITY

Education Code (EC) Section 41024 states in part:

(a)(1)(5) Any project identified on a local educational agency's detailed list of expenditures pursuant to paragraph (1) that is reported complete during the 2017-18 fiscal year shall be audited as part of that local educational agency's audit for the 2018-19 fiscal year. All other completed projects shall be audited as part of the local educational agency's audit for the fiscal year in which the project is reported complete.

(c)(3) The auditor conducting the audit pursuant to this section shall notify the department of any audit exceptions identified pursuant to this section and any amounts or adjustments identified pursuant to subparagraph (C) of paragraph (1) consistent with the notification requirements established in subdivision (l) of Section 41020.

The full text of EC Section 41024 is included in Attachment A.

BACKGROUND

Current statute requires, commencing July 1, 2017, a local educational agency that receives any funds pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1) shall annually report a detailed list of all expenditures of state funds, including interest, and of the local educational agency's matching funds for completed projects until all state funds, including interest, all of the local educational agency's matching funds, and savings achieved, including interest, pursuant to EC Section 17070.63, are expended in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998,

## BACKGROUND (cont.)

associated regulations, and any accompanying grant agreement signed by a local educational agency.

In addition, Education Code Section 41024 requires that all School Facility Program (SFP) projects funded after July 1, 2017, have an audit conducted by a certified public accountant (CPA). The audit shall be completed within one year of project completion. The completed audit reports are submitted to the SCO for review and certification. Staff analysis below summarizes information related to certified audit reports received for the 2022 calendar year as of January 26, 2023, and the dollar amount associated with any audit findings.

## STAFF ANALYSIS/STATEMENTS

Two hundred forty-eight audit reports have been received by SCO in the 2022 calendar year and fifty-three were certified and an additional forty-five reports from prior years that were previously rejected, or delinquent have been certified. A total of ninety-eight reports have been certified (see Attachment B for listing of ninety-eight projects certified from January 1, 2022, and through January 26, 2023). Eight of the certified reports disclosed audit findings in the amount of \$1,484,767.70 for ineligible costs and site grant adjustment to be returned to the State.

*Status of Audit Reports Submitted to SCO during 2022 calendar year as of January 26, 2023:*

- Ninety-eight reports have been certified by SCO.
  - Fifty-three audit reports in 2022.
  - Forty-five audit reports from prior years.
- One hundred sixty-two reports are currently in the audit review process.
  - Ninety-nine reports have been preliminary accepted, and sixty-two reports have been preliminary rejected. Preliminary accepted or preliminary rejected are reports that have been completed and are pending sign off.
  - One report has not yet been reviewed.
- Thirty-three reports have been rejected. The CPA firms have been notified about the necessary revisions/corrections that must be made for the report to be certified. Audit reports were rejected by SCO because they did not meet the reporting standards contained in the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, Appendix B or Appendix C (K-12 Audit Guide).

STAFF ANALYSIS/STATEMENTS (cont.)

The information below summarizes the status of audits received by SCO by calendar year.

	Year 2019	Year 2020	Year 2021	Year 2022	Total
Received:	32	83	138	248	501

Certified:	14	55	107	98	274
Findings:	0 of 14 Reports	5 of 55 Reports	14 of 107 Reports	8 of 98 Reports	27 of 274 Reports
Amount to be returned:	\$0.00	\$8,342.00	\$16,016.00	\$1,484,767.70*	\$1,509,125.70

\*Two projects represent \$1,322,725.00 of the \$1,484,767.70 with site grant adjustment. Pursuant to School Facility Program Section 1859.106(a), a grant adjustment for the difference between the eligible site expenditures and the site grant amount must be made. The site grant amount was overly funded. Therefore, the difference is due back to the State. One project had \$162,042.70 in total ineligible expenditures that is due back to the State.

The following factors may have contributed to successful audit processes and audit reports which contained minimal audit findings:

- 1) The required grant agreement provides detailed and transparent guidance for the reporting of eligible expenditures, including appendices detailing specific types of eligible and ineligible expenditures.
- 2) OPSC's participation in the K-12 Audit Guide development committee and collaboration with representatives from the SCO, California Department of Education, Education Audit Appeals Panel, and CPA firms in developing required audit procedures to be published in the K-12 Audit Guide
- 3) As subject matter experts, OPSC has provided continual technical assistance and answers to inquiries regarding the audits to CPAs, local educational agencies, and consultants through emails and phone calls throughout 2022.
- 4) Continued outreach and training provided by OPSC staff. The virtual training, FAQ (Frequent Ask Questions), and past workshops that includes California CPA Foundation, the Small School Districts Association (SSDA), and the Coalition for Adequate School Housing (CASH) have provided education, training, and guidance related to the audit process.

RECOMMENDATION

Acknowledge the report.

This Report was acknowledged by the State Allocation Board on February 22, 2023.

## ATTACHMENT A

### AUTHORITY

Education Code Section 41024 states:

(a) (1) Commencing April 1, 2017, a local educational agency that receives any funds pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1) shall annually report a detailed list of all expenditures of state funds, including interest, and of the local educational agency's matching funds for completed projects until all state funds, including interest, all of the local educational agency's matching funds, and savings achieved, including interest, pursuant to Section 17070.63, are expended in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998, associated regulations, and any accompanying grant agreement signed by a local educational agency. A local educational agency's detailed list of expenditures shall identify expenditures on a project-by-project basis, reflect completed projects that were reimbursed within that fiscal year, and shall clearly indicate the list of projects that have been completed.

(2) For purposes of this section, the determination that a project is complete shall be in accordance with the regulations adopted pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1).

(3) The total amount of interest earned on the state funds shall be reported on the final expenditure report upon completion of a project. For the purposes of determining the total amount of interest earned on the state funds, interest shall be considered to accrue from the time state funds are deposited in the local educational agency's account until the time the local educational agency submits the final expenditure report to the Office of Public School Construction.

(4) Commencing April 1, 2017, a local educational agency participating in the school facilities program shall ensure that it retains all financial accounts, documents, and records necessary for an audit of completed projects pursuant to Section 16026 of Title 5 of the California Code of Regulations. For purposes of this paragraph and in compliance with any applicable state and federal standards, a local educational agency may maintain records electronically.

(5) Any project identified on a local educational agency's detailed list of expenditures pursuant to paragraph (1) that is reported complete during the 2017–18 fiscal year shall be audited in accordance with the audit guide required by Section 14502.1 for the 2018–19 fiscal year. All other completed projects shall be audited in accordance with the audit guide required by Section 14502.1 for the fiscal year in which the project is reported complete.

(6) The audit described in this section shall be completed within one year of project completion as determined by Section 1859.104 of Title 2 of the California Code of Regulations.

(b) (1) Commencing with audits of the 2018–19 fiscal year, the Controller shall include instructions in the audit guide required by Section 14502.1 that include, but are not necessarily limited to, procedures for determining all of the following:

(A) Whether funds identified by a local educational agency on its detailed list of expenditures pursuant to paragraph (1) of subdivision (a) have been expended in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), associated regulations, and any

accompanying grant agreement signed by a local educational agency. Any funds not expended in accordance with these requirements shall be disallowed and considered an audit finding.

(B) That savings achieved, including interest, pursuant to Section 17070.63, are used for other high priority capital outlay purposes identified by the local educational agency or returned to the Office of Public School Construction, and are used in accordance with the requirements of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), associated regulations, and as specified in any accompanying grant agreement.

(C) Adjustments to the grant amounts received by a local educational agency for site acquisition costs based upon the local educational agency's final approved expenditures as required pursuant to Sections 1859.105 and 1859.106 of Title 2 of the California Code of Regulations.

(D) If there are any unspent funds associated with the completion of a Charter School Facilities Program project that must be returned to the Office of Public School Construction as required pursuant to Section 1859.169.1 of Title 2 of the California Code of Regulations.

(E) If there are any unspent funds associated with the completion of a Career Technical Education Facilities Program project that must be returned to the Office of Public School Construction as required pursuant to Section 1859.199 of Title 2 of the California Code of Regulations.

(F) If there are any unspent funds associated with the completion of a project, where the local educational agency received hardship funding as described in Sections 1859.81, 1859.81.1, 1859.81.2, and 1859.81.3 of Title 2 of the California Code of Regulations, that must either be returned to the Office of Public School Construction or expended consistent with the requirements pursuant to Section 1859.103 of Title 2 of the California Code of Regulations.

(G) Adjustments to the grant amounts received by a local educational agency associated with the substantial progress requirements reflected in the program reporting requirements pursuant to Section 1859.104 of Title 2 of the California Code of Regulations.

(2) Any amounts or adjustments identified pursuant to subparagraphs (C) to (G), inclusive, of paragraph (1) shall be identified within a local educational agency's audit, but shall not be considered an audit finding for purposes of this section.

(c) (1) The auditor conducting the audit pursuant to this section shall file the audit with the Controller within 60 days of the completion of the audit. The Controller shall be allowed access to audit working papers. Adjustments pursuant to paragraph (2) of subdivision (b) shall not be appealable to the Education Audit Appeals Panel pursuant to this section.

(2) Within 60 days of the receipt of the certified audit, and after determining that the audit conforms with the reporting standards contained in the audit guide, the Controller shall do both of the following:

(A) Provide the department a copy of the certified audit.

(B) Notify the Office of Public School Construction of any audit findings pursuant to this section and any amounts or adjustments identified pursuant to clause (iii) and provide the Office of Public School Construction with a copy of the certified audit identifying the amounts to be adjusted if, as a result of the audit conducted in accordance with the requirements of subdivisions (a) and (b), the auditor determines any of the following:

(i) A local educational agency has unspent funds for the project not identified as savings pursuant to Section 17070.63 that shall be returned pursuant to subparagraphs (C) to (G),

inclusive, of paragraph (1) of subdivision (b), and any accompanying grant agreement signed by a local educational agency.

(ii) A local educational agency is subject to an increase or decrease in funds provided pursuant to subparagraphs (C) to (G), inclusive, of paragraph (1) of subdivision (b), and any accompanying grant agreement signed by a local educational agency.

(iii) A local educational agency did not expend funds in accordance with the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1) and any accompanying grant agreement signed by a local educational agency.

(3) Upon receipt of the certified audit, the Office of Public School Construction shall present any grant adjustments required pursuant to clauses (i) and (ii) of subparagraph (B) of paragraph (2) for a specified project to the State Allocation Board for an adjustment to the project apportionment. Funds identified for purposes of clauses (i) and (ii) of subparagraph (B) of paragraph (2) shall be apportioned from, or returned to, the appropriate funds, as established in the State Treasury pursuant to Section 17070.40 or 17070.41, as applicable. If a school district is required to return unspent funds, the fund source for returned funds shall be the county school facilities fund established pursuant to subdivision (a) of Section 17070.43.

(4) A local educational agency may appeal the audit finding pursuant to the timelines and process established in subdivision (d) of Section 41344. The procedures set out in subdivision (d) of Section 41344.1 do not apply to the audit required by this section.

(5) The Office of Public School Construction shall ensure that the local educational agency has corrected the audit finding by implementing a required penalty payment of funds equal to the amount of funds disallowed in the audit finding pursuant to the process specified in subdivision (d).

(d) (1) If, as the result of the audit, a local educational agency is required to pay funds pursuant to clause (iii) of subparagraph (B) of paragraph (2) of subdivision (c), the Office of Public School Construction shall recover the funds from the local educational agency.

(2) If the local educational agency has submitted an appeal to the Education Audit Appeals Panel pursuant to subdivision (d) of Section 41344, the Office of Public School Construction shall not recover funds until following the determination of the appeal.

(3) A local educational agency may use any local fund source to pay the disallowed amount pursuant to clause (iii) of subparagraph (B) of paragraph (2) of subdivision (c) so long as there is no legal prohibition regarding the use of those funds for this purpose.

(4) A local educational agency may request from the Office of Public School Construction a repayment plan within 90 days of receiving the final audit report, or within 30 days of withdrawing or receiving a final determination regarding an appeal pursuant to subdivision (d) of Section 41344 and subdivision (b) of Section 41344.1, as applicable. The Office of Public School Construction and the Director of Finance, or their designees, jointly shall establish a plan for payment. The payment plan shall be established in accordance with the following:

(A) If the executive officer of the Office of Public School Construction and the Director of Finance, in consultation with the department, concur that repayment of the disallowed amount in the current fiscal year would constitute a severe financial hardship for the local educational agency, they may jointly approve a plan of equal annual payments over a period of up to eight years. The plan may include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The executive officer of the Office of Public School Construction and the Director of Finance jointly shall establish this plan.

At the time the local educational agency is notified, the Controller also shall be notified of the plan by the executive officer of the Office of Public School Construction. The Controller shall withhold the annual amount established pursuant to the plan from the local educational agency's principal apportionment or Education Protection Account payments.

(B) Notwithstanding subparagraph (A), if the executive officer of the Office of Public School Construction and the Director of Finance, in consultation with the department, concur that repayment of the disallowed amount over an eight-year period would require the local educational agency to request an emergency apportionment pursuant to Article 2 (commencing with Section 41320) of, and Article 2.5 (commencing with Section 41325) of, Chapter 3, they may approve a plan of equal annual payments over a period of up to 20 years. The plan shall include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The Controller shall withhold the annual amount established pursuant to the plan from the local educational agency's principal apportionment or Education Protection Account payments.

(C) If a payment plan submitted pursuant to this section is not approved by the executive officer of the Office of Public School Construction and the Director of Finance, in consultation with the department, or is not requested by the local educational agency, the executive officer of the Office of Public School Construction shall invoice the local educational agency for the entire disallowed amount. If the local educational agency does not remit payment for the invoice within 120 days of issuance, the executive officer of the Office of Public School Construction shall request that the Controller withhold the entire disallowed amount from the local educational agency's principal apportionment or Education Protection Account payments.

(D) (i) Funds recovered by the executive officer of the Office of Public School Construction or withheld by the Controller pursuant to this section shall be deposited into the appropriate state school facilities fund, as established in the State Treasury pursuant to Section 17070.40 or 17070.41, as applicable.

(ii) Funds remitted to the Office of Public School Construction by a local educational agency from local fund sources, as authorized by paragraph (3), shall be deposited into the appropriate state school facilities fund, as established in the State Treasury pursuant to Section 17070.40 or 17070.41, as applicable.

(e) As used in this section, "audit or review" and "local educational agency" shall have the same meaning as the terms are defined in paragraphs (1) and (2) of subdivision (e) of Section 41344.

(f) The State Allocation Board shall not waive all or any part of this section, any grant agreement or provisions of a grant agreement signed by a local educational agency that receives any funds pursuant to the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), or any regulation adopted that implements a provision of this section.

(g) In any appeal filed pursuant to Section 41344 and this section, the Office of Public School Construction, the Department of Finance, and the department may timely move to intervene as a party.

(h) If the Office of Public School Construction chooses not to intervene in an appeal, the administrative law judge conducting the hearing, or the Education Audit Appeals Panel, may request that the Office of Public School Construction issue and file in the appeal an objective interpretation of any applicable law, regulation, or term of the grant agreement within 30 days of the request or such longer period as the administrative law judge or the Education Audit Appeals Panel deems reasonable. The Office of Public School Construction's filing shall not argue or seek to resolve issues of fact, but may state how a particular law, regulation, or grant

agreement term applies to competing factual contentions. The agent of the Office of Public School Construction shall be precluded from acting as a party once a request pursuant to this subdivision is made.

(i) Notwithstanding subdivision (a), this section shall not apply to any school facilities project that was apportioned before July 1, 2017.

*(Amended by Stats. 2020, Ch. 110, Sec. 10. (SB 820) Effective September 18, 2020.)*

A key Bagley-Keene amendment was enacted last week with the budget trailer bill, restoring the meeting process that was permitted under the Governor's COVID-19 executive order regarding public meetings. Section 20, SB 189, effective June 30, 2022, added Government Code Section 11133, which permits state boards and commissions to again hold meetings with all members participating via teleconference until July 1, 2023.

Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

## **Section 1859.81. Financial Hardship.**

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
